December Monthly Actions: Agency Took Licensure Action against Four Providers, One Additional Provider Suspended from the Medicaid Program

Tallahassee, Fla.— The Agency for Health Care Administration (Agency) issued final orders to four providers for failure to meet licensure requirements during the month of December. The Agency issued three final orders to revoke an existing license and one that resulted in the provider surrendering their license. Some of these providers were enrolled in the Medicaid program; however, the Agency has terminated or is in the process of terminating their participation in the program.

There was also one provider suspended from participation in the Medicaid program prohibiting the provider being paid for claims to the Medicaid program for furnishing, supervising a person who is furnishing, or causing a person to furnish goods or services.

The chart below displays the Agency’s December licensure actions:
