September Monthly Actions: Agency Took Licensure Action against Fifteen Providers, Eleven Additional Providers Terminated or Suspended from the Medicaid Program

Tallahassee, Fla. – The Agency for Health Care Administration (Agency) issued final orders to 14 providers for failure to meet licensure requirements in September.

There were 10 final orders to revoke an existing license, two final orders to deny a license renewal and two that resulted in the provider surrendering their license. Some of these providers were enrolled in the Medicaid program and the Agency has terminated or is in the process of terminating their participation in the program.

In addition six providers were issued a final order terminating them from participation in the Medicaid program. These terminations resulted from sanctions imposed for failing to reimburse the Agency within the timeframes set, pleading guilty to a healthcare related crime, or for having a license denied, revoked, suspended or terminated by the licensing agency. These providers have been reported to the federal government for placement on the federal exclusion list, which prohibits them from participating in Medicaid and Medicare nationwide.

There were also five providers suspended from participation in the Medicaid program prohibiting the providers from being paid for claims to the Medicaid program for furnishing, supervising a person who is furnishing, or causing a person to furnish goods or services.

The Agency also issued an Emergency Suspension Order to Mayle A.L.F., Inc., an assisted living facility in Miami-Dade County.

The chart below displays the Agency’s September licensure actions:
