

Good Morning Joe,

Hope everything is going well at this point for Florida. Wanted to touch base with you re: Florida nurses accompanying patients to licensed healthcare facilities in our state during this State of Emergency. We are implementing a procedure here at the BON for Florida nurses to follow during the transition to our state. I will be waiving any licensure requirement but will require the nurses to complete a Disaster Form which should be posted on our website within the next two hours. This will be used to track the location of the nurses during their stay here and be available to offer any assistance that may be needed. Our IT department will have a form available via our online Gateway system by 0800 in the morning for Florida nurses to complete. My Licensure staff stands ready to assist in any way and answer any questions. They may be contacted via the main number to our agency at (601) 957-6300. The Receptionist will direct them to the appropriate personnel. Stay safe!!

Phyllis Polk Johnson, MSN, RN, FNP-BC

Executive Director
