

DUTIES OF MEDICAL/CLINIC DIRECTOR PURSUANT TO S. 400.9935 (1)(a)-(h), (2), F.S., CLINIC RESPONSIBILITIES:

(1) Each clinic shall appoint a medical director or clinic director who shall agree in writing to accept legal responsibility for the following activities on behalf of the clinic. The medical director or the clinic director shall:

(a) Have signs identifying the medical director or clinic director posted in a conspicuous location within the clinic readily visible to all patients.

(b) Ensure that all practitioners providing health care services or supplies to patients maintain a current active and unencumbered Florida license.

(c) Review any patient referral contracts or agreements executed by the clinic.

(d) Ensure that all health care practitioners at the clinic have active appropriate certification or licensure for the level of care being provided.

(e) Serve as the clinic records owner as defined in s. 456.057.

(f) Ensure compliance with the recordkeeping, office surgery, and adverse incident reporting requirements of chapter 456, the respective practice acts, and rules adopted under this part and part II of chapter 408.

(g) Conduct systematic reviews of clinic billings to ensure that the billings are not fraudulent or unlawful. Upon discovery of an unlawful charge, the medical director or clinic director shall take immediate corrective action. If the clinic performs only the technical component of magnetic resonance imaging, static radiographs, computed tomography, or positron emission tomography, and provides the professional interpretation of such services, in a fixed facility that is accredited by the Joint Commission on Accreditation of Healthcare Organizations or the Accreditation Association for Ambulatory Health Care, and the American College of Radiology; and if, in the preceding quarter, the percentage of scans performed by that clinic which was billed to all personal injury protection insurance carriers was less than 15 percent, the chief financial officer of the clinic may, in a written acknowledgment provided to the agency, assume the responsibility for the conduct of the systematic reviews of clinic billings to ensure that the billings are not fraudulent or unlawful.

(h) Not refer a patient to the clinic if the clinic performs magnetic resonance imaging, static radiographs, computed tomography, or positron emission tomography. The term "refer a patient" means the referral of one or more patients of the medical or clinical director or a member of the medical or clinical director's group practice to the clinic for magnetic resonance imaging, static radiographs, computed tomography, or positron emission tomography. A medical director who is found to violate this paragraph commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(2) Any contract to serve as a medical director or a clinic director entered into or renewed by a physician or a licensed health care practitioner in violation of this part is void as contrary to public policy. This subsection shall apply to contracts entered into or renewed on or after March 1, 2004.
