Section I. Definitions and Acronyms

The definitions and acronyms in Core Provisions Section I, Definitions and Acronyms apply to all MMA Managed Care Plans and Comprehensive LTC Managed Care Plans unless specifically noted otherwise in this Exhibit.
Section II. General Overview

The provisions in this Exhibit apply to all MMA Managed Care Plans and Comprehensive LTC Managed Care Plans. The provisions in this Exhibit also apply to all Specialty Plans unless provisions unique to a specific type of Specialty Plan are codified in the resulting Contract and its Exhibits.

In accord with the order of precedence listed in Attachment I, any additional items or enhancements listed in the Managed Care Plan’s response to the Invitation to Negotiate are included in this Exhibit by this reference.

REMAINDER OF PAGE INTENTIONALLY LEFT BLANK
Section III. Eligibility and Enrollment

A. Eligibility

1. Mandatory Populations

   a. In addition to the programs and eligibility categories specified in Section III, Eligibility and Enrollment, recipients in the following eligibility categories are required to enroll in a managed care plan:

      (1) Title XXI MediKids; and

      (2) Children between 100 - 133% of federal poverty level (FPL) who transfer from the state’s Children’s Health Insurance Program (CHIP) to Medicaid; and

      (3) MEDS (SOBRA) for children under one (1) year old and income between 185 - 200% FPL.

2. Voluntary Populations

In addition to the programs and eligibility categories specified in Section III, Eligibility and Enrollment, recipients in any of the following eligibility categories may, but are not required to, enroll in a Managed Care Plan:

   a. SSI (enrolled in developmental disabilities home and community based waiver);

   b. MEDS AD – (SOBRA) for aged and disabled – enrolled in DD home and community based waiver;

   c. Recipients with other creditable coverage excluding Medicare;

   d. Recipients age sixty-five (65) and older residing in mental health treatment facilities as defined in s. 394.455(47), F.S.;

   e. Residents of DD centers including Sunland and Tachacale;

   f. Refugee assistance;

   g. Recipients residing in group homes licensed under Chapter 393, F.S.; and

   h. Children receiving services in a prescribed pediatric extended care center (PPEC).

B. Enrollment

1. Notification of Enrollee Pregnancy

   a. The Managed Care Plan shall be responsible for newborns of pregnant enrollees from the date of their birth. The Managed Care Plan shall comply with all requirements and
procedures set forth by the Agency or its agent related to unborn activation and newborn enrollment.

b. Failure to comply with the procedures, set forth by the Agency or its agent, related to the unborn activation and newborn enrollment process as specified by the Agency, may result in sanctions as described in Section XI, Sanctions.

c. Newborns are enrolled in the Managed Care Plan of the mother unless the mother chooses another plan or the newborn does not meet the enrollment criteria of the mother’s plan. When a newborn does not meet the criteria of the mother’s plan, the newborn will be enrolled in a plan in accordance with Attachment II, Core Provisions, Section III, Eligibility and Enrollment, Item B., of this Contract.

C. Disenrollment

There are no additional disenrollment provisions unique to the MMA managed care program.

D. Marketing

There are no additional marketing provisions unique to the MMA managed care program.

REMAINDER OF PAGE INTENTIONALLY LEFT BLANK
Section IV. Enrollee Services and Grievance and Appeal System

A. Enrollee Materials

1. Enrollee Handbook Requirements

   a. The Managed Care Plan shall include additional information in its handbook applicable to the MMA program, as follows:

      (1) Information on the importance of selecting a PCP and the procedure for selecting a PCP (see s. 409.973(4)(a), F.S.);

      (2) How to change PCPs;

      (3) Information about how to select a newborn’s PCP;

      (4) Information regarding newborn enrollment, including the mother’s responsibility to notify the Managed Care Plan and DCF of the pregnancy and the newborn’s birth;

      (5) An explanation to all potential enrollees that an enrolled family may choose to have all family members served by the same PCP or they may choose different PCPs based on each family member’s needs;

      (6) Emergency services and procedures for obtaining services both in and out of the Managed Care Plan’s region, including explanation that prior authorization is not required for emergency or post-stabilization services, the locations of any emergency settings and other locations at which providers and hospitals furnish emergency services and post-stabilization care services, use of the 911-telephone system or its local equivalent, and other post-stabilization requirements in s. 1932(b)(2)(A)(ii)) of the Social Security Act and 42 CFR 438.114;

      (7) The extent to which, and how, After Hours and emergency coverage is provided, and that the enrollee has a right to use any hospital or other setting for emergency care;

      (8) In addition to the requirements specified in Attachment II, Section IV.A.7.b.(7) and (8) of this Contract, procedures to obtain authorization of any medically necessary service to enrollees under the age of twenty-one (21) years when the service is not listed in the service-specific Florida Medicaid Coverage and Limitations Handbook, Florida Medicaid Coverage Policy, or the associated Florida Medicaid fee schedule, or is not a covered service of the plan; or the amount, frequency, or duration of the service exceeds the limitations specified in the service-specific handbook or the corresponding fee schedule. The Managed Care Plan shall also include following language verbatim in its enrollee handbooks:
Section IV. Enrollee Services and Grievance and Appeal System

[Insert Managed Care Plan name] must provide all medically necessary services for its members who are under age 21. This is the law. This is true even if [Insert Managed Care Plan name] does not cover a service or the service has a limit. As long as your child’s services are medically necessary, services have:

- No dollar limits; or
- No time limits, like hourly or daily limits.

Your provider may need to ask [Insert Managed Care Plan name] for approval before giving your child the service. Call [phone number] if you want to know how to ask for these services.

(9) Information for enrollees under the age of twenty-one (21) years on the importance of obtaining health assessments, preventive care, and testing/screenings in accordance with the American Academy of Pediatrics periodicity schedule;

(10) If applicable, information on whether the Managed Care Plan assigns enrollees to specialty pharmacies for specialty drugs, and a process for enrollees to opt-out of specialty pharmacy assignments and choose among participating providers;

(11) The Managed Care Plans shall provide a link to the Agency’s Medicaid preferred drug list (PDL) on the Managed Care Plan’s website without requiring enrollee log-in. The Managed Care Plan shall also post the list of drugs that are not on the Agency’s Medicaid PDL and are subject to prior authorization.

(12) The right to obtain family planning services from any participating Medicaid provider without prior authorization; and

(13) Grievance and appeals procedures for Title XXI MediKids enrollees in accordance with Attachment II, Exhibit II-A, Section IV.C.1.

(14) The Managed Care Plan shall include the following language verbatim in its enrollee handbooks for coverage information for MediKids enrollees:

MediKids enrollees - Please visit
http://ahca.myflorida.com/medicaid/Policy_and_Quality/Policy/program_policy/FLKidCare for additional coverage information.

b. The Managed Care Plan, subject to Agency approval, may include a separate section for behavioral health services. In such cases, its handbook shall provide the following information:

(1) The extent to which and how after-hours and emergency coverage are provided and that the enrollee has a right to use any hospital or other setting for emergency care;

(2) Information that post-stabilization services are provided without prior authorization and other post-stabilization care services rules set forth in s. 1932(b)(2)(A)(ii)) of the Social Security Act and 42 CFR 438.114;
Section IV. Enrollee Services and Grievance and Appeal System

(3) A clear statement that the enrollee may select an alternative mental health case manager or direct service provider within the Managed Care Plan, if one is available;

(4) A description of behavioral health services provided, including limitations, exclusions and out-of-network use;

(5) A description of emergency behavioral health services procedures both in and out of the Managed Care Plan’s region;

(6) Information to help the enrollee assess a potential behavioral health problem;

(7) A clear statement that prior authorization or referral by a PCP is not required for behavioral health services;

(8) Information on the Managed Care Plan’s healthy behavior programs, including how to participate, that incentives/rewards are non-transferrable, and that members will lose access to earned incentives/rewards if they voluntarily disenroll from the Managed Care Plan or lose Medicaid eligibility for more than one-hundred eighty (180) days (and thus are not automatically reinstated in the Managed Care Plan); and

(9) The Managed Care Plan’s psychotropic drug informed consent requirements for enrollees under the age of thirteen (13) years as provided for in s. 409.912(16), F.S.

2. Required Enrollment Notice

If an enrollee is a full-benefit dual eligible and has an existing Medicare PCP authorized through Medicare, the Managed Care Plan’s new enrollment and reinstatement notifications shall not include the enrollee’s assigned primary care provider (see V.D.1.f.(2) of this Exhibit).

3. New Enrollee Procedures and Materials

If an enrollee is a full-benefit dual eligible and has an existing Medicare PCP authorized through Medicare, the MMA Managed Care Plan shall ensure that enrollee materials and identification cards do not include PCP assignments or any other PCP information (see V.D.1.f.(2) of this Exhibit).

B. Enrollee Services

1. Medicaid Redetermination Assistance

   a. The Agency will provide Medicaid recipient redetermination date information to the Managed Care Plan. This information shall be used by the Managed Care Plan only as approved by the Agency.
(1) The Managed Care Plan shall notify the Agency, in writing, if it chooses to participate in using this information. The Managed Care Plan’s participation in using this information is voluntary.

(2) If the Managed Care Plan chooses to participate in the use of this information, it shall provide its policies and procedures regarding this subsection to the Agency for its approval along with its notification indicating it will participate.

(3) A Managed Care Plan that chooses to participate in the use of this information may decide to discontinue using it at any time and must so notify the Agency in writing thirty (30) days prior to the date it will discontinue such use.

(4) Regardless of whether the Managed Care Plan participates in the use of this information, the Managed Care Plan is subject to the sanctioning indicated in this subsection if the Managed Care Plan misuses the information at any time.

(5) Should any complaint or investigation by the Agency result in a finding that the Managed Care Plan has violated this subsection, the Managed Care Plan will be sanctioned in accordance with Section XI, Sanctions. In addition to any other sanctions available in Section XI, Sanctions, the first such violation will result in a thirty (30) day suspension of use of Medicaid redetermination dates; any subsequent violations will result in thirty-day (30-day) incremental increases in the suspension of use of Medicaid redetermination dates. In the event of any subsequent violations, additional penalties may be imposed in accordance with Section XI, Sanctions. Additional or subsequent violations may result in the Agency’s rescinding provision of redetermination date information to the Managed Care Plan.

C. Grievance and Appeal System

1. Process for Grievances and Appeals

Title XXI MediKids enrollees are entitled to file an appeal with the Subscriber Assistance Panel (SAP). Title XXI MediKids enrollees are not eligible to participate in the Medicaid Fair Hearing process.

REMAINDER OF PAGE INTENTIONALLY LEFT BLANK
Section V. Covered Services

A. Required MMA Benefits

1. Specific MMA Services to be Provided

   a. The Managed Care Plan shall provide covered services in accordance with Attachment II, Section V., and the following Medicaid rules and services listed on the associated fee schedules:

(1) **Advanced Registered Nurse Practitioner**

There are no additional provisions unique to advance registered nurse practitioner services.

(2) **Ambulatory Surgical Center Services**

There are no additional provisions unique to ambulatory surgical center services.

(3) **Assistive Care Services**

There are no additional provisions unique to assistive care services.

(4) **Behavioral Health Services**

There are no additional provisions unique to behavioral health services.

(5) **Birth Center and Licensed Midwife Services**

There are no additional provisions unique to birth center and licensed midwife services.

(6) **Clinic Services**

a. The Managed Care Plan shall provide Rural Health Clinic Services. Rural Health Clinics provide ambulatory primary care to a medically underserved population in a rural geographical area. A Rural Health Clinic provides primary health care and related diagnostic services. In addition, Rural Health Clinics may provide Adult Health Screening Services, Well-Child Visits, Chiropractic Services, Family Planning Services, Family Planning Waiver Services, Immunization Services, Medical Primary Care Services, Mental Health Services, Optometric Services, and Podiatry Services.
b. The Managed Care Plan shall provide Federally Qualified Health Center (FQHC) Services. An FQHC provides primary health care and related diagnostic services. In addition, an FQHC may provide Adult health screening services, Well-Child Visits, Chiropractic services, Dental services, Family planning services, Medical primary care, Mental health services, Optometric services, and Podiatric services.

c. The Managed Care Plan shall provide County Health Department Services. County Health Departments provide public health services in accordance with Chapter 154, F.S. Medicaid County Health Department services consist of primary and preventive health care, related diagnostic services, and dental services.

(7) **Chiropractic Services**

There are no additional provisions unique to chiropractic services.

(8) **Dental Services**

There are no additional provisions unique to dental services.

(9) **Well-child Visits**

There are no additional provisions unique to well-child visits.

(10) **Immunizations**

(a) The Managed Care Plan shall provide immunizations in accordance with the Recommended Childhood Immunization Schedule for the United States, or when medically necessary for the enrollee’s health.

(b) The Managed Care Plan shall provide for the simultaneous administration of all vaccines for which an enrollee under the age of twenty-one (21) years is eligible at the time of each visit.

(c) The Managed Care Plan shall follow only contraindications established by the Advisory Committee on Immunization Practices (ACIP), unless:

   (i) In making a medical judgment in accordance with accepted medical practices, such compliance is deemed medically inappropriate; or

   (ii) The particular requirement is not in compliance with Florida law, including Florida law relating to religious or other exemptions.

(d) The Managed Care Plan shall participate, or direct its providers to participate, in the Vaccines for Children Program ("VFC"). See s. 1905(r)(1)(B)(iii) of the Social Security Act. Title XXI MediKids enrollees do not qualify for the VFC program. The Managed Care Plan shall advise providers to bill Medicaid fee-for-service directly for immunizations provided to Title XXI MediKids participants.
Section V. Covered Services

(e) The Managed Care Plan shall submit an attestation with accompanying documentation annually, by October 1 of each Contract year, to the Agency that the Managed Care Plan has advised its providers to enroll in the VFC program. The Agency may waive this requirement in writing if the Managed Care Plan provides documentation to the Agency that the Managed Care Plan is enrolled in the VFC program.

(f) The Managed Care Plan shall provide coverage and reimbursement to the participating provider for immunizations covered by Medicaid, but not provided through VFC.

(g) The Managed Care Plan shall ensure that providers have a sufficient supply of vaccines if the Managed Care Plan is enrolled in the VFC program. The Managed Care Plan shall direct those providers that are directly enrolled in the VFC program to maintain adequate vaccine supplies.

(h) The Managed Care Plan shall encourage PCPs to provide immunization information about enrollees requesting temporary cash assistance from DCF, upon request by DCF and receipt of the enrollee’s written permission. This information is necessary in order to document that the enrollee has met the immunization requirements for enrollees receiving temporary cash assistance.

(i) The Managed Care Plan shall enroll as a data partner with Florida SHOTS (State Health Online Tracking System) and submit immunization data using the process and format specified by the Agency.

(11) Emergency Services

(a) The Managed Care Plan shall provide pre-hospital and hospital-based trauma services and emergency services and care to enrollees. See ss. 395.1041, 395.4045 and 401.45, F.S.

(b) When an enrollee presents at a hospital seeking emergency services and care, the determination that an emergency medical condition exists shall be made, for the purposes of treatment, by a physician of the hospital or, to the extent permitted by applicable law, by other appropriate personnel under the supervision of a hospital physician. See ss. 409.9128, 409.901, F.S. and 641.513, F.S.

(c) The Managed Care Plan shall not deny claims for emergency services and care received at a hospital due to lack of parental consent. In addition, the Managed Care Plan shall not deny payment for treatment obtained when a representative of the Managed Care Plan instructs the enrollee to seek emergency services and care in accordance with s. 743.064, F.S.

(d) The Managed Care Plan shall cover any medically necessary duration of stay in a non-contracted facility, which results from a medical emergency, until such time as the Managed Care Plan can safely transport the enrollee to a participating facility. The Managed Care Plan may transfer the enrollee,
in accordance with state and federal law, to a participating hospital that has the service capability to treat the enrollee's emergency medical condition. The attending emergency physician, or the provider actually treating the enrollee, is responsible for determining when the enrollee is sufficiently stabilized for transfer discharge, and that determination is binding on the entities identified in 42 CFR 438.114(b) as responsible for coverage and payment.

(e) In accordance with 42 CFR 438.114 and s. 1932(b)(2)(A)(ii) of the Social Security Act, the Managed Care Plan shall cover post-stabilization care services without authorization, regardless of whether the enrollee obtains a service within or outside the Managed Care Plan's network for the following situations:

(i) Post-stabilization care services that were pre-approved by the Managed Care Plan;

(ii) Post-stabilization care services that were not pre-approved by the Managed Care Plan because the Managed Care Plan did not respond to the treating provider's request for pre-approval within one (1) hour after the treating provider sent the request;

(iii) The treating provider could not contact the Managed Care Plan for pre-approval; and

(iv) Those post-stabilization care services that a treating physician viewed as medically necessary after stabilizing an emergency medical condition are non-emergency services. The Managed Care Plan can choose not to cover them if they are provided by a non-participating provider, except in those circumstances detailed above.

(f) The Managed Care Plan shall provide emergency services and care without any specified dollar limitations.

(g) The Managed Care Plan shall authorize payment for non-participating physicians for emergency ancillary services provided in a hospital setting.

(h) The Managed Care Plans shall provide emergency behavioral health services pursuant, but not limited, to s. 394.463, F.S.; s. 641.513, F.S.; and Title 42 CFR Chapter IV. Emergency service providers shall make a reasonable attempt to notify the Managed Care Plan within twenty-four (24) hours of the enrollee's presenting for emergency behavioral health services. In cases in which the enrollee has no identification, or is unable to orally identify himself/herself when presenting for behavioral health services, the provider shall notify the Managed Care Plan within twenty-four (24) hours of learning the enrollee's identity.

(i) In addition to the requirements outlined in s. 641.513, F.S., the Managed Care Plan will ensure:
Section V. Covered Services

(i) The enrollee has a follow-up appointment scheduled within seven (7) days after discharge; and

(ii) All required prescriptions are authorized at the time of discharge.

(j) The Managed Care Plan shall operate, as part of its crisis support/emergency services, a crisis emergency hotline available to all enrollees twenty-four hours a day, seven days a week (24/7).

(k) For each county it serves, the Managed Care Plan shall designate an emergency service facility that operates twenty-four hours a day, seven days a week, (24/7) with Registered Nurse coverage and on-call coverage by a behavioral health specialist.

(12) Family Planning Services and Supplies

(a) The Managed Care Plan shall furnish family planning services on a voluntary and confidential basis.

(b) The Managed Care Plan shall allow enrollees freedom of choice of family planning methods covered under the Medicaid program, including Medicaid-covered implants, where there are no medical contra-indications.

(c) The Managed Care Plan shall allow each enrollee to obtain family planning services from any provider and shall not require prior authorization for such services. If the enrollee receives services from a non-participating Medicaid provider, the Managed Care Plan shall reimburse at the Medicaid fee-for-service reimbursement rate, unless another payment rate is negotiated.

(d) The Managed Care Plan shall make available and encourage all pregnant women and mothers with infants to receive postpartum visits for the purpose of voluntary family planning, including discussion of all appropriate methods of contraception, counseling and services for family planning to all women and their partners. The Managed Care Plan shall direct providers to maintain documentation in the enrollee’s medical records to reflect this provision. See s. 409.967(2), F.S.

(e) The provisions of this subsection shall not be interpreted so as to prevent a health care provider or other person from refusing to furnish any contraceptive or family planning service, supplies or information for medical or religious reasons. A health care provider or other person shall not be held liable for such refusal.

(f) Pursuant to s. 409.973(1)(h), F.S., and 42 CFR 438.102, the Managed Care Plan may elect to not provide these services due to an objection on moral or religious grounds, and must have notified the Agency of that election as specified in Section V.C., Excluded Services.

(13) Healthy Start Services
Section V. Covered Services

(a) Pursuant to s. 409.975(4)(b), F.S., the Managed Care Plan shall establish specific programs and procedures to improve pregnancy outcomes and infant health, including but not limited to coordination with the Healthy Start program, immunization programs, and referral to the Special Supplemental Nutrition Program for Women, Infants, and Children, and the Children's Medical Services program for children with special health care needs. In addition, the program for pregnant women and infants must be aimed at promoting early prenatal care to decrease infant mortality and low birth weight and to enhance healthy birth outcomes. The Managed Care Plan shall provide the most appropriate and highest level of quality care for pregnant enrollees.

(b) Florida's Healthy Start Prenatal Risk Screening – The Managed Care Plan shall ensure that the provider offers Florida's Healthy Start prenatal risk screening to each pregnant enrollee as part of her first prenatal visit, as required by s. 383.14, F.S., s. 381.004, F.S., and 64C-7.009, F.A.C.

(i) The Managed Care Plan shall ensure that the provider uses the Department of Health-approved Healthy Start (Prenatal) Risk Screening Instrument.

(ii) The Managed Care Plan shall ensure that the provider keeps a copy of the completed screening instrument in the enrollee's medical record and provides a copy to the enrollee.

(iii) The Managed Care Plan shall ensure that the provider submits the Healthy Start (Prenatal) Risk Screening Instrument to the CHD in the county where the prenatal screen was completed within ten (10) business days of completion of the screening.

(iv) The Managed Care Plan shall collaborate with the Healthy Start care coordinator within the enrollee's county of residence to assure delivery of risk-appropriate care.

(c) Florida's Healthy Start Infant (Postnatal) Risk Screening Instrument – Florida hospitals electronically file the Healthy Start (Postnatal) Risk Screening Instrument Certificate of Live Birth with the CHD in the county where the infant was born within five (5) business days of the birth. If the Managed Care Plan contracts with birthing facilities not participating in the Department of Health electronic birth registration system, the Managed Care Plan shall ensure that the provider files required birth information with the CHD within five (5) business days of the birth, keeps a copy of the completed Healthy Start (Postnatal) Risk Screening Instrument in the enrollee's medical record and mails a copy to the enrollee.

(d) Pursuant to s. 409.975(4)(b), F.S., the Managed Care Plan shall establish specific programs and procedures to improve pregnancy outcomes and infant health, including but not limited to coordination with the Healthy Start program, immunization programs, and referral to the Special Supplemental Nutrition Program for Women, Infants, and Children, and the Children's Medical Services program for children with special health care needs. The
Section V. Covered Services

Programs and procedures shall include agreements with each local Healthy Start Coalition in the region to provide risk-appropriate care coordination/case management for pregnant women and infants, consistent with Agency policies and the MomCare Network.

(e) Pregnant enrollees or infants who do not score high enough to be eligible for Healthy Start case management may be referred for services, regardless of their score on the Healthy Start risk screen, in the following ways:

(i) If the referral is to be made at the same time the Healthy Start risk screen is administered, the provider may indicate on the risk screening form that the enrollee or infant is invited to participate based on factors other than score; or

(ii) If the determination is made subsequent to risk screening, the provider may refer the enrollee or infant directly to the Healthy Start care coordinator based on assessment of actual or potential factors associated with high risk, such as Human Immunodeficiency Virus (HIV), Hepatitis B, substance use disorders, or domestic violence.

(f) The Managed Care Plan shall refer all infants, children under the age of five (5), and pregnant, breast-feeding and postpartum women to the local WIC office. The Managed Care Plan shall ensure providers provide:

(i) A completed Florida WIC program medical referral form with the current height or length and weight (taken within sixty (60) days of the WIC appointment);

(ii) Hemoglobin or hematocrit; and

(iii) Any identified medical/nutritional problems.

For subsequent WIC certifications, the Managed Care Plan shall ensure that providers coordinate with the local WIC office to provide the above referral data from the most recent CHCUP.

Each time the provider completes a WIC referral form, the Managed Care Plan shall ensure that the provider gives a copy of the form to the enrollee and keeps a copy in the enrollee's medical record.

(g) The Managed Care Plan shall ensure that providers give all women of childbearing age HIV counseling and offer them HIV testing. See Chapter 381, F.S.

(i) The Managed Care Plan shall ensure that its providers offer all pregnant women counseling and HIV testing at the initial prenatal care visit and again at twenty-eight (28) and thirty-two (32) weeks.
Section V. Covered Services

(ii) The Managed Care Plan shall ensure that its providers attempt to obtain a signed objection if a pregnant woman declines an HIV test. See s. 384.31, F.S. and 64D-3.042, F.A.C.

(iii) The Managed Care Plan shall ensure that all pregnant women who are infected with HIV are counseled about and offered the latest antiretroviral regimen recommended by the U.S. Department of Health & Human Services (Public Health Service Task Force Report entitled Recommendations for the Use of Antiretroviral Drugs in Pregnant HIV-1 Infected Women for Maternal Health and Interventions to Reduce Perinatal HIV-1 Transmission in the United States).

(h) The Managed Care Plan shall ensure that its providers screen all pregnant enrollees receiving prenatal care for the Hepatitis B surface antigen (HBsAg) during the first prenatal visit.

(i) The Managed Care Plan shall ensure that its providers perform a second HBsAg test between twenty-eight (28) and thirty-two (32) weeks of pregnancy for all pregnant enrollees who tested negative at the first prenatal visit and are considered high-risk for Hepatitis B infection. This test shall be performed at the same time that other routine prenatal screening is ordered.

(ii) All HBsAg-positive women shall be reported to the local CHD and to Healthy Start, regardless of their Healthy Start screening score.

(i) The Managed Care Plan shall ensure that infants born to HBsAg-positive enrollees receive Hepatitis B Immune Globulin (HBIG) and the Hepatitis B vaccine once they are physiologically stable, preferably within twelve (12) hours of birth, and shall complete the Hepatitis B vaccine series according to the vaccine schedule established by the Recommended Childhood Immunization Schedule for the United States.

(ii) The Managed Care Plan shall ensure that its providers test infants born to HBsAg-positive enrollees for HBsAg and Hepatitis B surface antibodies (anti-HBs) six (6) months after the completion of the vaccine series to monitor the success or failure of the therapy.

(ii) The Managed Care Plan shall ensure that providers report to the local CHD a positive HBsAg result in any child age 24 months or less within twenty-four (24) hours of receipt of the positive test results.

(iii) The Managed Care Plan shall ensure that infants born to enrollees who are HBsAg-positive are referred to Healthy Start regardless of their Healthy Start screening score.

(j) The Managed Care Plan shall report to the Perinatal Hepatitis B Prevention Coordinator at the local CHD all prenatal or postpartum enrollees who test HBsAg-positive. The Managed Care Plan also shall report said enrollees' infants and contacts to the Perinatal Hepatitis B Prevention Coordinator.
Section V. Covered Services

(i) The Managed Care Plan shall report the following information – name, date of birth, race, ethnicity, address, infants, contacts, laboratory test performed, date the sample was collected, the due date or estimated date of confinement, whether the enrollee received prenatal care, and immunization dates for infants and contacts.

(ii) The Managed Care Plan shall use the Practitioner Disease Report Form (DH Form 2136) for reporting purposes.

(k) The Managed Care Plan shall ensure that the PCP maintains all documentation of Healthy Start screenings, assessments, findings and referrals in the enrollees’ medical records.

(l) Prenatal Care – The Managed Care Plan shall:

   (i) Require a pregnancy test and a nursing assessment with referrals to a physician, PA or ARNP for comprehensive evaluation;

   (ii) Require care coordination/case management through the gestational period according to the needs of the enrollee;

   (iii) Require any necessary referrals and follow-up;

   (iv) Schedule return prenatal visits at least every four (4) weeks until week thirty-two (32), every two (2) weeks until week thirty-six (36), and every week thereafter until delivery, unless the enrollee’s condition requires more frequent visits;

   (v) Contact those enrollees who fail to keep their prenatal appointments as soon as possible, and arrange for their continued prenatal care;

   (vi) Assist enrollees in making delivery arrangements, if necessary;

   (vii) Refer pregnant enrollees to appropriate maternity and family services, including notifying medical service payers of enrollee status for further eligibility determination for the enrollee and unborn infant; and

   (viii) Ensure that all providers screen all pregnant enrollees for tobacco use and make certain that the providers make available to pregnant enrollees smoking cessation counseling and appropriate treatment as needed.

(m) Nutritional Assessment/Counseling – The Managed Care Plan shall ensure that its providers supply nutritional assessment and counseling to all pregnant enrollees. The Managed Care Plan shall:

   (i) Ensure the provision of safe and adequate nutrition for infants by promoting breast-feeding and the use of breast milk substitutes;
(ii) Offer a mid-level nutrition assessment;

(iii) Provide individualized diet counseling and a nutrition care plan by a public health nutritionist, a nurse or physician following the nutrition assessment; and

(iv) Ensure documentation of the nutrition care plan in the medical record by the person providing counseling.

(n) Obstetrical Delivery – The Managed Care Plan shall develop and use generally accepted and approved protocols for both low-risk and high-risk deliveries reflecting the highest standards of the medical profession, including Healthy Start and prenatal screening, and ensure that all providers use these protocols.

(i) The Managed Care Plan shall ensure that all providers document preterm delivery risk assessments in the enrollee’s medical record by week twenty-eight (28).

(ii) If the provider determines that the enrollee’s pregnancy is high risk, the Managed Care Plan shall ensure that the provider’s obstetrical care during labor and delivery includes preparation by all attendants for symptomatic evaluation and that the enrollee progresses through the final stages of labor and immediate postpartum care.

(o) Newborn Care – The Managed Care Plan shall make certain that its providers supply the highest level of care for the newborn beginning immediately after birth. Such level of care shall include, but not be limited to, the following:

(i) Instilling of prophylactic eye medications into each eye of the newborn;

(ii) When the mother is Rh negative, securing a cord blood sample for type Rh determination and direct Coombs test;

(iii) Weighing and measuring of the newborn;

(iv) Inspecting the newborn for abnormalities and/or complications;

(v) Administering one half (.5) milligram of vitamin K;

(vi) APGAR scoring;

(vii) Any other necessary and immediate need for referral in consultation from a specialty physician, such as the Healthy Start (postnatal) infant screen; and

(viii) Newborn screening services in accordance with s. 383.14, F.S., which outlines the required laboratory screening process to test for metabolic, hereditary and congenital disorders known to result in
significant impairment of health or intellect. These required laboratory tests shall be processed through the State Public Health Laboratory. The Managed Care Plan shall reimburse for these screenings at the established Medicaid rate and must enter into a provider agreement or a contract with the State Public Health Laboratory.

(p) Postpartum Care – The Managed Care Plan shall:

(i) Provide a postpartum examination for the enrollee within six (6) weeks after delivery;

(ii) Ensure that its providers supply voluntary family planning, including a discussion of all methods of contraception, as appropriate; and

(iii) Ensure that continuing care of the newborn is provided through the CHCUP program component and documented in the child’s medical record.

(14) Hearing Services

(a) Newborn and infant hearing screenings are covered through Medicaid fee-for-service (FFS).

(b) The Managed Care Plan shall provide medically necessary cochlear implant devices.

(15) Home Health Services and Nursing Care

There are no additional provisions unique to home health services and nursing care.

(16) Hospice Services

There are no additional provisions unique to hospice services.

(17) Hospital Services

(a) Inpatient services also include inpatient care for any diagnosis including tuberculosis and renal failure when provided by general acute care hospitals in both emergent and non-emergent conditions.

(b) The Managed Care Plan shall adhere to the provisions of the Newborns and Mothers Health Protection Act (NMHPA) of 1996 regarding postpartum coverage for mothers and their newborns. Therefore, the Managed Care Plan shall provide for no less than a forty-eight (48) hour hospital length of stay following a normal vaginal delivery, and at least a ninety-six (96) hour hospital length of stay following a Cesarean section. In connection with coverage for maternity care, the hospital length of stay is required to be decided by the attending physician in consultation with the mother.

(c) The Managed Care Plan shall prohibit the following practices:
Section V. Covered Services

(i) Denying the mother or newborn child eligibility, or continued eligibility, to enroll or renew coverage under the terms of the Managed Care Plan, solely for the purpose of avoiding the NMHPA requirements;

(ii) Providing monetary payments or rebates to mothers to encourage them to accept less than the minimum protections available under NMHPA;

(iii) Penalizing or otherwise reducing or limiting the reimbursement of an attending physician because the physician provided care in a manner consistent with NMHPA;

(iv) Providing incentives (monetary or otherwise) to an attending physician to induce the physician to provide care in a manner inconsistent with NMHPA; and

(v) Restricting any portion of the forty-eight (48) hour, or ninety-six (96) hour, period prescribed by NMHPA in a manner that is less favorable than the benefits provided for any preceding portion of the hospital stay.

(d) For all child/adolescent enrollees (under the age of twenty-one (21) years) and pregnant adults, the Managed Care Plan shall be responsible for providing up to three-hundred sixty-five (365) days of health-related inpatient care, including behavioral health, for each state fiscal year. For all non-pregnant adults, the Managed Care Plan shall be responsible for up to forty-five (45) days of inpatient coverage and up to three-hundred sixty-five (365) days of emergency inpatient care, including behavioral health, in accordance with the Medicaid Hospital Services Coverage and Limitations Handbook, for each state fiscal year.

(e) The Managed Care Plan shall count inpatient days based on the lesser of the actual number of covered days in the inpatient hospital stay and the average length of stay for the relevant All Patient Refined Diagnosis Related Group (APR-DRG or DRG). This requirement applies whether or not the Managed Care Plan uses DRGs to pay the provider. DRGs can be found at the following website: http://ahca.myflorida.com/medicaid/cost_reim/hospital_rates.shtml.

(f) If an enrollee has not yet met his/her forty-five day (45-day) hospital inpatient limit per state fiscal year for non-pregnant adults, at the start of a new hospital admission, the entire new stay must be covered by the Managed Care Plan in which the enrollee was enrolled on the date of admission. This requirement applies even if the actual or average length of stay for the DRG puts the person over the inpatient limit. There is no proration of inpatient days.

(g) Unless otherwise specified in this Contract, where an enrollee uses non-emergency services available under the Managed Care Plan from a non-participating provider, the Managed Care Plan shall not be liable for the
cost of such services unless the Managed Care Plan referred the enrollee to the non-participating provider or authorized the out-of-network service.

(h) The Managed Care Plan shall provide medically necessary transplants and related services as outlined in the chart below. For transplant services specified with one (1) asterisk, Managed Care Plans are paid by the Agency through kick payments. See Section IX, Method of Payment, for payment details. Transplant services specified with two (2) asterisks are covered through fee-for-service Medicaid and not by the Managed Care Plan.

(j) The Managed Care Plans shall be responsible for the reimbursement of care for enrollees who have been diagnosed with Tuberculosis disease, or show
Section V. Covered Services

symptoms of having Tuberculosis and have been designated a threat to the public health by the FDOH Tuberculosis Program and shall observe the following:

(i) Said enrollees shall be hospitalized and treated in a hospital licensed under Chapter 395 F.S. and under contract with the FDOH pursuant to 392.62, Florida Statutes;

(ii) Treatment plans and discharge determinations shall be made solely by FDOH and the treating hospital;

(iii) For enrollees determined to be a threat to public health and receiving Tuberculosis treatment at an FDOH contracted hospital, the Managed Care Plan shall pay the Medicaid per diem rate for hospitalization and treatment as negotiated between Florida Medicaid and FDOH, and shall also pay any wrap-around costs not included in the per-diem rate; and

(iv) Reimbursement shall not be denied for failure to prior authorize admission, or for services rendered pursuant to 392.62 F.S.

(k) The Managed Care Plan shall provide Outpatient Hospital Services. Outpatient hospital services consist of medically necessary preventive, diagnostic, therapeutic or palliative care under the direction of a physician or dentist at a licensed acute care hospital. Outpatient hospital services include medically necessary emergency room services, dressings, splints, oxygen and physician-ordered services and supplies for the clinical treatment of a specific diagnosis or treatment.

(l) The Managed Care Plan shall have a procedure for the authorization of dental care and associated ancillary medical services provided in an outpatient hospital setting if that is provided under the direction of a dentist at a licensed hospital and, although not usually considered medically necessary, is considered medically necessary to the extent that the outpatient hospital services must be provided in a hospital due to the enrollee’s disability, behavioral health condition or abnormal behavior due to emotional instability or a developmental disability.

(m) The Managed Care Plan shall provide medically necessary ancillary medical services at the hospital without limitation. Ancillary hospital services include, but are not limited to, radiology, pathology, neurology, neonatology, and anesthesiology. When the Managed Care Plan or its authorized physician authorizes these services (either inpatient or outpatient), the Managed Care Plan shall reimburse the provider of the service at the Medicaid line item rate, unless the Managed Care Plan and the hospital have negotiated another reimbursement rate.

(18) Laboratory and Imaging Services

There are no additional provisions unique to laboratory and imaging services.
Section V. Covered Services

(19) Medical Supplies, Durable Medical Equipment, Prostheses and Orthoses

Notwithstanding the limitations prescribed by the Durable Medical Equipment Services Coverage and Limitations Handbook, the Managed Care Plan shall provide specialized medical equipment and supplies (e.g., incontinence supplies) to enrollees with a diagnosis of AIDS, and who have had a history of an AIDS-related opportunistic infection. The Managed Care Plan may place appropriate limits on such services on the basis of medical necessity.

(20) Nursing Facility Services

The Managed Care Plan shall furnish nursing facility services to enrollees under the age of eighteen (18) years.

(21) Optometric and Vision Services

There are no additional provisions unique to optometric and vision services.

(22) Physician Assistant Services

There are no additional provisions unique to physician assistant services.

(23) Physician Services

The Managed Care Plan shall maintain a log of all hysterectomy, sterilization and abortion procedures performed for its enrollees. The log shall include, at a minimum, the enrollee’s name and identifying information, date of procedure, and type of procedure.

(24) Podiatric Services

There are no additional provisions unique to podiatric services.

(25) Prescribed Drug Services

(a) The Managed Care Plan shall provide those products and services associated with the dispensing of medicinal drugs pursuant to a valid prescription, as defined in Chapter 465, F.S. Prescribed drug services shall include all prescription drugs listed in the Agency’s Medicaid Preferred Drug List (PDL). For prescribed drug services under this Contract, the Managed Care Plan shall not negotiate any drug rebates with pharmaceutical manufacturers for drugs on the Agency’s Medicaid PDL. The Agency will be the sole negotiator of pharmaceutical rebates for drugs on the Agency’s Medicaid PDL, and all rebate payments for drugs on the Agency’s Medicaid PDL will be made to the Agency. No sooner than the end of the first year of operation, the Managed Care Plan may develop a Managed Care Plan-specific PDL for the Agency’s consideration, if requested by the Agency at that time. See s. 409.91195, F.S. and s. 409.912(8), F.S.
(b) The Managed Care Plan shall make available those drugs and dosage forms listed on the Agency’s Medicaid PDL, and shall comply with the following requirements listed in s. 409.912(8)(a), F.S.:

(i) The requirements of s. 409.912(8)(a)1.a. and b., F.S., regarding responding to requests for prior authorization and 72-hour drug supplies;

(ii) The requirements of s. 409.912(8)(a)4., F.S., regarding limiting pharmacy networks;

(iii) The requirements of s. 409.912(8)(a)5., F.S., regarding the use of counterfeit-proof prescription pads;

(iv) The requirements of s. 409.912(8)(a)13., F.S., regarding promoting best practices and ensuring cost-effective prescribing practices; and

(v) The requirements of s. 409.912(8)(a)14., 15., and 16., F.S., regarding prior authorization.

(c) The Managed Care Plan shall not arbitrarily deny or reduce the amount, duration or scope of prescriptions solely based on the enrollee’s diagnosis, type of illness or condition. (42 CFR 438.910(b)(2) and (c)) The Managed Care Plan may place appropriate limits on prescriptions based on medical necessity, or for the purpose of utilization control, provided the Managed Care Plan reasonably expects said limits to achieve the purpose of the prescribed drug services set forth in the Medicaid State Plan.

(d) The Managed Care Plan may make available generic drugs in a therapeutic category that are not on the Agency’s Medicaid PDL, unless a brand-name drug containing the same active ingredient is on the Agency’s Medicaid PDL. The Managed Care Plan shall make available those brand name drugs that are not on the Agency’s Medicaid PDL, when medically necessary. The Managed Care Plan shall develop prior authorization criteria and protocols for reviewing requests for brand name drugs that are not on the Agency’s Medicaid PDL. The Managed Care Plan’s prior authorization criteria and protocols may not be more restrictive than that used by the Agency as indicated in the Florida Statutes, the Florida Administrative Code, the Medicaid State Plan and those posted on the Agency website.

(e) The Managed Care Plan shall participate in the Medicaid Pharmaceutical and Therapeutics Committee by asking qualified plan administrators (MDs, DOs or pharmacists) to volunteer for committee appointment by the Governor’s Office.

(f) The Managed Care Plan shall ensure that antiretroviral agents and contraceptive drugs and items are provided.

(g) The Managed Care Plan shall notify providers who may prescribe or are currently prescribing a drug that is being deleted from the Agency’s
Medicaid PDL within thirty (30) days of the Managed Care Plan being notified of the change by the Agency.

(h) The Managed Care Plan may delegate any or all functions to one (1) or more PBMs. Before entering into a subcontract, the Managed Care Plan shall obtain the Agency’s prior written approval of the delegation in accordance with Section VIII.B, Subcontracts. In addition, the Managed Care Plan shall work with the Agency’s fiscal agent to ensure that the transfer of accurate and complete Managed Care Plan encounter prescription data is initiated within forty-five (45) days of PBM implementation. The Managed Care Plan acknowledges that the transfer of prescription data is required by federal law (Affordable Care Act) and that the Agency will invoice pharmaceutical manufacturers for federal rebates mandated under federal law, and for supplemental rebates negotiated by the Agency according to s. 409.912(8)(a)(7), F.S. The Managed Care Plan also acknowledges that failure to provide the necessary data to the Agency will result in immediate action by the Agency that may include (but not be limited to) sanctions, application of liquidated damages, or reduction of capitation payments in the amount of estimated combined federal and supplemental rebates. If there is a dispute between the Agency and a drug manufacturer regarding federal drug rebates, the Managed Care Plan shall assist the Agency in dispute resolution by providing information regarding claims and provider details. Failure to collect drug rebates due to the Managed Care Plan’s failure to assist the Agency will result in the Agency’s recouping from the Managed Care Plan any determined uncollected rebates.

(i) The Managed Care Plan shall continue the medication prescribed to the enrollee in a state mental health treatment facility for at least ninety (90) days after the facility discharges the enrollee, unless the Managed Care Plan’s prescribing psychiatrist, in consultation and agreement with the facility’s prescribing physician, determines that the medications:

(i) Are not medically necessary; or

(ii) Are potentially harmful to the enrollee.

(j) The Managed Care Plan shall provide smoking cessation medications consistent with the Agency’s Medicaid PDL to enrollees who want to quit smoking.

(k) If the Managed Care Plan has authorization requirements for prescribed drug services, the Managed Care Plan shall comply with all aspects of the Settlement Agreement to Hernandez, et al v. Medows (case number 02-20964 Civ-Gold/Simonton) (HSA). An HSA situation arises when an enrollee attempts to fill a prescription at a participating pharmacy location and is unable to receive the prescription as a result of:

(i) An unreasonable delay in filling the prescription;

(ii) A denial of the prescription;
(iii) The reduction of a prescribed good or service; and/or

(iv) The expiration of a prescription.

(l) The Managed Care Plan shall ensure that its enrollees are receiving the functional equivalent of those goods and services received by fee-for-service Medicaid recipients in accordance with the HSA.

(m) The Managed Care Plan shall maintain a log of all correspondence and communications from enrollees relating to the HSA ombudsman process. The ombudsman log report shall be submitted quarterly to the Agency, as required in Section XIV, Reporting Requirements, and specified in the Managed Care Plan Report Guide.

(n) The Managed Care Plan shall conduct annual HSA onsite surveys of no less than five percent (5%) of all participating pharmacy locations to ensure compliance with the HSA. The Managed Care Plan shall submit a report annually, by August 1 of each Contract year to the Agency, providing survey results following requirements in Section XIV, Reporting Requirements and the Managed Care Plan Report Guide.

(o) The Managed Care Plan shall offer training to all new and existing participating pharmacy locations about the HSA requirements.

(p) The Managed Care Plan shall ensure its PBM provides the following electronic message alerting the pharmacist to provide Medicaid recipients with the Hernandez notice/pamphlet when coverage is rejected due to the drug not being on the PDL:

Non-preferred drug; Contact provider for change to preferred drug or to obtain prior authorization. Give Medicaid pamphlet if not corrected.

(q) The Managed Care Plan shall cover a brand-name drug if the prescriber:

(i) Writes in his/her own handwriting on the valid prescription that the “Brand Name is Medically Necessary” (pursuant to s. 465.025, F.S.); and

(ii) Submits a completed “Multisource Drug and Miscellaneous Prior Authorization” form to the Managed Care Plan indicating that the enrollee has had an adverse reaction to a generic drug or has had, in the prescriber’s medical opinion, better results when taking the brand-name drug.

(r) The Agency shall reimburse hemophilia factor-related drugs identified by the Agency for distribution through the Comprehensive Hemophilia Disease Management Program through the fee-for-service delivery system. During operation of the Comprehensive Hemophilia Disease Management Program, the Managed Care Plan shall coordinate the care
of its enrollees with Agency-approved organizations and shall not be responsible for the distribution of hemophilia-related drugs.

(s) The Agency shall reimburse Exondys 51 and Spinraza through the fee-for-service delivery system. The Managed Care Plan must coordinate the care of its enrollees requiring Exondys 51 and Spinraza, but shall not be responsible for the reimbursement of the drugs.

(t) The Managed Care Plan may have a pharmacy lock-in program that shall be submitted in writing and approved by the Agency in advance of implementation.

(u) The Managed Care Plan may have policies and procedures to assign enrollees to specialty pharmacies for specialty drugs. The Managed Care Plan shall notify an enrollee in writing at the time of a specialty pharmacy assignment of how to opt-out of a specialty pharmacy assignment and choose among participating providers. The Managed Care Plan shall allow an enrollee to request to opt-out of a specialty pharmacy assignment at any time. The Managed Care Plan shall provide the Agency a copy of its policies and procedures for approval in advance of implementation.

(v) The Managed Care Plan shall require that prescriptions for psychotropic medication prescribed for an enrollee under the age of thirteen (13) years be accompanied by the express written and informed consent of the enrollee’s authorized representative. Psychotropic (psychotherapeutic) medications include antipsychotics, antidepressants, antianxiety medications, and mood stabilizers. Anticonvulsants and attention-deficit/hyperactivity disorder (ADHDS) medications (stimulants and non-stimulants) are not included at this time. In accordance with s. 409.912(16), F.S., the Managed Care Plan shall ensure the following requirements are met:

(i) The prescriber must document the consent in the child’s medical record and provide the pharmacy with a signed attestation of the consent with the prescription.

(ii) The prescriber must ensure completion of an appropriate attestation form.

(iii) Sample consent/attestation forms that may be used and pharmacies may receive are located at the following link:

http://ahca.myflorida.com/Medicaid/Prescribed_Drug/med_resource.shtml

(iv) The completed form must be filed with the prescription (hardcopy of imaged) in the pharmacy and held for audit purposes for a minimum of six (6) years.

(v) Pharmacies may not add refills to old prescriptions to circumvent the need for an updated informed consent form.
(vi) Every new prescription will require a new informed consent form.

(vii) The informed consent forms do not replace prior authorization requirements for non-PDL medications or prior authorized antipsychotics for children and adolescents under the age of eighteen (18) years.

(26) Renal Dialysis Services

There are no additional provisions unique to freestanding dialysis services.

(27) Therapy Services

The Managed Care Plan shall provide medical massage therapy services to enrollees diagnosed with AIDS, and who have had a history of an AIDS-related opportunistic infection, as confirmed by the Agency, for the treatment of peripheral neuropathy or severe neuromuscular pain and lymphedema. The Managed Care Plan may place appropriate limits on such services on the basis of medical necessity.

(28) Transportation Services

(a) The Managed Care Plan shall provide transportation services, including emergency transportation, for its enrollees who have no other means of transportation available to any covered service, including transportation to Medicaid State Plan services not covered by the Managed Care Plan and expanded benefits.

(b) The Managed Care Plan is not obligated to follow the requirements of the Commission for the Transportation Disadvantaged (CTD) or the Transportation Coordinating Boards as set forth in Chapter 427, F.S., unless the Managed Care Plan has chosen to coordinate services with the CTD.

(c) The Managed Care Plan shall be responsible for the cost of transporting an enrollee from a non-participating facility or hospital to a participating facility or hospital if the reason for transport is solely for the Managed Care Plan's convenience.

(d) The Managed Care Plan shall maintain policies and procedures, consistent with 42 CFR 438.12 to ensure there is no discrimination in serving high-risk populations or people with conditions that require costly transportation.

(e) Before providing transportation services, the Managed Care Plan shall provide the Agency a copy of its policies and procedures for approval relating to the following:

(i) How the Managed Care Plan will determine eligibility for each enrollee and what type of transportation to provide that enrollee;
Section V. Covered Services

(ii) The Managed Care Plan’s procedure for providing prior authorization to enrollees requesting transportation services;

(iii) How the Managed Care Plan will review transportation providers to prevent and/or identify those who falsify encounter or service reports, overstate reports or upcode service levels, or commit any form of fraud or abuse as defined in s. 409.913, F.S.;

(iv) How the Managed Care Plan will deal with providers who alter, falsify or destroy records before the end of the retention period; make false statements about credentials; misrepresent medical information to justify referrals; fail to provide scheduled transportation; or charge enrollees for covered services; and

(v) How the Managed Care Plan will provide transportation services outside its region.

(vi) The transportation provider shall provide the enrollee with boarding assistance, if necessary or requested, to the seating portion of the vehicle. Such assistance shall include, but not be limited to, opening the vehicle door, fastening the seat belt or wheelchair securing devices, storage of mobility assistive devices and closing the vehicle door. In the door-through-door paratransit service category, the driver shall open and close doors to buildings, except in situations in which assistance in opening and/or closing building doors would not be safe for passengers remaining in the vehicle. The driver shall provide assisted access in a dignified manner.

(f) Vehicle transfer points shall provide shelter, security, and safety of enrollees.

(g) The transportation provider shall maintain a passenger/trip database for each enrollee it transports.

(h) The Managed Care Plan shall establish a minimum twenty-four (24) hour advance notification policy to obtain transportation services, and the Managed Care Plan shall communicate that policy to its enrollees and transportation providers. However, advance notification policies shall comport with the timely access to medical care requirements of this Contract.

(i) The Managed Care Plan shall establish enrollee pick-up windows and communicate those timeframes to enrollees and transportation providers.

(j) The Managed Care Plan shall provide an annual attestation to the Agency by January 1 of each Contract year that it is in full compliance with the policies and procedures relating to transportation services, and that all vehicles used for transportation services have received annual safety inspections.
Section V. Covered Services

(k) The Managed Care Plan shall provide an annual attestation to the Agency by January 1 of each Contract Year that all drivers providing transportation services have passed background checks and meet all qualifications specified in law and in rule.

2. The Managed Care Plan may provide any of the following in lieu of services to enrollees when determined medically appropriate, in accordance with the requirements for the provision of in lieu of services contained in this contract, after obtaining approval from the Agency.

   a. The Managed Care Plan may provide services in a nursing facility in lieu of inpatient hospital services. Such services shall not be counted as inpatient hospital days.

   b. Crisis stabilization units (CSU) and freestanding psychiatric specialty hospitals may be used in lieu of inpatient psychiatric hospital care. Notwithstanding network adequacy standards, when reporting inpatient days used, these bed days are calculated on a one-to-one basis. If CSU beds are at capacity, and some of the beds are occupied by enrollees, and a non-funded client presents in need of services, the enrollees must be transferred to an appropriate facility to allow the admission of the non-funded client. Therefore, the Managed Care Plan shall demonstrate adequate capacity for psychiatric inpatient hospital care in anticipation of such transfers. Such services shall be subject to the requirements of 42 CFR 438.6(e).

   c. Detoxification or addictions receiving facilities licensed under s. 397, F.S. may be used in lieu of inpatient detoxification hospital care. Notwithstanding network adequacy standards, when reporting inpatient days used, these bed days are calculated on a one-to-one basis. If detoxification or addictions receiving facility beds are at capacity, and some of the beds are occupied by enrollees, and a non-funded client presents in need of services, the enrollees must be transferred to an appropriate facility to allow the admission of the non-funded client. Therefore, the Managed Care Plan shall demonstrate adequate capacity for inpatient detoxification hospital care in anticipation of such transfers. Such services shall be subject to the requirements of 42 CFR 438.6(e).

   d. Partial hospitalization services (0912) services in a hospital may be provided in lieu of inpatient psychiatric hospital care for up to ninety (90) days annually for adults ages 21 and older; there is no annual limit for children under the age of 21.

   e. Mobile crisis assessment and intervention for enrollees in the community (H2011HO) may be provided in lieu of emergency behavioral health care for up to ninety-six (96) fifteen-minute (15) units per year, and a maximum of eight (8) units per day.

   f. Ambulatory detoxification services (S9475) may be provided in lieu of inpatient detoxification hospital care when determined medically appropriate for up to three (3) hours per day, for up to thirty (30) days.

   g. The following services and corresponding HCPCS or Revenue codes may be used in lieu of community behavioral health services:

      (1) Self-Help/Peer Services (H0038) – Unit of service is fifteen (15) minutes; limit of sixteen (16) units per day.
Section V. Covered Services

(2) Respite Care Services (H0046HE) – Unit of service is per diem; services may be provided in the home, school or community; minimum of eight (8) hours per day.

(3) Drop-In Center (S5102HE) – Unit of service is per diem; limit of 365 days per year.

(4) Infant Mental Health Pre and Post Testing Services (T1023HA) – Unit of service is fifteen (15) minutes. For children ages 0 through 5, limit of forty (40) units per year.

(5) Family Training and Counseling for Child Development (T1027) – Unit of service is fifteen (15) minutes; limit of sixteen (16) units per day.

(6) Community-Based Wrap-Around Services (H2022) – Unit of service is per diem, no annual limit for children under the age of 21.

3. Customized Benefits

a. The Managed Care Plan may customize benefit packages for non-pregnant adults, vary cost-sharing provisions, and provide coverage for additional services.

b. Submitted PETs must comply with instructions available from the Agency. The Agency shall evaluate the Managed Care Plan’s customized benefit package (CBP) for actuarial equivalency and sufficiency of benefits before approving the CBP. Actuarial equivalency is tested by using a PET that:

(1) Compares the value of the level of benefits in the proposed package to the value of the contracted benefit package for the average member of the covered population;

(2) Ensures that the overall level of benefits is appropriate; and

(3) Compares the proposed CBP to state-established standards. The standards are based on the covered population’s historical use of Medicaid State Plan services. These standards are used to ensure that the proposed CBP is adequate to cover the needs of the vast majority of the enrollees.

c. If, in its CBP, the Managed Care Plan limits a service to a maximum annual dollar value, the Managed Care Plan must calculate the dollar value of the service using the Medicaid fee schedule.

d. The CBPs may change on a Contract year basis and only if approved by the Agency in writing. The Managed Care Plan shall submit to the Agency a PET for its proposed CBP for evaluation of actuarial equivalency and sufficiency standards no later than the date established by the Agency each year.

e. The Managed Care Plan shall send letters of notification to enrollees regarding exhaustion of benefits for services restricted by unit amount if the amount is more restrictive than Medicaid. The Managed Care Plan shall send an exhaustion of benefits letter for any service restricted by a dollar amount. The Managed Care Plan shall
implement said letters upon the written approval of the Agency. The letters of notification include the following:

(1) A letter notifying an enrollee when he/she has reached fifty percent (50%) of any maximum annual dollar limit established by the Managed Care Plan for a benefit;

(2) A follow-up letter notifying the enrollee when he/she has reached seventy-five (75%) of any maximum annual dollar limit established by the Managed Care Plan for a benefit; and

(3) A final letter notifying the enrollee that he/she has reached the maximum dollar limit established by the Managed Care Plan for a benefit.

f. The Managed Care Plan shall submit the Customized Benefit Notifications Report to the Agency in accordance with Section XIV, Reporting Requirements and the Managed Care Plan Report Guide.

B. Expanded Benefits

There are no additional expanded benefits provisions unique to the MMA managed care program.

C. Excluded Services

There are no additional excluded services provisions unique to the MMA managed care program.

D. Coverage Provisions

1. Primary Care Provider Initiatives

   a. Pursuant to s. 409.973(4), F.S., the Managed Care Plan shall establish a program to encourage enrollees to establish a relationship with their PCP.

   b. This program shall provide information to each enrollee on the importance of selecting a PCP and the procedure for selecting a PCP (see s. 409.973(4), F.S.).

   c. The Managed Care Plan shall offer each enrollee a choice of PCPs. After making a choice, each enrollee shall have a single or group PCP.

   d. The Managed Care Plan shall allow pregnant enrollees to choose Managed Care Plan obstetricians as their PCPs to the extent that the obstetrician is willing to participate as a PCP, as specified in Section VI, Provider Network.

   e. If the enrollee has not selected a provider for a newborn, the Managed Care Plan shall assign a pediatrician or other appropriate PCP to all pregnant enrollees for the care of their newborn babies no later than the beginning of the last trimester of gestation.

   f. The Managed Care Plan shall assign a PCP to those enrollees who did not choose a PCP at the time of managed care plan selection. The Managed Care Plan shall take into consideration the enrollee’s last PCP (if the PCP is known and available in the
Managed Care Plan’s network), closest PCP to the enrollee’s ZIP code location, keeping children/adolescents within the same family together, enrollee’s age (adults versus children/adolescents), and PCP performance measures.

(1) If the language and/or cultural needs of the enrollee are known to the Managed Care Plan, the Managed Care Plan shall assign the enrollee to a PCP who is or has office staff who are linguistically and culturally competent to communicate with the enrollee.

(2) If the enrollee is a full-benefit dual eligible:

(a) The Managed Care Plan shall not require the enrollee to choose a new PCP through the Managed Care Plan.

(b) The Managed Care Plan shall not prevent the enrollee from receiving primary care services from the enrollee’s existing Medicare PCP.

(c) The Managed Care Plan shall not assign a PCP to an enrollee who has an existing Medicare PCP.

(d) The Managed Care Plan may assist the enrollee in choosing a PCP, if the enrollee does not have a Medicare assigned PCP.

g. The Managed Care Plan shall permit enrollees to request to change PCPs at any time. If the enrollee request is not received by the Managed Care Plan’s established monthly cut-off date for system processing, the PCP change will be effective the first day of the next month.

h. The Managed Care Plan shall assign all enrollees that are reinstated after a temporary loss of eligibility to the PCP who was treating them prior to loss of eligibility, unless the enrollee specifically requests another PCP, the PCP no longer participates in the Managed Care Plan or is at capacity.

i. Pursuant to s. 409.973(4), F.S., the Managed Care Plan shall report on the number of enrollees assigned to each participating PCP and the number of enrollees who have not had an appointment with their PCP within their first year of enrollment as specified in Section XIV, Reporting Requirements, and the Managed Care Plan Report Guide.

j. Pursuant to s. 409.973(4), F.S., the Managed Care Plan shall report on the number of emergency room visits by enrollees who have not had at least one appointment with their PCP as specified in the Managed Care Plan Report Guide and as referenced in Section XIV, Reporting Requirements.

2. Enrollee Screening and Education

a. Within thirty (30) days of enrollment, the Managed Care Plan shall notify enrollees of, and ensure the availability of, a screening for all enrollees known to be pregnant or who advise the Managed Care Plan that they may be pregnant. The Managed Care Plan shall refer enrollees who are, or may be, pregnant to a provider to obtain appropriate care.
b. The Managed Care Plan shall use the enrollee’s health risk assessment and/or released medical/case records to identify enrollees who have not received CHCUP screenings in accordance with the Agency-approved periodicity schedule.

c. The Managed Care Plan shall develop and implement an education and outreach program to increase the number of eligible enrollees receiving CHCUP screenings. This program shall include, at a minimum, the following:

(1) The Managed Care Plan shall have a tracking system to identify enrollees for whom a screening is due or overdue;

(2) The Managed Care Plan shall systematically send reminder notices to enrollees before a screening is due. The notice shall include an offer to assist with scheduling and transportation;

(3) If the Managed Care Plan’s CHCUP screening rate is below eighty percent (80%), the Managed Care Plan shall call (which may include automated calls) all new enrollees under the age of twenty-one (21) years to inform them of CHCUP services and offer to assist with scheduling and transportation;

(4) The Managed Care Plan shall have a process for following up with enrollees who do not get timely screenings. This shall include contacting, twice if necessary, any enrollee more than two (2) months behind in the Agency-approved periodicity screening schedule to urge those enrollees, or their legal representatives, to make an appointment with the enrollee’s PCP for a screening visit and offering to assist with scheduling and transportation. The Managed Care Plan shall document all outreach education attempts. For this subsection “contact” is defined as mailing a notice to or calling an enrollee at the most recent address or telephone number available; and

(5) The Managed Care Plan shall provide enrollee education and outreach in community settings.

d. The Managed Care Plan shall develop and implement an education outreach program to encourage wellness visits to prevent illness or exacerbations of chronic illness.

e. The Managed Care Plan shall take immediate action to address any identified urgent medical needs. “Urgent medical needs” means any sudden or unforeseen situation that requires immediate action to prevent hospitalization or nursing facility placement. Examples include hospitalization of spouse or caregiver or increased impairment of an enrollee living alone who suddenly cannot manage basic needs without immediate help, hospitalization or nursing home placement.

(1) Pursuant to s. 409.966(3)(c)2, F.S., the Managed Care Plan may have program for recognizing patient centered medical homes (PCMHs) and providing increased compensation for recognized PCMHs, as defined by the Managed Care Plan. If the Managed Care Plan has a patient centered medical home program, it shall submit its policies and procedures for such program to the Agency, which shall include recognition standards and increased compensation protocols developed by the Managed Care Plan for the program.
Section V. Covered Services

(2) The Managed Care Plan shall report to the Agency regarding providers that are recognized by the Managed Care Plan as PCMHs in accordance with Section XIV, Reporting Requirements, and the Managed Care Plan Report Guide.

3. New Enrollee Procedures

a. The Managed Care Plan shall contact each new enrollee at least twice, if necessary, within ninety (90) days of the enrollee's enrollment to offer to schedule the enrollee's initial appointment with the PCP Pursuant to s. 409.973(4)(a), F.S., for enrollees who enroll before December 31, 2015, the appointment should be scheduled within six (6) months after enrollment in the Managed Care Plan. For enrollees who enroll after December 31, 2015, the appointment should be scheduled within thirty (30) days of enrollment. This appointment is to obtain an initial health assessment including a CHCUP screening, if applicable. For this subsection “contact” is defined as mailing a notice to or telephoning an enrollee at the most recent address or telephone number available.

b. Within thirty (30) days of enrollment, the Managed Care Plan shall ask the enrollee to authorize release of the medical/case and behavioral health clinical records to the new PCP or other appropriate provider and shall assist by requesting those records from the enrollee's previous provider(s).

c. The Managed Care Plan shall honor any written documentation of prior authorization of ongoing covered services for a period of sixty (60) days after the effective date of enrollment, or until the enrollee's PCP or behavioral health provider (as applicable to medical care or behavioral health care services, respectively) reviews the enrollee's treatment plan, whichever comes first.

d. For all enrollees, written documentation of prior authorization of ongoing medical and behavioral health services includes the following, provided that the services were prearranged prior to enrollment with the Managed Care Plan:

   (1) Prior existing orders;

   (2) Provider appointments, e.g., dental appointments, surgeries, etc.;

   (3) Prescriptions (including prescriptions at non-participating pharmacies); and

   (4) Behavioral health services.

e. The Managed Care Plan shall not delay service authorization if written documentation is not available in a timely manner. However, the Managed Care Plan is not required to approve claims for which it has received no written documentation.

a. The Managed Care Plan may use telemedicine as specified in this Contract.

b. The Managed Care Plan may utilize telemedicine for covered services, as follows:
Section V. Covered Services

(1) Telemedicine services provided under Florida Medicaid must be performed by licensed practitioners within their scope of practice;

(2) Telemedicine services must involve the use of interactive telecommunications equipment which includes, at a minimum, audio and video equipment permitting two-way, real time, communication between the enrollee and the practitioner; and

(3) Telephone conversations, chart review, electronic mail messages, or facsimile transmissions are not considered telemedicine.

c. When providing services through telemedicine, the Managed Care Plan shall ensure:

(1) The telecommunication equipment and telemedicine operations meet the technical safeguards required by 45 CFR 164.312, where applicable;

(2) The Managed Care Plan’s providers using telemedicine comply with HIPAA and other state and federal laws pertaining to patient privacy;

(3) The Managed Care Plan’s telemedicine policies and procedures comply with the requirements in this Contract; and

(4) Provider training regarding the telemedicine requirements in this Contract.

d. When telemedicine services are provided, the Managed Care Plan shall ensure that the enrollee’s medical/case record includes documentation, as applicable.

e. Medicaid does not reimburse for the costs or fees of any of the equipment necessary to provide services through telemedicine, including telecommunication equipment and services. The Managed Care Plan shall ensure the enrollee has a choice of whether to access services through a face-to-face or telemedicine encounter.

a. The Managed Care Plan shall provide a physical screening within seventy-two (72) hours, or immediately if required, for all enrolled children/adolescents taken into protective custody, emergency shelter or the foster care program by DCF. See 65C-29.008, F.A.C.

b. The Managed Care Plan shall provide these required examinations without requiring prior authorization, or, if a non-participating provider is utilized by DCF, approve and process the out-of-network claim.

c. For all CHCUP screenings for children/adolescents whose enrollment and Medicaid eligibility are undetermined at the time of entry into the care and custody of DCF, and who are later determined to be enrollees at the time the examinations took place, the Managed Care Plan shall approve and process the claims.
E. Care Coordination/Case Management

1. Behavioral Health Coverage and Coordination in Long-Term Care Settings

a. The Managed Care Plan shall retain responsibility for provision of medically necessary behavioral health evaluation and treatment services to enrollees, regardless of setting, including in the community, a medical facility, an assisted-living facility, or a nursing facility. Provision of services in long-term care settings will require coordination with other entities including LTC Managed Care Plans and providers, Medicare plans and providers, and state-funded programs and services.

b. In cooperation with the administration and/or treatment providers associated with the other plans, settings or agencies, the Managed Care Plan shall coordinate behavioral health services consistent with the care coordination requirements established in Section V.D.2. Specific responsibilities of the Managed Care Plan as it relates to coordinating with other entities include:

(1) Psychiatric Evaluations and Treatment for Enrollees Applying for Nursing Facility Admission: The Managed Care Plan shall, upon request from the DCF offices, promptly arrange for and authorize psychiatric evaluations for enrollees who are applying for admission to a nursing facility pursuant to OBRA 1987, and who, on the basis of a screening conducted by Comprehensive Assessment and Review for Long-Term Care Services (CARES) workers, are thought to need behavioral health treatment. The examination shall be adequate to determine the need for “specialized treatment” under OBRA. Evaluations must be completed within five (5) business days from the time the request from the DCF office is received. Regulations have been interpreted by the state to permit any of the mental health professionals listed in s. 394.455, F.S., to make the observations preparatory to the evaluation, although a psychiatrist must sign such evaluations. The Managed Care Plan will not be responsible for resident reviews as a result of a pre-admission screening and resident review (PASRR) evaluation. If the psychiatric evaluation of an enrollee indicates covered behavioral health services are medically necessary, and the enrollee is subsequently admitted to a nursing facility, the Managed Care Plan will retain responsibility for provision or those behavioral health services to enrollee in the nursing facility.

(2) Assessment and Treatment of Mental Health Residents Who Reside in Assisted Living Facilities (ALFs) That Hold a Limited Mental Health License: The Managed Care Plan shall develop and implement a plan to ensure compliance with s. 394.4574, F.S., related to behavioral health services provided to residents of licensed assisted living facilities that hold a limited mental health license.

c. The Managed Care Plan shall ensure that a cooperative agreement, as defined in s. 429.02, F.S., is developed by the ALF administrator and the Managed Care Plan’s designated care coordinator/case manager for enrollees that are residents of an ALF and qualify as a mental health resident. The Managed Care Plan must ensure that appropriate assessment services are provided to enrollees and that medically necessary behavioral health services, including psychiatric medication and access to drop-in centers and clubhouses, are available to all enrollees who meet criteria as a mental health resident and reside in this type of setting.
Section V. Covered Services

d. The Managed Care Plan shall coordinate with other entities that provide behavioral health services, to ensure that a community living support plan is developed and updated for each enrollee who is a resident of an LMH-ALF. The Managed Care Plan shall ensure the community living support plan is implemented as written.

e. Upon request from an ALF, the Managed Care Plan shall provide procedures for the ALF to follow should an emergent condition arise with an enrollee that resides at the ALF.

2. Enhanced Care Coordination for Enrollees under Age 21 Receiving Skilled Nursing Facility or Private Duty Nursing Services

a. The Managed Care Plan shall implement enhanced care coordination processes for enrollees under the age of twenty-one (21) years who are receiving services in a skilled nursing facility or are receiving private duty nursing services in their family home or other community based setting.

b. The Managed Care Plan shall maintain written protocols for the care coordination of enrollees, as described in sub-item a., above, which shall include:

   (1) The Managed Care Plan shall assign a care coordinator to all enrollees meeting the criteria described in sub-item a., above. The Managed Care Plan shall maintain documentation of an enrollee or the enrollee’s authorized representative’s rejection of care coordination services.

   (2) The Managed Care Plan shall utilize care coordinators who possess the following qualifications:

      (a) State of Florida licensed registered nurse with at least two (2) years of pediatric experience;

      (b) State of Florida licensed practical nurse with four (4) years of pediatric experience; or

      (c) Master’s degree in social work with at least one (1) year of related professional experience.

(3) Caseload Ratio Requirements

   (a) The Managed Care Plan shall ensure that care coordinator caseloads do not exceed a ratio of forty (40) enrollees to one care coordinator for enrollees receiving private duty nursing services in their family home or other community based setting and no more than a ratio of fifteen (15) enrollees to one (1) care coordinator for enrollees who are receiving services in a skilled nursing facility.

   (b) The Managed Care Plan may submit a request to the Agency to implement a mixed caseload of enrollees in the community and in nursing facilities. The Managed Care Plan shall receive authorization from the Agency prior to implementing caseloads whose values exceed those outlined above.
Lower caseload sizes may be established by the Managed Care Plan and do not require authorization. The Managed Care Plan shall submit any caseload exception requests to the Agency. The Agency may, at any time, revoke the Managed Care Plan’s authorization to exceed caseload ratios.

(4) The care coordinator shall ensure the enrollee’s or enrollee’s authorized representative’s completion and signature of the Agency-approved Freedom of Choice Certification Form within seven (7) business days of the effective date of admission to a nursing facility and every six (6) months thereafter. The Managed Care Plan shall maintain documentation in the enrollee’s record with the completed Freedom of Choice Certification Forms.

(5) The Managed Care Plan shall ensure that the care coordinator maintains monthly (or more frequently, if needed) face-to-face or telephonic contact with the enrollee and the enrollee’s authorized representative. The Managed Care Plan shall maintain documentation in the enrollee’s record of all contact attempts. For successful contacts, the Managed Care Plan shall include in the enrollee’s record a summary of the discussion, whether the Freedom of Choice form was discussed, and the choice of placement made by the enrollee or enrollee’s authorized representative.

(6) The Managed Care Plan shall convene a multidisciplinary team (MDT) no later than sixty (60) days after enrollment into the plan, and every six (6) months thereafter, to provide a comprehensive review of the services and supports that the enrollee needs, and to authorize any Medicaid reimbursable services that are prescribed for the enrollee (e.g., private duty nursing, therapy services, etc.), and complete the Freedom of Choice Certification Form with the enrollee or the enrollee’s authorized representative. The Managed Care Plan shall convene an MDT meeting more frequently, if needed, based on any changes in the enrollee’s medical condition or a significant life change. The MDT meeting shall include at a minimum: the enrollee’s care coordinator, the enrollee (if able), the enrollee’s authorized representative, and other health care professionals involved in that enrollee’s care. The Managed Care Plan shall develop, update, and maintain, with input from the MDT attendees, a person-centered, individualized service plan that reflects the services and supports that the enrollee needs.

(7) The Managed Care Plan shall convene an MDT meeting one (1) year prior to an enrollee turning the age of twenty-one (21) years to discuss the services and supports that the enrollee will need after turning twenty-one (21) years. If the MDT recommends medically necessary services and supports for the enrollee at the time of turning twenty-one (21) years of age, and those services and supports are not covered by Medicaid, the Managed Care Plan shall inform the enrollee or their authorized representative of any community programs or home and community based waiver options that may be able to meet the enrollee’s needs. The Managed Care Plan shall make the necessary referrals, as needed.

(8) The Managed Care Plan shall ensure referrals with the required medical documentation needed to complete the clinical eligibility process for the Long-term Care program are submitted to CARES as follows:
Section V. Covered Services

(a) Six (6) months prior to an enrollee turning the age of eighteen (18) years for enrollees residing in a nursing facility; and

(b) Six (6) months prior to an enrollee turning the age of twenty-one (21) years for enrollees receiving private duty nursing services, if the enrollee or their authorized representative has expressed a desire to enroll in the LTC program.

(9) The Managed Care Plan shall ensure the care coordinator attends all scheduled and any ad hoc Children’s Multidisciplinary Assessment Team meeting(s) for assigned enrollees. 9)

c. The Managed Care Plan shall maintain written protocols that address the transition/discharge planning process for enrollees who are receiving services in a skilled nursing facility. The Managed Care Plan shall:

1. Ensure that transition planning begins upon admission to a skilled nursing facility. In those cases where the enrollee has been residing in a skilled nursing facility prior to enrollment in the Managed Care Plan, the Managed Care Plan shall begin the transition planning process upon enrollment in the Managed Care Plan.

2. Convene an MDT meeting focused specifically on transition planning to proactively consider placement alternatives and offer such opportunities to the enrollee and the enrollee’s authorized representative. This transition planning meeting shall occur every three (3) months until the enrollee is transitioned home or to another community based setting.

3. Develop a final written transition plan within thirty (30) days prior to discharge that includes all of the services and supports that the enrollee needs to successfully reside in the community.

4. Maintain contact with the enrollee and the enrollee’s authorized representative at least two (2) times a month during the first six (6) months after discharge from the skilled nursing facility. If agreed to by the enrollee’s authorized representative, at least one of these contacts must be face-to-face. After this six (6) month transition period, the Managed Care Plan shall continue to maintain monthly contact with the enrollee and the enrollee’s authorized representative.

d. If the enrollee or the enrollee’s authorized representative declines enhanced care coordination services, the Managed Care Plan shall nevertheless comply with all requirements specified in this section of the Contract, with the exception of maintaining monthly contact with the enrollee or the authorized representative, and shall offer enhanced care coordination services to the enrollee or the enrollee’s authorized representative no less than annually.

3. Healthy Behaviors Program

a. Pursuant to s. 409.973(3), F.S., the Managed Care Plan shall establish and maintain programs to encourage and reward healthy behaviors. At a minimum, the Managed Care Plan must establish a medically approved smoking cessation program, a medically directed weight loss program, and a medically approved alcohol or
Section V. Covered Services

substance use disorder recovery program. The Managed Care Plan must identify enrollees who smoke, are morbidly obese, or are diagnosed with alcohol or substance use disorder in order to establish written agreements to secure the enrollees' commitment to participation in these programs.

(1) A medically approved smoking cessation program shall be evidence based and recognized by medical professionals as an effective treatment method in addressing tobacco/nicotine dependence. The program may include interventions such as counseling and/or the use of medications (nicotine replacement products) as a part of the overall therapeutic process.

(2) A medically directed weight loss program shall require ongoing supervision by a physician and may include the use of prescription drugs/supplements depending upon the need and goals of the enrollee, along with other physician approved interventions (diet, exercise, etc.).

(3) A medically approved alcohol or substance use disorder recovery program shall be evidenced based and recognized by medical professionals as an effective treatment method/approach. The program may include interventions such as medically assisted detoxification, medication and behavioral therapy, followed by treatment and relapse prevention as a part of the overall therapeutic process.

b. The Managed Care Plan shall receive written approval of its healthy behavior programs from the Agency before implementing the programs. The Managed Care Plan’s program shall include a detailed description of the program, including the goals of the program, how targeted enrollees will be identified, the interventions the Managed Care Plan intends to use, rewards for or incentives to participate, research to support the effectiveness of the program, and evidence that the program is medically approved or directed, as applicable. Programs administered by the Managed Care Plan must comply with all applicable laws, including fraud and abuse laws that fall within the purview of the United States Department of Health and Human Services, Office of Inspector General (OIG). The Managed Care Plan is encouraged to seek an advisory opinion from OIG once the specifics of its Healthy Behaviors programs are determined.

c. The Managed Care Plan may, through its healthy behavior programs, deploy a number of interventions as part of the overall therapeutic process. Examples of interventions:

(1) Series of counseling sessions;

(2) Series of health educational classes;

(3) Gym membership;

(4) Nicotine replacement therapy patches; and

(5) Meal planning services (e.g. NutriSystem®)
Section V. Covered Services

d. The Managed Care Plan shall make all programs, including incentives and rewards available to all enrollees and shall not use incentives or rewards to direct individuals to select a particular provider.

e. The Managed Care Plan may inform enrollees, once they are enrolled, about its healthy behavior programs, including incentives and rewards.

f. The Managed Care Plan shall not include the provision of gambling, alcohol, tobacco or drugs (except for over-the-counter drugs) in any of its incentives or rewards and shall state on the incentive or reward that it may not be used for such purposes.

g. The Managed Care Plan’s healthy behavior program shall include a detailed description of the rewards and incentives offered to enrollees. Incentives by themselves do not constitute an effective program. Incentives or rewards may have some health- or child development-related function (e.g., clothing, food, books, safety devices, infant care items, subscriptions to publications that include health-related subjects, membership in clubs advocating educational advancement and healthy lifestyles, etc.). Incentive or reward dollar values shall be in proportion to the importance of the healthy behavior being encouraged or rewarded (e.g., a tee-shirt for attending one (1) smoking cessation class, but a gift card for completion of a series of classes).

h. Both incentives and rewards offered to enrollees shall be reasonable, simple, and provided on a timely basis. Incentives or rewards may include any of the following:

(1) Money through debit cards;

(2) Gift cards;

(3) Flexible spending accounts that may be used for health and wellness items;

(4) Vouchers for health and wellness related items; and

(5) Points or credits which are redeemable for goods or services.

i. Incentives and rewards shall be limited to a value of twenty dollars ($20). The exceptions to this monetary limit are as follows:

(1) Programs that require the enrollee to complete a series of activities (e.g.; completion of a series of health education classes). In these instances, the incentive or reward shall be limited to a value of fifty dollars ($50).

(2) Infant car seats, strollers, and cloth baby carriers/slings that are offered as incentives to engage in a healthy behavior program or rewards for completion of an action or a series of activities may have a special exception to the dollar value, with Agency approval.

(3) Participation in multiple healthy behavior programs (e.g.; smoking cessation and substance use disorder recovery program). In these instances, the incentive or reward shall be limited to a value of fifty dollars ($50) for each healthy behavior program.
j. The Managed Care Plan shall not include in the dollar limits on incentives or rewards any money spent on the transportation of enrollees to services or child care provided during the delivery of services; or the healthy behavior program or associated interventions.

k. Healthy Behavior incentives/rewards are non-transferable from one managed care plan to another.

l. As part of its smoking cessation program, the Managed Care Plan shall provide participating PCPs with the Quick Reference Guide to assist in identifying tobacco users and supporting and delivering effective smoking cessation interventions. (The Managed Care Plan can obtain copies of the guide by contacting the DHHS, Agency for Health Care Research & Quality (AHR) Publications Clearinghouse at (800) 358-9295 or P.O. Box 8547, Silver Spring, MD 20907.)

m. As part of its medically approved alcohol or substance use disorder recovery program, the Managed Care Plan shall offer annual alcohol or substance use disorder screening training to its providers. The Managed Care Plan shall have all PCPs screen enrollees for signs of alcohol or substance use disorder as part of prevention evaluation at the following times:

   (1) Initial contact with a new enrollee;

   (2) Routine physical examinations;

   (3) Initial prenatal contact;

   (4) When the enrollee evidences serious over-utilization of medical, surgical, trauma or emergency services; and

   (5) When documentation of emergency room visits suggests the need.

n. The Managed Care Plan shall report on its healthy behavior programs in accordance with Section XIV, Reporting Requirements and the Managed Care Plan Report Guide. This shall include submitting data related to each healthy behavior program, caseloads (new and ongoing) for each healthy behavior program, and the amount and type of rewards/incentives provided for each healthy behavior program.

4. Additional Care Coordination / Case Management Requirements

a. The Managed Care Plan shall be responsible for the management and continuity of medical and behavioral health care for all enrollees.

b. The Managed Care Plan shall maintain written care coordination/case management and continuity of care protocols that include the following minimum functions:

   (1) Appropriate referral and scheduling assistance for enrollees needing specialty health care or transportation services, including those identified through CHCUP screenings;
Section V. Covered Services

(2) Determination of the need for non-covered services and referral of the enrollee for assessment and referral to the appropriate service setting (to include referral to WIC and Healthy Start) with assistance, as needed, by the Medicaid Area Office;

(3) Care coordination/case management follow-up services for children/adolescents whom the Managed Care Plan identifies through blood screenings as having abnormal levels of lead;

(4) A mechanism for direct access to specialists for enrollees identified as having special health care needs, as appropriate for their conditions and identified needs;

(5) An outreach program and other strategies for identifying every pregnant enrollee. This shall include care coordination/case management, claims analysis, and use of health risk assessment, etc. The Managed Care Plan shall require its participating providers to notify the plan of any enrollee who is identified as being pregnant;

(6) Documentation of referral services in enrollee medical/case records, including reports resulting from the referral;

(7) Documentation of emergency care encounters in enrollee medical/case records with appropriate medically indicated follow-up;

(8) Coordination of hospital/institutional or residential treatment setting (including residential SIPP and TGC services) discharge planning that addresses post-discharge care, including but not limited to residential services, day treatment programs, outpatient appointments, skilled short-term rehabilitation, and skilled nursing facility care, as appropriate. Coordination of aftercare services must begin at least thirty (30) days prior to discharge from a residential treatment setting (including SIPP and TGC services);

(9) The Managed Care Plan shall report monthly on the enrollees receiving residential psychiatric treatment (e.g., SIPP services and comparable treatment settings), in accordance with Section XIV, Reporting Requirements and the Managed Care Plan Report Guide;

(10) The Managed Care Plan or designee shall develop a process to participate in interagency staffings (for example, DCF and DJJ) or school staffings that may result in the provision of behavioral health services to an enrolled child/adolescent. The Managed Care Plan or designee shall participate in such staffings upon request.

(11) Sharing with other managed care plans serving the enrollee the results of its identification and assessment of any enrollee with special health care needs so that those activities need not be duplicated; and

(12) Ensuring that in the process of coordinating care/case management, each enrollee’s privacy is protected consistent with the confidentiality requirements in
c. The Managed Care Plan shall maintain written protocols for identifying, assessing and implementing interventions for enrollees with complex medical issues, high service utilization, intensive health care needs, or who consistently access services at the highest level of care. This shall include, at a minimum, the following:

1. Identifying eligible enrollees and stratifying enrollees by severity and risk level including developing an algorithm to identify and stratify eligible enrollees;

2. Developing different types of interventions and specifying minimum touch frequency for each severity and/or risk level;

3. Determining maximum caseloads for each case manager and support staff and managing and monitoring caseloads;

4. Specifying experience and educational requirements for case managers and case management support staff;

5. Providing training and continuing education for case management staff;

6. Using evidence based guidelines;

7. Conducting comprehensive assessments that identify enrollee needs across multiple domains, including current health conditions, current providers, caregiver or other supports available, transportation barriers, medications, behavioral health conditions, and preferences for treatment;

8. Developing treatment plans that incorporate the health risk issues identified during the assessment and incorporate the treatment preferences of the enrollee. The treatment plan shall contain goals that are outcomes based and measurable and include the interventions and services to be provided to obtain goals. Interventions should include community service linkage, improving support services and lifestyle management as appropriate based on the enrollee’s identified issues. Treatment plans shall be updated at least every six (6) months when there are significant changes in enrollee’s condition;

9. Identifying enrollees with co-morbid mental health and substance use disorders, including a depression screening, and addressing those disorders;

10. Identifying enrollees with co-morbid medical conditions and addressing the co-morbid medical conditions;

11. Interfacing with the enrollee’s PCP and/or specialists;

12. Assessing enrollees for literacy levels and other hearing, vision or cognitive functions that may impact an enrollee’s ability to participate in his/her care and implementing interventions to address the limitations;
Section V. Covered Services

(13) Assessing enrollees for community, environmental or other supportive services needs and referring enrollees to get needed assistance;

(14) Facilitating enrollee preferences for treatment, including cultural preferences, and enrollee participation in treatment planning;

(15) Using best practices to increase enrollee engagement;

(16) Documentation of emergency care encounters in enrollee medical/case records with appropriate medically indicated follow-up;

(17) Coordination of hospital/institutional or residential treatment setting (including residential SIPP and TGC services) discharge planning that addresses post-discharge care, including but not limited to residential services, day treatment programs, outpatient appointments, skilled short-term rehabilitation, and skilled nursing facility care, as appropriate. Coordination of aftercare services must begin at least thirty (30) days prior to discharge from a residential treatment setting (including SIPP and TGC services);

(18) Ensure a linkage to pre-booking sites for assessment, screening or diversion related to behavioral health services for enrollees who have justice system involvement;

(19) Sharing with other managed care plans serving the enrollee the results of its identification and assessment of any enrollee with special health care needs so that those activities need not be duplicated; and

(20) Ensuring that in the process of coordinating care/case management, each enrollee’s privacy is protected consistent with the confidentiality requirements in 45 CFR parts 160 and 164. 45 CFR Part 164 specifically describes the requirements regarding the privacy of individually identifiable health information.

d. The Managed Care Plan shall work in coordination with the Department of Children and Families’ behavioral health managing entity to establish specific organizational supports and protocols that enhance the integration and coordination of primary care and behavioral health services for enrollees, in accordance with s. 409.973(5), F.S.

e. The Managed Care Plan shall coordinate and deliver behavioral health care services in the least restrictive setting with treatment and recovery capabilities that address enrollee needs in accordance with s. 409.967(2)(d), F.S.

f. For enrollees with special health care needs identified by the Managed Care Plan in accordance with Section V.E.4.c. of this Exhibit and determined through an assessment by appropriate professionals (consistent with 42 CFR 438.208(c)(2)) to need a course of treatment or regular care monitoring, the Managed Care Plan shall have a mechanism in place to allow enrollees to directly access a specialist (for example, through a standing referral or an approved number of visits) as appropriate for the enrollee’s condition and identified needs. (42 CFR 438.208(c)(4))

g. The Managed Care Plan shall maintain written protocols for discharge planning through the evaluation of an enrollee’s medical care needs, mental health service
Section V. Covered Services

needs, and substance use service needs and coordination of appropriate care after discharge from one level of care to another. The Managed Care Plan shall:

1. Monitor all enrollee discharge plans from behavioral health inpatient admissions to ensure that they incorporate the enrollee’s needs for continuity in existing behavioral health therapeutic relationships;

2. Ensure enrollees' family members, guardians, outpatient individual practitioners and other identified supports are given the opportunity to participate in enrollee treatment to the maximum extent practicable and appropriate, including behavioral health treatment team meetings and discharge plan development. For adult enrollees, family members and other identified supports may be involved in the development of the discharge plan only if the enrollee consents to their involvement;

3. Designate care coordination/case management staff who are responsible for identifying and providing care coordination/case management to enrollees who remain in the hospital for non-clinical reasons (i.e., absence of appropriate treatment setting availability, high demand for appropriate treatment setting, high-risk enrollees and enrollees with multiple agency involvement);

4. Develop and implement a plan that monitors and ensures that clinically indicated behavioral health services are offered and available to enrollees within seven (7) days of discharge from an inpatient setting;

5. Ensure that a behavioral health program clinician provides medication management to enrollees requiring medication monitoring within seven (7) days of discharge from a behavioral health program inpatient setting. The Managed Care Plan shall ensure that the behavioral health program clinician is duly qualified and licensed to provide medication management; and

6. Upon the admission of an enrollee, the Managed Care Plan shall make its best efforts to ensure the enrollee’s smooth transition to the next service or to the community and shall require that behavioral health care providers:

   a. Assign a mental health case manager to oversee the care given to the enrollee;

   b. Develop an individualized discharge plan, in collaboration with the enrollee where appropriate, for the next service or program or the enrollee's discharge, anticipating the enrollee's movement along a continuum of services; and

   c. Document all significant efforts related to these activities, including the enrollee's active participation in discharge planning.

h. The Managed Care Plan and its QI plan shall demonstrate specific interventions in its behavioral health care coordination/case management to better manage behavioral health services and promote positive enrollee outcomes. The Managed Care Plan's written policies and procedures shall address components of effective behavioral health care coordination/case management including but not limited to: anticipation,
identification, monitoring, measurement, evaluation of enrollee’s behavioral health needs, and effective action to promote quality of care; participation in the DCF planning process outlined in s. 394.75, F.S.; and the provision of enhanced care coordination and management for high-risk populations. Such populations shall include, at a minimum, enrollees that meet any of the following conditions:

1. Have resided in a state mental health facility for at least six (6) of the past thirty-six (36) months;

2. Reside in the community and have had two (2) or more admissions to a state mental health facility in the past thirty-six (36) months;

3. Reside in the community and have had three (3) or more admissions to a crisis stabilization unit, short-term treatment facility, inpatient psychiatric unit, or any combination of these facilities within the past twelve (12) months;

4. Have been diagnosed with a behavioral health disorder in conjunction with a complex medical condition and have been prescribed numerous prescription medications; or

5. Have been identified as exceeding the Managed Care Plan’s prescription limits as permitted under Section V, Covered Services.

If an enrollee makes a request for behavioral health services to the Managed Care Plan, the Managed Care Plan shall provide the enrollee with the name (or names) of qualified behavioral health care providers, and if requested, assist the enrollee with making an appointment with the provider that is within the required access times indicated in Section VI, Provider Network.

The Managed Care Plan shall be responsible for the management and continuity of medical and behavioral health care for all enrollees.

i. The Managed Care Plan shall ensure that appropriate resources are available to address the treatment of complex conditions that reflect both behavioral health and physical health involvement. The following conditions must be addressed:

1. Mental health disorders due to or involving a general medical condition; and

2. Eating disorders.

The Managed Care Plan shall develop a plan of care that includes all appropriate collateral providers necessary to address the complex medical issues involved. Clinical care criteria shall address modalities of treatment that are effective for each diagnosis. The Managed Care Plan’s provider network must include appropriate treatment resources necessary for effective treatment of each diagnosis within the required access time periods.

F. Quality Enhancements

The Managed Care Plan shall offer quality enhancements (QE) to enrollees as specified below:
1. **Children's Programs**

   a. The Managed Care Plan shall provide regular general wellness programs targeted specifically toward enrollees from birth to age of five (5), or the Managed Care Plan shall make a good faith effort to involve enrollees in existing community children's programs.

   b. Children's programs shall promote increased use of prevention and early intervention services for at-risk enrollees. The Managed Care Plan shall authorize covered services recommended by the Early Intervention Program when medically necessary. The Managed Care Plan shall make a good faith effort to enter into and maintain agreements with the Local Early Intervention Program Office to establish methods of communication and procedures for the timely approval of services covered by Medicaid in accordance with s. 391.308, F.S.

   c. The Managed Care Plan shall offer its providers annual training that promote proper nutrition, breast-feeding, immunizations, CHCUP, wellness, prevention and early intervention services.

2. **Domestic Violence**

   The Managed Care Plan shall ensure that PCPs screen enrollees for signs of domestic violence and shall offer referral services to applicable domestic violence prevention community agencies.

3. **Pregnancy Prevention**

   The Managed Care Plan shall conduct regularly scheduled pregnancy prevention programs, or shall make a good faith effort to involve enrollees in existing community pregnancy prevention programs, such as the Abstinence Education Program. The programs shall be targeted towards teen enrollees, but shall be open to all enrollees, regardless of age, gender, pregnancy status or parental consent.

4. **Prenatal/Postpartum Pregnancy Programs**

   The Managed Care Plan shall provide regular home visits, conducted by a home health nurse or aide, and counseling and educational materials to pregnant and postpartum enrollees who are not in compliance with the Managed Care Plan's prenatal and postpartum programs. The Managed Care Plan shall coordinate its efforts with the local Healthy Start care coordinator/case manager to prevent duplication of services.

5. **Behavioral Health Programs**

   The Managed Care Plan shall provide outreach to homeless and other populations of enrollees at risk of justice system involvement, as well as those enrollees currently involved in this system, to assure that services are accessible and provided when necessary. This activity shall be oriented toward preventive measures to assess behavioral health needs and provide services that can potentially prevent the need for future inpatient services or possible deeper involvement in the forensic or justice system.
6. Other Programs and Services

The Managed Care Plan is encouraged to actively collaborate with community agencies and organizations, including CHDs, local Early Intervention Programs and local school districts in offering these services.

Section VI. Provider Network

A. Network Adequacy Standards

1. Network Capacity and Geographic Access Standards

   a. Pursuant to s. 409.967(2)(c)(1), Managed Care Plans must maintain a region wide network of providers in sufficient numbers to meet the access standards for specific medical services for all recipients enrolled in the plan. At a minimum, Managed Care Plans shall contract with the providers specified in the MMA Provider Network Standards Table (table) below. Managed Care Plans shall ensure regional provider ratios and provider-specific geographic access standards for recipients in urban or rural counties are met and maintained throughout the life of this Contract, as specified in the table. The Agency shall determine regional provider ratios based upon one hundred twenty percent (120%) of the Managed Care Plan’s actual monthly enrollment measured at the first of each month, by region, for all regions except Region 1 and Region 2. For Region 1 and Region 2, the Agency shall determine regional provider ratios based upon two hundred percent (200%) of the Managed Care Plan’s actual monthly enrollment measured at the first of each month, by region.

   b. Managed Care Plans must maintain sufficient Indian or Tribal providers in the network to ensure timely access to services available under the contract for Indian enrollees who are eligible to receive services from such providers, in accordance with the American Recovery and Reinvestment Act of 2009.

### 2. Primary Care Providers

#### a. The Managed Care Plan shall enter into provider contracts with at least one (1) FTE PCP per one-thousand five-hundred (1,500) enrollees. The Managed Care Plan may increase the ratio by seven-hundred fifty (750) enrollees for each FTE advanced registered nurse practitioner (ARNP) or physician’s assistant (PA) affiliated with a PCP. The Managed Care plan shall have at least one (1) FTE PCP in each of the following four (4) specialty areas within the geographic access standards indicated above:
(1) Family Practice;
(2) General Practice;
(3) Pediatrics; and
(4) Internal Medicine.

b. The Managed Care Plan shall ensure the following:

(1) The PCP provides, or arranges for coverage of services, consultation or approval for referrals twenty-four hours per day, seven days per week (24/7) by Medicaid-enrolled providers who will accept Medicaid reimbursement. This coverage shall consist of an answering service, call forwarding, provider call coverage or other customary means approved by the Agency. The chosen method of 24/7 coverage must connect the caller to someone who can render a clinical decision or reach the PCP for a clinical decision. The after-hours coverage must be accessible using the medical office’s daytime telephone number;

(2) The PCP arranges for coverage of primary care services during absences due to vacation, illness or other situations that require the PCP to be unable to provide services. A Medicaid-eligible PCP must provide coverage; and

(3) Pregnant enrollees are allowed to choose Managed Care Plan obstetricians as their PCPs to the extent that the obstetrician is willing to participate as a PCP.

3. Primary Dental Providers

a. The Managed Care Plan shall enter into provider contracts with a sufficient number of Primary Dental Providers (PDPs) providing dental services to ensure adequate accessibility for enrollees of all ages. The Managed Care Plan shall ensure that PDPs provide services in accordance with this Contract and the Medicaid Dental Services Coverage Policy.

b. The Managed Care Plan shall enter into provider contracts with at least one (1) dentist per 1,500 enrollees. The Managed Care Plan may increase this dentist ratio by 500 enrollees for each licensed dental hygienist affiliated with a PDP providing dental services. However, this increase is limited to two (2) licensed dental hygienists per dentist.

c. The Managed Care Plan shall ensure that PDP services and referrals to participating specialists are available on a timely basis, as follows:

(1) Urgent Care — within one (1) day;
(2) Routine Sick Patient Care — within one (1) week;
(3) Well Care Visit — within one (1) month; and
(4) Follow-up dental services — within one (1) month after assessment.
4. Specialists and Other Providers

a. The Managed Care Plan shall enter into provider contracts with a sufficient number of specialists to ensure adequate accessibility for enrollees of all ages. The Managed Care Plan shall ensure the following:

(1) At least one (1) of the network infectious disease specialists have expertise in HIV/AIDS and its treatment and care;

(2) Female enrollees have direct access to a women's health specialist within the network for covered services necessary to provide women's routine and preventive health care services. This is in addition to an enrollee's designated PCP, if that provider is not a women's health specialist; and

(3) In accordance with s. 641.31, F.S., low-risk enrollees have access to certified nurse midwife services or licensed midwife services, licensed in accordance with Chapter 467, F.S.

b. For pediatric specialists not listed the Managed Medical Assistance Provider Network Standards Table, the Managed Care Plan may assure access by providing telemedicine consultations with participating pediatric specialists, at a location or via a PCP within sixty (60) minutes travel time or forty-five (45) miles from the enrollee's residence zip code. Alternatively, for pediatric specialists not listed in the Managed Medical Assistance Provider Network Standards Table, for which there is no pediatric specialist located within sixty (60) minutes travel time or forty-five (45) miles from the enrollee's residence zip code, the Managed Care Plan may assure access to that specialist in another location in Florida through a transportation arrangement with willing participating pediatric provider(s) who have such capability.

c. The Managed Care Plan shall enter into provider contracts with at least one (1) pediatric dentist per 3,000 enrollees. The Managed Care Plan shall enter into provider contracts with at least one (1) endodontics specialist per 5,000 enrollees. The Managed Care Plan shall use participating dental practitioners with pediatric expertise for children/adolescents when the need for pediatric specialty care is significantly different from the need for adult specialty care (for example a dentist permitted to use pediatric conscious sedation).

d. The Managed Care Plan shall ensure the availability of providers in the periodontics and prosthodontics dental specialty providers on at least a referral basis. The Managed Care Plan shall determine when exceptional referrals to non-participating specialty-qualified providers are needed to address any unique dental needs of an enrollee. Financial arrangements for the provision of such services shall be agreed to prior to the provision of services. The Managed Care Plan shall develop and maintain policies and procedures for such referrals.

e. The Managed Care Plan shall enter into provider contracts with at least one (1) FTE Board Certified or Board Eligible Adult psychiatrist per one thousand five hundred (1,500) enrollees and at least one (1) FTE Board Certified or Board Eligible Child Psychiatrist per seven thousand one hundred (7,100) enrollees. The Managed Care Plan may increase the ratio by seven-hundred fifty (750) enrollees for each FTE advanced registered nurse practitioner (ARNP) with a certificate of psychiatric nursing
through the American Nurses Credentialing Center or physician’s assistant (PA) with a Certificate of Added Qualifications in psychiatry through the National Commission on Certification of Physician Assistants, affiliated with a board certified or board eligible psychiatrist.

f. The Managed Care Plan shall ensure a transportation network of sufficient size so that failure of any one component will not impede the ability to provide the services required in this Contract;

g. The Managed Care Plan may provide transportation services directly through its own network of transportation providers or through a provider contract relationship, which may include the Commission for the Transportation Disadvantaged.

h. The Managed Care Plan shall ensure the availability of massage therapists licensed in accordance with Chapter 480, F.S. and physical therapists licensed in accordance with Chapter 486, F.S. for the provision of services under Section V.A.1.a.(27) of this Exhibit.

5. Public Health Providers

a. The Managed Care Plan shall make a good faith effort to execute memoranda of agreement with the local County Health Departments (CHDs) to provide services which may include, but are not limited to, family planning services, services for the treatment of sexually transmitted diseases, other public health related diseases, tuberculosis, immunizations, foster care emergency shelter medical screenings, and services related to Healthy Start prenatal and post-natal screenings. The Managed Care Plan shall provide documentation of its good faith effort upon the Agency’s request.

b. The Managed Care Plan shall pay, without prior authorization, at the contracted rate or the Medicaid fee-for-service rate, all valid claims initiated by any CHD for office visits, prescribed drugs, laboratory services directly related to DCF emergency shelter medical screening, and tuberculosis. The Managed Care Plan shall reimburse the CHD when the CHD notifies the Managed Care Plan and provides the Managed Care Plan with copies of the appropriate medical/case records and provides the enrollee’s PCP with the results of any tests and associated office visits.

c. The Managed Care Plan shall authorize all claims from a CHD, a migrant health center funded under Section 329 of the Public Health Services Act or a community health center funded under Section 330 of the Public Health Services Act, without prior authorization for the services listed below. Such providers shall attempt to contact the Managed Care Plan before providing health care services to enrollees and shall provide the Managed Care Plan with the results of the office visit, including test results. The Managed Care Plan shall not deny claims for services delivered by these providers solely based on the period between the date of service and the date of clean claim submission, unless that period exceeds three-hundred sixty-five (365) days, and shall be reimbursed by the Managed Care Plan at the rate negotiated between the Managed Care Plan and the public provider or the applicable Medicaid fee-for-service rate. The Medicaid FFS rate is the standard Medicaid fee schedule rate or the CHD
cost-based rate as specified by the County Health Department Clinic Rule and the associated Florida Medicaid fee schedule for applicable rates.

(1) The diagnosis and treatment of sexually transmitted diseases and other reportable infectious diseases, such as tuberculosis and HIV;

(2) The provision of immunizations;

(3) Family planning services and related pharmaceuticals;

(4) School health services listed in a, b and c above, and for services rendered on an urgent basis by such providers; and

(5) In the event that a vaccine-preventable disease emergency is declared, the Managed Care Plan shall authorize claims from the CHD for the cost of the administration of vaccines.

d. Other clinic-based services provided by a CHD, migrant health center or community health center, including well-child care, dental care, and sick care services not associated with reportable infectious diseases, require prior authorization from the Managed Care Plan in order to receive reimbursement. If prior authorization is provided, the Managed Care Plan shall reimburse at the entity’s cost-based reimbursement rate. If prior authorization for prescription drugs is given and the drugs are provided, the Managed Care Plan shall reimburse the entity at Medicaid’s standard pharmacy rate.

e. The Managed Care Plan shall make a good faith effort to execute a contract with a Rural Health Clinic (RHC).

f. The Managed Care Plan shall reimburse FQHCs and RHCs at rates comparable to those rates paid for similar services in the FQHC’s or RHC’s community.

g. The Managed Care Plan shall report quarterly to the Agency as part of its quarterly financial reports (as specified in Section XIV, Reporting Requirements, and the Managed Care Plan Report Guide), the payment rates and the payment amounts made to FQHCs and RHCs for contractual services provided by these entities.

h. The Managed Care Plan shall make a good faith effort to execute memoranda of agreement with private schools, charter schools, and school districts participating in the certified match program regarding the coordinated provision of school-based services pursuant to ss. 1011.70, 409.9071, F.S., 409.908(21), F.S., and 409.9072, F.S.

6. Facilities and Ancillary Providers

The Managed Care Plan shall enter into provider contracts with a sufficient number of facilities and ancillary providers to ensure adequate accessibility for enrollees of all ages. The Managed Care Plan shall ensure the following:

a. Network emergency service facilities have one (1) or more physicians and one (1) or more nurses on duty in the facility at all times;
Section VI. Provider Network

b. Network facilities are licensed, as required by law and rule, accessible to the handicapped, in compliance with federal Americans with Disabilities Act guidelines, and have adequate space, supplies, good sanitation, and fire, safety, and disaster preparedness and recovery procedures in operation;

c. Care for medically high-risk perinatal enrollees is provided in a facility with a NICU sufficient to meet the appropriate level of need for the enrollee;

d. Pursuant to s. 409.967(2)(c)1, F.S., the Managed Care Plan may use mail-order pharmacies; however mail-order pharmacies shall not count towards the Managed Care Plan’s pharmacy network access standards; and

e. In accordance with s. 409.975(1)(e), F.S., the Managed Care Plan may offer a provider contract to each licensed home medical equipment and supplies provider and to each Medicaid enrolled durable medical equipment (DME) provider in the region, as specified by the Agency, that meets quality and fraud prevention and detection standards established by the Managed Care Plan and that agrees to accept the lowest price previously negotiated between the Managed Care Plan and another such provider.

f. The Managed Care Plan’s provider network includes:

   (1) Independent laboratories to conduct medically necessary clinical laboratory procedures in freestanding facilities;

   (2) Freestanding dialysis centers to conduct medically necessary hemodialysis and peritoneal dialysis performed in the center and related injectable medications, including Erythropoietin (Epogen or EPO) administered in the freestanding dialysis center;

   (3) Portable x-ray providers to provide diagnostic x-ray services at the residence of an enrollee who is unable to travel to a physician’s office or an outpatient hospital’s radiology facility;

   (4) Ambulatory surgical centers to provide scheduled, elective, medically necessary surgical care to patients who do not require hospitalization; and

   (5) Audiologists to provide medically necessary hearing related services.

7. Essential Providers

   a. Pursuant to s. 409.975(1)(b), F.S., certain providers are statewide resources and essential providers for all managed care plans in all regions. The Managed Care Plan shall include these essential providers in its network, even if the provider is located outside of the region served by the Managed Care Plan.

   b. Statewide essential providers include:

      (1) Faculty plans of Florida medical school faculty physician groups, which include University of Florida College of Medicine, University of Miami School of Medicine,
University of South Florida College of Medicine, University of Central Florida
College of Medicine, Nova Southeastern University College of Osteopathic
Medicine, Florida State University College of Medicine, and Florida International
University College of Medicine;

(2) Regional perinatal intensive care centers (RPICCs) as defined in s. 383.16(2),
F.S., including All Children's Hospital, Arnold Palmer Hospital, Bayfront Medical
Center, Broward General Medical Center, Jackson Memorial Hospital, Lee
Memorial Hospital at HealthPark, Memorial Regional Hospital, Sacred Heart
Hospital, Shands – Jacksonville, Shands Teaching Hospital, St. Mary’s Hospital
and Tampa General Hospital;

(3) Hospitals licensed as specialty children's hospitals as defined in s. 395.002(28),
F.S., including All Children's Hospital, Miami Children's Hospital, Nemours; and
Shriners Hospitals for Children; and

(4) Accredited and integrated systems serving medically complex children which
comprise separately licensed, but commonly owned, health care providers
delivering at least the following services: medical group home, in-home and
outpatient nursing care and therapies, pharmacy services, durable medical
equipment, and Prescribed Pediatric Extended Care.

c. If the Managed Care Plan has not contracted with all statewide essential providers in
all regions as of the first date of recipient enrollment, the Managed Care Plan must
continue to negotiate in good faith.

(1) The Managed Care Plan shall make monthly payments to faculty plans of Florida
medical school faculty physician groups in an amount specified by the Agency.
The payment amount shall be the per member per month amount included in
Exhibit I-C of Attachment I multiplied by the Managed Care Plan’s monthly
enrollment.

(2) The Managed Care Plan shall make payments for services rendered by a
regional perinatal intensive care center at the applicable Medicaid rate as of the
first day of this Contract.

(3) Except for payments for emergency services, the Managed Care Plan shall make
payments to a non-participating specialty children's hospital equal to the highest
rate established by contract between that provider and any other Medicaid
managed care plan.

d. Pursuant to s. 409.975(1)(c), F.S., after twelve (12) months of active participation in
the Managed Care Plan’s network, the Managed Care Plan may exclude any essential
provider from the network for failure to meet quality or performance criteria.

e. Pursuant to s. 409.975(1)(a), F.S., the Managed Care Plan must include all providers
in the region that are classified by the Agency as essential Medicaid providers, unless
the Agency approves, in writing, an alternative arrangement for securing the types of
services offered by the essential providers.
f. The Agency may determine that the following providers are essential Medicaid providers:

(1) Federally qualified health centers;
(2) Statutory teaching hospitals as defined in s. 408.07(45), F.S.;
(3) Hospitals that are trauma centers as defined in s. 395.4001(14), F.S.; and
(4) Hospitals located at least twenty-five (25) miles from any other hospital with similar services.

8. Timely Access Standards

a. The Managed Care Plan shall ensure that PCP services and referrals to specialists for medical and behavioral health services are available on a timely basis, as follows:

(1) Urgent Care — within one (1) day of the request;
(2) Sick Care — within one (1) week of the request; and
(3) Well Care Visit — within one (1) month of the request.

b. The Managed Care Plan shall authorize enrollee referrals for EPSDT services to appropriate providers within four (4) weeks of these examinations for further assessment and treatment of conditions found during the examination. The Managed Care Plan shall ensure that the referral appointment is scheduled for a date within six (6) months of the initial examination, or within the time periods specified above, as applicable.

c. Annually the Managed Care Plan shall review a statistically valid sample of PCP and specialist offices’ average appointment wait times to ensure services are in compliance with this subsection, and report the results to the Agency as specified in Section XIV, Reporting Requirements, and the Managed Care Plan Report Guide. (See 42 CFR 438.206(c)(1)(iv),(v) and (vi).)

9. Network Adequacy Measures

a. The Managed Care Plan shall collect regional data on the following measures in order to evaluate the Managed Care Plan’s provider network and to ensure that covered services are reasonably accessible.

b. The Managed Care Plan shall comply with the regional standards for each measure as specified in the Provider Network Adequacy Standards Table below.

c. The Managed Care Plan shall submit the results of the network adequacy standards specified in the table below to the Agency quarterly as specified in Section XIV, Reporting Requirements and the Managed Care Plan Report Guide.
d. The Agency reserves the right to require Managed Care Plans to collect data and report results on additional network adequacy standards.

#### 10. Electronic Health Record Measures

a. The Managed Care Plan shall collect regional data on the regional standards specified in the Electronic Health records Standards Table below in order to evaluate the Managed Care Plan’s provider’s EHR capabilities.
b. The Managed Care Plan shall comply with the regional standards specified in the Electronic Health Record Standards Table below.

c. The Agency reserves the right to require Managed Care Plans to collect data and report results on additional network adequacy standards.

REMAINDER OF PAGE INTENTIONALLY LEFT BLANK
B. Network Development and Management Plan

1. Regional Network Changes

a. The Managed Care Plan shall notify the Agency within seven (7) business days of any significant changes to its regional provider network. A significant change is defined as follows:

   (1) Any change that would cause more than five percent (5%) of enrollees in the region to change the location where services are received or rendered; or

   (2) For MMA Managed Care Plans, a decrease in the total number of PCPs by more than five percent (5%).

C. Provider Credentialing and Contracting

1. Credentialing and Recredentialing

a. Managed Care Plan credentialing and recredentialing processes must include verification of the following additional requirements for physicians and must ensure compliance with 42 CFR 438.214.

   (1) Good standing of privileges at the hospital designated as the primary admitting facility by the physician or if the physician does not have admitting privileges, good standing of privileges at the hospital by another provider with whom the physician has entered into an arrangement for hospital coverage.

   (2) Valid Drug Enforcement Administration (DEA) certificates, where applicable.

   (3) Attestation that the total active patient load (all populations, including but not limited to Medicaid FFS, Children’s Medical Services Network, SMMC plans, Medicare, KidCare, and commercial coverage) is no more than three-thousand (3,000) patients per PCP. An active patient is one that is seen by the provider a minimum of three (3) times per year.

   (4) A good standing report on a site visit survey. For each PCP, documentation in the Managed Care Plan’s credentialing files regarding the site survey shall include the following:

      (a) Evidence that the Managed Care Plan has evaluated the provider’s facilities using the Managed Care Plan’s organizational standards;

      (b) Evidence that the provider’s office meets criteria for access for persons with disabilities and that adequate space, supplies, proper sanitation, smoke-free facilities, and proper fire and safety procedures are in place;

      (c) Evidence that the Managed Care Plan has evaluated the provider's medical/case record keeping practices at each site to ensure conformity with the Managed Care Plan’s organizational standards; and
Section VI. Provider Network

(d) Evidence that the Managed Care Plan has determined that the following documents are posted in the provider's waiting room/reception area: the Agency's statewide consumer call center telephone number, including hours of operation, and a copy of the summary of Florida's Patient's Bill of Rights and Responsibilities, in accordance with s. 381.026, F.S. The provider must have a complete copy of the Florida Patient's Bill of Rights and Responsibilities, available upon request by an enrollee, at each of the provider's offices.

(5) Attestation to the correctness/completeness of the provider's application.

(6) Statement regarding any history of loss or limitation of privileges or disciplinary activity as described in s. 456.039, F.S.

(7) A statement from each provider applicant regarding the following:

(a) Any physical or behavioral health problems that may affect the provider's ability to provide health care;

(b) Any history of chemical dependency/substance use disorder;

(c) Any history of loss of license and/or felony or misdemeanor convictions; and

(d) The provider is eligible to become a Medicaid provider.

Providers with a valid Limited Enrolled or Fully Enrolled contract with the Agency may be considered to have met requirements (c) and (d) under this section.

(8) Current curriculum vitae or completed credentialing application, which includes at least five (5) years of work history.

(9) Proof of the provider's medical school graduation, completion of residency or other postgraduate training. Evidence of board certification shall suffice in lieu of proof of medical school graduation, residency and other postgraduate training, if applicable.

(10) Evidence of specialty board certification, if applicable.

b. The Managed Care Plan shall recredential its providers at least every three (3) years using information from ongoing provider monitoring.

c. Hospital ancillary providers are not required to be independently credentialed if those providers serve Managed Care Plan enrollees only through the hospital.

d. Managed Care Plan credentialing and recredentialing processes must include verification of the following additional requirements for transportation providers.

(1) The Managed Care Plan shall ensure that all transportation providers comply with standards set forth in Chapter 427, F.S., and Rules 41-2 and 14-90, F.A.C.
These standards include drug and alcohol testing, safety standards, driver accountability, and driver conduct;

(2) The Managed Care Plan shall ensure that all transportation providers maintain vehicles and equipment in accordance with State and federal safety standards and the manufacturers' mechanical operating and maintenance standards for any and all vehicles used for transportation of Medicaid recipients;

(3) The Managed Care Plan shall ensure that all transportation providers comply with applicable state and federal laws, including but not limited to the Americans with Disabilities Act (ADA) and the Federal Transit Administration (FTA) regulations;

(4) The Managed Care Plan shall ensure that transportation providers immediately remove from service any vehicle that does not meet the Florida Department of Highway Safety and Motor Vehicles licensing requirements, safety standards, ADA regulations, or Contract requirements and re-inspect the vehicle before it is eligible to provide transportation services for Medicaid recipients under this Contract. Vehicles shall not carry more passengers than the vehicle was designed to carry. All lift-equipped vehicles must comply with ADA regulations;

(5) The Managed Care Plan shall ensure transportation services meet the needs of its enrollees including use of multiload vehicles, public transportation, wheelchair vehicles, stretcher vehicles, private volunteer transport, over-the-road bus service, ambulance or, where applicable, commercial air carrier transport;

(6) The Managed Care Plan shall ensure all transportation providers maintain sufficient liability insurance to meet requirements of Florida law.

(7) The Managed Care Plan shall ensure adequate seating for paratransit services for each enrollee and escort, child, or personal care attendant, and shall ensure that the vehicle meets the following requirements and does not transport more passengers than the registered passenger seating capacity in a vehicle at any time:

   (a) Enrollee property that can be carried by the passenger and/or driver, and can be stowed safely on the vehicle, shall be transported with the passenger at no additional charge. The driver shall provide transportation of wheelchairs, child seats, stretchers, secured oxygen, personal assistive devices, and/or intravenous devices, as applicable, within the capabilities of the vehicle.

   (b) Each vehicle shall have posted inside the Managed Care Plan’s toll-free telephone number for enrollee complaints.

   (c) The interior of all vehicles shall be free from dirt, grime, oil, trash, torn upholstery, damaged or broken seats, protruding metal or other objects or materials which could soil items placed in the vehicle or cause discomfort to enrollees.
Section VI. Provider Network

(d) Smoking, eating and drinking are prohibited in any vehicle, except in cases in which, as a medical necessity, the enrollee requires fluids or sustenance during transport.

(e) All vehicles must be equipped with two-way communications, in good working order and audible to the driver at all times, by which to communicate with the transportation services hub or base of operations.

(f) All vehicles must have working air conditioners and heaters.

(8) The Managed Care Plan shall ensure compliance with the minimum liability insurance requirement of $200,000 per person and $300,000 per incident for all transportation services purchased or provided for the transportation disadvantaged through the Managed Care Plan. (See s. 768.28(5), F.S.) The Managed Care Plan shall indemnify and hold harmless the local, state, and federal governments and their entities and the Agency from any liabilities arising out of or due to an accident or negligence on the part of the Managed Care Plan and/or all transportation providers under contract to the Managed Care Plan.

2. Provider Contract Requirements

a. The Managed Care Plan shall include the following additional provisions in its MMA provider contracts:

(1) If there is a Managed Care Plan physician incentive plan, include a statement that the Managed Care Plan shall make no specific payment directly or indirectly under a physician incentive plan to a provider as an inducement to reduce or limit, medically necessary services to an enrollee, and that incentive plans shall not contain provisions that provide incentives, monetary or otherwise, for withholding medically necessary care;

(2) Require providers to meet timely access standards pursuant to this Contract;

(3) Require that all providers agreeing to participate in the network as PCPs fully accept and agree to responsibilities and duties associated with the PCP designation;

(4) Contain no provision that prohibits the provider from providing inpatient services in a participating hospital to an enrollee if such services are determined to be medically necessary and covered services under this Contract;

(5) For hospital contracts, include rates that are in accordance with s. 409.975(6), F.S.;

(6) For hospital contracts, include a clause that states whether the Managed Care Plan or the hospital will complete the DCF Excel spreadsheet for unborn activation and include Provider-Preventable Conditions (PPC) reporting requirements as specified in Section V, Covered Services;

(7) If copayments are waived as an expanded benefit, the provider must not charge enrollees copayments for covered services; and if copayments are not waived
as an expanded benefit, that the amount paid to providers shall be the contracted amount, less any applicable copayments; and

(8) If the provider has been approved by the Managed Care Plan to provide services through telemedicine, specify that the provider is required to have protocols to prevent fraud and abuse. The provider must implement telemedicine fraud and abuse protocols that address:

(a) Authentication and authorization of users;

(b) Authentication of the origin of the information;

(c) The prevention of unauthorized access to the system or information;

(d) System security, including the integrity of information that is collected, program integrity and system integrity; and

(e) Maintenance of documentation about system and information usage.

(9) For nursing facility contracts for services to MMA enrollees under the age of eighteen (18) years, require the nursing facility provider to notify DCF of the admission to and discharge from a nursing facility.

(a) The Managed Care Plan shall require nursing facility providers to submit a completed DCF #2506A Form (Client Referral/Change) to DCF within ten (10) business days of the admission to a nursing facility of an MMA enrollee under the age of eighteen (18) years.

(b) The Managed Care Plan shall require nursing facility providers to submit a completed DCF #2506 Form (Client Discharge/Change Notice) to DCF within ten (10) business days of the discharge from a nursing facility of an MMA enrollee under the age of eighteen (18) years.

D. Provider Services

1. Additional Provider Handbook Requirements

The Managed Care Plan shall include the following information in provider handbooks:

a. Well-child visit services and standards;

b. Procedures to obtain authorization of any medically necessary service to enrollees under the age of twenty-one (21) years when the service is not listed in the service-specific Florida Medicaid Coverage and Limitations Handbook, Florida Medicaid Coverage Policy, or the associated Florida Medicaid fee schedule, or is not a covered service of the plan; or the amount, frequency, or duration of the service exceeds the limitations specified in the service-specific handbook or the corresponding fee schedule.

c. PCP responsibilities;
d. Information on the Managed Care Plan’s Healthy Behaviors programs;

e. If Managed Care Plan allows the use of telemedicine, telemedicine requirements for providers; and

f. If copayments are waived as an expanded benefit, the provider must not charge enrollees copayments for covered services; and if copayments are not waived as an expanded benefit, the amount paid to providers shall be the contracted amount, less any applicable copayments.

g. The Managed Care Plan may not impose enrollment fees, premiums, or similar charges on Indians served by an Indian health care provider; Indian Health Service; an Indian Tribe, Tribal Organization, or Urban Indian Organization; or through referral under contract health services, in accordance with the American Recovery and Reinvestment Act of 2009.

E. Medical/Case Record Requirements

1. Standards for Medical/Case Records

a. All records shall contain documentation to include the following items for services provided through telemedicine:

(1) A brief explanation of the use of telemedicine in each progress note;

(2) Documentation of telemedicine equipment used for the particular covered services provided; and

(3) A signed statement from the enrollee or the enrollee’s authorized representative indicating their choice to receive services through telemedicine. This statement may be for a set period of treatment or one-time visit, as applicable to the service(s) provided.

REMAINDER OF PAGE INTENTIONALLY LEFT BLANK
Section VII. Quality and Utilization Management

A. Quality Improvement

There are no additional quality improvements provisions unique to the MMA managed care program.

B. Performance Measures (PMs)

1. Required Performance Measures

   a. The Managed Care Plan shall collect and report the following performance measures, certified via qualified auditor.

*If the National Committee for Quality Assurance retires this measure as part of their October HEDIS 2018 update, it will no longer be required by the Agency for July 1, 2018 reporting.

**These performance measures are required by the Agency for July 1, 2018 reporting. The Agency will not assess liquidated damages for the first year of reporting.

***These performance measures will no longer be required by the Agency for July 1, 2018 reporting.

b. The first Performance Measure Report is due to the Agency no later than July 1, 2015, covering the measurement period of year 2014. Measures should be collected based on the technical specifications for the measure, across the Statewide Medicaid Managed Care (SMMC) contract and the previous Health Plan contract, as applicable. For example, if someone has been in XYZ Managed Care Plan for six months under the SMMC contract and for six months under the previous managed care/health plan contract, the enrollee would meet the 12 months of continuous enrollment required for many performance measures. Due to year 2014 being a transition year across contracts, performance measures will be collected and may be reported publicly by the Agency, but will be labeled as “transition year” measures and will not be subject to liquidated damages and sanctions related to where performance measure results fall relative to the National Medicaid Means and Percentiles (as published by the National Committee for Quality Assurance). Liquidated damages and sanctions due to incomplete and/or inaccurate reporting will be in effect.

c. Beginning with the Performance Measures Report that is due to the Agency no later than July 1, 2016, covering the measurement period of year 2015, all performance measure-related liquidated damages and sanctions will be in effect.

d. Beginning with the Performance Measures Report that is due to the Agency no later than July 1, 2016, covering the measurement period of year 2015, plans shall submit
Section VII. Quality and Utilization Management

their HEDIS data to the NCQA by the NCQA deadline as well as to the Agency by July 1 of each year.

e. The Agency will not assess liquidated damages for the following performance measures for the first reporting period:

(1) Follow-Up after Emergency Department Visit for Mental Illness- (FUM)

(2) Follow-Up after Emergency Department Visit for Alcohol and Other Drug Dependence Treatment-(FUA)

(3) Diabetes Screening for People with Schizophrenia or Bipolar Disorder Who Are Using Antipsychotic Medications-(SSD)

f. For the Annual Dental Visit performance measure, the Managed Care Plan shall achieve the following rates by year:

- CY 2016: 45%
- CY 2017: 46%
- CY 2018: 47%
- CY 2019: 48%
- CY 2020: 49%

Failure to meet these rates may result in a corrective action plan as described in Attachment II, Section VII.B.4.b. in addition to the liquidated damages and sanctions provided in this Exhibit.

g. The Agency shall calculate each Managed Care Plan's Preventive Dental Services (PDENT), Dental Treatment Services (TDENT), and Sealants (SEA) measures using data that the plans report on their CMS-416/CHCUP reports. Managed Care Plans do not need to calculate and report on these measures as part of their annual performance measure submission.

2. Well-Child Visit Performance Measures

a. Pursuant to s. 409.975(5), F.S., the Managed Care Plan shall achieve a CHCUP screening rate of at least eighty percent (80%) for those enrollees who are continuously enrolled for at least eight (8) months during the federal fiscal year (October 1 – September 30). This screening compliance rate shall be based on the CHCUP data reported by the Managed Care Plan in its CHCUP (CMS-416) and FL 80% Screening Report and/or supporting encounter data, and due to the Agency as specified in Section XIV, Reporting Requirements. The data shall be monitored by the Agency for accuracy. Any data reported by the Managed Care Plan that is found to be inaccurate shall be disallowed by the Agency, and the Agency shall consider such findings as being in violation of the Contract. Failure to meet the eighty percent (80%) screening rate may result in a corrective action plan in addition to the liquidated damages and sanctions provided in this Exhibit.

b. The Managed Care Plan shall adopt annual participation goals to achieve at least an eighty percent (80%) CHCUP participation rate, as required by the Centers for Medicare & Medicaid Services. This participation compliance rate shall be based on
the CHCUP data reported by the Managed Care Plan in its CHCUP (CMS-416) and FL 80% Screening Report (see sub-item a. above) and/or supporting encounter data. 

Upon implementation and notice by the Agency, the Managed Care Plan shall submit additional data, as required by the Agency for its submission of the CMS-416, to the Centers for Medicare & Medicaid Services, within the schedule determined by the Agency. Any data reported by the Managed Care Plan that is found to be inaccurate shall be disallowed by the Agency, and the Agency shall consider such findings as being in violation of the Contract. Failure to meet the eighty percent (80%) participation rate during a federal fiscal year may result in a corrective action plan in addition to the liquidated damages and sanctions provided in this Exhibit. (See s. 1902(a)(43)(D)(iv) of the Social Security Act.)

c. The Managed Care Plan shall achieve a preventive dental services rate corresponding to the following schedule for those enrollees who are continuously eligible for CHCUP for ninety (90) continuous days. This rate shall be based on the CHCUP data reported by the Managed Care Plan in its CHCUP (CMS-416) audited report and/or supporting encounter data and shall be calculated by dividing line 12b by line 1b from the CHCUP report, excluding children under the age of one (1). Beginning with the report for federal fiscal year 2015-16, failure to meet the following preventive dental services rates may result in a corrective action plan in addition to the liquidated damages and sanctions provided in this Exhibit.

- FFY 2015-16: 35%
- FFY 2016-17: 37%
- FFY 2017-18: 39%
- FFY 2018-19: 41%
- FFY 2019-20: 44%

d. The Managed Care Plan shall achieve a dental treatment services rate corresponding to the following schedule for those enrollees who are continuously eligible for CHCUP for ninety (90) continuous days. This rate shall be based on the CHCUP data reported by the Managed Care Plan in its CHCUP (CMS-416) audited report and/or supporting encounter data and shall be calculated by dividing line 12c by line 1b from the CHCUP report, excluding children under the age of one (1). Beginning with the report for federal fiscal year 2015-16, failure to meet the following dental treatment services rates may result in a corrective action plan in addition to the liquidated damages and sanctions provided in this Exhibit.

- FFY 2015-16: 15%
- FFY 2016-17: 17%
- FFY 2017-18: 20%
- FFY 2018-19: 21%
- FFY 2019-20: 23%

C. Performance Improvement Projects

The Managed Care Plan shall perform four (4) Agency-approved statewide performance improvement projects (PIPs) as specified below:
1. One (1) of the PIPs shall combine a focus on improving prenatal care and well-child visits in the first fifteen (15) months;

2. One (1) of the PIPs shall focus on preventive dental care for children;

3. One (1) of the PIPs shall be an administrative PIP focusing on a topic prior approved by the Agency; and

4. One (1) PIP shall be a choice of PIP in one of the following topic areas: population health issues (such as diabetes, hypertension and asthma) within a specific geographic area that have been identified as in need of improvement; integrating primary care and behavioral health; and reducing preventable readmissions.

5. The PIPs identified in 1. and 2. above will be collaborative PIPs coordinated by the External Quality Review Organization (EQRO). The EQRO will put together proposed methodologies for the collaborative PIPs, which will be sent to the managed care plans for review. Once the proposed methodologies for the collaborative PIPs have been sent to the managed care plans, the Managed Care Plan has two (2) weeks to submit feedback to the Agency and the EQRO on the methodologies.

6. By April 15, 2014, the Managed Care Plan shall submit to the Agency, in writing:
   a. The Managed Care Plan’s proposed administrative PIP topic and its indicator(s);
   b. The Managed Care Plan’s proposed PIP topic and its indicator(s) from one of the following topic areas: population health issues within a specific geographic area that have been identified as in need of improvement; integrating primary care and behavioral health; and reducing preventable readmissions; and
   c. A brief summary of the baseline data that the Managed Care Plan will use for each indicator for each of the proposed PIPs.

7. The Managed Care Plan shall submit to the Agency in writing, a proposal for each planned PIP by August 1, 2014. The proposal must meet the requirements provided in Attachment II, Core Contract Provisions, Section VII, Quality Improvement, sub-item C.2.

D. Satisfaction and Experience Surveys

1. Enrollee Satisfaction Survey

   b. In addition to the core survey, the Managed Care Plan shall include items MH1 through MH4 (related to Behavioral Health) and H.17 through H.20 (related to medical assistance with smoking and tobacco use cessation) from the CAHPS Health Plan Survey – Supplemental Items for the Adult Questionnaires. Beginning with the July 1, 2017 reporting period, the Managed Care Plan shall include the following item in its Adult and Child CAHPS surveys.
Section VII. Quality and Utilization Management

(1) How would you rate the number of doctors you had to choose from?

Response options: Excellent, Very Good, Good, Fair, Poor, No Experience

c. The Managed Care Plan shall submit to the Agency, in writing within ninety (90) days of initial contract execution, a proposal for survey administration and reporting that includes identification of the survey administrator and evidence of NCQA certification as a CAHPS survey vendor; sampling methodology; administration protocol; analysis plan; and reporting description.

d. The Managed Care Plan shall have its sample validated by a NCQA-certified HEDIS Auditor.

e. The Managed Care Plans shall report CAHPS survey results, starting with the July 1, 2016 submission, to the NCQA and the Agency. The submission to NCQA must be made by the NCQA deadline.

f. By October 1 of each Contract year, the Managed Care Plan shall submit its CAHPS survey vendor’s final report to the Agency, along with the plan’s action plan to address the results of the CAHPS survey.

g. The Managed Care Plan shall submit a corrective action plan, as required by the Agency, within sixty (60) days of the request from the Agency to address any deficiencies identified in the annual CAHPS survey.

h. The Managed Care Plan shall use the results of the annual CAHPS survey to develop and implement plan-wide activities designed to improve member satisfaction. Activities conducted by the Managed Care Plan pertaining to improving member satisfaction resulting from the annual member satisfaction survey must be reported to the Agency on a quarterly basis.

E. Provider-Specific Performance Monitoring

There are no additional specific performance monitoring contract provisions unique to the MMA managed care program.

F. Other Quality Management Requirements

1. MMA Managed Care Plans and Comprehensive LTC Managed Care Plans shall develop a reporting and management system for critical and adverse incidents that occur in all service delivery settings applicable to enrollees with MMA benefits only.

2. MMA Managed Care Plans and Comprehensive LTC Plans shall require providers to report adverse incidents to the Managed Care Plan within forty-eight (48) hours of the incident.

3. The Managed Care Plan shall not require provider submission of adverse incident reports from the following providers: health maintenance organizations and health care clinics reporting in accordance with s. 641.55, F.S.; ambulatory surgical centers and hospitals reporting in accordance with s. 395.0197, F.S.; assisted living facilities reporting in accordance with s. 429.23, F.S.; nursing facilities reporting in accordance with s. 400.147,
F.S.; and crisis stabilization units, residential treatment centers for children and adolescents, and residential treatment facilities reporting in accordance with s. 394.459, F.S. Adverse incidents occurring in these licensed settings shall be reported in accordance with the facility’s licensure requirements.

G. Utilization Management

1. The Managed Care Plan’s Utilization Management Program Description shall include procedures for demonstrating compliance with 42 CFR 438, subpart K regarding parity in mental health and substance use disorder benefits.

2. The Managed Care Plan shall comply with 42 CFR 438.910(d) with regard to quantitative and non-quantitative treatment limits.

3. In addition to the requirements in Attachment II, Section VII.G., the Managed Care Plan shall ensure a notice of action is provided to enrollees under the age of twenty-one (21) years receiving residential psychiatric treatment (including SIPP and TGC services) in each instance during a course of treatment where the Managed Care Plan authorizes fewer units or days subsequent to the initial authorization for the service.

4. The Managed Care Plan shall provide timely approval or denial of authorization of out-of-network use of non-emergency services through the assignment of a prior authorization number, which refers to and documents the approval. Written follow-up documentation of the approval must be provided to the non-participating provider within one (1) business day after the approval.

5. The Managed Care Plan shall require prior authorization for all non-emergency inpatient hospital admissions.

6. The Managed Care Plan shall provide post-authorization to CHDs for emergency shelter medical screenings provided for children being taken into the child welfare system.

7. In accordance with s. 409.967(2)(c)2, F.S., the Managed Care Plan shall assure that the prior authorization process for prescribed drugs is readily accessible to health care providers, including posting appropriate contact information on its website and providing timely responses to providers.

8. The Managed Care Plan shall operate a drug utilization review (DUR) program in compliance with 42 CFR 438.3(s)(4).

   (a) The Managed Care Plan shall design and implement a DUR program to encourage coordination between an enrollee’s PCP and a prescriber of a psychotropic or similar prescription drug for behavioral health problems. The Managed Care Plan’s DUR program shall identify those medications for other serious medical conditions (such as hypertension, diabetes, neurological disorders, or cardiac problems), where this is a significant risk to the enrollee posed by potential drug interactions between drugs for these conditions and behavioral-related drugs.

   (b) The Managed Care Plan’s DUR program shall notify all related prescribers that certain drugs may be contra-indicated due to the potential for drug interactions and shall encourage the prescribers to coordinate their care. Notice may be provided
Section VII. Quality and Utilization Management

electronically or via mail, or by telephonic or direct consultation, as the Managed Care Plan deems appropriate.

(c) The Managed Care Plan shall provide an annual, detailed description of its drug utilization review program activities to the Agency.

9. The Managed Care Plan shall provide the Agency with an annual report of its drug utilization review program in accordance with 42 CFR 438.3(s)(5).

10. The Managed Care Plan shall conduct a prior authorization program for the pharmacy services program in accordance with 42 CFR 438.3(s)(6).

H. Continuity of Care in Enrollment

There are no additional continuity of care in enrollment contract provisions unique to the MMA managed care program.

REMAINDER OF PAGE INTENTIONALLY LEFT BLANK
Section VIII. Administration and Management

A. Organizational Governance and Staffing

Residential Psychiatric Treatment Coordinator*: The Managed Care Plan shall have a designated employee, qualified by training and experience, to conduct the Managed Care Plan’s care coordination/case management functions for enrollees under the age of twenty-one (21) years receiving residential psychiatric treatment (e.g., SIPP services and comparable treatment settings) and to work directly with the Agency to report monthly on discharge planning and coordination of aftercare services for enrollees receiving residential psychiatric treatment services.

B. Subcontracts

There are no additional subcontract provisions unique to the MMA managed care program.

C. Information Management and Systems

There are no additional information management and systems provisions unique to the MMA managed care program.

D. Claims and Provider Payment

1. The Managed Care Plan shall reimburse Indian or Tribal providers, whether participating in the network or not, for covered managed care services provided to Indian enrollees who are eligible to receive services from the Indian or Tribal provider either at a negotiated rate between the Managed Care Plan and the Indian or Tribal provider, or if there is no negotiated rate, at a rate no less than the level and amount of payment that would be made if the provider were not an Indian or Tribal provider, in accordance with the American Recovery and Reinvestment Act of 2009.

2. Pursuant to s. 409.967(2)(a), F.S. and in accordance with Exhibit I-F, MMA Physician Incentive Program Summary, the Managed Care Plan’s physician payment rates shall equal or exceed Medicare rates for services provided.

   a. Each payment below the above requirement to a physician shall be subject to liquidated damages and sanctions.

   b. The Managed Care Plan shall submit a report bi-annually to provide physician incentive payment data to the Agency in accordance with Section XIV, Reporting Requirements and the Managed Care Plan Report Guide.

3. Pursuant to s. 409.975(6), F.S., an MMA Managed Care Plan and hospital(s) shall negotiate mutually acceptable rates, methods, and terms of payment. Such payments to hospitals may not exceed one-hundred twenty percent (120%) of the rate the Agency would have paid on the first day of the contract between the provider and the Managed Care Plan, unless specifically approved by the Agency. Payment rates may be updated periodically.
Section VIII. Administration and Management

4. Regardless of how an inpatient facility is reimbursed (Diagnosis Related Group or per diem), the enrollee’s MMA Managed Care Plan at the time of admission shall be responsible for payment of the entire inpatient stay for that admission, even if the recipient changes managed care plans during the hospital stay.

5. Pursuant to s. 409.975(1)(a) and (b), F.S., except for payment for emergency services, an MMA Managed Care Plan shall make payments to essential providers as specified in the MMA Exhibit. In accordance with s. 409.976(2), F.S., a MMA Managed Care Plan shall pay statewide inpatient psychiatric program (SIPP) providers, at a minimum, the payment rates established by the Agency.

6. The Managed Care Plan shall make payments for institutional hospice services in accordance with Section 1902(a)(13) of the Social Security Act.

7. The Managed Care Plan shall not deny claims for the provision of emergency services and care submitted by a non-participating provider solely based on the period between the date of service and the date of clean claim submission, unless that period exceeds three-hundred sixty-five (365) days.

8. Pursuant to s. 409.967(2)(b), F.S., the Managed Care Plan shall pay for services required by ss. 395.1041 and 401.45, F.S. provided to an enrollee for the provision of emergency services and care by a non-participating provider. The Managed Care Plan must comply with s. 641.3155, F.S. Reimbursement for services under this paragraph is the lesser of:
   a. The non-participating provider’s charges;
   b. The usual and customary provider charges for similar services in the community where the services were provided;
   c. The charge mutually agreed to by the Managed Care Plan and the non-participating provider within sixty (60) days after the non-participating provider submits a claim; or
   d. The Medicaid rate which, for the purposes of this paragraph, means the amount the provider would collect from the Agency on a fee-for-service basis, less any amounts for the indirect costs of graduate medical education that are otherwise included in the Agency’s fee-for-service payment, as required under 42 U.S.C. s.1396u-2(b)(2)(D). For the purpose of establishing amounts specified in this paragraph, the Agency shall publish on its website annually, or more frequently as needed, the applicable fee-for-service fee schedules and their effective dates, less any amounts for indirect costs of graduate medical education that are otherwise included in the Agency's fee-for-service payments.

9. Notwithstanding the requirements set forth for coverage of emergency services and care, the Managed Care Plan shall approve all claims for emergency services and care by non-participating providers pursuant to the requirements set forth in s. 641.3155, F.S., and 42 CFR 438.114.

10. In accordance with ss. 409.912(18) and 409.967(2), F.S., the Managed Care Plan shall reimburse any hospital or physician that is outside the Managed Care Plan’s authorized
service area for Managed Care Plan-authorized services at a rate negotiated with the hospital or physician or according to the lesser of the following:

a. The usual and customary charge made to the general public by the hospital provider; or

b. The Florida Medicaid reimbursement rate established for the hospital or provider.

11. The Managed Care Plan shall reimburse all non-participating providers for emergency services and care as described in s. 641.3155, F.S.

12. The Managed Care Plan may directly reimburse the manufacturer of the cochlear implant device or the facility performing the service for the cochlear implant device.

13. The Managed Care Plan shall pay no more than the Medicaid program vaccine administration fee for immunizations.

14. The Managed Care Plan shall pay no less than the Medicaid program vaccine administration fee when an enrollee receives immunizations from a non-participating provider so long as:

a. The non-participating provider contacts the Managed Care Plan at the time of service delivery;

b. The Managed Care Plan is unable to provide documentation to the non-participating provider that the enrollee has already received the immunization; and

c. The non-participating provider submits a claim for the administration of immunization services and provides medical records documenting the immunization to the Managed Care Plan.

15. The Managed Care Plan may request to be notified, but shall not deny claims payment based solely on lack of notification, for the following:

a. Inpatient emergency admissions (within ten (10) days);

b. Obstetrical care (at first visit);

c. Obstetrical admissions exceeding forty-eight (48) hours for vaginal delivery and ninety-six (96) hours for caesarean section; and

d. Transplants.

16. Provider Preventable Conditions

a. Pursuant to Section 2702 of the ACA, the Florida Medicaid State Plan and 42 CFR 434.6(12) and 447.26, the Managed Care Plan shall comply with the following requirements:

(1) Deny reimbursement for PPCs occurring after admission in any inpatient hospital or inpatient psychiatric hospital setting, including CSUs, as listed under Forms at:
http://ahca.myflorida.com/medicaid/Policy_and_Quality/Policy/Managed_Care_contracting/MHMO/docs/Forms/ProviderPreventableConditions-PPC-3-1-13.pdf;

(2) Ensure that non-payment for PPCs does not prevent enrollee access to services;

(3) Ensure that documentation of PPC identification is kept and accessible for reporting to the Agency;

(4) Relative to all above requirements, not:

(a) Deny reimbursement to inpatient hospitals and inpatient psychiatric hospitals, including CSUs, for services occurring prior to the PPC event;

(b) Deny reimbursement to surgeons, ancillary and other providers that bill separately through the CMS-1500;

(c) Deny reimbursement for health care settings other than inpatient hospital and inpatient psychiatric hospital, including CSUs; or

(d) Deny reimbursement for clinic services provided in clinics owned by hospitals.

E. Encounter Data Requirements

1. The Managed Care Plan shall ensure all encounter data submissions include PPC information in order to meet the PPC identification requirements.

2. The Managed Care Plan shall comply with the Agency’s encounter claims requirements for outpatient drugs purchased through the Federal Public Health Service’s 340B Drug Pricing Program, in accordance with 42 CFR 438.3(s)(3).

3. The Managed Care Plan shall report drug utilization data that is necessary for the Agency to bill manufacturers for rebates in accordance with 42 CFR 438.3(s)(2).

F. Fraud and Abuse Prevention

There are no additional fraud and abuse prevention provisions unique to the MMA managed care program.

REMAINDER OF PAGE INTENTIONALLY LEFT BLANK
A. Fixed Price Unit Contract

There are no additional provisions unique to the MMA managed care program.

B. Payment Provisions

1. Capitation Rates

   a. Risk Adjustments

   To receive risk adjustment in accordance with Attachment II, Section IX.B.1.b. for private duty nursing services, the Managed Care Plan shall:

   (1) Submit encounters using only the following procedure codes:

<table>
<thead>
<tr>
<th>CPT Code</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>S9123</td>
<td>Nursing care, in the home; by registered nurse, per hour</td>
</tr>
<tr>
<td>S9124</td>
<td>Nursing care, in the home; by licensed practical nurse, per hour</td>
</tr>
</tbody>
</table>

   (2) Submit any required documentation to the Agency upon its request in order for eligible enrollees to be included in the risk adjustment.

2. Kick Payments

   a. The Agency shall pay the Managed Care Plan one kick payment for the following covered services for enrollees who are not also eligible for Medicare:

      (1) Each obstetrical delivery; and

      (2) Each heart, liver, and lung transplant.

   b. The Agency shall make kick payments for covered services specified in this section in the amounts specified in the Contract. For kick payment purposes, an obstetrical delivery includes all births resulting from the delivery; therefore, if an obstetrical delivery results in multiple births, the Agency will make only one kick payment. This includes still births. The kick payment amount is the same, regardless of the delivery outcome (live or still birth), the mode of delivery (vaginal or cesarean), or the setting in which the delivery occurs (hospital, birth center, or in the home).

   c. To receive a kick payment for covered services specified in this section, the Managed Care Plan must adhere to the specific requirements listed in subsection d. below and adhere to the following requirements:
(1) The Managed Care Plan must have provided the covered service while the recipient was enrolled in the Managed Care Plan;

(2) The Managed Care Plan must submit corresponding encounters for these services in accordance with Attachment II, Section VIII.E. and

(3) The Managed Care Plan shall submit any required documentation to the Agency upon its request in order to receive the kick payment.

d. In addition to subsection c. above, to receive a kick payment for covered services specified in this section, provided to an enrollee without Medicare, the Managed Care Plan shall comply with the following requirements:

(1) The Managed Care Plan shall submit an X12 837 Professional (837P) (non-encounter) transaction or through the direct data entry or trade files option on the Medicaid Provider Web Portal, within the required Medicaid FFS claims submittal timeframes;

(2) The Managed Care Plan shall use the following list of obstetrical delivery procedure codes relative to the type of delivery performed when completing transactions or claims:

<table>
<thead>
<tr>
<th>CPT CODE</th>
<th>DESCRIPTION</th>
</tr>
</thead>
<tbody>
<tr>
<td>59410</td>
<td>Vaginal Delivery with Post-Delivery Care</td>
</tr>
<tr>
<td>59515</td>
<td>Cesarean Delivery with Post-Delivery Care</td>
</tr>
</tbody>
</table>

(3) The Managed Care Plan shall list itself as both the pay-to and the treating provider on the transaction or claim; and

(4) The Managed Care Plan shall use the following tables:

(a) The Agency shall make kick payments in the amounts indicated in Kick Payment Rates for Covered Obstetrical Delivery Services, Effective Date: October 1, 2017, in Attachment I, Exhibit I-D; and

(b) Kick Payment Rates for Covered Transplant Services, Effective Date: October 1, 2017, that includes transplant procedure codes relative to the type of transplant performed when submitting the transaction or claim.

3. Health Insurance Providers Fee

a. General

Pursuant to Section 26 CFR Part 57 (2013) (the applicable regulations providing guidance to section 9010 of the “Affordable Care Act”), the Managed Care Plan is required to pay the “Health Insurance Providers” Fee annually. The Agency will pay the portion of this fee specifically related to the Managed Care Plan’s performance of this Contract with an adjustment related to the federal and state income tax impact of this Fee using the methodology described below under the following conditions:

1. The entity which comprises the Managed Care Plan or of which the Managed Care Plan is a part and which is required to submit the IRS Form 8963 pursuant to the above mentioned federal regulations (referred to hereinafter as the “Reporting Plan”) shall submit to the Agency a copy of the IRS Form 8963 submitted to the IRS by April 15 after each year for which it intends to be reimbursed.

2. The Reporting Plan shall submit to the Agency a copy of the IRS Notice of final fee calculation (as described in 26 CFR s. 57.7) by September 5 after each year for which it intends to be reimbursed.
(3) The Reporting Plan shall submit its annual statement (which includes information pertinent to the tax impact of this subject fee) once it is issued for the preceding year for which it intends to be reimbursed.

(4) All documents listed above and any additional data or information requested by the Agency shall be submitted with an attestation by the Reporting Plan in accordance with the certification requirements specified in Section XVI, Reporting Requirements, of this Contract. Following the determination of the amount to be reimbursed and the federal and state income tax impact related to this health insurance providers fee, the capitated per member per month Fee for the plan will be timely reprocessed. This process is subject to approval by the Centers for Medicare and Medicaid Services and any change in federal or state law.

b. Health Insurance Providers Fee Methodology

(1) Table 1 is to be used to enter revenue information for the data year related to the fee payment year. The data year is the year preceding the year in which the fee is to be paid. For example, Table 1 would include 2013 revenue information for the 2014 Health Insurance Providers fee. The amounts designated as A through I in the illustration below are net of the exempted premiums amounts. The total premiums taken into account are to be allocated proportionately to total premiums by state and line of business.

(2) The information in Table 1 will be used by the Agency to calculate the portion of the Health Insurance Providers Fee related to Medicaid activities for the Reporting Plan using the formula (A / I) * J. The proportion denoted by (A / I) represents the percentage of total premiums taken into account related to Medicaid for the Reporting Plan, and J represents the total Health Insurance Providers Fee amount allocated to the Reporting Plan as documented by the Reporting Plan’s IRS notice. Note that items I and J should be taken directly from the IRS memos received by the Reporting Plan.

Table 1
Florida AHCA Illustrative Health Insurance Providers Fee Information Collection
c. An actuarially sound approach will be developed to calculate the amount of federal and state income tax related to the Health Insurance Providers Fee.

4. The Managed Care Plan shall submit enrollees identified with an HIV/AIDS diagnosis to the Agency in a report format and transmittal method approved by the Agency and as specified in the Agency’s Managed Care Plan Report Guide. See Attachment II, Section XIV, Reporting Requirements, of this Contract.

5. The Agency shall only make a monthly capitation payment to the Managed Care Plan for an enrollee aged twenty-one (21) to sixty-four (64) years receiving inpatient treatment in an Institution for Mental Diseases (IMD) and length of stay in the IMD is for a short-term stay of no more than fifteen (15) days during the period of the monthly capitation payment.

REMAINDER OF PAGE INTENTIONALLY LEFT BLANK
Section X. Financial Requirements

A. Insolvency Protection

There are no additional insolvency provisions unique to the MMA managed care program.

B. Surplus

There are no surplus provisions unique to the MMA managed care program.

C. Interest

There are no additional interest provisions unique to the MMA managed care program.

D. Third Party Resources

There are no additional third party resources provisions unique to the MMA managed care program.

E. Assignment

There are no additional assignment provisions unique to the MMA managed care program.

F. Financial Reporting

1. Medical Loss Ratio

   a. The Managed Care Plan shall maintain an annual (January 1 – December 31) medical loss ratio (MLR) of a minimum of eighty-five percent (85%) for the first full year of MMA program operation, beginning January 1, 2015.

   b. The Agency will calculate the MLR in a manner consistent with 42 CFR 438.8, 45 CFR Part 158, 42 CFR 438.8(k), and s. 409.9122(9)(a), (b), and (c), F.S. To demonstrate ongoing compliance, the Managed Care Plan shall complete and submit appropriate financial reports, as specified in Section XIV, Reporting Requirements, and the Managed Care Plan Report Guide. The Agency will provide additional guidance to Comprehensive LTC managed care plans within the Managed Care Plan Report Guide, as appropriate, to ensure that the Managed Care Plan adheres to all relevant Federal requirements.

   c. The Managed Care Plan shall submit an attestation with its MLR reporting, in compliance with 42 CFR 438.8(k) and (n).

   d. The federal Centers for Medicare & Medicaid Services, will determine the corrective action for non-compliance with this requirement.

G. Inspection and Audit of Financial Records

Upon request of the Agency, the Managed Care Plan shall disclose to the Agency all financial terms and arrangements for payment of any kind that apply between the Managed Care Plan or the Managed Care Plan’s Pharmacy Benefits Manager and any provider of outpatient
drugs, any prescription drug manufacturer, or labeler. Such financial terms and arrangements include: formulary/PDL management; drug-switch programs; educational support; claims processing; discounts, including but not limited to end of period discounts, pharmacy network fees, data sales fees, and any other fees.
Section XI. Sanctions

A. Contract Violations and Non-Compliance

There are no additional provisions unique to the MMA managed care program.

B. Performance Measure Action Plans (PMAP) and Corrective Action Plans (CAP)

There are no PMAP and/or CAP contract provisions unique to the MMA managed care program.

C. Performance Measure Sanctions

1. The Agency may sanction the Managed Care Plan for failure to achieve minimum scores on HEDIS performance measures after the first year of poor performance. The Agency may impose monetary sanctions as described below in the event that the plan’s performance is not consistent with the Agency’s expected minimum standards, as specified in this subsection.

2. The Agency shall assign performance measures a point value that correlates to the National Committee for Quality Assurance HEDIS National Means and Percentiles for Medicaid plans. The scores will be assigned according to the table below. Individual performance measures will be grouped and the scores averaged within each group.

<table>
<thead>
<tr>
<th>PM Ranking</th>
<th>Score</th>
</tr>
</thead>
<tbody>
<tr>
<td>&gt;= 90th percentile</td>
<td>6</td>
</tr>
<tr>
<td>75th – 89th percentile</td>
<td>5</td>
</tr>
<tr>
<td>60th – 74th percentile</td>
<td>4</td>
</tr>
<tr>
<td>50th – 59th percentile</td>
<td>3</td>
</tr>
<tr>
<td>25th-49th percentile</td>
<td>2</td>
</tr>
<tr>
<td>10th – 24th percentile</td>
<td>1</td>
</tr>
<tr>
<td>&lt; 10th percentile</td>
<td>0</td>
</tr>
</tbody>
</table>

3. The Agency may require the Managed Care Plan to complete a Performance Measure Action Plan (PMAP) after the first year of poor performance.

4. The Managed Care Plan may receive a monetary sanction of up to $10,000 for each performance measure group where the group score is below three (3). Performance measure groups are as follows:

   a. Mental Health and Substance Abuse

      (1) Antidepressant Medication Management (acute)

      (2) Follow-up Care for Children Prescribed ADHD Medication (initiation)

      (3) Follow-up after Hospitalization for Mental Illness (7 day)
(4) Initiation and Engagement of Alcohol and Other Drug Dependence Treatment (initiation – total)

b. Well-Child

(1) Adolescent Well Care Visits
(2) Childhood Immunization Status – Combo 3
(3) Immunizations for Adolescents – Combo 1
(4) Well-Child Visits in the First 15 Months of Life (6 or more)
(5) Well-Child Visits in the 3rd, 4th, 5th, and 6th Years of Life
(6) Lead Screening in Children

c. Other Preventive Care

(1) Adults’ Access to Preventive/Ambulatory Health Services (total)
(2) Annual Dental Visits (total)
(3) Adult BMI Assessment
(4) Breast Cancer Screening
(5) Cervical Cancer Screening
(6) Children and Adolescents’ Access to Primary Care (12-19 years)
(7) Chlamydia Screening for Women (total)

d. Prenatal/Perinatal

(1) Prenatal and Postpartum Care (includes two (2) measures)
(2) Frequency of Ongoing Prenatal Care (≥ eighty-one percent (81%) of expected visits)*

e. Diabetes – Comprehensive Diabetes Care measure components

(1) HbA1c Testing
(2) HbA1c Control (< 8%)
(3) Eye Exam

(4) Medical Attention for Nephropathy

f. Other Chronic and Acute Care

(1) Controlling High Blood Pressure

(2) Medication Management for People with Asthma (75% - total)

(3) Annual Monitoring for Patients on Persistent Medications (total) *

* If the National Committee for Quality Assurance retires this measure as part of their October HEDIS 2018 update, it will no longer be required by the Agency for July 1, 2018 reporting.

The Agency may amend the performance measure groups with sixty (60) days’ advance notice.

D. Other Sanctions

There are no additional provisions unique to the MMA managed care program.

E. Notice of Sanctions

There are no additional notice provisions unique to the MMA managed care program.

F. Dispute of Sanctions

There are no additional disputes provisions unique to the MMA managed care program.

REMAINDER OF PAGE INTENTIONALLY LEFT BLANK
Section XII. Special Terms and Conditions

The Special Terms and Conditions in Section XII, Special Terms and Conditions apply to all MMA Managed Care Plans and Comprehensive LTC Managed Care Plans unless specifically noted otherwise in this Exhibit.

REMAINDER OF PAGE INTENTIONALLY LEFT BLANK
Section XIII. Liquidated Damages

A. Damages

Additional damages issues and amounts unique to the MMA managed care program are specified below.

B. Issues and Amounts

If the Managed Care Plan fails to perform any of the services set forth in the Contract, the Agency may assess liquidated damages for each occurrence listed in the MMA Issues and Amounts Table below.

C. Performance Measure Liquidated Damages

1. The Agency may impose liquidated damages for performance measures as described below in the event that the Managed Care Plan fails to perform at the level of the Agency’s expected minimum standards, as specified in sub-item 2 of this item.

2. The Agency shall compare the Managed Care Plan’s performance measure rates to the National Committee for Quality Assurance (NCQA) HEDIS National Means and Percentiles for Medicaid plans. For each measure where the Managed Care Plan’s rate falls below the 50th percentile, the Managed Care Plan may receive liquidated damages. Liquidated damages will be calculated based on the number of members eligible for the measure who did not receive the service being measured up to the 50th percentile rate. For measures calculated using a sample, liquidated damages will be calculated based on the extrapolated number of eligible members who did not receive the service being measured, not just those in the sample, up to the 50th percentile rate.

3. For performance measures where the Managed Care Plan’s rate falls below the 50th percentile, liquidated damages may be assessed at $100 per eligible member not receiving the service being measured up to the 50th percentile rate for the measure.

4. The Agency may assess liquidated damages for each of the following measures:

   (a) Antidepressant Medication Management (acute);

   (b) Follow-up Care for Children Prescribed ADHD Medication (initiation);

   (c) Follow-up after Hospitalization for Mental Illness (7 day);

   (d) Initiation and Engagement of Alcohol and Other Drug Dependence Treatment (initiation – total);

   (e) Adolescent Well Care Visits;

   (f) Childhood Immunization Status – Combo 3;
Section XIII. Liquidated Damages

(g) Immunizations for Adolescents – Combo 1;

(h) Well-Child Visits in the First 15 Months of Life (6 or more);

(i) Well-Child Visits in the First 15 Months of Life (0 visits);

(j) Well-Child Visits in the 3rd, 4th, 5th, and 6th Years of Life;

(k) Lead Screening in Children;

(l) Adults’ Access to Preventive/Ambulatory Health Services (total);

(m) Annual Dental Visits (total);

(n) Adult BMI Assessment;

(o) Breast Cancer Screening;

(p) Cervical Cancer Screening;

(q) Children and Adolescents’ Access to Primary Care (includes 4 age group rates);

(r) Chlamydia Screening for Women (total);

(s) Prenatal and Postpartum Care (includes two (2) measures);

(t) Comprehensive Diabetes Care - HbA1c Testing;

(u) Comprehensive Diabetes Care - HbA1c Control (< 8%);

(v) Comprehensive Diabetes Care - Eye Exam;

(w) Comprehensive Diabetes Care - Medical Attention for Nephropathy;

(x) Controlling High Blood Pressure;

(y) Medication Management for People with Asthma (75% - total); and

(z) Annual Monitoring for Patients on Persistent Medications (total).*

* If the National Committee for Quality Assurance retires this measure as part of their October HEDIS 2018 update, it will no longer be required by the Agency for July 1, 2018 reporting.
5. The Agency may amend the performance measure listing with sixty (60) days’ advance notice.
Section XIV. Reporting Requirements

A. Required Reports

The Managed Care Plan shall comply with all reporting requirements set forth in this Contract, including reports specific to MMA managed care plans as specified in the Summary of Reporting Requirements Table below and the Managed Care Plan Report Guide.
