

## **Sysco Lettuce Alert: Salmonella found in Trimmed Green Leaf Lettuce**

*December 21, 2010*

The Florida Department of Agriculture has alerted the Agency for Health Care Administration of a problem with shipments of lettuce contaminated with salmonella that have been distributed by Sysco Jacksonville, Inc. The lettuce was distributed to many restaurants and nursing homes in Florida and Georgia. If your entity has received a shipment of Trimmed Green Leaf Lettuce from Sysco Jacksonville, Inc. in December, 2010, please dispose of the lettuce.

All questions regarding this alert should be directed to Sysco Jacksonville, Inc. at (904) 786-2600.
