Guidance Statement: SMMC Re-procurement Data Book

The Agency for Health Care Administration (Agency) is in the process of developing the Invitation to Negotiate (ITN) to re-procure health plans for the Statewide Medicaid Managed Care (SMMC) program. Florida Statutes require the Agency to compile and publish a data book at least 90 days before issuing the ITN. The Agency will post the data book to the Agency's website on Thursday, March 30, 2017.

The data book will provide relevant background information on the SMMC program that prospective plans will find useful in the development of their ITN response, and will consist of a comprehensive set of utilization and spending data consistent with actuarial rate-setting practices and standards.

The Agency will hold a public meeting on **Wednesday, April 12, 2017, 8:30am – 11:30am Eastern Time**, in Tallahassee, during which the Agency's contracted actuary will conduct a walkthrough of the data book. A meeting notice will be posted in the Florida Administrative Register within the required timeframe, and a conference call number will be provided for those unable to attend in person. Questions related to the data book and corresponding narrative should be emailed to MDA_ACTUARIAL@ahca.myflorida.com by Friday, April 7, 2017.

For more information about the SMMC program, or to sign up to receive SMMC related alerts, visit http://ahca.myflorida.com/Medicaid/statewide_mc/index.shtml.
