April Monthly Actions: Agency Took Licensure Action against Eight Providers, 18 Additional Providers Suspended or Terminated from the Medicaid Program

Tallahassee, Fla. – The Agency for Health Care Administration (Agency) issued final orders to seven providers for failure to meet licensure requirements during the month of April. There were four final orders to revoke an existing license and three final orders to deny license renewals. Some of these providers were enrolled in the Medicaid program, and the Agency has terminated or is in the process of terminating their participation in the program.

The Agency also issued an Immediate Moratorium on Admissions to Professional Home Care III, Inc., an assisted living facility in Miami-Dade County.

In addition, the Agency issued final orders to 11 providers terminating them from participation in the Medicaid program and reported them to the federal government for placement on the federal exclusion list, which prohibits them from participating in Medicaid and Medicare nationwide. The Agency also suspended seven providers from participation in the Medicaid program, prohibiting their payment for claims to the Medicaid program for furnishing, supervising a person who is furnishing, or causing a person to furnish goods or services.

Agency Medicaid terminations and suspensions typically result from failure to return funds due to the Agency within required timeframes; a charge, indictment, or guilty plea to a health care related crime; suspension, termination, or exclusion from Medicare or Medicaid in another state; or a license denial, revocation, suspension or termination by the licensing agency.
