Clearinghouse Results Website Overview

In response to the requirements passed during the 2012 Legislative session, the Agency for Health Care Administration (Agency) created the Care Provider Background Screening Clearinghouse (Clearinghouse) Website for use by all specified agencies. The enhanced website allows users to initiate a screening, search for screening results, connect to specified agencies screenings, select a Livescan service provider and connect to the service provider’s website to schedule appointments. Utilizing the Clearinghouse website to initiate screening requests provides the following benefits:

- Ability to share results of criminal history checks among specified agencies.
- Ability to view subsequent arrest information for employees with retained fingerprints (only available to current employers of the individual).
- Ability to track screenings from the time the screening request is initiated in the Clearinghouse until a determination is made.
- Provides email notification to the user regarding status updates to requests initiated.
- Ability to search for Livescan Service Providers by certain criteria (county, name, etc.). Provides information and ability to connect to the fingerprint service provider’s website to make appointments.
- Provides TCR# needed for sending an applicant to be rescreened for rejected prints.
- Posts Public Record version of state criminal history record (RAP sheet) for review by the provider requesting the original screening.
- Allows user to connect to a screening request in process for notification when results are available (reduces duplicative screening).
- Creates a “status” report and a “completed screening listing” report of screenings requested by the user eliminating the need to search for each screening result individually.
- Maintain an employee roster by entering hire and separation dates for each employee. This facilitates a notification to the employer if the eligibility status of an employee changes.
  - According to section 435.12(2) (c) an employer of persons subject to screening by a specified agency must register with the clearinghouse and maintain the employment status of all employees within the clearinghouse. Initial employment status and any changes in status must be reported within 10 business days.
- Redesigned Individual Profile page that includes:
  - Eligibility Results
  - Photograph, if the individual is in the Clearinghouse
  - Department of Health Professional Licensure Status
  - View screenings in process
  - State criminal history report viewable for the provider initiating the screening
  - Employment History

This will allow the specified agency to make an eligibility determination for employment purposes. Benefits of requesting an agency review include the following:

- Agency Review requests are **FREE** for the provider and individual
- The applicant or employee does NOT need to visit a Livescan location and submit new fingerprints
- The provider will receive a copy of the public rap sheet after initiating an agency review

To initiate an agency review for an individual, select the ‘Initiate Agency Review’ button.
Search Medicare/Medicaid Exclusions (OIG List)

Individuals who do not have a prior screening must be manually checked in the Office of Inspector General (OIG) List of Excluded Individuals and Entities (LEIE) upon initial screening. Initiate Clearinghouse Renewal

Per Florida Statute, retained fingerprints must be renewed every 5 years in order to maintain eligibility for employment. To maintain the retention of fingerprints within the Clearinghouse the employer must request a Clearinghouse Renewal through the Clearinghouse Results Website (CRW) prior to the retained prints expiration date. By initiating a Clearinghouse Renewal through the CRW, the current fingerprints retained on file at the Florida Department of Law Enforcement will be resent to the Federal Bureau of Investigation allowing for an updated criminal history to be processed by the Clearinghouse. If the employer does not initiate a Clearinghouse Renewal an employee’s prints will no longer be retained, the employee’s eligibility determination will expire, and the employee will have to be re-fingerprinted at a Livescan Service Provider at an increased cost to comply with background screening requirements.

**Providers may initiate a Clearinghouse Renewal 60 days before the Retained Prints Expiration Date is reached.**

If the Clearinghouse Renewal is not initiated before the retained prints expiration date a new screening will need to be initiated in the Clearinghouse and the employee will have to be fingerprinted again.

Employers will receive notification of upcoming expiring retained prints for those employees listed on the Employee/Contractor Roster.
