

Hospital and Nursing Home Re-entry/Re-occupancy Information

Hospitals, nursing homes and remote emergency departments that have closed or evacuated may proceed with reopening and re-occupancy if the facility is undamaged and all critical systems (e.g. electrical, medical gas, ventilation) are functional and staffing is sufficient. Send an email notification to ahcaeoc@ahca.myflorida.com or through FHA at 850-524-2037, to update evacuation status.

If power is not fully restored, even if generators are operational, contact local emergency operation officials as necessary prior to re-entry.

If the hospital is damaged, contact the AHCA Office of Plans and Construction to discuss damage and impact prior to re-opening and re-occupancy.

AHCA contacts include:

North Florida

Richard Ramsey (850) 320-5942

Scott Waltz (850) 363-0867 Alt. (850) 363-2593
