These guidelines are meant solely to provide guidance to surveyors in the survey process. This regulation set incorporates recent regulatory changes. Citations for Abortion Clinics (A tags) are not classed.

First Trimester versus Second Trimester Abortion Clinics:

All regulations in this set apply to clinics which perform second Trimester Abortions, but only some apply to First Trimester Abortion clinics.

Verify the type of clinic being surveyed by viewing the license. The License for Abortion Clinics will specify either:
- First Trimester Abortions Only
- First & Second Trimester Abortions Only
and regardless of whether the expulsion or extraction occurs as a result of natural or induced labor, caesarean section, induced abortion, or other method.

(5) "Department" means the Department of Health.

(6) "Gestation" means the development of a human embryo or fetus between fertilization and birth.

(7) "Hospital" means a facility as defined in s. 395.002(12) and licensed under chapter 395 and part II of chapter 408.

(8) "Partial-birth abortion" means a termination of pregnancy in which the physician performing the termination of pregnancy partially vaginally delivers a living fetus before killing the fetus and completing the delivery.

(9) "Physician" means a physician licensed under chapter 458 or chapter 459 or a physician practicing medicine or osteopathic medicine in the employment of the United States.

(10) "Reasonable medical judgment" means a medical judgment that would be made by a reasonably prudent physician, knowledgeable about the case and the treatment possibilities with respect to the medical conditions involved.

(11) "Standard medical measure" means the medical care that a physician would provide based on the particular facts of the pregnancy, the information available to the physician, and the technology reasonably available in a hospital, as defined in s. 395.002, with an obstetrical department, to preserve the life and health of the fetus, with or without temporary artificial life-sustaining support, if the fetus were born at the same stage of fetal development.

(12) "Trimester" means one of the following three distinct periods of time in the duration of a pregnancy:

(a) "First trimester," which is the period of time from fertilization through the end of the 11th week of gestation.

(b) "Second trimester," which is the period of time from the beginning of the 12th week of gestation through the end of the 23rd week of gestation.

(c) "Third trimester," which is the period of time from the
beginning of the 24th week of gestation through birth.
(13) "Viable" or "viability" means the stage of fetal
development when the life of a fetus is sustainable outside the
womb through standard medical measures.

390.01114 Parental Notice of Abortion Act.-
(1) SHORT TITLE.-This section may be cited as the "Parental
Notice of Abortion Act."
(2) DEFINITIONS.-As used in this section, the term:
(a) "Actual notice" means notice that is given directly, in
person or by telephone, to a parent or legal guardian of a
minor, by a physician, at least 48 hours before the inducement
or performance of a termination of pregnancy, and
documented in the minor's files.
(b) "Child abuse" means abandonment, abuse, harm, mental
injury, neglect, physical injury, or sexual abuse of a child as
those terms are defined in ss. 39.01, 827.04, and 984.03.
(c) "Constructive notice" means notice that is given in writing,
signed by the physician, and mailed at least 72 hours before
the inducement or performance of the termination of
pregnancy, to the last known address of the parent or legal
guardian of the minor, by first-class mail and by certified mail,
return receipt requested, and delivery restricted to the parent
or legal guardian. After the 72 hours have passed, delivery is
deemed to have occurred.
(d) "Medical emergency" means a condition that, on the basis
of a physician's good faith clinical judgment, so complicates
the medical condition of a pregnant woman as to necessitate
the immediate termination of her pregnancy to avert her death,
or for which a delay in the termination of her pregnancy will
create serious risk of substantial and irreversible impairment
of a major bodily function.
(e) "Sexual abuse" has the meaning ascribed in s. 39.01.
(f) "Minor" means a person under the age of 18 years.
The following definitions shall apply specifically to abortion clinics.

(1) "Anesthesiologist" means a person currently licensed to practice medicine or osteopathy pursuant to Chapters 458 or 459, F.S., and certified by the American Board of Anesthesiology.

(2) "Certified Registered Nurse Anesthetist, (CRNA)" means a person currently licensed pursuant to Chapter 464, F.S., and certified by the Council on Certification of Nurse Anesthetists.

(3) "Clinical staff" means the individuals employed full or part time by an abortion clinic who are licensed or certified to provide care prior to, during, or after an abortion.

(4) "F.A.C." means the Florida Administrative Code.

(5) "Facility" means those objects, including physical plant, equipment, and supplies necessary for providing required services.

(6) "Licensed" means that person or facility to which the term is applied has a current or valid license, certificate or registration issued by the State of Florida to follow his profession or vocation within the State of Florida, and when applied to a health care facility means that the facility has a current license issued by the agency.

(7) "Licensure" means the process of obtaining official or legal permission to operate an abortion clinic.

(8) "Medical Director" means a physician licensed under Chapters 458 or 459, F.S., and who has admitting privileges at a licensed hospital in this state or has a transfer agreement with a licensed hospital within reasonable proximity of the abortion clinic.

(9) "Patient" means any woman receiving services in an abortion clinic.

(10) "Person" means any individual, firm, partnership, corporation, or association.
Aspen State Regulation Set: A 4.02 ABORTION CLINIC

(11) "Premises" means those buildings, beds, and facilities of the clinic and all other buildings, beds, and facilities for the performance of abortions located in such reasonable proximity to the main address of the licensee and appear to the public to be under the domain and the control of the licensee.

(12) "Reasonable proximity" means a distance not to exceed thirty (30) minutes transport time by emergency vehicle.

(13) "Registered Professional Nurse, (R.N.)" means a person currently licensed as a R.N. pursuant to Chapter 464, F.S.

(14) "Trimester" means a 12-week period of pregnancy.
(a) First Trimester. The first 12 weeks of pregnancy (the first 14 completed weeks from the last normal menstrual period).
(b) Second Trimester. That portion of a pregnancy following the 12th week and extending through the 24th week of gestation.
(c) Third Trimester. That portion of pregnancy beginning with the 25th week of gestation.

(15) "Volunteer" means a person who is not employed by the facility who interacts with patients on behalf of the abortion clinic.

**Regulation Definition**

The following are minimum standards of construction and specified minimum essential physical plant requirements which must be met when providing second trimester abortions. These requirements shall apply to all new abortion clinic construction and shall apply to any abortion clinics receiving an initial license after the effective date of these rules when the abortion clinic provides second trimester abortions. Any abortion clinic which provides second trimester abortions and is in operation at the time of adoption of this rule shall be given one year within which to comply with the physical plant requirements.

1. Consultation room(s) with adequate private space specifically designated for interviewing, counseling, and medical evaluations;
2. Dressing rooms designated for staff and patients;
3. Handwashing station(s) equipped with a mixing valve and wrist blades and located in each patient exam/procedure room or area;
4. Private procedure room(s) with adequate light and ventilation for abortion procedures;
5. Post procedure recovery room(s) equipped to meet the patient's needs;
6. Emergency exits wide enough to accommodate a standard stretcher or gurney;
7. Cleaning and sterilizing area(s) adequate for the cleaning and sterilizing of instruments;
8. Adequate and secure storage area(s) for the storage of

59A-9.0225 Clinic Supplies and Equipment Standards for
Second Trimester Abortions.

(1) Each abortion clinic providing second trimester abortions
shall provide essential clinic supplies and equipment as
required in subsections (1) through (7) when performing
second trimester abortions. Any such abortion clinic which is
in operation at the time of adoption of this rule and providing
second trimester abortions shall be given one year within
which to meet these standards as follows:
(a) A surgical or gynecological examination table(s);
(b) A bed or recliner(s) suitable for recovery;
(c) Oxygen with flow meters and masks or equivalent;
(d) Mechanical suction;
(e) Resuscitation equipment to include, at a minimum,
resuscitation bags and oral airways;
(f) Emergency medications, intravenous fluids, and related
supplies and equipment;
(g) Sterile suturing equipment and supplies;
(h) Adjustable examination light;
(i) Containers for soiled linen and waste materials with covers;
and,
(j) Appropriate equipment for the administering of general
anesthesia, if applicable.

#### Interpretive Guideline

Applies only to clinics that perform 2nd Trimester Abortions

59A-7 F.A.C. is the chapter for Clinical Laboratories. (see excerpt below)

59A-7.023(5) Food, drink, items used for patient care or treatment, or medication shall not be kept in refrigerators, freezers, shelves, cabinets or on countertops or benchtops where biomedical waste or other potentially infectious materials or laboratory testing supplies, including reagents, are present.
Aspen State Regulation Set: A 4.02 ABORTION CLINIC

Any abortion clinic which is providing second trimester abortions must be in compliance with the following standards relative to second trimester abortion procedures. Any abortion clinic in operation at the time of adoption of this rule, when performing second trimester abortions, shall be given six months within which to comply.

1. A physician, registered nurse, licensed practical nurse, advanced registered nurse practitioner, or physician assistant shall be available to all patients throughout the abortion procedure.
2. The abortion procedure will be performed in accordance with obstetric standards and in keeping with established standards of care regarding the estimation of gestational age of the fetus.
3. Anesthesia service shall be organized under written policies and procedures relating to anesthesia staff privileges, the administration of anesthesia, and the maintenance of strict safety controls.
4. Manufacturer's instructions and in a manner that ensures accurate test results.
5. If clinical specimens are collected, have on its premises a refrigerator equipped with an accurate thermometer and capable of maintaining a temperature range of 2-8 degrees centigrade.
6. Record daily temperature of the refrigerator when in use.
7. Temperature controlled spaces for the storage of specimens or testing supplies shall be monitored and recorded to ensure that the proper storage temperature is maintained.
8. All dated supplies and materials shall not be used beyond their expiration date.
9. Adequate facilities and supplies for the collection, storage and transportation of laboratory specimens shall be available on site.

Regulation Definition

Interpretive Guideline
(4) Prior to the administration of anesthesia, patients shall have a history and physical examination by the individual administering anesthesia, including laboratory analysis when indicated.

(5) Appropriate precautions, such as the establishment of intravenous access at least for patients undergoing post-first trimester abortions.

(6) Appropriate monitoring of the patient's vital signs by professionals licensed and qualified to assess the patient's condition will occur throughout the abortion procedure and during the recovery period until the patient's condition as specified by the type of abortion procedure performed, is deemed to be stable in the recovery room.

## Title
Termination/3rd Trimester, When Allowed

## Statute or Rule
390.0111(1), FS

## Type
Rule

### Regulation Definition

1. **TERMINATION IN THIRD TRIMESTER; WHEN ALLOWED.** No termination of pregnancy shall be performed on any human being in the third trimester of pregnancy unless one of the following conditions is met:
   - (a) Two physicians certify in writing, in reasonable medical judgment, the termination of the pregnancy is necessary to save the pregnant woman's life or avert a serious risk of substantial and irreversible physical impairment of a major bodily function of the pregnant woman other than a psychological condition.
   - (b) The physician certifies in writing, in reasonable medical judgment, there is a medical necessity for legitimate emergency medical procedures for termination of the pregnancy to save the pregnant woman's life or avert a serious risk of imminent substantial and irreversible physical

### Interpretive Guideline

- Applies to all abortion clinics
- Has the clinic performed any 3rd trimester abortions? Was necessity certified in writing?
- See related third trimester abortion regulations in tag A0366, A0370 and A0380.
impairment of a major bodily function of the pregnant woman other than a psychological condition, and another physician is not available for consultation.

ST - A0362 - Termination/Consents Required

Title  Termination/Consents Required
Statute or Rule  390.0111(3)(a), FS
Type  Rule

Regulation Definition

(3) CONSENTS REQUIRED.-A termination of pregnancy may not be performed or induced except with the voluntary and informed written consent of the pregnant woman or, in the case of a mental incompetent, the voluntary and informed written consent of her court-appointed guardian.

(a) Except in the case of a medical emergency, consent to a termination of pregnancy is voluntary and informed only if:

1. The physician who is to perform the procedure, or the referring physician, has, at a minimum, orally, in person, informed the woman of:

   a. The nature and risks of undergoing or not undergoing the proposed procedure that a reasonable patient would consider material to making a knowing and willful decision of whether to terminate a pregnancy.

   b. The probable gestational age of the fetus, verified by an ultrasound, at the time the termination of pregnancy is to be performed.

   (I) The ultrasound must be performed by the physician who is to perform the abortion or by a person having documented evidence that he or she has completed a course in the operation of ultrasound equipment as prescribed by rule and who is working in conjunction with the physician.

Interpretive Guideline

Applies to all abortion clinics
(II) The person performing the ultrasound must offer the woman the opportunity to view the live ultrasound images and hear an explanation of them. If the woman accepts the opportunity to view the images and hear the explanation, a physician or a registered nurse, licensed practical nurse, advanced registered nurse practitioner, or physician assistant working in conjunction with the physician must contemporaneously review and explain the images to the woman before the woman gives informed consent to having an abortion procedure performed.

(III) The woman has a right to decline to view and hear the explanation of the live ultrasound images after she is informed of her right and offered an opportunity to view the images and hear the explanation. If the woman declines, the woman shall complete a form acknowledging that she was offered an opportunity to view and hear the explanation of the images but that she declined that opportunity. The form must also indicate that the woman's decision was not based on any undue influence from any person to discourage her from viewing the images or hearing the explanation and that she declined of her own free will.

(IV) Unless requested by the woman, the person performing the ultrasound may not offer the opportunity to view the images and hear the explanation and the explanation may not be given if, at the time the woman schedules or arrives for her appointment to obtain an abortion, a copy of a restraining order, police report, medical record, or other court order or documentation is presented which provides evidence that the woman is obtaining the abortion because the woman is a victim of rape, incest, domestic violence, or human trafficking or that the woman has been diagnosed as having a condition that, on the basis of a physician's good faith clinical judgment, would create a serious risk of substantial and irreversible impairment of a major bodily function if the woman delayed terminating her pregnancy.
c. The medical risks to the woman and fetus of carrying the pregnancy to term.

2. Printed materials prepared and provided by the department have been provided to the pregnant woman, if she chooses to view these materials, including:
   a. A description of the fetus, including a description of the various stages of development.
   b. A list of entities that offer alternatives to terminating the pregnancy.
   c. Detailed information on the availability of medical assistance benefits for prenatal care, childbirth, and neonatal care.

3. The woman acknowledges in writing, before the termination of pregnancy, that the information required to be provided under this subsection has been provided. Nothing in this paragraph is intended to prohibit a physician from providing any additional information which the physician deems material to the woman's informed decision to terminate her pregnancy.

Aspen State Regulation Set: A 4.02 ABORTION CLINIC

EXCEPTION.- (a) No physician shall knowingly perform a partial-birth abortion.
(b) A woman upon whom a partial-birth abortion is performed may not be prosecuted under this section for a conspiracy to violate the provisions of this section.
(c) This subsection shall not apply to a partial-birth abortion that is necessary to save the life of a mother whose life is endangered by a physical disorder, illness, or injury, provided that no other medical procedure would suffice for that purpose.

(7) "Partial-birth abortion" means a termination of pregnancy in which the physician performing the termination of pregnancy partially vaginally delivers a living fetus before killing the fetus and completing the delivery. 390.011(7)

Interview clinic staff and physician regarding any Partial Birth abortions conducted. Review those records.

ST - A0370 - Termination/Infants Born Alive

Title  Termination/Infants Born Alive

Statute or Rule  390.0111(12)(a-d) FS

Type  Rule
### Regulation Definition

(12) INFANTS BORN ALIVE.-

(a) An infant born alive during or immediately after an attempted abortion is entitled to the same rights, powers, and privileges as are granted by the laws of this state to any other child born alive in the course of natural birth.

(b) If an infant is born alive during or immediately after an attempted abortion, any health care practitioner present at the time shall humanely exercise the same degree of professional skill, care, and diligence to preserve the life and health of the infant as a reasonably diligent and conscientious health care practitioner would render to an infant born alive at the same gestational age in the course of natural birth.

(c) An infant born alive during or immediately after an attempted abortion must be immediately transported and admitted to a hospital pursuant to s. 390.012(3)(c) or rules adopted thereunder.

(d) A health care practitioner or any employee of a hospital, a physician's office, or an abortion clinic who has knowledge of a violation of this subsection must report the violation to the department.

### ST - A0380 - Termination of Pregnancy During Viability

**Title** Termination of Pregnancy During Viability

**Statute or Rule** 390.01112 FS

**Type** Rule

### Regulation Definition

(1) No termination of pregnancy shall be performed on any human being if the physician determines that, in reasonable medical judgment, the fetus has achieved viability, unless:

(a) Two physicians certify in writing that, in reasonable medical judgment, the termination of the pregnancy is

### Interpretive Guideline

Applies to all abortion clinics

(12) "Viable" or "viability" means the stage of fetal development when the life of a fetus is sustainable outside the womb through standard medical measures.
necessary to save the pregnant woman's life or avert a serious risk of substantial and irreversible physical impairment of a major bodily function of the pregnant woman other than a psychological condition; or
(b) The physician certifies in writing that, in reasonable medical judgment, there is a medical necessity for legitimate emergency medical procedures for termination of the pregnancy to save the pregnant woman's life or avert a serious risk of imminent substantial and irreversible physical impairment of a major bodily function of the pregnant woman other than a psychological condition, and another physician is not available for consultation.
(2) Before performing a termination of pregnancy, a physician must determine if the fetus is viable by, at a minimum, performing a medical examination of the pregnant woman and, to the maximum extent possible through reasonably available tests and the ultrasound required under s. 390.0111(3), an examination of the fetus. The physician must document in the pregnant woman's medical file the physician's determination and the method, equipment, fetal measurements, and any other information used to determine the viability of the fetus.
(3) If a termination of pregnancy is performed during viability, the physician performing the termination of pregnancy must exercise the same degree of professional skill, care, and diligence to preserve the life and health of the fetus that the physician would be required to exercise in order to preserve the life and health of a fetus intended to be born and not aborted. However, if preserving the life and health of the fetus conflicts with preserving the life and health of the woman, the physician must consider preserving the woman's life and health the overriding and superior concern.

Aspen State Regulation Set: A 4.02 ABORTION CLINIC

Ask clinic staff if there have been any live births. Sample those records. Was there all due diligence to preserve life?

Before abortion, physician must determine viability by at least an Ultrasound, physical exam and reasonably available tests (examples: bimanual examination (pelvic exam) and HCG testing)

ST - A0385 - Parental Notification

Title Parental Notification
Statute or Rule 390.01114(3) FS
Type Rule

Regulation Definition

(3) NOTIFICATION REQUIRED.-
(a) Actual notice shall be provided by the physician performing or inducing the termination of pregnancy before the performance or inducement of the termination of the pregnancy of a minor. The notice may be given by a referring physician. The physician who performs or induces the termination of pregnancy must receive the written statement of the referring physician certifying that the referring physician has given notice. If actual notice is not possible after a reasonable effort has been made, the physician performing or inducing the termination of pregnancy or the referring physician must give constructive notice. Notice given under this subsection by the physician performing or inducing the termination of pregnancy must include the name and address of the facility providing the termination of pregnancy and the name of the physician providing notice. Notice given under this subsection by a referring physician must include the name and address of the facility where he or she is referring the minor and the name of the physician providing notice. Notice given under this subsection by a referring physician must include the name and address of the facility where he or she is referring the minor and the name of the physician providing notice. If actual notice is provided by telephone, the physician must actually speak with the parent or guardian, and must record in the minor's medical file the name of the parent or guardian provided notice, the phone number dialed, and the date and time of the call. If constructive notice is given, the physician must document that notice by placing copies of any document related to the constructive notice, including, but not limited to, a copy of the letter and the return receipt, in the minor's medical file. Actual notice given by telephone shall be

Interpretive Guideline

Applies to all abortion clinics
Refer to Definitions applicable under the Parental Notice of Abortion Act in A0010, Definitions
confirmed in writing, signed by the physician, and mailed to
the last known address of the parent or legal guardian of the
minor, by first-class mail and by certified mail, return receipt
requested, with delivery restricted to the parent or legal
guardian.

(b) Notice is not required if:
1. In the physician's good faith clinical judgment, a medical
emergency exists and there is insufficient time for the
attending physician to comply with the notification
requirements. If a medical emergency exists, the physician
shall make reasonable attempts, whenever possible, without
endangering the minor, to contact the parent or legal guardian,
and may proceed, but must document reasons for the medical
necessity in the patient's medical records. The physician shall
provide notice directly, in person or by telephone, to the
parent or legal guardian, including details of the medical
emergency and any additional risks to the minor. If the parent
or legal guardian has not been notified within 24 hours after
the termination of the pregnancy, the physician shall provide
notice in writing, including details of the medical emergency
and any additional risks to the minor, signed by the physician,
to the last known address of the parent or legal guardian of the
minor, by first-class mail and by certified mail, return receipt
requested, with delivery restricted to the parent or legal
guardian;
2. Notice is waived in writing by the person who is entitled to
notice and such waiver is notarized, dated not more than 30
days before the termination of pregnancy, and contains a
specific waiver of the right of the parent or legal guardian to
notice of the minor's termination of pregnancy;
3. Notice is waived by the minor who is or has been married
or has had the disability of nonage removed under s. 743.015
or a similar statute of another state;
4. Notice is waived by the patient because the patient has a
minor child dependent on her; or
### Aspen State Regulation Set: A 4.02 ABORTION CLINIC

5. Notice is waived under subsection (4).
(c) Violation of this subsection by a physician constitutes grounds for disciplinary action under s. 458.331 or s. 459.015.

#### Regulation Definition

Each abortion clinic which is providing second trimester abortions shall comply with the following recovery room standards when providing second trimester abortions.

1. Following the procedure, post procedure recovery rooms will be supervised and staffed to meet the patient's needs. A physician or physician assistant, a licensed registered nurse, a licensed practical nurse or an advanced registered nurse practitioner who is trained in the management of the recovery area shall be available to monitor the patient in the recovery room until the patient is discharged. The individual must be certified in basic cardiopulmonary resuscitation. A patient in the post-operative or recovery room shall be observed for as long as the patient's condition warrants.

2. The clinic shall arrange hospitalization if any complication beyond the medical capability of the staff occurs or is suspected. The clinic shall ensure that all appropriate equipment and services are readily accessible to provide appropriate emergency resuscitative and life support procedures pending the transfer of the patient or a viable fetus to the hospital. A physician shall sign the discharge order and be readily accessible and available until the last patient is discharged to facilitate the transfer of emergency cases if hospitalization of the patient or viable fetus is necessary. The clinic medical records documenting care provided shall accompany the patient. These records will include the contact information for the patient and any attending physician.

#### Interpretive Guideline

Applies only to clinics that perform 2nd Trimester Abortions.
information for the physician who performed the procedure at the clinic.

(3) A physician shall discuss Rho (D) immune globulin with each patient for whom it is indicated and will ensure that it is offered to the patient in the immediate postoperative period or that it will be available to the patient within 72 hours following completion of the abortion procedure. If the patient refuses the Rho (D) immune globulin, refusal Form 3130-1002, January 2006, "Refusal to Permit Administration of Rh(D) Immunoglobulin", herein incorporated by reference, shall be signed by the patient and a witness, and shall be included in the patient's medical record. The form can be obtained by written request from the Agency for Health Care Administration, Hospital and Outpatient Services Unit, Mail Stop #31, 2727 Mahan Drive, Tallahassee, Florida 32308, or from the agency website at:

(4) Written instructions with regard to post abortion coitus, signs of possible medical complications, and general aftercare shall be given to each patient. Each patient shall have specific written instructions regarding access to medical care for complications, including a telephone number to call for medical emergencies. The physician will ensure that either a registered nurse, licensed practical nurse, advanced registered nurse practitioner, or physician assistant from the abortion clinic makes a good faith effort to contact the patient by telephone, with the patient's consent, within 24 hours after surgery to assess the patient's recovery. A contact for post-operative care from the facility shall be available to the patient on a 24-hour basis.

(5) Facility procedures must specify the minimum length of time for recovery as warranted by the procedure type and gestation period.

</table>

**Regulation Definition**

Each abortion clinic which is providing second trimester abortions shall comply with the following post procedure follow-up care requirements when providing a second trimester abortion. Any abortion clinic operating at the time of adoption of this rule shall be given six months within which to comply.

1. The clinic shall offer a post abortion medical visit that includes a medical examination and a review of the results of all laboratory tests.
2. A urine pregnancy test will be obtained at the time of the follow-up visit to rule out continuing pregnancy. If a continuing pregnancy is suspected, the patient shall be evaluated and a physician who performs abortions shall be consulted.
3. The clinic shall provide for the education of the patient in post-procedure care, including specific instructions in case of emergency.

**Interpretive Guideline**

Applies only to clinics that perform 2nd Trimester Abortions

## ST - A0500 - Incident Reporting-2nd Trimester

<table>

<td>Rule</td>
</tr>
</tbody>
</table>

**Regulation Definition**

This section shall apply to incidents involving patients.

**Interpretive Guideline**

Applies only to clinics that perform 2nd Trimester Abortions
receiving second trimester abortions in any abortion clinic providing second trimester abortions. Those abortion clinics providing second trimester abortions which are in operation at the time of adoption of this rule shall be given six months within which to comply with the following clinic incident reporting requirements.
(1) At a minimum an abortion clinic shall record each incident that results in serious injury to a patient as defined in Section 390.012(3)(h)1., F.S., or a viable fetus at an abortion clinic and shall report an incident in writing to the agency within 10 days after the incident occurs.
(2) If a patient death occurs the abortion clinic shall report the death to the department and the appropriate regulatory board not later than the next workday. The report to the department shall be filed as required by Rule 64V-1.0061, F.A.C.

Section 390.012(3)(h)1., F.S. defines serious injury as: 1 ... For the purposes of this paragraph, "serious injury" means an injury that occurs at an abortion clinic and that creates a serious risk of substantial impairment of a major bodily organ.

ST - A0550 - Disposal of Fetal Remains

**Title** Disposal of Fetal Remains

**Statute or Rule** 390.0111(7) FS; 59A-9.030, FAC

**Type** Rule

**Regulation Definition**

390.0111
(7) FETAL REMAINS.-Fetal remains shall be disposed of in a sanitary manner pursuant to s. 381.0098 and rules adopted thereunder. Failure to dispose of fetal remains in accordance with this subsection is a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

59A-9.030, FAC
Fetal remains shall be disposed of in a sanitary and appropriate manner and in accordance with standard health practices and Chapters 381 and 390, F.S. and Chapter 64E-16, F.A.C.

**Interpretive Guideline**

Applies to all abortion clinics

Chapter 64E-16 addresses Biomedical waste. Some excerpts from the chapter:

64E-16.004(1)
(a) Storage of biomedical waste at the generating facility shall not exceed 30 days.
(c) Indoor storage areas shall have restricted access and be designated in the written operating plan. They shall be located away from pedestrian traffic, be vermin and insect free, and shall be maintained in a sanitary condition. They shall be constructed of smooth, easily cleanable materials that are impervious to liquids.
(d) Outdoor storage areas, including containers and trailers, shall, in addition to the above criteria, be conspicuously marked with the international biological hazard symbol... and shall be secured against vandalism and unauthorized entry.
(b) All packages containing biomedical waste shall be visibly identifiable with the international biological hazard
Aspen State Regulation Set: A 4.02 ABORTION CLINIC

symbol and one of the following phrases: "BIOMEDICAL WASTE", "BIOHAZARDOUS WASTE", "BIOHAZARD", "INFECTIOUS WASTE", or "INFECTIOUS SUBSTANCE".

64E-16.004 (2)(c)(1). Biomedical waste, except sharps, shall be packaged and sealed at the point of origin in impermeable, red plastic bags or, at the discretion of the generator, into sharps containers.

64E-16.004 (2)(d)(1). Sharps shall be discarded at the point of origin into single use or reusable sharps containers. Sharps containers must be sealed when full. A sharps container is considered full when materials placed into it reach the designated fill line, or, if a fill line is not indicated, when additional materials cannot be placed into the container without cramming ... 

64E-16.006(1) A biomedical waste generator (facility that produces biomedical waste) shall not negotiate for the transport of biomedical waste with a person who is not registered with the department as a biomedical waste transporter.

ST - A0600 - Clinical Records

Title Clinical Records
Statute or Rule 59A-9.031(1), FAC
Type Rule

Regulation Definition

(1) A permanent individual clinical record shall be kept on each clinic patient. Clinical records shall be complete, accurately documented, and systematically organized to facilitate storage and retrieval.
(a) Clinical records shall be complete, accurately documented, and systematically organized to facilitate storage and retrieval.
(b) Clinical records involving second trimester abortion procedures shall be kept confidential and secure.
(c) Operative reports signed by the physician performing the second trimester abortion shall be recorded in the clinical record immediately following the procedure or that an operative progress note is entered in the clinical record to provide pertinent information.

Interpretive Guideline

Applies to all abortion clinics - (1) and (a)
Parts (b) and (c) apply only to 2nd trimester clinics.

| 390.0112 Termination of pregnancies; reporting.-  
(1) The director of any medical facility in which abortions are performed, including a physician's office, shall submit a report each month to the agency. The report may be submitted electronically, may not include personal identifying information, and must include:  
(a) Until the agency begins collecting data under paragraph (e), the number of abortions performed.  
(b) The reasons such abortions were performed.  
(c) For each abortion, the period of gestation at the time the abortion was performed.  
(d) The number of infants born alive or alive immediately after an attempted abortion.  
(e) Beginning no later than January 1, 2017, information consistent with the United States Standard Report of Induced | Applies to all abortion clinics |
Termination of Pregnancy adopted by the Centers for Disease Control and Prevention.

(3) If the termination of pregnancy is not performed in a medical facility, the physician performing the procedure shall be responsible for reporting such information as required in subsection (1).

(4) Reports submitted pursuant to this section shall be confidential and exempt from the provisions of s. 119.07(1) and shall not be revealed except upon the order of a court of competent jurisdiction in a civil or criminal proceeding.

(5) Any person required under this section to file a report or keep any records who willfully fails to file such report or keep such records may be subject to a $200 fine for each violation. The agency shall be required to impose such fines when reports or records required under this section have not been timely received. For purposes of this section, timely received is defined as 30 days following the preceding month.

59A-9.034, FAC

Pursuant to Section 390.0112, F.S., an abortion clinic must submit a report each month to the Agency, regardless of the number of terminations of pregnancy. Monthly reports must be received by the Agency within 30 days following the preceding month. Monthly reports must be submitted on the Monthly Report of Induced Terminations of Pregnancy, AHCA Form 3130-1010 OL, February 2016, which is hereby incorporated by reference. This form is only accepted electronically and is available at: <http://ahca.myflorida.com/ITOP>. A copy of the form can also be found at: <http://www.flrules.org/Gateway/reference.asp?No=Ref-06701>. Failure to submit this report so that it is timely received by the Agency will result in an administrative fine being imposed pursuant to Section 390.0112(4), F.S.
