Federal Regulations.

(6) "Qualified personnel" means an individual trained and competent in the services which he or she provides and is licensed or certified when required by statute or professional standard.

383.302 Definitions of terms used in ss. 383.30-383.332.-As used in ss. 383.30-383.332, the term:

1) "Agency" means the Agency for Health Care Administration.

(2) "Birth center" means any facility, institution, or place, which is not an ambulatory surgical center or a hospital or in a hospital, in which births are planned to occur away from the mother's usual residence following a normal, uncomplicated, low-risk pregnancy.

(3) "Clinical staff" means individuals employed full time or part time by a birth center who are licensed or certified to provide care at childbirth.

(4) "Consultant" means a physician licensed pursuant to chapter 458 or chapter 459 who agrees to provide advice and services to a birth center and who either:

(a) Is certified or eligible for certification by the American Board of Obstetrics and Gynecology, or

(b) Has hospital obstetrical privileges.

(5) "Governing body" means any individual, group, corporation, or institution which is responsible for the overall operation and maintenance of a birth center.

(6) "Governmental unit" means the state or any county, municipality, or other political subdivision or any department, division, board, or other agency of any of the foregoing.

(7) "Licensed facility" means a facility licensed in accordance with s. 383.305.

(8) "Low-risk pregnancy" means a pregnancy which is expected to result in an uncomplicated birth, as determined

**Agency for Health Care Administration**  
**ASPEN: Regulation Set (RS)**

through risk criteria developed by rule of the department, and which is accompanied by adequate prenatal care.

(9) "Person" means any individual, firm, partnership, corporation, company, association, institution, or joint stock association and means any legal successor of any of the foregoing.

(10) "Premises" means those buildings, beds, and facilities located at the main address of the licensee and all other buildings, beds, and facilities for the provision of maternity care located in such reasonable proximity to the main address of the licensee as to appear to the public to be under the dominion and control of the licensee.

383.141

(1) As used in this section, the term:

(a) "Down syndrome" means a chromosomal disorder caused by an error in cell division which results in the presence of an extra whole or partial copy of chromosome 21.

(b) "Developmental disability" includes Down syndrome and other developmental disabilities defined by s. 393.063(12).

(c) "Health care provider" means a practitioner licensed or registered under chapter 458 or chapter 459 or an advanced practice registered nurse licensed under chapter 464.

(d) "Prenatally diagnosed condition" means an adverse fetal health condition identified by prenatal testing.

(e) "Prenatal test" or "prenatal testing" means a diagnostic procedure or screening procedure performed on a pregnant woman or her unborn offspring to obtain information about the offspring's health or development.

383.145

(2) DEFINITIONS.-

(a) "Agency" means the Agency for Health Care Administration.

**Agency for Health Care Administration**  
**ASPEN: Regulation Set (RS)**

Printed 08/06/2019

Page 4 of 53

**Aspen State Regulation Set: B 2.03 BIRTH CENTERS**

- (b) "Department" means the Department of Health.
- (c) "Hearing impairment" means a hearing loss of 30 dB HL or greater in the frequency region important for speech recognition and comprehension in one or both ears, approximately 500 through 4,000 hertz.
- (d) "Infant" means an age range from 30 days through 12 months.
- (e) "Licensed health care provider" means a physician licensed pursuant to chapter 458 or chapter 459, a nurse licensed pursuant to chapter 464, or an audiologist licensed pursuant to chapter 468, rendering services within the scope of his or her license.
- (f) "Management" means the habilitation of the hearing-impaired child.
- (g) "Newborn" means an age range from birth through 29 days.
- (h) "Screening" means a test or battery of tests administered to determine the need for an in-depth hearing diagnostic evaluation.

**ST - B0014 - Governing Body**

**Title** Governing Body

**Type** Rule

59A-11.005(1) FAC 383.307(1a) .308(4b)

**Regulation Definition**

59A-11.005

(1) A governing body organized under and have written bylaws, rules and regulations, which it reviews at least every two years, denotes dates to indicate time of last review, and revises as necessary and enforces. The governing body bylaws shall state the role and purpose of the birth center, including an organizational chart defining the lines of authority.

**Aspen State Regulation Set: B 2.03 BIRTH CENTERS**

**Regulation Definition**

- (3) An organized clinical staff to which the governing body delegates responsibility for maintaining proper standards of medical and other health care, which responsibilities include:
- (a) The clinical staff of the birth center shall be responsible for maintaining quality of care provided to the clients by:
1. Having at least one clinical staff member available for every two clients in labor;
  2. Having a clinical staff member or qualified personnel available on site during the entire time the client is in the birth center. Services during labor and delivery shall be provided by physicians or by certified nurse midwives or licensed midwives, assisted by at least one other staff member, under protocols developed by the clinical staff and approved by the governing body in accordance with accepted standards of care;
  3. Ensuring all qualified personnel and clinical staff of the birth center shall be trained in infant and adult resuscitation. Clinical staff or qualified personnel who have demonstrated ability to perform neonatal resuscitation procedures shall be present during each birth;
  4. Maintenance of clinical records describing the history, conditions, treatment and progress of the client in sufficient completeness and accuracy to assure transferable comprehension of the case at any time;
  5. Clinical record reviews to evaluate the quality of clinical care on the basis of documented evidence;
  6. Review of admissions with respect to eligibility, course of pregnancy and outcome, evaluation of services, condition of mother and newborn on discharge, or transfer to other providers; and,
  7. Surveillance of infection risk and cases and the promotion of a preventive and corrective program designed to minimize these hazards.

**Interpretive Guideline**

- Sample a variety of cases to include clients:
- With & without complications
  - discharges due to no longer meeting Birth Center criteria
  - transfers
  - type of birth (traditional, water..)
  - live births
  - still births

- (a) Identifying information.
- (b) Risk assessments.
- (c) Information relating to prenatal visits.
- (d) Information relating to the course of labor and intrapartum care.
- (e) Information relating to consultation, referral, and transport to a hospital.
- (f) Newborn assessment, APGAR score, treatments as required, and followup.
- (g) Postpartum followup.
- (2) Clinical records shall be immediately available at the birth center:
  - (a) At the time of admission.
  - (b) When transfer of care is necessary.
  - (c) For audit by licensure personnel.
- (3) Clinical records shall be kept confidential in accordance with s. 456.057 and exempt from the provisions of s. 119.07(1). A client's clinical records shall be open to inspection only under the following conditions:
  - (a) A consent to release information has been signed by the client; or
  - (b) The review is made by the agency for a licensure survey or complaint investigation.
- (4)(a) Clinical records shall be audited periodically, but no less frequently than every 3 months, to evaluate the process and outcome of care.

383.312 Prenatal care of birth center clients.-

- (2) Records of prenatal care shall be maintained for each client and shall be available during labor and delivery.

59A-11.005(4)(a-o)

- (4) The birth center shall have a defined client record system, policies and procedures which provide for identification, security, confidentiality, control, retrieval, and preservation of

client care data and information. A current and complete clinical record for each client accepted for care in the birth center shall include at a minimum, the following data:

- (a) Identifying information including client's name, address and telephone number;
- (b) Initial history and physical examination including laboratory findings and dates;
- (c) Obstetrical risk assessments and pre-term labor risk assessments including the dates of the assessments;
- (d) The dates and topics of the educational sessions attended;
- (e) The date and time of the onset of labor;
- (f) The course of labor including all pertinent examinations and findings;
- (g) The exact date and time of birth, the presenting part, the sex of the newborn, the numerical order of birth in the event of more than one newborn, to include filing of the birth certificate, and the Apgar score at one minute and five minutes;
- (h) Time of expulsion and condition of placenta;
- (i) All treatments rendered to the mother and newborn including prescribing prescriptions, the time, type, and dose of eye prophylaxis;
- (j) Copy of the metabolic screening report;
- (k) Condition of the mother and newborn including any complications and action taken;
- (l) All medical consultations relevant to the client specifically;
- (m) Referrals for medical care and transfers to hospitals including that information germane to the circumstances;
- (n) Examinations of the newborn and postpartum mother; and,
- (o) Information and instructions given to the client regarding postpartum care as outlined in rule 59A-11.016, F.A.C.

1. All entries shall be dated and signed by the attending clinical staff members.
2. The clinical record is confidential and shall not be released without the written consent of the client except under the

of the licensed ambulance service, the hospital licensed to provide emergency obstetrical and neonatal services, and other hospitals in the vicinity;

2. The conditions specified in the arrangements between the birth center and the ambulance service and the hospital, including financial responsibility for services rendered; and,

3. Criteria to determine risk status which require medical consultation or transfer to a hospital of the newborn or the mother for any conditions such as:

- a. Premature labor, meaning labor occurring at less than 37 weeks gestation;
  - b. Estimated fetal weight less than 2,500 grams or greater than 4,000 grams;
  - c. Hypertension;
  - d. Pre-eclampsia;
  - e. Failure to progress in labor;
  - f. Evidence of an infectious process;
  - g. Premature rupture of the membranes, meaning rupture occurring more than 12 hours before onset of active labor;
  - h. Suspected placenta praevia or abruptio;
  - i. Non-vertex presentation;
  - j. Hemorrhage of greater than 500 cc of blood;
  - k. Anemia consisting of less than 10 grams of hemoglobin per 100 milliliters of blood or 30 percent hematocrit;
  - l. Persistent fetal tachycardia (heart rate more than 160 beats per minute), repetitive fetal bradycardia (heart beat less than 120 beats per minute) or undiagnosed abnormalities of the fetal heart tones; and,
  - m. Persistent hypothermia in the newborn.
4. Criteria to determine risk status which require immediate emergency transfer to a hospital of the newborn or mother for any condition such as:
- a. Prolapsed cord;
  - b. Uncontrolled hemorrhage;
  - c. Placenta abruptio;

- treatments;
3. Evidence that appropriate actions have been taken in response to clinical findings;
  4. Counseling, education, consultation, and referral activities are recorded;
  5. Consent forms are signed as required by subsections 59A-11.010(2), (3), F.A.C.; and,
  6. All entries are legible, dated, and signed.
- (c) The quality assurance committee shall analyze the incidence of maternal and perinatal morbidity and mortality, obstetrical risk assessments, pre-term labor risk assessments, consultants' referrals and outcomes, and transfers of care and outcomes.

**ST - B0051 - RISK STATUS CRITERIA**

**Title** RISK STATUS CRITERIA

**Type** Rule

59A-11.009(1) FAC; 383.31(1)(a) FS

**Regulation Definition**

59A-11.009

(1) Birth center clients are limited to those women who are initially determined to be at low maternity risk and who are evaluated regularly throughout pregnancy to assure that they remain at low risk for a poor pregnancy outcome.

383.31(1)(a)

A birth center may accept only those patients who are expected to have normal pregnancies, labors, and deliveries.

**Interpretive Guideline**

ASPEN: Regulation Set (RS)**

Printed 08/06/2019

Page 19 of 53

**Aspen State Regulation Set: B 2.03 BIRTH CENTERS**

**ST - B0052 - RISK STATUS CRITERIA**

**Title** RISK STATUS CRITERIA

**Type** Rule

59A-11.009(2), FAC

**Regulation Definition**

Each birth center shall establish a written risk assessment system which shall be a part of the policy and procedure manual. The individual risk assessment shall be included in the client's clinical record.

**Interpretive Guideline**

**ST - B0053 - RISK STATUS CRITERIA**

**Title** RISK STATUS CRITERIA

**Type** Rule

59A-11.009(3), FAC

**Regulation Definition**

The general health status and risk assessment shall be determined by a physician, certified nurse midwife, licensed midwife, licensed physician assistant or advanced practice registered nurse after obtaining a detailed medical history, performing a physical examination, and taking into account family circumstances and other social and psychological factors.

**Interpretive Guideline**

Note that this rule does not include licensed midwives.  
467.003 (2) "Certified nurse midwife" means a person who is licensed as an advanced registered nurse practitioner under part I of chapter 464 and who is certified to practice midwifery by the American College of Nurse Midwives.  
(7) "Midwife" means any person not less than 21 years of age, other than a licensed physician or certified nurse midwife, who is licensed under this chapter to supervise the birth of a child. (Licensed midwives are not necessarily nurses)

**Title** RISK STATUS CRITERIA

**Type** Rule

59A-11.009(4) & 59A-11.012(4 & 6) FAC

**Regulation Definition**

**Interpretive Guideline**

59A-11.009(4)

The following criteria shall be used as a minimum baseline upon which the risk status of clients shall be determined. These criteria shall be applied to all clients prior to acceptance for birth center services and throughout the pregnancy for continuation of services. Clients with any of the following risk factors shall be referred to a physician for continuing maternity care and hospital delivery:

- (a) Age limits to be determined on an individual basis.
- (b) Major medical problems including but not limited to:
  - 1. Chronic hypertension, heart disease, or pulmonary embolus;
  - 2. Congenital heart defects assessed as pathological by a cardiologist, placing mother and/or fetus at risk;
  - 3. Severe renal disease;
  - 4. Drug addiction or required use of anticonvulsant drugs;
  - 5. Diabetes mellitus or thyroid disease which is not maintained in a euthyroid state, or
  - 6. Bleeding disorder or hemolytic disease.
- (c) Previous history of significant obstetrical complications, including, but not limited to:
  - 1. Rh sensitization;
  - 2. Previous uterine wall surgery including Caesarean section;
  - 3. Seven or more term pregnancies;
  - 4. Previous placenta abruptio.
- (d) Significant signs or symptoms of:
  - 1. Hypertension;
  - 2. Preeclampsia;

3. Poly or oligo hydramnios;
4. Abruptio placentae;
5. Chorioamnionitis;
6. Severe fetal anomalies;
7. Multiple gestation;
8. Intrauterine growth restriction;
9. Non-reassuring fetal status;
10. Alcoholism or drug addiction;
11. Thrombophlebitis, or
12. Pyelonephritis.

59A-11.012

(4) A prenatal delivery risk assessment shall be performed during the initial visit and repeated at 28 weeks gestation.

(6) All clients found to be at high obstetrical risk pursuant to criteria described in rule 59A-11.009, F.A.C., shall be referred to a qualified physician for continued care.

**ST - B0055 - Admission criteria**

**Title** Admission criteria

**Type** Rule

59A-11.009(5), FAC

**Regulation Definition**

(5) Acceptance for and continuation of care throughout pregnancy and labor is limited to those women for whom it is appropriate to give birth in a setting where anesthesia is limited to local infiltration of the perineum or a pudendal block and where analgesia is limited.

**Interpretive Guideline**

Does the facility administer anesthesia?

Is the facility owned by an obstetrician been in business before June 15, 1984?

Section 383.335, F.S. exempts birth centers from this requirement who have been owned and operated by a board-certified obstetrician since June 15, 1984 (statute below)

59A-11.012(1), FAC; 383.312(1), FS

**Regulation Definition**

**Interpretive Guideline**

59A-11.012 Prenatal Care.

(1) Initial Visit shall include:

- (a) A comprehensive health history shall be completed which includes medical, emotional, dietary, and obstetrical data including a pre-term delivery risk assessment.
- (b) A physical examination shall be completed by a physician, or certified nurse midwife or advanced practice registered nurse, or licensed midwife, which includes measurement of height and weight, vital signs including blood pressure and examination of the skin, head and neck, heart and lungs, breasts, abdomen, pelvis and neurologic reactions.
- (c) The following tests are required:  
Hemoglobin or hematocrit, urinalysis by dipstick for protein, sugar, and ketones; serological test for syphilis; cervical cytology, and Rh determination and blood type. Results of a cervical cytology done within one year is acceptable. The hemoglobin test and urinalysis may be performed by a clinical staff member or qualified personnel.

383.312

- (1) A birth center shall ensure that its clients have adequate prenatal care, as defined by the agency, and shall ensure that serological tests are administered as required by this chapter.

**ST - B0119 - FOOD SERVICE**

**Title** FOOD SERVICE

**Type** Rule

59A-11.024, FAC

**Regulation Definition**

In birth centers where food is provided to the clients:

- (1) All food service areas shall comply with chapter 64E-11, F.A.C.
- (2) Birth centers with three or less birthing rooms shall have facilities and equipment that is consistent with those found in single family dwelling units.
- (3) Birth centers, with four or more birthing rooms, and in which food is provided to the clients shall comply with the prescribed equipment pursuant to chapter 64E-11, F.A.C.
- (4) If food is catered from outside sources, those sources must comply with chapter 64E-11, F.A.C.
- (5) If the birth center policy limits the food service to light snacks supplied by the client or support persons there shall be an adequate refrigerator capable of maintaining a temperature of 45 degrees Fahrenheit or lower.

**Interpretive Guideline**

**ST - B0149 - Adoption**

**Title** Adoption

**Type** Rule

383.3105, FS

**Regulation Definition**

Patients consenting to adoptions; protocols.-

- (1) Each licensed facility shall adopt a protocol that at a minimum provides for facility staff to be knowledgeable of the waiting periods, revocation and the contents of the consent to adoption as contained in s. 63.082(4), and describes the supportive and unbiased manner in which facility staff will interact with birth parents and prospective adoptive parents regarding the adoption, in particular during the waiting period required in s. 63.082(4)(b) before consenting to an adoption.
- (2) The protocol shall be in writing and be provided upon request to any birth parent or prospective adoptive parent of a child born in the facility.

**Interpretive Guideline**

63.082(4) gives detailed guidance as to the content of the consent.

63.082(4)(b): A consent to the adoption of a minor who is to be placed for adoption may be executed by the birth mother 48 hours after the minor 's birth or the day the birth mother is notified in writing, either on her patient chart or in release paperwork, that she is fit to be released from the licensed hospital or birth center, whichever is earlier.

**ST - B0150 - Client Education**

**Title** Client Education

**Type** Rule

383.311, FS

**Regulation Definition**

Education and orientation for birth center clients and their families.-

- (1) The clients and their families shall be fully informed of the policies and procedures of the birth center, including, but not limited to, policies and procedures on:

- (a) The selection of clients.
- (b) The expectation of self-help and family/client relationships.
- (c) The qualifications of the clinical staff.
- (d) The transfer to secondary or tertiary care.
- (e) The philosophy of childbirth care and the scope of services.
- (f) The customary length of stay after delivery.
- (2) The clients shall be prepared for childbirth and childbearing by education in:
  - (a) The course of pregnancy and normal changes occurring during pregnancy.
  - (b) The need for prenatal care.
  - (c) Nutrition, including encouragement of breastfeeding.
  - (d) The effects of smoking and substance abuse.
  - (e) Labor and delivery.
  - (f) The care of the newborn to include safe sleep practices and the possible causes of Sudden Unexpected Infant Death.

**ST - B0151 - INTRAPARTAL USE OF CHEMICAL AGENTS.**

**Title** INTRAPARTAL USE OF CHEMICAL AGENTS.

**Type** Rule

383.313(4), FS

**Regulation Definition**

INTRAPARTAL USE OF CHEMICAL AGENTS.-Labor may not be inhibited, stimulated, or augmented with chemical agents during the first or second stage of labor unless prescribed by personnel with statutory authority to do so and unless in connection with and prior to emergency transport.

**Interpretive Guideline**

'Intrapartal' is the period from the onset of labor to its termination, marked by delivery of the placenta.

Inquire if any clients received labor inducing or stimulating medications. Add 1 or more to sample.

provided in subsection (1), provided the person requesting such report agrees to pay a reasonable charge to cover copying costs.

**ST - B0155 - Disaster Plan**

**Title** Disaster Plan

**Type** Rule

59A-11.027, FAC

**Regulation Definition**

Each birth center shall develop a written disaster plan which shall be rehearsed by personnel at least twice a year and shall cover internal casualty producing incidents. The plan shall include provisions for complete evacuation of the facility during an actual disaster.

**Interpretive Guideline**

Were disaster drills conducted twice a year?

**ST - B0156 - Transfer and Transport to Hospital**

**Title** Transfer and Transport to Hospital

**Type** Rule

383.316(1-2), FS

**Regulation Definition**

(1) If unforeseen complications arise during labor, the client shall be transferred to a hospital.  
(2) Each licensed facility shall make arrangements with a local ambulance service licensed under chapter 401 for the transport of emergency patients to a hospital. Such arrangements shall be documented in the policy and procedures manual of the facility if the birth center does not own or operate a licensed ambulance. The policy and procedures manual shall also contain specific protocols for the transfer of any patient to a

**Interpretive Guideline**

- Review the center policy and procedures regarding transfers.
- Review contract with ambulance service.
- Request a list of all transfers since last survey.
- Review a sample of transferred patients.
- Did the center follow their procedures?
- If no policies or contract, may also consider governing body (B014).
- If transfer records incomplete, may also consider clinical records (B036).

**Aspen State Regulation Set: B 2.03 BIRTH CENTERS**

**ST - B0159 - Breastfeeding**

**Title** Breastfeeding

**Type** Rule

383.015 & 383.016 FS

**Regulation Definition**

383.015 Breastfeeding.-The breastfeeding of a baby is an important and basic act of nurture which must be encouraged in the interests of maternal and child health and family values, and in furtherance of this goal:

(1) A mother may breastfeed her baby in any location, public or private, where the mother is otherwise authorized to be, irrespective of whether the nipple of the mother ' s breast is uncovered during or incidental to the breastfeeding.

(2) A facility lawfully providing maternity services or newborn infant care may use the designation "baby-friendly" if it establishes a breastfeeding policy in accordance with s. 383.016.

383.016 Breastfeeding policy for "baby-friendly" facilities providing maternity services and newborn infant care.-A facility lawfully providing maternity services or newborn infant care may use the designation "baby-friendly" on its promotional materials if the facility has complied with at least 80 percent of the requirements developed by the Department of Health in accordance with UNICEF and World Health Organization baby-friendly hospital initiatives.

**Interpretive Guideline**

Observe for "Baby Friendly" posting/designation and implementation.
