**Title**
License Required

**Type**
Rule

400.062(1-2) FS

---

**Regulation Definition**

(1) The requirements of part II of chapter 408 apply to the provision of services that require licensure pursuant to this part and part II of chapter 408 and to entities licensed by or applying for such licensure from the Agency for Health Care Administration pursuant to this part. A license issued by the agency is required for the operation of a nursing home in this state.

(2) Separate licenses shall be required for facilities maintained in separate premises, even though operated under the same management. However, a separate license shall not be required for separate buildings on the same grounds.
In accordance with s. 408.805, an applicant or licensee shall pay a fee for each license application submitted under this part, part II of chapter 408, and applicable rules. The license fee shall be comprised of two parts. Part I of the license fee shall be the basic license fee. The rate per bed for the basic license fee shall be established biennially and shall be $100 per bed unless modified by rule. Part II of the license fee shall be the resident protection fee, which shall be at the rate of not less than 50 cents per bed. The rate per bed shall be the minimum rate per bed, and such rate shall remain in effect until the effective date of a rate per bed adopted by rule by the agency pursuant to this part. At such time as the amount on deposit in the Health Care Trust Fund for resident protection is less than $1 million, the agency may adopt rules to establish a rate which may not exceed $20 per bed. The rate per bed shall revert back to the minimum rate per bed when the amount on deposit in the Health Care Trust Fund for resident protection reaches $1 million, except that any rate established by rule shall remain in effect until such time as the rate has been equally required for each license issued under this part. Any amount in the fund in excess of $2 million may not be expended without prior approval of the Legislature. The agency may prorate the biennial license fee for those licenses which it issues under this part for less than 2 years. The resident protection fee collected shall be deposited in the Health Care Trust Fund for the sole purpose of paying, in
accordance with the provisions of s. 400.063, for the appropriate alternate placement, care, and treatment of a resident removed from a nursing home facility on a temporary, emergency basis or for the maintenance and care of residents in a nursing home facility pending removal and alternate placement.

59A-4.103(1)(a)
The licensee or applicant prospective licensee shall make application for an initial, renewal or change of ownership license to operate a nursing home facility and shall provide:
(a) All of the information required by this rule, Chapter 400, Part II, F.S., and Chapter 408, Part II, on the Health Care Licensing Application Nursing Homes, AHCA Form 3110-6001, July 2014, which is incorporated by reference. ST - N0025 - Resident Property and Personal Affairs

Title Resident Property and Personal Affairs
Type Rule

400.162 FS

**Regulation Definition**

(1) The admission of a resident to a facility and his or her presence in the facility shall not confer on the facility or its owner, administrator, employees, or representatives any authority to manage, use, or dispose of any property of the resident; nor shall such admission or presence confer on any of the aforementioned persons any authority or responsibility for the personal affairs of the resident, except that which may

Interpretive Guideline
be necessary for the safety and orderly management of the facility.

(2) No licensee, owner, administrator, employee, or representative thereof shall act as guardian, trustee, or conservator for any resident of the facility or any of such resident's property unless the person is the resident's spouse or a blood relative within the third degree of consanguinity.

(3) A licensee shall provide for the safekeeping of personal effects, funds, and other property of the resident in the facility. Whenever necessary for the protection of valuables, or in order to avoid unreasonable responsibility therefor, the licensee may require that such valuables be excluded or removed from the facility and kept at some place not subject to the control of the licensee. At the request of a resident, the facility shall mark the resident's personal property with the resident's name or another type of identification, without defacing the property. Any theft or loss of a resident's personal property shall be documented by the facility. The facility shall develop policies and procedures to minimize the risk of theft or loss of the personal property of residents. A copy of the policy shall be provided to every employee and to each resident and the resident's representative if appropriate at admission and when revised. Facility policies must include provisions related to reporting theft or loss of a resident's property to law enforcement and any facility waiver of liability for loss or theft.

(4) A licensee shall keep complete and accurate records of all funds and other effects and property of its residents received by it for safekeeping.

(5)(a) Any funds or other property belonging to a resident which are received by a licensee shall be held in trust. Funds
Aspen State Regulation Set: N 4.05 Nursing Home Licensure

held in trust shall be kept separate from the funds and property of the facility; shall be deposited in a bank, savings association, trust company, or credit union located in this state and, if possible, located in the same district in which the facility is located; shall not be represented as part of the assets of the facility on a financial statement; and shall be used or otherwise expended only for the account of the resident.

(b)1. Any licensee which holds resident funds in trust, as provided in paragraph (a), during the period for which a license is requested or issued shall file a surety bond with the agency in an amount equal to twice the average monthly balance in the resident trust fund during the prior year or $5,000, whichever is greater. The bond shall be executed by the licensee as principal and by a surety company authorized and licensed to do business in the state as surety. The bond shall be conditioned upon the faithful compliance of the licensee with the provisions of this section and shall run to the agency for the benefit of any resident injured by the violation by the licensee of the provisions of this section.

2. A new bond or a proper continuation certificate shall be required on the annual renewal date of each licensee's bond. Such bond or certificate shall be filed with the agency as provided in subparagraph 1.

3. Any surety company which cancels or does not renew the bond of any licensee shall notify the agency, in writing, not less than 30 days in advance of such action, giving the reason for the cancellation or nonrenewal.

(c) As an alternative to posting a surety bond, the licensee may enter into a self-insurance agreement as specified in rules adopted by the agency. Funds contained in the pool shall run to any resident suffering financial loss as a result of the violation by the licensee of the provisions of this section. Such
funds shall be awarded to any resident in an amount equal to the amount that the resident can establish, by affidavit or other adequate evidence, was deposited in trust with the licensee and which could not be paid to the resident within 30 days of the resident's request. The agency shall promulgate rules with regard to the establishment, organization, and operation of such self-insurance pools. Such rules shall include, but shall not be limited to, requirements for monetary reserves to be maintained by such self-insurers to assure their financial solvency.

(d) If, at any time during the period for which a license is issued, a licensee that has not purchased a surety bond or entered into a self-insurance agreement, as provided in paragraphs (b) and (c), is requested to provide safekeeping for the personal funds of a resident, the licensee shall notify the agency of the request and make application for a surety bond or for participation in a self-insurance agreement within 7 days after the request, exclusive of weekends and holidays. Copies of the application, along with written documentation of related correspondence with an insurance agency or group, shall be maintained by the licensee for review by the agency and the State Long-Term Care Ombudsman Program.

(e) Moneys or securities received as advance payment for care may at no time exceed the cost of care for a 6-month period.

(f) At least every 3 months, the licensee shall furnish the resident and the guardian, trustee, or conservator, if any, for the resident a complete and verified statement of all funds and other property to which this subsection applies, detailing the amounts and items received, together with their sources and disposition. In any event, the licensee shall furnish such a statement annually and upon the discharge or transfer of a resident. Any governmental agency or private charitable
agency contributing funds or other property on account of a resident also shall be entitled to receive such statement annually and upon discharge or transfer and such other report as it may require pursuant to law.

(6) In the event of the death of a resident, a licensee shall return all refunds and funds held in trust to the resident's personal representative, if one has been appointed at the time the nursing home disburses such funds, and if not, to the resident's spouse or adult next of kin named in a beneficiary designation form provided by the nursing home to the resident. In the event the resident has no spouse or adult next of kin or such person cannot be located, funds due to the resident shall be placed in an interest-bearing account in a bank, savings association, trust company, or credit union located in this state and, if possible, located within the same district in which the facility is located, which funds shall not be represented as part of the assets of the facility on a financial statement, and the licensee shall maintain such account until such time as the trust funds are disbursed pursuant to the provisions of the Florida Probate Code. All other property of a deceased resident being held in trust by the licensee shall be returned to the resident's personal representative, if one has been appointed at the time the nursing home disburses such property, and if not, to the resident's spouse or adult next of kin named in a beneficiary designation form provided by the nursing home to the resident. In the event the resident has no spouse or adult next of kin or such person cannot be located, property being held in trust shall be safeguarded until such time as the property is disbursed pursuant to the provisions of the Florida Probate Code. The trust funds and property of deceased residents shall be kept separate from the funds and the property of the licensee and from the funds and property of the residents of the facility. The nursing home needs to maintain only one account in which the trust funds amounting
Aspen State Regulation Set: N 4.05 Nursing Home Licensure

to less than $100 of deceased residents are placed. However, it shall be the obligation of the nursing home to maintain adequate records to permit compilation of interest due each individual resident's account. Separate accounts shall be maintained with respect to trust funds of deceased residents equal to or in excess of $100. In the event the trust funds of the deceased resident are not disbursed pursuant to the provisions of the Florida Probate Code within 2 years of the death of the resident, the trust funds shall be deposited in the Health Care Trust Fund and expended as provided for in s. 400.063, notwithstanding the provisions of any other law of this state. Any other property of a deceased resident held in trust by a licensee which is not disbursed in accordance with the provisions of the Florida Probate Code shall escheat to the state as provided by law.

Type  Rule  

400.151(1-2) FS; 59A-4.106(1)(b) FAC

**Regulation Definition**

400.151, F.S.
(1) The presence of each resident in a facility shall be covered by a contract, executed by the licensee and the resident or his or her designee or legal representative at the time of admission or prior thereto and at the expiration of the term of a previous contract, and modified by the licensee and the resident or his or her designee or legal representative at the time the source of payment for the resident's care changes. Each party to the
contract is entitled to a duplicate original thereof, printed in boldfaced type, and the licensee shall keep on file all contracts which it has with residents. The licensee may not destroy or otherwise dispose of any such contract until 5 years after its expiration or such longer period as may be provided in the rules of the agency. Microfilmed records or records reproduced by a similar process of duplication may be kept in lieu of the original records.

(2) Each contract to which this section applies shall contain express provisions specifically setting forth the services and accommodations to be provided by the licensee, the rates or charges therefor, bed reservation and refund policies, and any other matters which the parties deem appropriate. The licensee shall attach to the contract a list of services and supplies available but not covered by the per diem rate of the facility or by Titles XVIII and XIX of the Social Security Act and the standard charge to the resident for each item. The licensee shall provide written notification to each party to the contract of any changes in any attachment thereto, no fewer than 14 days in advance of the effective date of those changes. The agency shall specify by rule an alternative method for notification of changes in the cost of supplies. If the resident is a party to the contract, the licensee shall provide him or her with a written and oral notification of the changes.

59A-4.106(1)(b), FAC

(b) Each resident admitted to the facility must have a contract as required by Section 400.151, F.S., which includes the following:

1. A list of services and supplies, complete with a list of standard charges for those services and supplies, available to the resident, but not covered by the facility's per diem or by Title XVIII and Title XIX of the Social Security Act and a
copy of the bed reservation and refund policies of the facility.
2. When a resident is in a facility offering continuing care, and is transferred from independent living or assisted living to the nursing home section, a new contract need not be executed; an addendum must be attached to describe any additional services, supplies or costs not included in the most recent contract that is in effect.

(2) Pursuant to the intention of the Legislature, the agency, in consultation with the Department of Health and the Department of Elderly Affairs, shall adopt and enforce rules to implement this part and part II of chapter 408, which shall include reasonable and fair criteria in relation to:

(a) The location of the facility and housing conditions that will ensure the health, safety, and comfort of residents, including an adequate call system. In making such rules, the agency shall be guided by criteria recommended by nationally recognized reputable professional groups and associations with

**Interpretive Guideline**

At admission was the resident presented with a room that meets the requirements of the building code?

Did the resident/resident representative request the bed be moved? If so, did the resident/resident representative sign a statement indicating their understanding the room will not be in compliance with the Florida Building Code. Is the statement included in the residents care plan?

Does the bed change infringe on the roommate, if applicable?

knowledge of such subject matters. The agency shall update or revise such criteria as the need arises. The agency may require alterations to a building if it determines that an existing condition constitutes a distinct hazard to life, health, or safety. In performing any inspections of facilities authorized by this part or part II of chapter 408, the agency may enforce the special-occupancy provisions of the Florida Building Code and the Florida Fire Prevention Code which apply to nursing homes. Residents or their representatives shall be able to request a change in the placement of the bed in their room, provided that at admission they are presented with a room that meets requirements of the Florida Building Code. The location of a bed may be changed if the requested placement does not infringe on the resident's roommate or interfere with the resident's care or safety as determined by the care planning team in accordance with facility policies and procedures. In addition, the bed placement may not be used as a restraint. Each facility shall maintain a log of resident rooms with beds that are not in strict compliance with the Florida Building Code in order for such log to be used by surveyors and nurse monitors during inspections and visits. A resident or resident representative who requests that a bed be moved shall sign a statement indicating that he or she understands the room will not be in compliance with the Florida Building Code, but they would prefer to exercise their right to self-determination. The statement must be retained as part of the resident's care plan. Any facility that offers this option must submit a letter signed by the nursing home administrator of record to the agency notifying it of this practice with a copy of the policies and procedures of the facility. The agency is directed to provide assistance to the Florida Building Commission in updating the construction standards of the code relative to nursing homes.

ST - N0036 - Advanced Directives

Title  Advanced Directives
Type  Rule

59A-4.106(6) FAC

**Regulation Definition**

Advance directives.
(a) Each nursing home licensee must have written policies and procedures, which delineate the nursing home's position with respect to the state law and rules relative to advance directives. The policies must not condition treatment or admission upon whether or not the individual has executed or waived an advance directive. In the event of conflict between the facility's policies and procedures and the individual's advance directive, provision should be made in accordance with Section 765.1105, F.S.
(b) The facility's policy must include:
1. Providing each adult individual, at the time of the admission as a resident, with a copy of "Health Care Advance Directives -- The Patient's Right to Decide," revised April 2006, which is hereby incorporated by reference, and available at http://www.flrules.org/Gateway/reference.asp?No=Ref-06021, and from the Agency for Health Care Administration at http://www.floridahealthfinder.gov/reports-guides/advance-directives.aspx or with a copy of some other substantially similar document which is a written description of Florida's state law regarding advance directives;
2. Providing each adult individual, at the time of the admission as a resident, with written information concerning the nursing home's policies respecting advance directives; and
3. Providing documentation of the existence of an advance directive be contained in the medical record. A nursing home licensee that is provided with the individual's advance
directive must make the advance directive or a copy thereof a part of the individual's medical record.

ST - N0042 - Resident Grievances and Complaints

Title  Resident Grievances and Complaints
Type   Rule

400.1183 FS
Aspen State Regulation Set: N 4.05 Nursing Home Licensure

Regulation Definition

(1) Every nursing home must have a grievance procedure available to its residents and their families. The grievance procedure must include:
(a) An explanation of how to pursue redress of a grievance.
(b) The names, job titles, and telephone numbers of the employees responsible for implementing the facility's grievance procedure. The list must include the address and the toll-free telephone numbers of the ombudsman and the agency.
(c) A simple description of the process through which a resident may, at any time, contact the toll-free telephone hotline of the ombudsman or the agency to report the unresolved grievance.
(d) A procedure for providing assistance to residents who cannot prepare a written grievance without help.
(2) Each nursing home facility shall maintain records of all grievances and a report, subject to agency inspection, of the total number of grievances handled, a categorization of the cases underlying the grievances, and the final disposition of the grievances.
(3) Each facility must respond to the grievance within a reasonable time after its submission.
(4) The agency may investigate any grievance at any time.

Interpretive Guideline

Use interviews to obtain information on the facility's grievance process. Conduct individual resident, and family interviews, to assess if residents are aware, how to file a grievance, and if their grievance was responded to and resolved timely. If their grievance was not resolved, did they know what options were available to them (i.e., contact the toll free hotline for the ombudsman and/or AHCA). If the resident needed assistance to prepare a written grievance, was this assistance provided? Also interview direct care staff to determine if they know what to do if a resident wanted to file a grievance, verbally or in writing.

If an issue concerning the grievance process is identified from resident and/or family interviews, then review the facility's grievance policy & procedure. Determine if the facility's policy and procedure for grievances was made available to residents and family members. Interview the employee(s) responsible for implementing the grievance procedure, and review a sample of grievances, in particular, any that are similar to the identified concern.

Determine if the facility made a reasonable attempt to resolve the grievance(s).

(b) A Medical Director who does not have hospital privileges must be certified or credentialed through a recognized certifying or credentialing body, such as The Joint Commission, the American Medical Directors Association, the Healthcare Facilities Accreditation Program of the American Osteopathic Association, the Bureau of Osteopathic Specialists of the American Osteopathic Association, the Florida Medical Directors Association or a health maintenance organization licensed in Florida.
(c) A physician must have his or her principal office within 60 miles of all facilities for which he/ or she serves as Medical Director. The principal office is the office maintained by a physician as required by Section 458.348 or 459.025(3)(c)(1), F.S., and where the physician delivers the majority of medical services. The physician must specify the address of his/ or her principal office at the time of becoming Medical Director. The agency may approve a request to waive this requirement for rural facilities that exceed this distance requirement as outlined in Section 120.542(2), F.S. A rural facility is a facility located in a county with a population density of no greater than 100 persons per square mile, which is at least 30 minutes of travel time, on normally traveled roads under normal traffic conditions, from any other nursing home facility within the same county.

**Regulation Definition**
59A-4.108(4)
In accordance with the requirements outlined in subsection 400.23(3)(a), F.S., the nursing home licensee must have sufficient nursing staff, on a 24-hour basis to provide nursing and related services to residents in order to maintain the highest practicable physical, mental, and psychosocial well-being of each resident, as determined by resident assessments and individual plans of care.

400.23(3)(a)1. The agency shall adopt rules providing minimum staffing requirements for nursing home facilities.

**Interpretive Guideline**

Use N0066 for the posting requirement noted in 400.23(3)(a)3.

Provide the Nursing Home Administrator the AHCA form "Calculating Staffing for Long Term Care Facilities" during the Entrance Conference to complete. Review the completed form to determine if the facility meets with this requirement. If the facility has failed to comply with the state minimum staffing requirements for 2 consecutive days, determine if the facility did not accept any new admissions for those days (review admission log, or similar information). Interview the Director of Nursing about the failure to meet minimum staffing requirements. Investigate if this impacted on resident care and services. If deficient practice exists with this, notify the Field Office.

Select the two-week period preceding the survey. If conducting a complaint survey involving staff issues, select the two-week time period that was identified in the complaint. Multiply the census on each day by the number of hours
These requirements must include, for each facility:

a. A minimum weekly average of certified nursing assistant and licensed nursing staffing combined of 3.6 hours of direct care per resident per day. As used in this sub-subparagraph, a week is defined as Sunday through Saturday.

b. A minimum certified nursing assistant staffing of 2.5 hours of direct care per resident per day. A facility may not staff below one certified nursing assistant per 20 residents.

c. A minimum licensed nursing staffing of 1.0 hour of direct care per resident per day. A facility may not staff below one licensed nurse per 40 residents.

2. Nursing assistants employed under s. 400.211(2) may be included in computing the staffing ratio for certified nursing assistants if their job responsibilities include only nursing-assistant-related duties.

3. Each nursing home facility must document compliance with staffing standards as required under this paragraph and post daily the names of staff on duty for the benefit of facility residents and the public.

4. The agency shall recognize the use of licensed nurses for compliance with minimum staffing requirements for certified nursing assistants if the nursing home facility otherwise meets the minimum staffing requirements for licensed nurses and the licensed nurses are performing the duties of a certified nursing assistant. Unless otherwise approved by the agency, licensed nurses counted toward the minimum staffing requirements for certified nursing assistants must exclusively perform the duties of a certified nursing assistant for the entire shift and not also be counted toward the minimum staffing requirements for licensed nurses. If the agency approved a facility's request to use a licensed nurse to perform both licensed nursing and certified nursing assistant duties, the facility must allocate the amount of staff time specifically spent on certified nursing assistant duties for the purpose of documenting compliance with minimum staffing requirements for certified and licensed nursing staff. The hours of a licensed nurse with dual job responsibilities may not be counted twice.

required for CNAs and nurses. Compare the require hours with the actual time worked. Request time cards, payroll records, or computer printouts of actual time worked for the same two-week period.

If the facility that licensed nurses are used as certified nursing assistants, then:

Ask the administrator or director of nursing for a position description for the staff nurses showing that staff person is performing the functions of a CNA.

Ask the staff nurse in the position what duties he/she performs during a shift. Verify those duties include function as a CNA normally performs.

Ask resident and other staff about the duties performed by the staff nurse designate as a CNA.

Observe staff person functioning as a CNA performing duties normally attributed to certified nursing assistants.

If a licensed nurse is used as a CNA on a particular day that the facility does not meet minimum required CNA hours, a resident assignment for the licensed nurse must be made available for review showing the licensed nurse must be made available for review showing the licensed nurse's duties were strictly (no licensed nursing duties on that shift) CNA duties, in order to be counted toward CNA minimum staffing hours for that day, unless otherwise approved by the Agency.

If the nurse is performing both licensed nursing and certified nursing assistant duties, verify they received approval from the Agency and how the hours are allocated. Ensure the hours are not counted twice.

Non-nursing staff who feed cannot be counted towards the minimum staffing standards.

**Regulation Definition**

59A-4.126(2) FAC

The plan must include, the following:

(a) Criteria, as shown, in Section 400.23(2)(g), F.S.; and,

400.23(2) FS

Pursuant to the intention of the Legislature, the agency, in consultation with the Department of Health and the Department of Elderly Affairs, shall adopt and enforce rules to implement this part and part II of chapter 408, which shall include reasonable and fair criteria in relation to:
(g) The preparation and annual update of a comprehensive emergency management plan. The agency shall adopt rules establishing minimum criteria for the plan after consultation with the Division of Emergency Management. At a minimum, the rules must provide for plan components that address emergency evacuation transportation; adequate sheltering arrangements; postdisaster activities, including emergency power, food, and water; postdisaster transportation; supplies; staffing; emergency equipment; individual identification of residents and transfer of records; and responding to family inquiries. The comprehensive emergency management plan is subject to review and approval by the local emergency management agency. During its review, the local emergency management agency shall ensure that the following agencies, at a minimum, are given the opportunity to review the plan: the Department of Elderly Affairs, the Department of Health, the Agency for Health Care Administration, and the Division of Emergency Management. Also, appropriate volunteer organizations must be given the opportunity to review the plan. The local emergency management agency shall complete its review within 60 days and either approve the plan or advise the facility of necessary revisions.

**ST - N0132 - Emergency Environmental Control**

**Title**  Emergency Environmental Control

**Type**  Rule

59A-4.1265 FAC

**Regulation Definition**

59A-4.1265 Emergency Environmental Control for Nursing Homes.

(1) DETAILED NURSING HOME EMERGENCY POWER PLAN. Each nursing home shall prepare a detailed plan ("plan"), to serve as a supplement to its Comprehensive

**Interpretive Guideline**

Review the facility's documentation of their Comprehensive Emergency Management Plan and approval, including any approved waivers or extensions.

Review documentation of required notifications for compliance.

Interview residents, family, and staff for information/verification of knowledge of the plan.

Make observations
Emergency Management Plan, to address emergency power in the event of the loss of primary electrical power in that nursing home, which includes the following information:

(a) The acquisition of a sufficient alternate power source such as a generator(s), maintained at the nursing home, to ensure that current licensees of nursing homes will be equipped to ensure the protection of resident health, safety, welfare, and comfort for a minimum of ninety-six (96) hours in the event of the loss of primary electrical power. Safe indoor air temperatures in resident occupied areas shall be determined by the licensee to meet the clinical needs of residents, but shall not exceed eighty-one (81) degrees Fahrenheit.

1. The required temperature must be maintained in an area or areas determined by the nursing home of sufficient size to maintain all residents safely at all times and is appropriate for the care needs and life safety requirements. For planning purposes, no less than thirty (30) net square feet per resident must be provided. This may include areas that are less than the entire nursing home if the nursing home’s comprehensive emergency management plan includes relocating residents to portions of the building where the health, safety, welfare, and comfort of the residents will be maintained as required by this rule. The plan shall include information regarding the area(s) within the nursing home where the required temperature will be maintained.

2. The alternate power source for the equipment necessary to maintain the safe indoor air temperature required by this rule may be provided by the essential electrical system required by the Florida Building Code for Nursing Home design and construction or onsite optional standby system as defined by NFPA 70 National Electrical Code supplying normal power to the nursing home maintained onsite at all times when the building is occupied. If an optional standby system is used, it must be connected and maintained in accordance with the manufacturer’s recommendations. The alternate power source
and fuel supply shall be located in an area(s) in accordance with local zoning and the Florida Building Code.
3. Each nursing home is unique in size; the types of care provided; the physical and mental capabilities and needs of residents; the type, frequency, and amount of services and care offered; and staffing characteristics. Accordingly, this rule does not limit the types of systems or equipment that may be used to maintain the safe indoor air temperature required by this rule for a minimum of ninety-six (96) hours in the event of the loss of primary electrical power. The plan shall include information regarding the systems and equipment that will be used by the nursing home required to operate the systems and equipment.

a. A nursing home in an evacuation zone pursuant to Chapter 252, F.S., must maintain an alternative power source and fuel as required by this subsection at all times when the facility is occupied but is permitted to utilize a mobile generator(s) to enable portability if evacuation is necessary.
b. Facilities located on a single campus with other facilities licensed by the Agency under common ownership, may share fuel, alternative power resources, and resident space available on the campus if such resources are sufficient to support the requirements of each facility’s residents, as specified in this rule. Details regarding how resources will be shared and any necessary movement of residents must be clearly described in the emergency power plan.
c. A multistory facility, whose comprehensive emergency management plan is to move residents to a higher floor during a flood or surge event, must place its alternative power source and all necessary additional equipment so it can safely operate in a location protected from flooding or storm surge damage.

(b) The acquisition of sufficient fuel, and safe maintenance of that fuel onsite at the facility, to ensure that in the event of the loss of primary electrical power there is sufficient fuel available for the alternate power source required in paragraph
(1)(a), to power life safety systems, critical systems, and equipment necessary to maintain safe indoor air temperatures as described in this rule for ninety-six (96) hours after the loss of electrical power during a declared state of emergency. The plan shall include information regarding fuel source and fuel storage.

1. A nursing home located in an area in a declared state of emergency area pursuant to Section 252.36, F.S., that may impact primary power delivery must secure ninety-six (96) hours of fuel. The nursing home may utilize portable fuel storage containers for the remaining fuel necessary for ninety-six (96) hours during the period of a declared state of emergency.

2. A nursing home must store a minimum of seventy-two (72) hours of fuel onsite.

3. Piped natural gas is an allowable fuel source and meets the onsite fuel requirement under this rule.

4. If local ordinances or other regulations that limit the amount of onsite fuel storage for the nursing home’s location and the nursing home does not have access to piped natural gas, then the nursing home must develop a plan that includes maximum onsite fuel storage allowable by the ordinance or regulation and a reliable method to obtain the maximum additional fuel at least 24 hours prior to depletion of onsite fuel.

(c) The acquisition of services necessary to install, maintain, and test the equipment and its functions to ensure the safe and sufficient operation of the alternate power source installed in the nursing home.

(2) SUBMISSION OF THE PLAN.

(a) Each nursing home licensed prior to the effective date of this rule shall submit its plan to the local emergency management agency for review and approval within thirty (30) days of the effective date of the rule. Nursing Home plans previously received and approved under Emergency Rule 59AER17-1, F.A.C., will require resubmission only if changes
are made.
(b) Each new nursing home shall submit the plan required under this rule prior to obtaining a license.
(c) Each existing nursing home that undergoes additions, modifications, alterations, refurbishment, reconstruction or renovations that require modification of the systems or equipment affecting the nursing home's compliance with this rule shall amend its plan and submit it to the local emergency management agency for review and approval.

(3) PLAN REVIEW. Architectural and engineering plans are subject to review by the Agency’s Office of Plans and Construction. The local emergency management agency shall review the emergency power plan for compliance with the subsection and may rely on the technical review of the Office of Plans and Construction. Once the review is complete, the local emergency management agency shall:
(a) Report deficiencies in the plan to the nursing home for resolution. The nursing home must resubmit the plan within ten (10) business days.
(b) Report approval or denial of the plan to the Agency and the nursing home.

(4) APPROVED PLANS.
(a) Each nursing home must maintain a copy of its plan in a manner that makes the plan readily available at the licensee's physical address for review by the authority having jurisdiction. If the plan is maintained in an electronic format, nursing home staff must be readily available to access and produce the plan. For purposes of this section, "readily available" means the ability to immediately produce the plan, either in electronic or paper format, upon request.
(b) Within two (2) business days of the approval of the plan from the local emergency management agency, the nursing home shall submit in writing proof of the approval to the Agency for Health Care Administration.
(c) The nursing home shall submit a consumer friendly
summary of the emergency power plan to the Agency. The
Agency shall post the summary and notice of the approval and
implementation of the nursing home emergency power plans
on its website within ten (10) business days of the plan's
approval by the local emergency management agency and
update within ten (10) business days of implementation.
(5) IMPLEMENTATION OF THE PLAN.
(a) Each nursing home licensed prior to the effective date of
this rule shall, no later than June 1, 2018 have implemented
the plan required under this rule.
(b) The Agency shall grant an extension up to January 1, 2019
to providers in compliance with paragraph (c), below, and
who can show delays caused by necessary construction,
delivery of ordered equipment, zoning or other regulatory
approval processes. Nursing homes granted an extension must
keep the Agency apprised of progress on a monthly basis to
ensure there are no unnecessary delays.
(c) During the extension period, a nursing home must make
arrangements pending full implementation of its plan that the
residents are housed in an area that meets the safe indoor air
temperature requirements of paragraph (1)(a), for a minimum
of ninety-six (96) hours.
1. A nursing home not located in an evacuation zone must
either have an alternative power source onsite or have a
contract in place for delivery of an alternative power source
and fuel when requested. Within twenty-four (24) hours of the
issuance of a state of emergency for an event that may impact
primary power delivery for the area of the nursing home, it
must have the alternative power source and no less than
ninety-six (96) hours of fuel stored onsite.
2. A nursing home located in an evacuation zone pursuant to
Chapter 252, F.S., must either:
a. Fully and safely evacuate its residents prior to the arrival of
the event, or
b. Have an alternative power source and no less than
ninety-six (96) hours of fuel stored onsite, within twenty-four (24) hours of the issuance of a state of emergency for the area of the nursing home,
(d) Each new nursing home shall implement the plan prior to obtaining a license.
(e) Each nursing home that undergoes any additions, modifications, alterations, refurbishment, reconstruction or renovations that require modification of the systems or equipment affecting the nursing home’s compliance with this rule shall implement its amended plan subsequent with the completion of construction.
(f) The Agency may request cooperation from the State Fire Marshal to conduct inspections to ensure implementation of the plan in compliance with this rule.
(6) POLICIES AND PROCEDURES.
(a) Each nursing home shall develop and implement written policies and procedures to ensure that each nursing home can effectively and immediately activate, operate and maintain the alternate power source and any fuel required for the operation of the alternate power source. The procedures shall be resident-focused to ensure that residents do not experience complications from heat exposure, and shall include a contingency plan to transport residents to a safe facility if the current nursing home’s plan to keep the residents in a safe and comfortable location within the nursing home at or below the indoor air temperature required by this rule becomes compromised.
(b) Each nursing home shall maintain its written policies and procedures in a manner that makes them readily available at the licensee's physical address for review by the authority having jurisdiction. If the policies and procedures are maintained in an electronic format, nursing home staff must be readily available to access the policies and procedures and produce the requested information.
(c) The written policies and procedures must be readily
available for inspection by each resident; each resident’s legal representative, designee, surrogate, guardian, attorney in fact, or case manager; each resident’s estate; and all parties authorized in writing or by law.

(7) REVOCATION OF LICENSE, FINES OR SANCTIONS.
For a violation of any part of this rule, the Agency may seek any remedy authorized by Chapter 400, Part II, or Chapter 408, Part II, F.S., including but not limited to, license revocation, license suspension, and the imposition of administrative fines.

(8) COMPREHENSIVE EMERGENCY MANAGEMENT PLAN.
(a) Nursing homes whose comprehensive emergency management plan is to evacuate must comply with this rule.
(b) Once the plan has been approved, the nursing home shall submit the plan as an addendum with any future submissions for approval of its Comprehensive Emergency Management Plan.

(9) NOTIFICATION.
(a) Within three (3) business days, each nursing home must notify in writing, unless permission for electronic communication has been granted, each resident and the resident's legal representative:
   1. Upon submission of the plan to the local emergency management agency that the plan has been submitted for review and approval;
   2. Upon final implementation of the plan by the nursing home following review by the State Fire Marshal or the Agency's Office of Plans and Construction.
(b) The nursing home shall keep a copy of each written or electronic notification sent by the nursing home to the resident and resident's representative on file.

ST - N0156 - Bribes/ Kickbacks Prohibited

Title  Bribes/ Kickbacks Prohibited
Type   Rule

400.17, FS

**Regulation Definition**

(1) As used in this section, the term:

(a) "Bribe" means any consideration corruptly given, received, promised, solicited, or offered to any individual with intent or purpose to influence the performance of any act or omission.

(b) "Kickback" means that part of the payment for items or services which is returned to the payor by the provider of such items or services with the intent or purpose to induce the payor to purchase the items or services from the provider.

(2) Whoever furnishes items or services directly or indirectly to a nursing home resident and solicits, offers, or receives any:

(a) Kickback or bribe in connection with the furnishing of such items or services or the making or receipt of such payment; or

(b) Return of part of an amount given in payment for referring any such individual to another person for the furnishing of such items or services; is guilty of a misdemeanor of the first degree, punishable as provided in s. 775.082 or by fine not exceeding $5,000, or both.

(3) No person shall, in connection with the solicitation of contributions to nursing homes, willfully misrepresent or mislead anyone, by any manner, means, practice, or device
whatsoever, to believe that the receipts of such solicitation will be used for charitable purposes, if such is not the fact.

(4) Solicitation of contributions of any kind in a threatening, coercive, or unduly forceful manner by or on behalf of a nursing home by any agent, employee, owner, or representative of a nursing home shall be grounds for denial, suspension, or revocation of the license for any nursing home on behalf of which such contributions were solicited.

(5) The admission, maintenance, or treatment of a nursing home resident whose care is supported in whole or in part by state funds may not be made conditional upon the receipt of any manner of contribution or donation from any person. However, this may not be construed to prohibit the offer or receipt of contributions or donations to a nursing home which are not related to the care of a specific resident. Contributions solicited or received in violation of this subsection shall be grounds for denial, suspension, or revocation of a license for any nursing home on behalf of which such contributions were solicited.

(2) The agency shall adopt rules which assess administrative penalties for acts prohibited by subsection (1). In the case of an entity licensed by the agency, such penalties may include any disciplinary action available to the agency under the appropriate licensing laws. In the case of an entity not licensed by the agency, such penalties may include:
(a) A fine not to exceed $5,000; and
(b) If applicable, a recommendation by the agency to the appropriate licensing board that disciplinary action be taken.

ST - N0159 - Alzheimer's Disclosure

Title Alzheimer's Disclosure
Type Rule

400.175, FS

**Regulation Definition**

A facility licensed under this part which claims that it provides special care for persons who have Alzheimer's disease or other related disorders must disclose in its advertisements or in a separate document those services that distinguish the care as being especially applicable to, or suitable for, such persons. The facility must give a copy of all such advertisements or a copy of the document to each person who requests information about programs and services for persons with Alzheimer’s disease or other related disorders offered by the facility and must maintain a copy of all such advertisements and documents in its records. The agency shall examine all such advertisements and documents in the facility's records as part of the license renewal procedure.

**Interpretive Guideline**
As a condition of licensure, facilities licensed under this part must provide to each of their employees, upon beginning employment, basic written information about interacting with persons with Alzheimer's disease or a related disorder.

Regulation Definition

As a condition of licensure, facilities licensed under this part must provide to each of their employees, upon beginning employment, basic written information about interacting with persons with Alzheimer's disease or a related disorder.

Interpretive Guideline

Look at policies and procedures regarding training and related disorders and ensure compliance.

Regulation Definition

(2) All employees who are expected to, or whose responsibilities require them to, have direct contact with residents with Alzheimer's disease or a related disorder must, in addition to being provided the information required in subsection (1), also have an initial training of at least 1 hour completed in the first 3 months after beginning employment. This training must include, but is not limited to, an overview of dementias and must provide basic skills in communicating with persons with dementia.

(3) An individual who provides direct care shall be considered a direct caregiver and must complete the required initial training and an additional 3 hours of training within 9 months of employment.

Interpretive Guideline

If quality of care deficient practices have been identified review, as appropriate, training received by staff in that corresponding subject area.

NOTE: For licensed health care professionals, the continuing education requirements required by the licensing board are accepted in lieu of the four (4) hours of Alzheimer's disease or related disorders training required in this section.
Aspen State Regulation Set: N 4.05 Nursing Home Licensure

months after beginning employment. This training shall include, but is not limited to, managing problem behaviors, promoting the resident's independence in activities of daily living, and skills in working with families and caregivers.

(a) The required 4 hours of training for certified nursing assistants are part of the total hours of training required annually.
(b) For a health care practitioner as defined in s. 456.001, continuing-education hours taken as required by that practitioner's licensing board shall be counted toward this total of 4 hours.

(4) For an employee who is a licensed health care practitioner as defined in s. 456.001, training that is sanctioned by that practitioner's licensing board shall be considered to be approved by the Department of Elderly Affairs.

(5) The Department of Elderly Affairs or its designee must approve the initial and continuing training provided in the facilities. The department must approve training offered in a variety of formats, including, but not limited to, Internet-based training, videos, teleconferencing, and classroom instruction. The department shall keep a list of current providers who are approved to provide initial and continuing training. The department shall adopt rules to establish standards for the trainers and the training required in this section.

(6) Upon completing any training listed in this section, the employee or direct caregiver shall be issued a certificate that includes the name of the training provider, the topic covered, and the date and signature of the training provider. The certificate is evidence of completion of training in the identified topic, and the employee or direct caregiver is not required to repeat training in that topic if the employee or
direct caregiver changes employment to a different facility or to an assisted living facility, home health agency, adult day care center, or adult family-care home. The direct caregiver must comply with other applicable continuing education requirements.

Type   Rule
       400.022(1)(o), FS

**Regulation Definition**

The right to be free from mental and physical abuse, corporal
punishment, extended involuntary seclusion, and from
physical and chemical restraints, except those restraints
authorized in writing by a physician for a specified and limited
period of time or as are necessitated by an emergency. In case
of an emergency, restraint may be applied only by a qualified
licensed nurse who shall set forth in writing the circumstances
requiring the use of restraint, and, in the case of use of a
chemical restraint, a physician shall be consulted immediately
thereafter. Restraints may not be used in lieu of staff
supervision or merely for staff convenience, for punishment,
or for reasons other than resident protection or safety.

ST - N0205 - Rights to Choose Physician/ Pharmacy

Title  Rights to Choose Physician/ Pharmacy
Type   Rule
       400.022(1)(q), FS

**Regulation Definition**

The right to freedom of choice in selecting a personal
physician; to obtain pharmaceutical supplies and services
from a pharmacy of the resident's choice, at the resident's
own expense or through Title XIX of the Social Security Act;
and to obtain information about, and to participate in,
community-based activities programs, unless medically contraindicated as documented by a physician in the resident's medical record. If a resident chooses to use a community pharmacy and the facility in which the resident resides uses a unit-dose system, the pharmacy selected by the resident shall be one that provides a compatible unit-dose system, provides service delivery, and stocks the drugs normally used by long-term care residents. If a resident chooses to use a community pharmacy and the facility in which the resident resides does not use a unit-dose system, the pharmacy selected by the resident shall be one that provides service delivery and stocks the drugs normally used by long-term care residents.

ST - N0206 - Right to Use Personal Belongings and Possess

Title Right to Use Personal Belongings and Possess
Type Rule

400.022(1)(r), FS

**Regulation Definition**

The right to retain and use personal clothing and possessions as space permits, unless to do so would infringe upon the rights of other residents or unless medically contraindicated as documented in the resident's medical record by a physician. If clothing is provided to the resident by the licensee, it shall be of reasonable fit.

**Interpretive Guideline**

ST - N0207 - Right to Copies of Rules and Regulations

Title Right to Copies of Rules and Regulations
Type Rule

400.022(1)(s), FS
The right to have copies of the rules and regulations of the facility and an explanation of the responsibility of the resident to obey all reasonable rules and regulations of the facility and to respect the personal rights and private property of the other residents.

**ST - N0208 - Right to Notice of Room Change**

**Title** Right to Notice of Room Change  
**Type** Rule  
400.022(1)(t), FS

**Regulation Definition**  
The right to receive notice before the room of the resident in the facility is changed.

**Title** Right to Bed Hold Policy  
**Type** Rule  
400.022(1)(u), FS

**Regulation Definition**  
The right to be informed of the bed reservation policy for a hospitalization. The nursing home shall inform a private-pay resident and his or her responsible party that his or her bed will be reserved for any single hospitalization for a period up to 30 days provided the nursing home receives reimbursement. Any resident who is a recipient of assistance under Title XIX of the Social Security Act, or the resident's designee or legal representative, shall be informed by the licensee that his or her
Aspen State Regulation Set: N 4.05 Nursing Home Licensure

bed will be reserved for any single hospitalization for the length of time for which Title XIX reimbursement is available, up to 15 days; but that the bed will not be reserved if it is medically determined by the agency that the resident will not need it or will not be able to return to the nursing home, or if the agency determines that the nursing home's occupancy rate ensures the availability of a bed for the resident. Notice shall be provided within 24 hours of the hospitalization.

ST - N0210 - Right to Challenge Discharge/ Transfer Dec

Title  Right to Challenge Discharge/ Transfer Dec
Type  Rule

400.022(1)(v), FS

**Regulation Definition**
For residents of Medicaid or Medicare certified facilities, the right to challenge a decision by the facility to discharge or transfer the resident, as required under 42 C.F.R. s. 483.12.

**Interpretive Guideline**

ST - N0211 - Resident Rights Notice

Title  Resident Rights Notice
Type  Rule

400.022(2), FS

**Regulation Definition**
The licensee for each nursing home shall orally inform the resident of the resident's rights and provide a copy of the statement required by subsection (1) to each resident or the resident's legal representative at or before the resident's admission to a facility. The licensee shall provide a copy of the resident's rights to each staff member of the facility. Each
Aspen State Regulation Set: N 4.05 Nursing Home Licensure

such licensee shall prepare a written plan and provide appropriate staff training to implement the provisions of this section. The written statement of rights must include a statement that a resident may file a complaint with the agency or state or local ombudsman council. The statement must be in boldfaced type and include the telephone number and e-mail address of the State Long-Term Care Ombudsman Program and the numbers of the local ombudsman council and the Elder Abuse Hotline operated by the Department of Children and Families.

ST - N0212 - Violation of Rights - Grounds for Action

Title   Violation of Rights - Grounds for Action
Type    Rule

400.022(3), FS

**Regulation Definition**

Any violation of the resident's rights set forth in this section constitutes grounds for action by the agency under s. 400.102, s. 400.121, or part II of chapter 408. In order to determine whether the licensee is adequately protecting residents' rights, the licensure inspection of the facility must include private informal conversations with a sample of residents to discuss residents' experiences within the facility with respect to rights specified in this section and general compliance with standards, and consultation with the State Long-Term Care Ombudsman Program.
The right to be transferred or discharged only for medical reasons or for the welfare of other residents, and the right to be given reasonable advance notice of no less than 30 days of any involuntary transfer or discharge, except in the case of an emergency as determined by a licensed professional on the staff of the nursing home, or in the case of conflicting rules and regulations which govern Title XVIII or Title XIX of the Social Security Act. For nonpayment of a bill for care received, the resident shall be given 30 days' advance notice.

A licensee certified to provide services under Title XIX of the Social Security Act may not transfer or discharge a resident solely because the source of payment for care changes. Admission to a nursing home facility operated by a licensee certified to provide services under Title XIX of the Social Security Act may not be conditioned upon a waiver of such right, and any document or provision in a document which purports to waive or preclude such right is void and unenforceable. Any licensee certified to provide services under Title XIX of the Social Security Act that obtains or attempts to obtain such a waiver from a resident or potential resident shall be construed to have violated the resident's rights as established herein and is subject to disciplinary action as provided in subsection (3). The resident and the family or representative of the resident shall be consulted in choosing another facility.
ST - N0214 - Falsifying Records

Title  Falsifying Records
Type  Rule

400.1415(1), FS

**Regulation Definition**

Any person who fraudulently alters, defaces, or falsifies any medical record or releases medical records for the purposes of solicitation or marketing the sale of goods or services absent a specific written release or authorization permitting utilization of patient information, or other nursing home record, or causes or procures any of these offenses to be committed, commits a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083.

**Interpretive Guideline**

ST - N0215 - Penalty for Falsifying of Records

Title  Penalty for Falsifying of Records
Type  Rule

400.1415(2), FS; 400.102(4), FS

**Regulation Definition**

400.1415(2) FS
A conviction under subsection (1) is also grounds for restriction, suspension, or termination of license privileges.

400.102 FS
In addition to the grounds listed in part II of chapter 408, any of the following conditions shall be grounds for action by the agency against a licensee:
(4) Fraudulent altering, defacing, or falsifying any medical or nursing home records, or causing or procuring any of these offenses to be committed.

ST - N0216 - Health and Safety of Resident

Title Health and Safety of Resident
Type Rule

400.102(1), FS

**Regulation Definition**
In addition to the grounds listed in part II of chapter 408, any of the following conditions shall be grounds for action by the agency against a licensee:

(1) An intentional or negligent act materially affecting the health or safety of residents of the facility.

**Interpretive Guideline**
Use this deficiency where a resident's safety has been materially affected and in conjunction with other cited non-compliance.

ST - N0217 - Orders Not to Resuscitate

Title Orders Not to Resuscitate
Type Rule

400.142(3) FS

**Regulation Definition**
Facility staff may withhold or withdraw cardiopulmonary resuscitation if presented with an order not to resuscitate executed pursuant to s. 401.45. Facility staff and facilities are not subject to criminal prosecution or civil liability, or considered to have engaged in negligent or unprofessional conduct, for withholding or withdrawing cardiopulmonary resuscitation pursuant to such order. The absence of an order

**Interpretive Guideline**

Aspen State Regulation Set: N 4.05 Nursing Home Licensure

not to resuscitate executed pursuant to s. 401.45 does not preclude a physician from withholding or withdrawing cardiopulmonary resuscitation as otherwise permitted by law.

ST - N0270 - Pediatric Residents - Standards

Title  Pediatric Residents - Standards
Type  Rule

59A-4.1295, FAC

**Regulation Definition**

59A-4.1295 Additional Standards for Homes That Admit Children 0 Through 20 Years of Age.

(1) Nursing homes who accept children with a level of care of Intermediate I or II, skilled or medically fragile must meet the following standards as indicated. Intermediate I and II are defined in Rule 59G-4.180, F.A.C. Children considered skilled have a chronic debilitating disease or condition of one or more physiological or organ systems that generally make the child dependent upon 24 hour per day medical, nursing, or health supervision or intervention. Medically fragile children are medically complex and the medical condition is such that they are technologically dependent upon medical equipment or procedure(s) to sustain life and who can expire, without warning unless continually under observation.

(2) Each child must have an assessment upon admission by licensed physical, occupational, and speech therapists experienced in working with children. Therapies must be administered based upon the outcome of these assessments and the orders of the child's physician.

(3) Admission criteria:

(a) The child must require intermediate, skilled or medically fragile nursing care, and be medically stable, as documented

**Interpretive Guideline**

Refer to Chapter 400.23(5) for additional information regarding staffing.
by the physician determining level of care.
(b) For nursing home placement a recommendation must be made in the form of a written order by the child's attending physician in consultation with the parent(s) or legal guardian(s). For Medicaid certified nursing facilities, the recommendations for placement of a Medicaid applicant or recipient in the nursing home must be made by the Department of Health's Children's Medical Services Multidisciplinary Assessment Team (CMAT). Consideration must be given to relevant medical, emotional, psychosocial, and environmental factors.
(c) Each child admitted to the nursing home must have a plan of care developed by the interdisciplinary care plan team. The plan of care must consist of those items listed below.
1. Physician's orders, diagnosis, medical history, physical examination and rehabilitative or restorative needs.
3. A comprehensive, accurate, reproducible, and standardized assessment of each child's functional capability which is completed within 14 days of the child's admission to the nursing home and every twelve months thereafter. The assessment must be:
a. Reviewed no less than once every 120 days;
b. Reviewed promptly after a significant change, which is a need to stop a form of treatment because of adverse consequences (e.g., an adverse drug reaction), or commence a new form of treatment to deal with a problem in the child's physical or mental condition;
c. Revised as appropriate to assure the continued usefulness of the assessment.
4. The plan of care must also include measurable objectives and timetables to meet the child's medical, nursing, mental and psychosocial needs identified in the comprehensive assessment. The care plan must describe the services that are
to be furnished to attain or maintain the child's highest practicable physical, mental, social and educational well-being. The care plan must be completed within 7 days after completion of the child's assessments.

5. The facility must, upon admission and quarterly, conduct and include in the resident's plan of care a comprehensive assessment of the resident's functional capacity and a post-discharge plan of care that includes plans, actions and goals to transition the child to a home and community-based, non-institutional setting.

6. To enhance the quality of life of each child ages 3 years through 15 years, the nursing home must notify by certified mail the school board in the county in which the nursing home is located that there is a school-age child residing in the nursing home. Children ages 16 through 20 years may be enrolled in an education program according to their ability to participate. Program participation for each child regardless of age is predicated on his or her intellectual function, physical limitations, and medical stability. Collaborative planning with the public school system and community-at-large is necessary to produce integrated and inclusive settings which meet each child's needs. The failure or inability on the part of city, county, state, or federal school system to provide an educational program according to the child's ability to participate shall not obligate the nursing home to supply or furnish an educational program or bring suit against any city, county, state, or federal organizations for their failure or inability to provide an educational program. Nothing contained herein is intended to prohibit, restrict or prevent the parents or legal guardian of the child from providing a private educational program that meets applicable state laws.

7. At the child's guardian's option, every effort must be made to include the child and his or her family or responsible party, including private duty nurse or nursing assistant, in the development, implementation, maintenance and evaluation of
Aspen State Regulation Set: N 4.05 Nursing Home Licensure

the child's plan of care.
8. All employees of the nursing home who provide hands-on care, must be knowledgeable of, and have access to, the child's plan of care.
9. A summary of the child's plan of care must accompany each child discharged or transferred to another health care facility or must be forwarded to the facility receiving the child as soon as possible consistent with good medical practice.

(4) The child's attending physician, licensed under Rule Chapter 458 or 459, F.S., must maintain responsibility for the overall medical management and therapeutic plan of care and must be available for face-to-face consultation and collaboration with the nursing home medical and nursing director. The physician or his or her designee must:
(a) Evaluate and document the status of the child's condition at least monthly;
(b) Review and update the plan of care every 60 days;
(c) Prepare orders as needed and accompany them by a signed progress note in the child's medical record; and,
(d) Co-sign verbal orders no more than 72 hours after the order is given. Physician orders may be transmitted by facsimile machine. It is not necessary for a physician to re-sign a facsimile order when he or she visits a nursing home. Orders transmitted via computer mail are not acceptable. Verbal orders not co-signed within seventy-two (72) hours shall not be held against the nursing home if it has documented timely, good-faith efforts to obtain said co-signed orders.

(5) The following must be completed for each child. A registered nurse must be responsible for ensuring these tasks are accomplished:
(a) Informing the attending physician and medical director of beneficial and untoward effects of the therapeutic interventions;
Aspen State Regulation Set: N 4.05 Nursing Home Licensure

(b) Maintaining the child's record in accordance with nursing home policies and procedures; and,
(c) Instructing or arranging for the instruction of the parent(s), legal guardian(s), or other caretakers(s) on how to provide the necessary interventions, how to interpret responses to therapies, and how to manage unexpected responses in order to facilitate a smooth transition from the nursing home to the home or other placement. This instruction must cover care coordination and must gradually pass the role of care coordinator to the parent or legal guardian, as appropriate.

(6) In addition to the requirements of Rule 59A-4.133, F.A.C., the nursing home must provide the following:
(a) A minimum of 100 square feet in a single bedroom and 80 square feet per child in multiple bedrooms;
(b) Bathroom and bathing facilities appropriate to the child's needs to allow for:
   1. Toileting functions with privacy (a door to the bathroom must be provided); and,
   2. Stall showers and tubs.
(c) There must be indoor activities area that:
   1. Encourage exploration and maximize the child's capabilities;
   2. Accommodate mobile and non-mobile children; and,
   3. Support a range of activities for children and adolescents of varying ages and abilities.
(d) There must be an outdoor activity area that is:
   1. Secure with areas of sun and shade;
   2. Free of safety hazards; and,
   3. Equipped with age appropriate recreational equipment for developmental level of children and has storage space for same.
(e) All furniture and adaptive equipment must be physically appropriate to the developmental and medical needs of the children;
(f) Other equipment and supplies must be made available to meet the needs of the children as prescribed or recommended by the attending physician or medical director and in accordance with professional standards of care.

(7) For those nursing homes who admit children age 0 through 15 years of age the following standards apply in addition to those above and throughout Chapter 59A-4, F.A.C.

(a) Each child must have an assessment upon admission by licensed physical, occupational, and speech therapists who are experienced in working with children. Therapies must be administered based upon the outcome of these assessments and the orders of the child's physician.

(b) The nursing home must have a contract with a board certified pediatrician who serves as a consultant and liaison between the nursing home and the medical community for quality and appropriateness of services to children.

(c) The nursing home must ensure that pediatric physicians are available for routine and emergency consultation to meet the children's needs.

(d) The nursing home must ensure that children reside in distinct and separate units from adults.

(e) The nursing home must provide access to emergency and other forms of transportation for children.

(f) At least one licensed health care staff person with current Pediatric Advanced Life Support (PALS) certification for children must be on the unit where children are residing at all times.

(g) The nursing home must maintain an Emergency Medication Kit of pediatric medications, as well as adult dosages for those children who require adult doses. The contents in the Emergency Medication Kit must be determined by the children's needs in consultation with the Medical Director, Director of Nursing, a registered nurse who has current experience working with children, and a Pharmacist.
who has pediatric expertise. The kit must be readily available and must be kept sealed. All items in the kit must be properly labeled. The nursing home must maintain an accurate log of receipt and disposition of each item in the Emergency Medication Kit. An inventory to include expiration dates of the contents of the Emergency Medication Kit must be attached to the outside of the kit. If the seal is broken, the kit must be restocked and resealed the next business day after use.

(h) Each nursing home must develop, implement, and maintain a written staff education plan which ensures a coordinated program for staff education for all nursing home employees who work with children. The plan must:

1. Be reviewed at least annually by the quality assurance committee and revised as needed.
2. Include both pre-service and in-service programs. In-service for each department must include pediatric-specific requirements as relevant to its discipline.
3. Ensure that education is conducted annually for all nursing home employees who work with children in the following areas:
   - Childhood diseases to include prevention and control of infection;
   - Childhood accident prevention and safety awareness programs; and,
4. Ensure that all employees of the nursing home complete an initial educational course on HIV and AIDS, preferably pediatric HIV and AIDS in accordance with Section 381.0035, F.S. If the employee does not have a certificate of completion at the time they are hired, they must have completed the course within six months of employment.

(i) All nursing home staff must receive in-service training in and demonstrate awareness of issues particular to pediatric residents annually.

(8) The nursing home must have at least one registered nurse
for every 40 children. This registered nurse must be on duty, onsite, 24 hours per day on the unit where the children reside.

(9) A qualified dietitian with knowledge, expertise and experience in the nutritional management of medically involved children must evaluate the needs and special diet of each child at least every 60 days.

(10) The pharmacist must have access to appropriate knowledge concerning pediatric pharmaceutical procedures, i.e., total parenteral nutrition (TPN) infusion regime and be familiar with pediatric medications and dosages.

(11) The nursing home must maintain or contract as needed for pediatric dental services.

(12) Safety equipment, such as, child proof safety latches on closets, cabinets, straps on all seating services, locks on specific storage cabinets, bumper pads on cribs and car seats for transporting must be used whenever appropriate to ensure the safety of the child.

(13) Pediatric equipment and supplies must be available as follows:
(a) Suction machines, one per child requiring suction, plus one suction machine for emergency use;
(b) Oxygen, in portable tanks with age appropriate supplies;
(c) Thermometers;
(d) Sphygmomanometers, stethoscopes, otoscopes; and,
(e) Apnea monitor and pulse oximeter.

(14) Other equipment and supplies must be made available to meet the needs of the children as prescribed or recommended by the attending physician or medical director and in accordance with professional standards of care.
(15) Prior to initiating or expanding services to pediatric residents, the nursing home licensee or applicant must receive written approval from the Agency. In order to convert existing nursing home beds to pediatric beds, nursing home licensees must:
(a) Have a standard license pursuant to Section 400.062, F.S.;
(b) Submit approval from the Office of Plans and Construction based upon submission of plans and specifications of the building for approval as outlined in Rule 59A-4.133, F.A.C.;
(c) Submit a completed Health Care Licensing Application, Nursing Homes, AHCA Form 3110-6001, as incorporated in Rule 59A-4.103, F.A.C., no less than 30 days prior to the anticipated date that services will be provided. The application must include the number and configuration of beds to be used to serve pediatric residents and a listing of services that will be provided.
(16) Approval to provide pediatric services shall be based upon demonstration of compliance with this rule and Chapter 400, Part II, F.S.
(17) Any changes in pediatric services, including cessation of services, must be reported to the Agency in writing at least 30 days prior to the change.

</table>

59A-4.150, FAC

**Regulation Definition**

(1) Definitions:
(a) Appropriate Resources - those service providers who
provide most effectively and efficiently the specific services needed by the geriatric patient.

(b) Geriatric Outpatient Clinic - a site in a nursing home treatment room for the provision of health care to geriatric patients on an outpatient basis which is staffed by a registered nurse or by a physician's assistant or a licensed practical nurse under the direct supervision of a registered nurse, advanced registered nurse practitioner, physical assistant or a physician.

(c) Geriatric Patient - any patient who is 60 years of age or older.

(d) Pre-established Protocols - a statement prepared by or with the responsible or attending physician and/or physician assistant and advanced registered nurse practitioner defining the extent and limits of the medical services provided by the nurse. Such protocols are to be reviewed at periods not to exceed one year, to be dated and signed by the physician, and to be kept readily available.

(e) Responsible Physician - the licensed physician delegated by the supervising physician as responsible for the services rendered by registered nurse, the physician's assistant, advanced registered nurse practitioner or a licensed practical nurse under the direct supervision of a registered nurse, advanced registered nurse practitioner, physician's assistant or a physician in the absence of the supervising physician.

(f) Routine Health Care - preventive care, detection of health problems, referral for medical care, and management of chronic illness within medical prescriptions.

(g) Substantive Change - a change in the patient's condition indicating the need for change in treatment and/or medication orders.

(h) Supervising Physician - the licensed physician assuming responsibility and legal liability for the services rendered by the registered nurse, physician's assistant, advanced registered nurse practitioner or a licensed practical nurse under the direct supervision of a registered nurse, advanced registered nurse
practitioner, physician assistant or a physician. (Sections 458.135(2)(e), 459.151(2), (3), F.S.)

(i) Treatment Room - the room or suite of rooms set aside for the examination and care of patients.

(2) Applications.
(a) The nursing home licensee must submit a letter to the Agency for Health Care Administration, Long-Term Care Unit, 2727 Mahan Drive, Mail Stop #33, Tallahassee, FL 32308, stating intent to establish a geriatric outpatient clinic in compliance with Chapter 400, F.S., and this rule. Such notice may also be provided at the time of initial licensure or licensure renewal. This letter must be sent at least sixty (60) days prior to the anticipated date of the establishment of the clinic.
(b) The licensee must be compliant with Chapter 400, Part II, Chapter 408, Part II, F.S. this rule chapter and Florida Building Code during an inspection by the Agency.
(c) Receipt of the letter of notification stating compliance shall constitute authority to operate a geriatric outpatient clinic within the facility.
(d) Application for renewal of authority to operate a geriatric outpatient clinic must be submitted in the manner described above at the same time the application for the nursing home licensure renewal is submitted.
(e) Suspension or revocation of the nursing home license automatically suspends or revokes authority to operate the geriatric outpatient clinic.

(3) Treatment Rooms and Access Areas.
(a) Plant maintenance and housekeeping must be in accordance with Rule 59A-4.122, F.A.C.
(b) Every nursing home licensee conducting a geriatric outpatient clinic must:
   1. Use an existing treatment room exclusively for the
examination and treatment of patients.
2. Store supplies and equipment in such a manner that safeguards patients and staff from hazards.
3. Have a waiting area which does not interfere with regular in-patient functions.
4. Provide clinic patients with the most direct route to and from the treatment room.

(4) Administration.
(a) The business and administrative management of the geriatric outpatient clinic must be under the management control of the nursing home administrator. This must include, maintenance of the following written records;
1. An accident and incident record, containing a clear description of each accident and any other incident hazardous or deviant behavior of a patient or staff member with names of individuals involved, description of medical and other services provided, by whom such services were provided and the steps taken to prevent recurrence.
2. Personnel records for each clinic employee and/or contractual provider. Employees of a geriatric outpatient clinic must have a Level 2 background screening as required in Section 408.809 and chapter 435, F.S. These records must be kept updated and include current Florida license and certificate numbers. The original application for the position, references furnished and an annual performance evaluation must be included.

### Regulation Definition

Every licensed facility shall comply with all applicable standards and rules of the agency and shall:

(e) Provide for the access of the facility residents to dental and other health-related services, recreational services, rehabilitative services, and social work services appropriate to their needs and conditions and not directly furnished by the licensee. When a geriatric outpatient nurse clinic is conducted in accordance with rules adopted by the agency, outpatients attending such clinic shall not be counted as part of the general resident population of the nursing home facility, nor shall the nursing staff of the geriatric outpatient clinic be counted as part of the nursing staff of the facility, until the outpatient clinic load exceeds 15 a day.
Every licensed facility shall comply with all applicable standards and rules of the agency and shall:

(1) Be allowed and encouraged by the agency to provide other needed services under certain conditions. If the facility has a standard licensure status, it may provide services, including, but not limited to, respite, therapeutic spa, and adult day services to nonresidents of the facility. A facility is not subject to any additional licensure requirements for providing these services. Respite care may be offered to persons in need of short-term or temporary nursing home services. Respite care must be provided in accordance with this part. Providers of adult day services must comply with the requirements of s. 429.905(2). The agency shall allow for shared programming and staff in a facility which meets minimum standards and offers services pursuant to this paragraph, but, if the facility is cited for deficiencies in patient care, may require additional staff and programs appropriate to the needs of service recipients. A person who receives respite care may not be counted as a resident of the facility for purposes of the facility's licensed capacity unless that person receives 24-hour respite care. A person receiving either respite care for 24 hours or longer or adult day services must be included when calculating minimum staffing for the facility. Any costs and revenues generated by a nursing home facility from nonresidential programs or services shall be excluded from the calculations of Medicaid per diems for nursing home
Every licensed facility shall comply with all applicable standards and rules of the agency and shall:

(g) If the facility has a standard license, exceeds the minimum required hours of licensed nursing and certified nursing assistant direct care per resident per day, and is part of a continuing care facility licensed under chapter 651 or a retirement community that offers other services pursuant to part III of this chapter or part I or part III of chapter 429 on a single campus, be allowed to share programming and staff. At the time of inspection, a continuing care facility or retirement community that uses this option must demonstrate through staffing records that minimum staffing requirements for the facility were met. Licensed nurses and certified nursing assistants who work in the facility may be used to provide services elsewhere on campus if the facility exceeds the minimum number of direct care hours required per resident per day and the total number of residents receiving direct care services from a licensed nurse or a certified nursing assistant does not cause the facility to violate the staffing ratios required under s. 400.23(3)(a). Compliance with the minimum staffing ratios must be based on the total number of residents receiving direct care services, regardless of where they reside on campus. If the facility receives a conditional license, it may not share staff until the conditional license status ends. This paragraph does not restrict the agency's authority under federal
or state law to require additional staff if a facility is cited for deficiencies in care which are caused by an insufficient number of certified nursing assistants or licensed nurses. The agency may adopt rules for the documentation necessary to determine compliance with this provision.

Such information contained in the records may include, but is not limited to, disciplinary matters and any reason for termination. Any facility releasing such records pursuant to this part shall be considered to be acting in good faith and may not be held liable for information contained in such records, absent a showing that the facility maliciously falsified such records.

ST - N0411 - Community Pharmacy/ Repackaging

Title Community Pharmacy/ Repackaging

Type Rule

400.141(1)(d), FS

Regulation Definition

Every licensed facility shall comply with all applicable standards and rules of the agency and shall:

(d) Provide for resident use of a community pharmacy as specified in s. 400.022(1)(q). Any other law to the contrary notwithstanding, a registered pharmacist licensed in Florida, that is under contract with a facility licensed under this chapter or chapter 429, shall repackage a nursing facility resident's bulk prescription medication which has been packaged by another pharmacist licensed in any state in the United States into a unit dose system compatible with the system used by the nursing facility, if the pharmacist is requested to offer such service. In order to be eligible for the repackaging, a resident or the resident's spouse must receive prescription medication benefits provided through a former employer as part of his or
her retirement benefits a qualified pension plan as specified in s. 4972 of the Internal Revenue Code, a federal retirement program as specified under 5 C.F.R. s. 831, or a long-term care policy as defined in s. 627.9404(1). A pharmacist who correctly repackages and relabels the medication and the nursing facility which correctly administers such repackaged medication under this paragraph may not be held liable in any civil or administrative action arising from the repackaging. In order to be eligible for the repackaging, a nursing facility resident for whom the medication is to be repackaged shall sign an informed consent form provided by the facility which includes an explanation of the repackaging process and which notifies the resident of the immunities from liability provided in this paragraph. A pharmacist who repackages and relabels prescription medications, as authorized under this paragraph, may charge a reasonable fee for costs resulting from the implementation of this provision.

ST - N0412 - Immunization Requirements

**Title**  Immunization Requirements  

**Type**  Rule  

400.141(1)(s-u), FS

**Regulation Definition**

Every licensed facility shall comply with all applicable standards and rules of the agency and shall:

(s) Before November 30 of each year, subject to the availability of an adequate supply of the necessary vaccine, provide for immunizations against influenza viruses to all its consenting residents in accordance with the recommendations of the United States Centers for Disease Control and Prevention, subject to exemptions for medical contraindications and religious or personal beliefs. Subject to
these exemptions, any consenting person who becomes a resident of the facility after November 30 but before March 31 of the following year must be immunized within 5 working days after becoming a resident. Immunization shall not be provided to any resident who provides documentation that he or she has been immunized as required by this paragraph. This paragraph does not prohibit a resident from receiving the immunization from his or her personal physician if he or she so chooses. A resident who chooses to receive the immunization from his or her personal physician shall provide proof of immunization to the facility. The agency may adopt and enforce any rules necessary to comply with or implement this paragraph.

(t) Assess each resident within 5 business days after admission for eligibility for pneumococcal vaccination or revaccination. If indicated, the resident shall be vaccinated or revaccinated within 60 days after admission in accordance with the recommendations of the United States Centers for Disease Control and Prevention, subject to exemptions for medical contraindications and religious or personal beliefs. Immunization may not be provided to a resident who provides documentation that he or she has been immunized as required by this paragraph. A resident may elect to receive the immunization from his or her personal physician and, if such election is made, the resident shall provide proof of the immunization to the facility. The agency may adopt and enforce any rules necessary to comply with or implement this paragraph.

(u) Annually encourage and promote to its employees the benefits associated with immunizations against influenza viruses in accordance with the recommendations of the United States Centers for Disease Control and Prevention. The agency may adopt and enforce any rules necessary to comply with or implement this paragraph.
Within 7 days following discharge or release from a nursing home, or within 7 days after the earliest date at which the cost of all goods or services provided on behalf of the resident are billed to the facility, the nursing home shall submit to the resident, or to his or her survivor or legal guardian, an itemized statement detailing in language comprehensible to an ordinary layperson the specific nature of charges or expenses incurred by the resident. The initial billing shall contain a statement of specific services received and expenses incurred for such items of service, enumerating in detail the constituent components of the services received within each department of the nursing home and including unit price data on rates charged by the nursing home as may be prescribed by the agency.

(2) Each statement shall:
(a) Not include charges of nursing home-based physicians if billed separately.
Aspen State Regulation Set: N 4.05 Nursing Home Licensure

(b) Not include any generalized category of expenses such as "other" or "miscellaneous" or similar categories.
(c) List drugs by brand or generic name and may not refer to drug code numbers when referring to drugs of any sort.
(d) Specifically identify therapy treatment as to the date, type, and length of treatment when therapy treatment is a part of the statement. The person receiving a statement pursuant to this section shall be fully and accurately informed as to each charge and service provided by the institution preparing the statement.
(3) On each itemized statement there shall appear the words "A FOR-PROFIT (or NOT-FOR-PROFIT or PUBLIC) NURSING HOME LICENSED BY THE STATE OF FLORIDA" or substantially similar words sufficient to identify clearly and plainly the ownership status of the nursing home.
(4) In any billing for services subsequent to the initial billing for such services, the resident, or the resident's survivor or legal guardian, may elect, at his or her option, to receive a copy of the detailed statement of specific services received and expenses incurred for each such item of service as provided in subsection (1).
(5) No physician, dentist, or nursing home may add to the price charged by any third party except for a service or handling charge representing a cost actually incurred as an item of expense; however, the physician, dentist, or nursing home is entitled to fair compensation for all professional services rendered. The amount of the service or handling charge, if any, shall be set forth clearly in the bill to the resident.

**Interpretive Guideline**

Guidelines for Baker Act Discharges:

State statutes, Chapter 394.F.S., is to be followed to determine adherence to discharges specifically to psychiatric facilities. The revisions to the Florida Mental Health Act, Chapter 394,F.S., better known as the Baker Act, provide for enforcement authority for the Agency for Health Care Administration to take action against licensed providers found to be in violation of the act.

As provided in section 400.0255,F.S., notice of an emergency transfer of a nursing home resident must be given to the resident's guardian or representative by telephone or in person. This notice is required whether the transfer is voluntary or involuntary, and if possible be given before the transfer or as soon thereafter as possible.

Summary of Transfers:
within 24 hours after receipt of the request. The resident's file must be documented to show who was contacted, whether the contact was by telephone or in person, and the date and time of the contact. If the notice is not given in writing, written notice meeting the requirements of subsection (8) must be given the next working day.

Voluntary transfers to mental health facilities, facility must have evidence of a determination by mental health professional that resident is able to give advised consent.

Guidelines for Involuntary Examination: Persons in nursing homes, shall only be removed for involuntary examination based on:

Professional certificate completed by a physician, clinical psychologist, psychiatric nurse or clinical social worker; or

Law enforcement officer's report. Procedures: Surveyors should review the records of residents who have been transferred from the facility for involuntary examination.

Ex-parte order, issued by a court, which states that the person appears to meet the criteria for involuntary examination; or

Professional certificate signed by a licensed mental health professional; or

Law enforcement officer's report which has been completed prior to the patient being transported to a receiving facility.

Title  Ombudsman Assistance Discharge/ Transfer
Type  Rule

Regulation Definition

After receipt of any notice required under this section, the State Long-Term Care Ombudsman Program or local ombudsman council may request a private informal conversation with a resident to whom the notice is directed, and, if known, a family member or the resident's legal guardian or designee, to ensure that the facility is proceeding with the discharge or transfer in accordance with this section. If requested, the State Long-Term Care Ombudsman Program
or the local ombudsman council shall assist the resident with filing an appeal of the proposed discharge or transfer.

Title  Adverse Incidents Defined
Type  Rule

400.147(5), FS

**Regulation Definition**

For purposes of reporting to the agency under this section, the term "adverse incident" means:
(a) An event over which facility personnel could exercise control and which is associated in whole or in part with the facility's intervention, rather than the condition for which such intervention occurred, and which results in one of the following:
1. Death;
2. Brain or spinal damage;
3. Permanent disfigurement;
4. Fracture or dislocation of bones or joints;
5. A limitation of neurological, physical, or sensory function;
6. Any condition that required medical attention to which the resident has not given his or her informed consent, including failure to honor advanced directives;
7. Any condition that required the transfer of the resident, within or outside the facility, to a unit providing a more acute level of care due to the adverse incident, rather than the resident's condition prior to the adverse incident; or
8. An event that is reported to law enforcement or its personnel for investigation; or
(b) Resident elopement, if the elopement places the resident at risk of harm or injury.

**Interpretive Guideline**

If surveyor identifies an adverse incident, which the facility failed to determine to meet adverse incident criteria, direct the facility to send the report immediately to AHCA Central Office for final determination.
