400.902 Definitions.-As used in this part, the term:

- (1) "Prescribed pediatric extended care center," hereinafter referred to as a "PPEC center," means any building or buildings, or other place, whether operated for profit or not, which undertakes through its ownership or management to provide basic nonresidential services to three or more medically dependent or technologically dependent children who are not related to the owner or operator by blood, marriage, or adoption and who require such services. Infants and children considered for admission to a PPEC center must have complex medical conditions that require continual care. Prerequisites for admission are a prescription from the child's attending physician and consent of a parent or guardian.
- (2) "Agency" means the Agency for Health Care Administration.
- (3) "Basic services" includes, but is not limited to,

development, implementation, and monitoring of a comprehensive protocol of care, developed in conjunction with the parent or guardian, which specifies the medical, nursing, psychosocial, and developmental therapies required by the medically dependent or technologically dependent child served as well as the caregiver training needs of the child's legal guardian.

(4) "Owner or operator" means a licensee.

(5) "Medical records" means medical records maintained in accordance with accepted professional standards and practices as specified in the rules implementing this part.

(6) "Medically dependent or technologically dependent child" means a child who because of a medical condition requires continuous therapeutic interventions or skilled nursing supervision which must be prescribed by a licensed physician and administered by, or under the direct supervision of, a licensed registered nurse.

(7) "Supportive services or contracted services" include, but are not limited to, speech therapy, occupational therapy, physical therapy, social work, developmental, child life, and psychological services.

ST - Q0100 - License Required

Title License Required

Type Rule

400.905(1); 59A-13.004(3)

Regulation Definition

400.905, FS

(1) In addition to the requirements of part II of chapter 408, separate licenses are required for PPEC centers maintained on separate premises, even though they are operated under the same management. Separate licenses are not required for separate buildings on the same grounds.

action plan, is a separate violation for each day such failure continues, unless the agency approves an extension to a specific date.

ST - Q0195 - Closing a PPEC Center

Title Closing a PPEC Center

Type Rule

400.912, F.S.

Regulation Definition

Whenever a PPEC center voluntarily discontinues operation, it shall, at least 30 days before the discontinuance of operation, inform each child's legal guardian of the fact and the proposed time of such discontinuance.

Interpretive Guideline

If a center notifies the agency of closure verify each child's legal guardian received notification of the closure.

ST - Q0200 - Admission Criteria

Title Admission Criteria

Type Rule

59A-13.007(4)

Regulation Definition

- (4) Each child admitted for service to a PPEC center must meet at least the following criteria:
- (a) Infants and children considered for admission to the PPEC center will be those who are medically or technologically dependent.
 - (b) The infants and children must not, prior to admission, present significant risk of infection to other children or personnel. The medical and nursing directors must review, on a case-by-case basis, any child with a suspected infectious disease to determine appropriateness of admission.
 - (c) The child must be medically stabilized, require skilled

Interpretive Guideline

- Verify during record review that each child admit meets the admission criteria.
- Are parents or guardians included in the admission process?

nursing care, or other interventions, and be appropriate for outpatient care.

(d) If the child meets the preceding criteria, the medical or nursing director of the PPEC center must implement a preadmission plan which delineates services to be provided and appropriate sources for such services.

1. If the child is hospitalized at the time of referral, pre-admission planning will include the parents or guardians, relevant hospital medical, nursing, social services and developmental staff to assure that the hospital discharge plans will be implemented upon admission to the PPEC center.
2. A consent form outlining the purpose of a PPEC center, family responsibilities, authorized treatment and appropriate liability release, and emergency disposition plans must be signed by the parents or guardians and witnessed prior to admission to the PPEC center. The parents or guardians must be provided a copy of the consent form. A copy of the signed consent form must be maintained in the child's medical record. Confidentiality of the PPEC records must be maintained in accordance with applicable state and federal laws.

ST - Q0210 - License Procedure - Census

Title License Procedure - Census

Type Rule

59A-13.004(4)

Regulation Definition

Licensees must not operate a PPEC center with a census greater than the number of children indicated on the face of the license.

Interpretive Guideline

Verify the posting of the center license and the capacity.

59A-13.014

Regulation Definition

- (1) A medical record must be developed at the time of admission, must be maintained for each child, signed by authorized personnel and contain at least the following:
- (a) A medical plan of treatment and a nursing protocol of care.
 - (b) All details of the referral, admission, correspondence and papers concerning the child.
 - (c) Physician orders.
 - (d) Flow chart of medications and treatments administered.
 - (e) Concise, accurate information and initialed case notes reflecting progress toward achievement of care goals or reasons for lack of progress.
 - (f) Documentation of nutritional management and special

Interpretive Guideline

During sampled record reviews verify the medical records on each child include the required elements.

Interview staff if unable to locate required information in the medical records.

diets, as appropriate.

(g) Documentation of physical, occupational, speech and other special therapies.

(2) The individualized nursing care protocol must be developed within ten (10) working days of admission. The protocol must be reviewed monthly and revised quarterly, and include any recommendations and revisions to the plan based on consultation with other professionals involved in the child's care.

(3) Medical history, including allergies and special precautions.

(4) Immunization record.

(5) A discharge order written by the primary physician will be documented and entered in the child's record. A discharge summary, which includes the reason for discharge, will also be included.

ST - Q0510 - Quality Assurance Comm - QA Program

Title Quality Assurance Comm - QA Program

Type Rule

59A-13.015

Regulation Definition

All PPEC centers must have a quality assurance program and must conduct quarterly reviews of the PPEC center's medical records for at least half of the children served by the PPEC center at the time of the quality assurance review. The quarterly review sample must be randomly selected so each child served at the center has an equal opportunity to be included in the review.

Interpretive Guideline

Interview the center administrator to determine the centers quality assurance program. Verify the two staff who conduct the quarterly reviews.

Regulation Definition

- (3) Each quarterly quality assurance review must include:
- (a) A review of the goals in each child's nursing protocol.
 - (b) A review of the steps, process, and success in achieving the goals.
 - (c) Identification of goals not being achieved as expected, reasons for lack of achievement and plans to promote goal achievement.
 - (d) Evidence that the protocol has been revised to accommodate the findings of the quality assurance report will be forwarded to the quality assurance committee within then (10) calendar days of receipt of the quality assurance committee report.
 - (e) Implementation of revisions to the protocol must be documented in the child's record.

Interpretive Guideline

Verify the reviews include the required elements. Interview staff to verify.

ST - Q0560 - Infection Control - Isolation

Title Infection Control - Isolation

Type Rule

59A-13.020(1-3)

Regulation Definition

Infection control requirements must include at least the following:

- (1) The PPEC center must have an isolation room with one (1) large glass area for observation of the child.
- (2) Isolation procedures must be used to prevent cross-infections.
- (3) All cribs and beds must be labeled with the individual child's name. Linens must be removed from the crib for laundering purposes only.

Interpretive Guideline

During observations verify if the center has an isolation room and the room meets the requirements.

Are linens labeled?

ST - Q0570 - Infection Control - Measures

Title Infection Control - Measures

Type Rule

59A-13.020(4-6)

Regulation Definition

Infection control requirements must include at least the following:

- (4) Bed linens must be changed when soiled and as necessary, but not less than twice weekly.
- (5) Antimicrobial soap and disposable paper towels must be at each sink.
- (6) Staff must wash their hands after direct contact with each child, using appropriate hand washing techniques to prevent the spread of infection from one child to another.

Interpretive Guideline

Observe for infection control practices in the center.
