ST - Q0510 - Quality Assurance Comm - QA Program

Title  Quality Assurance Comm - QA Program
Type  Rule

59A-13.015

Regulation Definition
All PPEC centers must have a quality assurance program and must conduct quarterly reviews of the PPEC center's medical records for at least half of the children served by the PPEC center at the time of the quality assurance review. The quarterly review sample must be randomly selected so each child served at the center has an equal opportunity to be included in the review.

Interpretive Guideline
Interview the center administrator to determine the centers quality assurance program. Verify the two staff who conduct the quarterly reviews.

ST - Q0560 - Infection Control - Isolation

Title  Infection Control - Isolation  
Type  Rule  

59A-13.020(1-3)

**Regulation Definition**
Infection control requirements must include at least the following:
(1) The PPEC center must have an isolation room with one (1) large glass area for observation of the child.
(2) Isolation procedures must be used to prevent cross-infections.
(3) All cribs and beds must be labeled with the individual child's name. Linens must be removed from the crib for laundering purposes only.

ST - Q0570 - Infection Control - Measures

Title  Infection Control - Measures  
Type  Rule  

59A-13.020(4-6)

**Regulation Definition**
Infection control requirements must include at least the following:
(4) Bed linens must be changed when soiled and as necessary, but not less than twice weekly.
(5) Antimicrobial soap and disposable paper towels must be at each sink.
(6) Staff must wash their hands after direct contact with each child, using appropriate hand washing techniques to prevent the spread of infection from one child to another.

**Interpretive Guideline**
Observe for infection control practices in the center.

**Custom Help**
Infection control requirements must include at least the following:

(7) Children suspected of having a communicable disease, which may be transmitted through casual contact, as determined by the center’s medical director, must be isolated; the parents or guardians must be notified of the condition; and the child must be removed from the PPEC center as soon as possible. When the communicable disease is no longer present, as evidenced by a written physician's statement, the child may return to the PPEC center.

(8) PPEC center staff members suspected of having a communicable disease must not return to the PPEC center until the signs and symptoms related to the communicable disease are no longer present, as evidenced by a written physician's statement.
