must act only within the scope of their State licenses, certifications, or registrations. All personnel qualifications must be kept current at all times.

FED - M0102 - PERSONNEL QUALIFICATION

Title PERSONNEL QUALIFICATION

Type Standard

CFR 485.904(b)

Regulation Definition

Personnel qualifications for certain disciplines. The following qualifications must be met:

Interpretive Guideline

FED - M0103 - ADMINISTRATOR OF A CMHC

Title ADMINISTRATOR OF A CMHC

Type Element

CFR 485.904(b)(1)

Regulation Definition

Administrator of a CMHC. A CMHC employee who meets the education and experience requirements established by the CMHC's governing body for that position and who is responsible for the day-to-day operation of the CMHC.

Interpretive Guideline

There must be evidence that the CMHC Governing Body established education and experience requirements for the Administrator as well as responsibilities associated with day-to-day operations of the CMHC and ensures that the Administrator meets such qualifications. There must also be evidence of the Administrator's involvement in the day-to-day operations of the CMHC.

Examples of evidence could include:

1. Involvement of the Administrator in personnel actions,
2. Involvement of the Administrator in documentation of adverse events and the review and approval of responses to adverse events, and

3. Involvement of Administrator in establishment of organizational policies and procedures.

FED - M0104 - CLINICAL PSYCHOLOGIST

Title CLINICAL PSYCHOLOGIST

Type Element

CFR 485.904(b)(2)

Regulation Definition

Clinical psychologist. An individual who meets the qualifications at 410.71(d) of this chapter.

Interpretive Guideline

Per §410.71 (d) a clinical psychologist must meet the following qualifications:

- (1) Holds a doctoral degree in psychology; and
- (2) Is licensed or certified, on the basis of the doctoral degree in psychology, by the State in which he or she practices, at the independent practice level of psychology to furnish diagnostic, assessment, preventive, and therapeutic services directly to individuals."

FED - M0105 - CLINICAL SOCIAL WORKER

Title CLINICAL SOCIAL WORKER

Type Element

CFR 485.904(b)(3)

Regulation Definition

Clinical social worker. An individual who meets the qualifications at section 410.73 (a) of this chapter.

Interpretive Guideline

Per §410.73 (a) a clinical social worker must:

- (1) Possesses a master's or doctor's degree in social work;
- (2) After obtaining the degree, has performed at least 2 years of supervised clinical social work; and
- (3) Either is licensed or certified as a clinical social worker by the State in which the services are performed or, in the case of an individual in a State that does not provide for licensure or certification as a clinical social worker-
 - (i) Is licensed or certified at the highest level of practice provided by the laws of the State in which the services are

Agency for Health Care Administration
ASPEN: Regulation Set (RS)

Printed 08/04/2020

Page 4 of 98

performed;
and

(ii) Has completed at least 2 years or 3,000 hours of post master's degree supervised clinical social work practice under the supervision of a master's degree level social worker in an appropriate setting such as a hospital, SNF, or clinic.

FED - M0106 - SOCIAL WORKER

Title SOCIAL WORKER

Type Element

CFR 485.904(b)(4)

Regulation Definition

Social Worker. An individual who--

- (i) Has a baccalaureate degree in social work from an institution accredited by the Council on Social Work Education, or a baccalaureate degree in psychology or sociology, and is supervised by a clinical social worker, as described in paragraph (b)(3) of this section; and
- (ii) Has 1 year of social work experience in a psychiatric healthcare setting.

Interpretive Guideline

If a facility chooses to also employ a social worker with a Bachelor's degree in social work, psychology, or sociology, there must be evidence that the services of the social worker are provided under the supervision of a clinical social worker with an MSW or a doctoral degree in social work from a school of social work accredited by the Council on Social Work Education. The MSW supervisor role is that of an active advisor, consulting with the BSW on assessing the needs of clients, developing and updating the social work portion of the active treatment plan, and delivering care to clients. The supervision may occur over the telephone, through electronic communication, or any combination thereof.

FED - M0107 - MENTAL HEALTH COUNSELOR

Title MENTAL HEALTH COUNSELOR

Type Element

CFR 485.904(b)(5)

Regulation Definition

Mental health counselor. A professional counselor who is certified and/or licensed by the State in which he or she practices and has the skills and knowledge to provide a range

Interpretive Guideline

of behavioral health services to clients. The mental health counselor conducts assessments and provides services in areas such as psychotherapy, substance abuse, crisis management, psycho-education, and prevention programs.

FED - M0108 - OCCUPATIONAL THERAPIST

Title OCCUPATIONAL THERAPIST

Type Element

CFR 485.904(b)(6)

Regulation Definition

Occupational therapist. A person who meets the requirements for the definition of occupational therapist at section 484.4 of this chapter.

Interpretive Guideline

Per §484.4 an Occupational Therapist:

- (a)(1) Is licensed or otherwise regulated, if applicable, as an occupational therapist by the State in which practicing, unless licensure does not apply;
 - (2) Graduated after successful completion of an occupational therapist education program accredited by the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association, Inc. (AOTA), or successor organizations of ACOTE; and
 - (3) Is eligible to take, or has successfully completed the entry-level certification examination for occupational therapists developed and administered by the National Board for Certification in Occupational Therapy, Inc. (NBCOT).
-
- (b) On or before December 31, 2009-
 - (1) Is licensed or otherwise regulated, if applicable, as an occupational therapist by the State in which practicing; or
 - (2) When licensure or other regulation does not apply-
 - (i) Graduated after successful completion of an occupational therapist education program accredited by the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association, Inc. (AOTA) or successor organizations of ACOTE; and
 - (ii) Is eligible to take, or has successfully completed the entry-level certification examination for occupational therapists developed and administered by the National Board for Certification in Occupational Therapy, Inc., (NBCOT).
 - (c) On or before January 1, 2008-
 - (1) Graduated after successful completion of an occupational therapy program accredited jointly by the committee

on Allied Health Education and Accreditation of the American Medical Association and the American Occupational Therapy Association; or

(2) Is eligible for the National Registration Examination of the American Occupational Therapy Association or the National Board for Certification in Occupational Therapy.

(d) On or before December 31, 1977-

(1) Had 2 years of appropriate experience as an occupational therapist; and

(2) Had achieved a satisfactory grade on an occupational therapist proficiency examination conducted, approved, or sponsored by the U.S. Public Health Service.

(e) If educated outside the United States, must meet all of the following:

(1) Graduated after successful completion of an occupational therapist education program accredited as substantially equivalent to occupational therapist entry level education in the United States by one of the following:

(i) The Accreditation Council for Occupational Therapy Education (ACOTE).

(ii) Successor organizations of ACOTE.

(iii) The World Federation of Occupational Therapists.

(iv) A credentialing body approved by the American Occupational Therapy Association.

(2) Successfully completed the entry level certification examination for occupational therapists developed and administered by the National Board for Certification in Occupational Therapy, Inc. (NBCOT).

(3) On or before December 31, 2009, is licensed or otherwise regulated, if applicable, as an occupational therapist by the State in which practicing.

FED - M0109 - PHYSICIAN

Title PHYSICIAN

Type Element

CFR 485.904(b)(7)

Regulation Definition

Physician. An individual who meets the qualifications and conditions as defined in section 1861(r) of the Act and provides the services at section 410.20 of this chapter and has experience providing mental health services to clients.

Interpretive Guideline

Agency for Health Care Administration
ASPEN: Regulation Set (RS)

FED - M0110 - PHYSICIAN ASSISTANT

Title PHYSICIAN ASSISTANT

Type Element

CFR 485.904(b)(8)

Regulation Definition

Physician assistant. An individual who meets the qualifications and conditions as defined in section 1861(s)(2)(K)(i) of the act and provides the services, in accordance with State law, at 410.74 of this chapter.

Interpretive Guideline

Physician assistants must meet all of the following qualifications:

- (1) Have graduated from a physician assistant educational program that is accredited by the Commission on Accreditation of Allied Health Education Programs; or
- (2) Have passed the national certification examination that is administered by the National Commission on Certification of Physician Assistants; and
- (3) Be licensed by the State to practice as a physician assistant.

1861(s)(2)(K)(i) of the Act and §410.74 establish the condition that a physician assistant performs the services under the general supervision of a physician (The supervising physician need not be physically present when the physician assistant is performing the services unless required by State law; however, the supervising physician must be immediately available to the physician assistant for consultation.)

FED - M0111 - ADVANCED PRACTICE NURSE

Title ADVANCED PRACTICE NURSE

Type Element

CFR 485.904(b)(9)

Regulation Definition

Advanced practice nurse. An individual who meets the following qualifications:

- (i) Is a nurse practitioner who meets the qualifications at Sec. 410.75 of this chapter; or
- (ii) Is a clinical nurse specialist who meets the qualifications at

Interpretive Guideline

Each nurse practitioner must meet all of the qualifications as stated from §410.75 (b):

(b)Qualifications. For Medicare Part B coverage of his or her services, a nurse practitioner must be a registered professional nurse who is authorized by the State in which the services are furnished to practice as a nurse practitioner in accordance with State law, and must meet one of the following:

**Agency for Health Care Administration

Printed 08/04/2020

Page 8 of 98

Aspen Federal Regulation Set: M 2.00 COMMUNITY MENTAL HEALTH CENTER

Sec. 410.76 of this chapter.

- (1) Obtained Medicare billing privileges as a nurse practitioner for the first time on or after January 1, 2003, and meets the following requirements:
 - (i) Be certified as a nurse practitioner by a recognized national certifying body that has established standards for nurse practitioners. (ii) Possess a master's degree in nursing or a Doctor of Nursing Practice (DNP) doctoral degree.
- (2) Obtained Medicare billing privileges as a nurse practitioner for the first time before January 1, 2003, and meets the standards in paragraph (b)(1)(i) of this section.
- (3) Obtained Medicare billing privileges as a nurse practitioner for the first time before January 1, 2001.

Each clinical nurse specialist meets all of the qualifications as stated from §410.76 (b):

- (b) Qualifications. For Medicare Part B coverage of his or her services, a clinical nurse specialist must-
- (1) Be a registered nurse who is currently licensed to practice in the State where he or she practices and be authorized to perform the services of a clinical nurse specialist in accordance with State law;
 - (2) Have a master's degree in a defined clinical area of nursing from an accredited educational institution or a Doctor of Nursing Practice (DNP) doctoral degree; and
 - (3) Be certified as a clinical nurse specialist by a national certifying body that has established standards for clinical nurse specialists and that is approved by the Secretary.

FED - M0112 - PSYCHIATRIC REGISTERED NURSE

Title PSYCHIATRIC REGISTERED NURSE

Type Element

CFR 485.904(b)(10)

Regulation Definition

Psychiatric registered nurse. A registered nurse, who is a graduate of an approved school of professional nursing, is licensed as a registered nurse by the State in which he or she is practicing, and has at least 1 year of education and/or training in psychiatric nursing.

Interpretive Guideline

Education and/or training should be completed post RN degree.

Regulation Definition

Notice of rights and responsibilities.

Interpretive Guideline

FED - M0122 - NOTICE OF RIGHTS AND RESPONSIBILITIES

Title NOTICE OF RIGHTS AND RESPONSIBILITIES

Type Element

CFR 485.910(a)(1)

Regulation Definition

During the initial evaluation, the CMHC must provide the client and the client's representative (if appropriate) or surrogate with verbal and written notice of the client's rights and responsibilities. The verbal notice must be in a language and manner that the client's representative or surrogate understands. Written notice must be understandable to persons who have limited English proficiency.

Interpretive Guideline

Surveyors must see evidence clients have been informed of their rights both verbally and in writing at the time of the initial evaluation.

Review records and interview staff to examine how the CMHC communicates information about client rights to patients with diverse backgrounds, including clients who need assistive devices or translation services. Verify that:

1. At the time of initial evaluation the facility gave the client (and/or representative or guardian) a copy of the client's rights and that the rights include, at a minimum, those listed at §485.910(b) and §485.910(c),
2. The Center documents if the client (and/or representative or guardian) understood their rights, and
3. The client (and/or representative or guardian) signed the copy of their written notification of rights.

During interviews with clients, ask about their knowledge of their rights. Can the client, representative or guardian describe in their own words their understanding of the client's rights through interview and/or documentation?

FED - M0123 - CMHC POLICIES ON FILING A GRIEVANCE

**Agency for Health Care Administration
ASPEN: Regulation Set (RS)**

Printed 08/04/2020

Page 11 of 98

Aspen Federal Regulation Set: M 2.00 COMMUNITY MENTAL HEALTH CENTER

Regulation Definition

During the initial evaluation, the CMHC must inform and distribute written information to the client concerning its policies on filing a grievance.

Interpretive Guideline

During record review and interviews, verify that the facility distributed written information to clients and informed them of the policy on filing a grievance as evidenced by client signature at time of initial evaluation.

FED - M0124 - NOTICE OF RIGHTS AND RESPONSIBILITIES

Title NOTICE OF RIGHTS AND RESPONSIBILITIES

Type Element

CFR 485.910(a)(3)

Regulation Definition

The CMHC must obtain the client's and /or the client representative's signature confirming that he or she has received a copy of the notice of rights and responsibilities.

Interpretive Guideline

There must be evidence in the client record of a signed copy of notice of rights and responsibilities which is distributed by the CMHC at time of admission.

FED - M0125 - EXERCISE OF RIGHTS

Title EXERCISE OF RIGHTS

Type Standard

CFR 485.910(b)

Regulation Definition

Exercise of rights and respect for property and person.
(1) The client has the right to-

Title EXERCISE OF RIGHTS

Type Element

CFR 485.910(b)(1)(i)

Regulation Definition

Interpretive Guideline

[The client has the right to]

Exercise his or her rights as a client of the CMHC.

FED - M0127 - CLIENT'S PROPERTY TREATED WITH RESPECT

Title CLIENT'S PROPERTY TREATED WITH RESPECT

Type Element

CFR 485.910(b)(1)(ii)

Regulation Definition

Interpretive Guideline

[The client has the right to]

Have his or her property and person treated with respect.

Note staff tone of voice towards clients, staff body language, and the privacy afforded to clients. Personal property includes, but is not limited to, bags, coats, cell phones and purses.

FED - M0128 - RIGHT TO A GRIEVANCE PROCESS

Title RIGHT TO A GRIEVANCE PROCESS

Type Element

CFR 485.910(b)(1)(iii)

Regulation Definition

Interpretive Guideline

[The client has the right to]

Review the facility's grievance process. Verify that the facility's grievance process is posted in an area accessible to

Agency for Health Care Administration
ASPEN: Regulation Set (RS)

Printed 08/04/2020

Page 13 of 98

Aspen Federal Regulation Set: M 2.00 COMMUNITY MENTAL HEALTH CENTER

Voice grievances and understand the CMHC grievance process; including but not limited to grievances regarding mistreatment and treatment or care that is (or fails to be) finished.

clients. During the client and/or guardian interviews confirm their understanding of the process for filing a grievance. Based upon information received during observations and interviews, request documentation of the facility actions taken, including corrective actions, as a result of any grievance. Confirm that the facility's grievance procedures are followed.

FED - M0129 - NOT BE SUBJECTED TO DISCRIMINATION

Title NOT BE SUBJECTED TO DISCRIMINATION

Type Element

CFR 485.910(b)(1)(iv)

Regulation Definition

[The client has the right to]

Not be subjected to discrimination or reprisal for exercising his or her rights.

Interpretive Guideline

Acts of discrimination and/or reprisal may result in negative repercussions to the treatment progress of the client.

Examples of acts of discrimination or reprisal by the staff can include the use of intimidation, denial of appropriate services, retaliation, or neglect specifically occurring after a client files a grievance.

FED - M0132 - CLIENT ADJUDGED INCOMPETENT UNDER STATE LAW

Title CLIENT ADJUDGED INCOMPETENT UNDER STATE LAW

Type Element

CFR 485.910(b)(2)

Regulation Definition

If a client has been adjudged incompetent under State law by a court or proper jurisdiction, the rights of the client are exercised by the person appointed in accordance with State law to act on the client's behalf.

Interpretive Guideline

If the record indicates there is legal guardianship, verify that the legal guardian has been informed of the client's rights. There should be evidence in the record that the facility provides sufficient information to enable the guardian to be actively involved in the exercise of the rights. Evidence of a guardian being actively involved may include such activities as participation in treatment decision making, filing grievances if indicated and serving as an advocate for client personal property and care planning needs.

Be involved in developing his or her active treatment plan. the treatment plan established.

FED - M0138 - RIGHT TO REFUSE CARE OR TREATMENT

Title RIGHT TO REFUSE CARE OR TREATMENT

Type Element

CFR 485.910(c)(2)

Regulation Definition

[The client has the right to]

Refuse care or treatment.

Interpretive Guideline

Clients have the right to refuse therapies or activities. If they do refuse, then the facility has a responsibility to discuss the rationale for refusal with the client and/or representative and make an effort to keep the client engaged in treatment. If those discussions do not result in the resumption of participation by the client, other considerations such as modifications to the treatment plan, changes in staff working with the client or review of medication compliance should be considered.

FED - M0139 - RIGHT TO CONFIDENTIAL CLINICAL RECORD

Title RIGHT TO CONFIDENTIAL CLINICAL RECORD

Type Element

CFR 485.910(c)(3)

Regulation Definition

[The client has the right to]

Have a confidential clinical record. Access to or release of client information and the clinical record client information is permitted only in accordance with 45 CFR parts 160 and 164.

Interpretive Guideline

The facility stores all medical records (current and closed) in a secure manner so that only authorized persons may access the records. For facilities using an electronic medical record system there must be established procedures to ensure the safeguard of all electronic information including persons authorized to access the database.

The release of patient medical record information occurs only in accordance with the requirements of the Health Insurance Portability and Accountability Act (HIPAA). If the State has additional or more restrictive laws governing medical record access the facility must also comply with these requirements.

Aspen Federal Regulation Set: M 2.00 COMMUNITY MENTAL HEALTH CENTER

FED - M0140 - RIGHT TO BE FREE FROM MISTREATMENT, NEGLECT,

Title RIGHT TO BE FREE FROM MISTREATMENT, NEGLECT,

Type Element

CFR 485.910(c)(4)

Regulation Definition

[The client has the right to]

Be free from mistreatment, neglect, or verbal, mental, sexual, and physical abuse, including injuries of unknown source, and misappropriation of client property.

Interpretive Guideline

The facility must proactively ensure that clients are free from any threat to their physical and/or psychological health and safety.

Abuse for the purposes of this guidance, is considered the willful infliction of injury, unreasonable confinement, intimidation, punishment resulting in physical harm, mental anguish, or exploitation.

Neglect means failure to provide goods and services necessary to avoid physical harm, mental anguish or mental illness or otherwise disregard for a client. In cases of client to client aggression the facility must implement a higher level of observation and monitoring to prevent such aggression. A failure to identify the need for heightened observation resulting in clients being victimized or injured represents neglect on the part of the facility.

Physical abuse refers to any intentional physical motion or action, (e.g., hitting, slapping, punching, kicking, pinching, etc.) causing pain, trauma or bodily harm. It includes the use of corporal punishment as well as the use of any restrictive, intrusive procedure to control inappropriate behavior for purposes of punishment.

Verbal abuse refers to any use of insulting, demeaning, disrespectful, oral, written or gestured language which could cause emotional trauma for the client. This includes derogatory terms to describe persons with disabilities.

Psychological abuse includes, but is not limited to, humiliation, harassment, and threats of punishment or deprivation, sexual coercion and intimidation.

Sexual abuse includes any incident where a client is coerced or manipulated to participate in any sexual activity for which the client did not give permission (or gave permission without the attendant understanding required to give permission) or sexual assault against a client who is unable to defend himself/herself. The clients in a CMHC may be more vulnerable to sexual abuse and exploitation due to their current psychological condition and/or possible history of abuse and/or neglect.

Agency for Health Care Administration
ASPEN: Regulation Set (RS)

Printed 08/04/2020

Page 17 of 98

Aspen Federal Regulation Set: M 2.00 COMMUNITY MENTAL HEALTH CENTER

An injury should be classified as in "injury of unknown source" and reported to the facility Administrator immediately when both of the following conditions are met:

1. The source of the injury was not observed by any person or the source of the injury could not be explained by the client; and
2. The injury is suspicious because of the extent of the injury or the location of the injury (e.g., the injury is located in an area not generally vulnerable to trauma) or the number of injuries observed at one particular point in time or the incidence of injuries over time.

Misappropriation of client property is taking client's property without their permission. Unless it is contraindicated by the treatment plan, determine if there is a secured area for clients to keep their belongings during treatment.

Mistreatment includes abuse, theft of client property, frequent use of intrusive behavioral management programs, and a lack of staff training or inadequate staffing levels that restrict client treatment progress.

FED - M0141 - RIGHT TO INFORMATION ABOUT SERVICES

Title RIGHT TO INFORMATION ABOUT SERVICES

Type Element

CFR 485.910(c)(5)

Regulation Definition

[The client has the right to]

Receive information about specific limitations on services that he or she will be furnished.

Interpretive Guideline

At the time of admission the facility provides the prospective client and/or his/her representative with a list (either written or verbally) of the services provided by the facility. This is done to ensure that the client/representative understands what services are available to enable them to make an informed decision regarding admission to the facility. Documentation that this information was provided and the patient was allowed an opportunity to ask questions may be found in the admission progress notes, initial intake or other admission documents.

FED - M0142 - RIGHT TO NOT BE COMPELLED TO PERFORM SERVICES

Title RIGHT TO NOT BE COMPELLED TO PERFORM SERVICES

Type Element

CFR 485.910(c)(6)

Regulation Definition

Not be compelled to perform services for the CMHC, and to be compensated by the CMHC for any work performed for the CMHC at prevailing wages and commensurate with the client's abilities.

Interpretive Guideline

Clients must not be coerced or pressured into providing services for the CMHC (e.g., required against their will to perform janitorial services, cooking, or repairs). If clients are performing services for the CMHC, there must be documentation or other evidence that the client (in agreement by the representative) must be paid the prevailing wage for the same type of service by a person doing the same work in the general community. It is acceptable for the facility to reimburse the client at a pro-rated basis according to established standards for productivity.

FED - M0146 - ADDRESSING VIOLATION OF CLIENT RIGHTS

Title ADDRESSING VIOLATION OF CLIENT RIGHTS

Type Standard

CFR 485.910(d)

Regulation Definition

Addressing violations of client rights. The CMHC must adhere to the following requirements:

Interpretive Guideline

FED - M0147 - VIOLATION OF CLIENT RIGHTS

Title VIOLATION OF CLIENT RIGHTS

Type Element

CFR 485.910(d)(1)

Agency for Health Care Administration
ASPEN: Regulation Set (RS)

Printed 08/04/2020

Page 19 of 98

Aspen Federal Regulation Set: M 2.00 COMMUNITY MENTAL HEALTH CENTER

Regulation Definition

Ensure that all alleged violations involving mistreatment, neglect, or verbal, mental, sexual, and physical abuse, including injuries of unknown, and misappropriation of client property by anyone, including those furnishing services on behalf of the CMHC, are reported immediately to the CMHC's administrator by CMHC employees, volunteers and contracted staff.

Interpretive Guideline

For the purposes of this regulation, "immediately" means in the absence of extenuating circumstances there should be no delay between staff awareness of the occurrence and reporting to the Administrator or other officials in accordance with State law as well as for the CMHC to investigate all alleged violations.

Extenuating circumstances may include securing the situation and/or removing other clients from harm. These would be the only reasons to delay in reporting or investigating.

For those adverse events identified as abuse, neglect, or mistreatment, facility documentation should include, at a minimum, the following:

1. Date adverse event occurred;
2. Time adverse event occurred;
3. Time reported to Administrator;
4. The person(s) involved;
5. The location of the adverse event;
6. Any physical and/or emotional injuries to client;
7. Description of the event including any witness statements; and
8. The outcome of the investigation.

The facility policies and procedures should detail who (either by name or title) will be acting in the Administrator's absence, if an adverse event occurs when the Administrator is not on duty (vacation, holiday, etc.). The person(s) acting as Administrator in his/her absence must have the authority to immediately investigate allegations and take whatever corrective action is necessary to assure client health/safety.

In instances where the Administrator of the facility may be involved in an adverse event of neglect, mistreatment, or verbal, mental, sexual and physical abuse, and/or misappropriation of client property, the staff should follow the facility policy for reporting to the appropriate person above the level of the Administrator. The facility should have a written policy that directs the staff in these situations

Aspen Federal Regulation Set: M 2.00 COMMUNITY MENTAL HEALTH CENTER

FED - M0148 - VIOLATION INVESTIGATION

Title VIOLATION INVESTIGATION

Type Element

CFR 485.910(d)(2)

Regulation Definition

Immediately investigate all alleged violations involving anyone furnishing services on behalf of the CMHC and immediately take action to prevent further potential violations while the alleged violation is being verified. Investigations and documentation of all alleged violations must be conducted in accordance with procedures established by the CMHC.

Interpretive Guideline

The facility must have policies and procedures for the identification, reporting, investigation and resolution of alleged violations.

Verify that as soon as the facility was made aware of an alleged incident, it began the process of an investigation and took measures to ensure client safety throughout the investigation. Documentation should include evidence of:

1. The immediate action taken by the Administrator upon receipt of the report to include actions to protect the alleged victim
of the violation;
2. The Administrator's plan for an investigation;
3. Evidence that the process follows the facility policy for investigation.

FED - M0149 - CORRECTIVE ACTION FOR CLIENT RIGHT VIOLATION

Title CORRECTIVE ACTION FOR CLIENT RIGHT VIOLATION

Type Element

CFR 485.910(d)(3)

Regulation Definition

Take appropriate corrective action in accordance with State law if the alleged violation is investigated by the CMHC's administration or verified by an outside entity having jurisdiction, such as the State survey and certification agency

Interpretive Guideline

The facility implements appropriate corrective action following the verification of any allegation of a violation of a client right. All corrective actions are designed to prevent the recurrence of any such violations. The facility may not implement any corrective action plan that is inconsistent with State law. Example: The use of video cameras, with the acknowledgement and permission of clients and or their representatives may still be prohibited by State law.

Title RIGHT TO BE FREE FROM PHYSICAL/MENTAL ABUSE

Type Element

CFR 485.910(e)(1)

**Agency for Health Care Administration
ASPEN: Regulation Set (RS)**

Printed 08/04/2020

Page 22 of 98

Aspen Federal Regulation Set: M 2.00 COMMUNITY MENTAL HEALTH CENTER

Regulation Definition

All clients have the right to be free from physical or mental abuse, and corporal punishment. All clients have the right to be free from restraint or seclusion, of any form, imposed as a means of coercion, discipline, convenience, or retaliation by staff. Restraint or seclusion, defined in §485.902, may only be imposed to ensure the immediate physical safety of the client, staff, or other individuals.

Interpretive Guideline

Restraint and seclusion should only be used in very rare instances where documentation clearly supports that a client continued to escalate to the point where no less restrictive interventions could prevent them from hurting themselves or others. Restraint and seclusion are used only in life-threatening situations that requires transfer of the client to a hospital.

Generally, coercion is forcing a person to behave in an involuntary manner by use of threats or intimidation (physical or psychological). For purposes of this regulation, coercion is the threat of the use of restraint or seclusion in order to force the client to do something they do not want to do.

The use of a time out methodology, a technique for removing a client from positive reinforcement, does not constitute restraint or seclusion. In these instances the client is offered the opportunity to withdraw from the immediate stimulation in order to regain self-control. The client is not required to go to a particular location nor are they prevented from leaving the alternate location.

FED - M0153 - ORDER FOR USE OF RESTRAINT OR SECLUSION

Title ORDER FOR USE OF RESTRAINT OR SECLUSION

Type Element

CFR 485.910(e)(2)

Regulation Definition

The use of restraint or seclusion must be in accordance with the written order of a physician or other licensed independent practitioner who is authorized to order restraint and seclusion in accordance with State law and must not exceed one 1-hour duration per order.

Interpretive Guideline

The duration of any single restraint or seclusion order may only be for a maximum period of one hour. If necessary, the physician may issue an additional one hour order to cover the time required for transportation to arrive. Verify through record review that the call for client transportation to a hospital was made immediately following receipt of the physician's order for restraint or seclusion.

Page 23 of 98

Aspen Federal Regulation Set: M 2.00 COMMUNITY MENTAL HEALTH CENTER

FED - M0154 - ORDER FOR IMMEDIATE TRANSFER TO A HOSPITAL

Title ORDER FOR IMMEDIATE TRANSFER TO A HOSPITAL

Type Element

CFR 485.910(e)(3)

Regulation Definition

The CMHC must obtain a corresponding order for the client's immediate transfer to a hospital when restraint or seclusion is ordered.

Interpretive Guideline

Clinical standards of practice would generally indicate that all client transfers from a CMHC to an emergency room would include a transfer note summarizing the current treatment regimen, including all current medications and any PRN medications that were given prior to the transfer to the emergency room. This means that the CMHC is arranging transportation from the CMHC to the hospital emergency department, the CMHC would need to provide current client treatment information in the transfer note.

FED - M0155 - RESTRAINT/SECLUSION NEVER AS STANDING ORDER

Title RESTRAINT/SECLUSION NEVER AS STANDING ORDER

Type Element

CFR 485.910(e)(4)

Regulation Definition

Orders for the use of restraint or seclusion must never be written as a standing order or on an as-needed basis.

Interpretive Guideline

The individual program plan may include precedents that would indicate the need to contact the physician for restraint/seclusion orders. However, the plan may not include any use of restraints or seclusion as part of the client's program on a routine basis.

FED - M0156 - IMMEDIATE THREAT TO PHYSICAL SAFETY OF SELF

**Agency for Health Care Administration
ASPEN: Regulation Set (RS)**

Printed 08/04/2020

Page 24 of 98

Aspen Federal Regulation Set: M 2.00 COMMUNITY MENTAL HEALTH CENTER

Regulation Definition

When a client becomes an immediate threat to the physical safety of himself or herself, staff or other individuals, the CMHC must adhere to the following requirements:

Interpretive Guideline

FED - M0159 - LESS RESTRICTIVE INTERVENTIONS INEFFECTIVE

Title LESS RESTRICTIVE INTERVENTIONS INEFFECTIVE

Type Element

CFR 485.910(e)(5)(i)

Regulation Definition

(i) Restraint or seclusion may only be used when less restrictive interventions have been determined to be ineffective to protect the client or other individuals from harm.

Interpretive Guideline

Determine whether the facility has a policy on the use of restraint and seclusion and that this policy includes a description of the tiered intervention measure(s) (least to most restrictive) utilized prior to initiating the application of restraint or seclusion.

FED - M0160 - LEAST RESTRICTIVE INTERVENTION EFFECTIVE

Title LEAST RESTRICTIVE INTERVENTION EFFECTIVE

Type Element

CFR 485.910(e)(5)(ii)

Regulation Definition

The type or technique of restraint or seclusion used must be the least restrictive intervention that will be effective to protect the client or other individuals from harm.

Interpretive Guideline

There must be evidence in the client medical record of any restraint/seclusion event. The documentation of the restraint/seclusion episode verifies that the type or technique of restraint is in consideration of and in proportion to the physical attributes of the client (ex: size), age, physical limitations/disabilities or past psychological trauma.

Title USE OF RESTRAINT OR SECLUSION

Type Element

CFR 485.910(e)(5)(iii)

Regulation Definition

The use of restraint or seclusion must be implemented in accordance with safe and appropriate restraint and seclusion techniques as determined by State law.

Interpretive Guideline

FED - M0162 - MONITORING DURING RESTRAINT OR SECLUSION

Title MONITORING DURING RESTRAINT OR SECLUSION

Type Element

CFR 485.910(e)(5)(iv)

Regulation Definition

The condition of the client who is restrained or secluded must be continuously monitored by a physician or by trained staff who have completed the training criteria specified in paragraph (f) of this section.

Interpretive Guideline

Continuous monitoring means that a physician or a trained CMHC staff member maintains direct visualization of the client at all times that restraint or seclusion are in place. The use of video monitoring from a distance does not suffice for direct monitoring by the staff.

Monitoring at a minimum includes:

1. Checking for signs of physical distress (vital signs, respiratory concerns, nausea, sweating, tremors, skin color changes, complaints of pain);
2. Checking for signs of psychological distress (crying, disorientation, hallucinations); and
3. Checking for thoughts or plans of harm to self or others if released from restraint or seclusion.

Aspen Federal Regulation Set: M 2.00 COMMUNITY MENTAL HEALTH CENTER

FED - M0170 - TRAINING INTERVALS

Title TRAINING INTERVALS

Type Element

CFR 485.910(f)(1)

Regulation Definition

Training intervals. In facilities where restraint and seclusion are permitted, all appropriate client care staff working in the CMHC must be trained and able to demonstrate competency in the application of restraints, implementation of seclusion, monitoring, assessment, and providing care for a client in restraint or seclusion and use of alternative methods to restraint and seclusion. In facilities where restraint and seclusion are not permitted, appropriate client care staff working in the CMHC must be trained in the use of alternative methods to restraint and seclusion.

Training will occur as follows:

Interpretive Guideline

In order to verify that staff have "demonstrated competency," each of the above training sessions must include a hands-on portion. "Appropriate staff" would be considered all staff who, because of their roles working directly with the client, may be involved with the application or monitoring of seclusion or restraint or conducting observations of a client in restraint or seclusion.

Verify through training records that all appropriate staff have successfully completed the hands-on portion of the seclusion and restraint training curriculum (application, implementation, monitoring, assessment, and providing care) as well as any written or oral examination as required by Center policy.

If there are any issues or concerns regarding the timing, content or post training evaluations of the restraint/seclusion training identified during the course of the survey, request the facility policy for restraint and seclusion training to ensure that the training is provided consistent with the policy.

Interpretive Guideline

FED - M0175 - TECHNIQUES TO IDENTIFY STAFF&CLIENT BEHAVIOR

Title TECHNIQUES TO IDENTIFY STAFF&CLIENT BEHAVIOR

Type Element

CFR 485.910(f)(2)(i)

Regulation Definition

Techniques to identify staff and client behaviors, events, and environmental factors that may trigger circumstances that could require the use of restraint or seclusion.

Interpretive Guideline

The training should include (not all inclusive):

1. How the individual treatment plans/evaluations may provide information on what staff behaviors, events or environmental factors may be triggers for clients;
2. How informal communications among staff and/or with clients may serve as triggers;
3. How participation on the treatment team can help effectively identify/communicate specific triggers for the clients.

FED - M0176 - THE USE OF NONPHYSICAL INTERVENTION SKILLS

Title THE USE OF NONPHYSICAL INTERVENTION SKILLS

Type Element

CFR 485.910(f)(2)(ii)

Regulation Definition

The use of nonphysical intervention skills.

Interpretive Guideline

Look for evidence of staff training for nonphysical interventions such as effective verbal and non-verbal de-escalation techniques. Nonphysical intervention techniques will vary from client to client depending on their clinical

seclusion used in the CMHC, including training in how to recognize and respond to signs or physical and psychological distress.

restraints or seclusion for accidental harm due to medical and/or behavioral conditions. Members of the treatment team should share their knowledge of a client's physical and/or behavioral limitations with direct care staff.

There must be evidence, through documentation and interviews, that the staff training addresses recognition of general signs of physical and psychological distress.

Examples of psychological distress include:

1. Crying;
2. Verbal escalation;
3. Increase or introduction of curse words; and
4. Non-logical word association or verbal expression;

FED - M0179 - CLINICAL IDENTIFICATION OF SPECIFIC BEHAVIOR

Title CLINICAL IDENTIFICATION OF SPECIFIC BEHAVIOR

Type Element

CFR 485.910(f)(2)(v)

Regulation Definition

In facilities where restraint and seclusion are permitted, clinical identification of specific behavioral changes that indicate that restraint or seclusion is no longer necessary.

Interpretive Guideline

There must be evidence through documentation and interviews that staff training included the skills required for staff to recognize signs that the restraint or seclusion episode may be safely discontinued such as the client has regained control of their emotions, control of their cognitive capacity and/or control of their physical behavior. Staff involved in a restraint or seclusion episode should have experience working with the client in order to recognize the signs that the client has gained enough control of their mental and physical faculties to safely discontinue the intervention.

Interpretive Guideline

[The initial evaluation, at a minimum, must include the following:]

(vi) For partial hospitalization services only, include an explanation as to why the client would be at risk for hospitalization if the partial hospitalization services were not provided.

FED - M0203 - APPROPRIATE MEMBERS OF EACH CLIENT'S IDT

Title APPROPRIATE MEMBERS OF EACH CLIENT'S IDT

Type Element

CFR 485.914(b)(3)

Regulation Definition

Interpretive Guideline

Based on the findings of the initial evaluation, the CMHC must determine the appropriate members of each client's interdisciplinary treatment team.

The members of each interdisciplinary team are determined by the areas of individual client needs identified during the evaluation. For example, a client whose evaluation identified a psychosocial need indicates the need for a social worker to be on the team; a finding that a client requires ongoing psychological assessment would indicate the need for a psychologist to be on the team.

later than 4 working days after admission to the CMHC.

FED - M0207 - COMPREHENSIVE ASSESSMENT

Title COMPREHENSIVE ASSESSMENT

Type Element

CFR 485.914(c)(3)

Regulation Definition

The comprehensive assessment must identify the physical, psychological, psychosocial, emotional, therapeutic, and other needs related to the client's psychiatric illness. The CMHC's interdisciplinary treatment team must ensure that the active treatment plan is consistent with the findings of the comprehensive assessment.

Interpretive Guideline

All clinical needs identified by the comprehensive assessment should be reflected in the treatment plan. The team may prioritize the needs but should at a minimum develop a plan to address each need.

FED - M0208 - COMPREHENSIVE ASSESSMENT

Title COMPREHENSIVE ASSESSMENT

Type Element

Regulation Definition

The reasons for the admission.

Interpretive Guideline

The comprehensive assessment may determine the reason for admission from a wide range of sources: referrals of clients who have been discharged from a hospital or referred by a medical or psychiatric professional; initial assessment; and/or admission documents.

FED - M0210 - COMPREHENSIVE ASSESSMENT

Title COMPREHENSIVE ASSESSMENT

Type Element

CFR 485.914(c)(4)(ii)

Regulation Definition

A psychiatric evaluation, completed by a psychiatrist, non-physician practitioner or psychologist practicing within the scope of State licensure that includes their medical history and severity of symptoms. Information may be gathered from the client's primary health care provider (if any), contingent upon the client's consent.

Interpretive Guideline

In those instances where the client's medical issues impact the treatment plan, the facility may need to contact the client's primary health care provider for information. In order to do so the client must consent to the exchange of information. Admission consents signed by the client may cover these exchanges or separate consents may be obtained.

FED - M0211 - COMPREHENSIVE ASSESSMENT

Title COMPREHENSIVE ASSESSMENT

Type Element

CFR 485.914(c)(4)(iii)

Regulation Definition

Information concerning previous and current mental status; including but not limited to, previous therapeutic interventions and hospitalizations.

Interpretive Guideline

The current mental status would state the level of alertness or confusion the client exhibits and may be stated broadly as alert and oriented or may be stated generally as confused, etc. It is important for the treatment team at the CMHC to have an understanding of the history of all previous and current psychiatric treatment interventions and/or hospitalizations, to support the development of a clinically accurate person-centered active treatment plan.

FED - M0212 - COMPREHENSIVE ASSESSMENT

Title COMPREHENSIVE ASSESSMENT

Type Element

CFR 485.914(c)(4)(iv)

Regulation Definition

Information regarding the onset of symptoms of the illness and circumstances leading to the admission.

Interpretive Guideline

The assessment will include details of both past and present psychiatric symptoms as they relate to dates and/or age of onset, periods of remission and relapse. There may be information about circumstances in the client's life at the time of symptom onset and/or absence. Other information that should be taken into consideration as a potential contributing factor is the existence of co-morbid diagnoses as well as substance abuse/dependence.

FED - M0213 - COMPREHENSIVE ASSESSMENT

Title COMPREHENSIVE ASSESSMENT

Type Element

CFR 485.914(c)(4)(v)

Regulation Definition

A description of attitudes and behaviors, including cultural and environmental factors that may affect the client's treatment plan.

Interpretive Guideline

A description of attitudes may include observations of body language, verbal aggression, refusal to speak, intimidating demeanor and intimidating posturing, etc. A description may also include any ethnic, minority or general cultural attributes that could have a potential impact on living with a mental illness.

Page 47 of 98

Aspen Federal Regulation Set: M 2.00 COMMUNITY MENTAL HEALTH CENTER

Regulation Definition

An assessment of intellectual functioning, memory functioning, and orientation.

Interpretive Guideline

Testing for intellectual functioning requires the use of a standardized test instrument which assesses the client's IQ and/or the client's cognitive ability or function (ex: mathematics, logical reasoning, decision making, etc.)

The comprehensive assessment evaluates the client's short and long term memory and is usually done through questions presented by the tester. The documentation of their memory capability should include the method of testing and the basis for the client's assigned capacity.

Orientation is determined by evaluation of the level of awareness the client has for person, place, time and situation. The assessment could be completed by a Mini-Mental Status Examination and/or a complete neuropsychological examination. The same test procedure (to determine orientation) should be used on all subsequent orientation tests for the client.

FED - M0215 - COMPREHENSIVE ASSESSMENT

Title COMPREHENSIVE ASSESSMENT

Type Element

CFR 485.914(c)(4)(vii)

Regulation Definition

Complications and risk factors that may affect the care planning.

Interpretive Guideline

Complications and risk factors impact the way the treatment plan is developed, monitored and revised. Examples of complications/risks include:

1. Lack of resources for a stable home environment;
2. The client lives alone;
3. The client has trouble finding transportation to the CMHC;
4. The client is weak or has no social and healthcare support system;
5. Multiple medication interactions;
6. The circumstances that triggered an initial suicide attempt have not changed;

Update of the comprehensive assessment.

Interpretive Guideline

FED - M0224 - UPDATE OF THE COMPREHENSIVE ASSESSMENT

Title UPDATE OF THE COMPREHENSIVE ASSESSMENT

Type Element

CFR 485.914(d)(1)

Regulation Definition

The CMHC must update the comprehensive assessment via the CMHC interdisciplinary treatment team, in consultation with the client's primary health care provider (if any), when changes in the client's status, responses to treatment, or goal achievement have occurred and in accordance with current standards of practice.

Interpretive Guideline

A change in a "client's status", which can be frequent, includes any change in health, social, or medical conditions which may affect the client's response to therapy.

There should be some indication in the client's record at the time of each comprehensive assessment that the facility made an attempt to contact the primary physician (if any) for an update of the plan. This contact may be via a telephone call or in writing by mail. The contact seeks input from the primary physician.

FED - M0239 - COORDINATION OF CARE AND TREATMENT

Title COORDINATION OF CARE AND TREATMENT

Type Element

CFR 485.916(a)(2)

Regulation Definition

Based on the findings of the comprehensive assessment, the CMHC must determine the appropriate licensed mental health professional, who is a member of the client's interdisciplinary treatment team, to coordinate care and treatment decisions with each client, to ensure that each client's needs are assessed and to ensure that the active treatment plan is implemented as indicated.

Interpretive Guideline

There should be documentation in the client's medical record, specifically in either the comprehensive assessment or treatment plan, which indicates the specific licensed mental health professional team member that has been assigned the role of providing treatment plan coordination. While CMHCs are not required to provide services directly which are not associated with the admitting diagnosis and the scope of the services provided by the CMHC, they are expected to make appropriate and timely referrals for such services.

FED - M0240 - COMPOSITION OF THE INTERDISCIPLINARY TX TEAM

Title COMPOSITION OF THE INTERDISCIPLINARY TX TEAM

Type Element

CFR 485.916(a)(3)

Regulation Definition

The interdisciplinary treatment team may include:

- (i) A doctor of medicine, osteopathy or psychiatry (who is an employee of or under contract with the CMHC).
- (ii) A psychiatric registered nurse.
- (iii) A clinical social worker.
- (iv) A clinical psychologist.
- (v) An occupational therapist.
- (vi) Other licensed mental health professionals, as necessary.
- (vii) Other CMHC staff or volunteers, as necessary.

Interpretive Guideline

The interdisciplinary treatment team membership must be based on the client's assessed needs. The CMHC should be able to demonstrate a relationship between the client's needs identified in the client's comprehensive assessment and active treatment plan and the members serving on the interdisciplinary team. There is no minimum number of members on the team.

FED - M0242 - RESPONSIBILITY OF INTERDISCIPLINARY TX. TEAM

Title RESPONSIBILITY OF INTERDISCIPLINARY TX. TEAM

Type Element

CFR 485.916(a)(4)

Regulation Definition

If the CMHC has more than one interdisciplinary team, it must designate the treatment team responsible for establishing policies and procedures governing the coordination of services and the day-to-day provision of CMHC care and services

Interpretive Guideline

One of the CMHC interdisciplinary teams is designated to develop policies and procedures on team member coordination, team member communication and expectations for the supervision of active treatment services provided by CMHC staff. These policies and procedures are periodically (usually yearly) reviewed and revised as needed by the team.

FED - M0244 - PERSON-CENTERED ACTIVE TREATMENT PLAN

Title PERSON-CENTERED ACTIVE TREATMENT PLAN

Type Standard

CFR 485.916(b)

Regulation Definition

All CMHC care and services furnished to clients must be consistent with an individualized, written, active treatment plan that is established by the CMHC interdisciplinary treatment team, the client, the client's primary care giver(s), in accordance with the client's recovery goals and preferences, within 7 working days of admission to the CMHC. The CMHC must ensure that each client and the client's caregiver(s), as applicable, receive education and training provided by the CMHC that are consistent with the client's and caregiver's responsibilities as identified in the active treatment plan.

Interpretive Guideline

The client's medical record includes documentation that the interdisciplinary treatment team, the client, and his/her primary care giver(s) (such as family or guardian) collaborated in the development of the treatment plan. The client and/or primary care giver(s) must be invited to be a part of the treatment planning team. If it is not possible to receive input from the client or primary care giver(s) prior to or during the planning meeting the team must discuss the plan with them and receive their concurrence. If the client or primary care giver(s) does not respond to requests for concurrence, the team proceeds with the plan and documents all attempts to receive concurrence.

There should be documentation in the client's medical record that the facility met face to face, by phone or other electronic medium with the client and caregiver(s), as applicable, to discuss their role in the client's care, and that the client and caregiver(s) accepted, agreed, and understood their role in implementing the active treatment plan. If the client or caregiver(s) does not agree to participate in the development of the treatment plan, there should be documentation of attempts by the CMHC to encourage participation.

FED - M0255 - REVIEW OF THE PERSON CENTERED ACTIVE TX PLAN

Title REVIEW OF THE PERSON CENTERED ACTIVE TX PLAN

Type Standard

CFR 485.916(d)

Regulation Definition

Review of the person-centered active treatment plan. The CMHC's interdisciplinary treatment team must review, revise, and document the individualized active treatment plan as frequently as the client's condition requires, but no less frequently than every 30 calendar days.

A revised active treatment plan must include information from the client's initial evaluation and comprehensive assessments, the client's progress toward outcomes and goals specified in the active treatment plan, and changes in the client's goals.

The CMHC must also meet partial hospitalization program requirements specified under §424.24 (e) of this chapter if such services are included in the active treatment plan.

Interpretive Guideline

The IDT is proactive in developing each client's active treatment plan by identifying any anticipated client changes and needs as the client progresses. Changes to the plan should reflect client preferences within the context of what is the most appropriate plan for the client. The treatment goals and plan overall must be reviewed and updated as frequently as the clients condition requires but no less than every 30 calendar days. When a goal is resolved, it should be updated in the treatment plan as complete/achieved. Documentation is also entered in the progress notes at the time of review in order to reflect what progress a client has or has not made in treatment.

Provides for ongoing sharing of information with other health care providers including the primary healthcare provider furnishing services to a client for conditions unrelated to the psychiatric condition for which the client has been admitted, and non-medical supports addressing environmental factors such as housing and employment.

Interpretive Guideline

FED - M0265 - QUALITY ASSESSMENT & PERFORM. IMPROVEMENT

Title QUALITY ASSESSMENT & PERFORM. IMPROVEMENT

Type Condition

CFR 485.917

Regulation Definition

Condition of Participation: Quality assessment and performance improvement.

The CMHC must develop, implement, and maintain an effective, ongoing, CMHC-wide data-driven quality assessment and performance improvement program (QAPI).

Interpretive Guideline

The condition requires each CMHC to develop its own QAPI program to meet its needs. The methods used by the CMHC for self-assessment are flexible and may include a review of current documentation (e.g., review of clinical records, incident reports, complaints, client satisfaction surveys, etc.); client care direct observation of clinical performance; and operating systems and interviews with clients and/or staff.

The following elements may be considered within the QAPI plan however it is structured:

Agency for Health Care Administration
ASPEN: Regulation Set (RS)

Printed 08/04/2020

Page 68 of 98

Aspen Federal Regulation Set: M 2.00 COMMUNITY MENTAL HEALTH CENTER

The CMHC's governing body must ensure that the program: reflects the complexity of its organization and services; involves all CMHC services (including those services furnished under contract or arrangement); focuses on indicators related to improved behavioral health or other healthcare outcomes; and takes actions to demonstrate improvement in CMHC performance. The CMHC must maintain documentary evidence of its quality assessment and performance improvement program and be able to demonstrate its operation to CMS.

1. Program objectives;
2. All client care disciplines;
3. Description of how the program will be administered and coordinated;
4. Methodology for monitoring and evaluating the quality care;
5. Priorities for resolution of problems;
6. Monitoring to determine effectiveness of action;
7. Oversight responsibility reports to governing body; and
8. Documentation of the review of its own QAPI program.

Evaluate the QAPI program for its CMHC-wide effectiveness on the quality of care provided and activities that impact upon client health and safety. The organized CMHC- wide QAPI program must be ongoing and have a written plan of implementation.

Opportunities to improve care should be applied on a CMHC-wide basis, when appropriate. The CMHC takes and documents remedial action when problems are identified and evaluated the outcome of these actions. The results must be transmitted to the governing body to fulfill its responsibility to ensure an effective QAPI program .

QAPI is a process of continual assessment of a CMHC's performance with implementation of solutions, assessment of the effectiveness of the solutions, and evaluations to determine how additional improvements can be made. The QAPI program fosters the continual striving of improvement of the delivery of care and services provided by a CMHC. Performance improvement fosters a "blame-free" environment and encourages CMHCs to evaluate the operating systems and processes in the agency instead of fixing one problem at a time.

Regulation Definition

Program scope.

Interpretive Guideline

FED - M0270 - MEASUREMENT & TRACKING OF QUALITY INDICATOR

Title MEASUREMENT & TRACKING OF QUALITY INDICATOR

Type Element

CFR 485.917(a)(1)

Regulation Definition

The CMHC program must be able to demonstrate measurable improvement in indicators related to improving behavioral health outcomes and CMHC services.

Interpretive Guideline

The CMHC QAPI plan includes specific indicators regarding behavioral health outcomes. Examples of these outcome indicators include but are not limited to:

1. Readmission to hospitals;
2. Reports of medication non- compliance;
3. Suicide attempts;
4. Number of emergency room visits;
5. Rate of chemical dependency relapse; or
6. Trends in lack of attendance at treatment modalities.

The CMHC establishes a baseline measure for each of its indicators and measures improvement/decline for each indicator over a period of time set in CMHC policy as approved by the governing body. The QAPI data must indicate an overall improvement for each of its established indicators. The CMHC QAPI policy and procedures must address what actions are necessary if there is no improvement or if there is a decline for an individual indicator.

FED - M0271 - MEASURE, TRACK, & ANALYZE QAPI

Title MEASURE, TRACK, & ANALYZE QAPI

Type Element

CFR 485.917(a)(2)

Regulation Definition

The CMHC must measure, analyze, and track quality indicators, adverse client events, including the use of restraint and seclusion, and other aspects of performance that enable the CMHC to assess processes of care, the CMHC services, and operations.

Interpretive Guideline

The review of the QAPI data verifies that the CMHC develops the individual indicators of their particular QAPI plan and these indicators address all facility programs and services. Indicators should be measurable to enable the CMHC to demonstrate, through the use of objective data, that improvements have or have not taken place in: actual care outcomes; processes of care; client satisfaction levels; CMHC operations; or other performance indicators.

CMHCs must collect and analyze client care and administrative quality data generated by the medical and professional/technical staffs and use that data to identify, prioritize, implement, and evaluate performance improvement projects to improve the quality of services furnished to CMHC clients.

CMHCs are required to assess quality in all areas of operations that might be adversely affecting patient care or CMHC services. There is a specific requirement for CMHCs to track adverse events (as they are defined in CMHC policy), including the use of restraint and seclusion, and reduce their occurrence where possible.

In order to assess compliance with the QAPI requirements and to determine the adequacy and appropriateness of a CMHC's QAPI program, there must be evidence of the following:

1. The CMHC's QAPI plan identifies individual indicators reflective of program services;
2. Summary analysis reports are submitted to the Governing Body;
3. The names of the individuals responsible for the QAPI program;
4. The QAPI program has been implemented and is functioning including evidence of:
 - a. Any regular QAPI committee meeting minutes;
 - b. Investigation and analysis of all sentinel and adverse events;

**Agency for Health Care Administration
ASPEN: Regulation Set (RS)**

Printed 08/04/2020

Page 71 of 98

Aspen Federal Regulation Set: M 2.00 COMMUNITY MENTAL HEALTH CENTER

- c. Recommendations/implementation for systemic change to prevent recurrence of sentinel or adverse events;
- d. Identified performance measures that are tracked and analyzed; and
- e. Sufficient resources available to implement the CMHC's QAPI program.

FED - M0273 - PROGRAM DATA

Title PROGRAM DATA

Type Standard

CFR 485.917(b)

Regulation Definition

Program data.

Interpretive Guideline

FED - M0274 - USE OF QUALITY INDICATOR DATA

Title USE OF QUALITY INDICATOR DATA

Type Element

CFR 485.917(b)(1)

Regulation Definition

The program must use quality indicator data, including client care, and other relevant data, in the design of its program.

Interpretive Guideline

Program data, used for the facility QAPI program, comes from many sources. The specific data to be collected are defined by the facility QAPI plan. Examples include:

1. Client Non-Compliance with Treatments;
2. Type and Frequency of Specific Adverse Events Such as Suicide Rates; and
3. Client Admissions/Readmissions to an inpatient psychiatric facility.

The impact of the facility's program may be assessed by looking at data gathered and compared at different points in

Agency for Health Care Administration
ASPEN: Regulation Set (RS)

Printed 08/04/2020

Page 72 of 98

Aspen Federal Regulation Set: M 2.00 COMMUNITY MENTAL HEALTH CENTER

time, and actions taken based on that comparison. The CMHC analyzes the QAPI data periodically (based on CMHC policy and procedure) and uses the analysis to evaluate the effectiveness of its program.

FED - M0275 - USE OF QUALITY INDICATOR DATA

Title USE OF QUALITY INDICATOR DATA

Type Element

CFR 485.917(b)(2)

Regulation Definition

The CMHC must use the data collected to do the following:

Interpretive Guideline

Whatever data collection measures the CMHC chooses to utilize as part of their QAPI program to assess quality must be monitored regularly so that opportunities for improvement can be identified and promptly implemented.

FED - M0276 - USE OF QUALITY INDICATOR DATA

FED - M0285 - PERFORMANCE IMPROVEMENT ACTIVITIES

Title PERFORMANCE IMPROVEMENT ACTIVITIES

Type Element

CFR 485.917(c)(2)

Regulation Definition

Interpretive Guideline

Performance improvement activities must track adverse client events, analyze their causes, and implement preventive actions and mechanism that include feedback and learning throughout the CMHC.

In general, an adverse event would be an untoward, undesirable, and usually unanticipated event that causes death or serious injury, or the risk thereof to a client. The CMHC maintains documentation of identification, tracking and analysis of all adverse events. The CMHC must implement preventive actions to avoid a recurrence of an adverse event and document the employee(s) responsible for implementation, tracking of the implementation and analyze the

Agency for Health Care Administration

Agency for Health Care Administration
ASPEN: Regulation Set (RS)

Printed 08/04/2020

Page 76 of 98

Aspen Federal Regulation Set: M 2.00 COMMUNITY MENTAL HEALTH CENTER

Regulation Definition

The number and scope of distinct performance improvement projects conducted annually, based on the needs of CMHC's population and internal organizational needs, must reflect the scope, complexity, and past performance of the CMHC's services and operations.

Interpretive Guideline

The CMHC identifies a performance issue from sources such as adverse events tracking documents, reports from staff and/or clients, complaints from clients or families, and feedback from affiliated programs or organizations.

There is no requirement for CMHCs to conduct a specific number of performance improvement projects. The CMHC should select the number and topics of projects based on the results of their internal quality monitoring and other quality information outcomes, such as the results of State surveys.

When determining the number and scope of performance improvement programs to be conducted in a year, the CMHC should consider its past performance of services and operations. Performance improvement projects must be documented in written form and include the elements outlined in this standard.

FED - M0293 - DOCUMENTATION OF PERFORM. IMPROV'T PROJECT

Title DOCUMENTATION OF PERFORM. IMPROV'T PROJECT

Type Element

CFR 485.917(d)(2)

Regulation Definition

The CMHC must document what performance improvement projects are being conducted, the reasons for conducting these projects, and the measurable progress achieved on these projects.

Interpretive Guideline

The reasons for selecting a particular performance improvement project should be based upon data and analysis of that data. The development of each performance improvement project includes the establishment of an appropriate measurement and evaluation methodology that will be used to document and track the projects progress. Performance improvement projects are evaluated on an ongoing basis throughout the life of the project in order to redirect the project if needed.

Regulation Definition

The CMHC's governing body must appoint an administrator who reports to the governing body and is responsible for the day-to-day operation of the CMHC. The administrator must be a CMHC employee and meet the education and experience requirements established by the CMHC's governing body.

Interpretive Guideline

The administrator is an employee, not a contractor, who is issued a W-2 by the CMHC. There must evidence that the CMHC Governing Body establishes education and experience requirements for the Administrator and ensures the Administrator meets the qualifications; establishes the responsibilities associated with day-to-day operations of the CMHC and ensures that the Administrator meets such responsibilities. There must be evidence of the Administrator involvement in the day-to-day operations of the CMHC.

Examples of evidence could include:

1. Involvement of the Administrator in personnel actions,
2. Involvement of the Administrator in the review and approval of documentation about adverse events, and
3. Involvement of the Administrator in establishment of organizational policies and procedures.

from the pharmacy, storage of medication and administration of non-self-administered medication), to be available.

FED - M0326 - PROVISION OF SERVICE

Title PROVISION OF SERVICE

Type Element

CFR 485.918(b)(1)(xiv)

Regulation Definition

Provides client training and education as related to the individual's care and active treatment.

Interpretive Guideline

Training and education may be interchangeable terms in the CMHC. Some clients may require structured training such as formal vocational rehabilitation assignments or training on safe and appropriate community integration such as the correct way to budget or accomplish independent living skills.

Educational services, consistent with the individualized treatment plan, may include activities such as providing diagnosis specific training around symptoms, medication compliance, and the connection between physical and mental health, community resource education specific to the individual psychiatric needs, family dynamics and relationships.

Interpretive Guideline

FED - M0338 - STAFF TRAINING

Title STAFF TRAINING

Type Element

CFR 485.918(d)(1)

Regulation Definition

A CMHC must provide education about CMHC care and services, and person-centered care to all employees, volunteers, and staff under contract who have contact with clients and their families.

Interpretive Guideline

The facility has a structured training program for all staff including contract staff which begins with orientation and continues throughout the employment or contract. The training topics are both general as related to the client population and specific to particular roles as indicated.

Request a copy of the CMHC's policy and procedure regarding the education of staff, volunteers and contract staff on providing person centered care.

Staff training includes but is not limited to the following:

1. How to complete appropriate documentation of a client's participation in the treatment program;

2. Understanding the staff and client responsibilities associated with the individual treatment plan;
3. Understanding the facility training policies and procedures;
4. Understanding of the different types of treatment interventions and expected outcomes; and
5. An understanding of psychiatric disorders based on the staff role and responsibilities.

Training components include a successful competency evaluation by all staff, employees, volunteers and those under contract.

FED - M0339 - STAFF TRAINING

Title STAFF TRAINING

Type Element

CFR 485.918(d)(2)

Regulation Definition

A CMHC must provide an initial orientation for each individual furnishing services that addresses the specific duties of his or her job.

Interpretive Guideline

Initial orientation should match and address responsibilities associated with each staff member's position/role in the CMHC. Staff qualifications will determine what service interventions and/or service milieu duties they will be responsible for providing to clients. Clinical or licensed clinical staff will typically be involved in providing direct clinical services such as individual therapy, group therapy, 24 hour crisis services and development and/or involvement with a client's treatment plan.

There must be evidence that the CMHC has policies for providing an initial orientation to each individual furnishing services which addresses specific duties of his/her job.

Page 92 of 98

Aspen Federal Regulation Set: M 2.00 COMMUNITY MENTAL HEALTH CENTER

Regulation Definition

A CMHC must assess the skills and competence of all individuals furnishing care and, as necessary, provide in-service training and education programs where indicated. The CMHC must have written policies and procedures describing its method(s) of assessing competency and must maintain a written description of the in-service training provided during the previous 12 months.

Interpretive Guideline

Verify through record review and interview that the facility is following its own policy for providing this initial orientation.

Request a copy of the facility's policy and procedure on assessing staff skills and competency. Verify the policy includes what indicates additional in-service training and/or education programs are necessary.

Request a copy of the written description used for in-service training in the last 12 months.

Regulation Definition

Building. The CMHC services must be provided in a location that meets Federal, State, and local health and safety standards and State health care occupancy regulations.

Interpretive Guideline

The CMHC must maintain and have available all safety and occupancy inspection certificates, such as a Fire Marshall inspection.

FED - M0348 - INFECTION CONTROL

Title INFECTION CONTROL

Type Element

CFR 485.918(e)(3)

Regulation Definition

There must be policies, procedures, and monitoring for the prevention, control, and investigation of infection and communicable diseases with the goal of avoiding sources and transmission of infection.

Interpretive Guideline

A CMHC's infection control program must provide for the prevention, control, and investigation of infection and communicable diseases. This includes policies, procedures, and monitoring activities. There should be evidence that the program is active as evidenced by availability of meeting minutes, staff training and/or reporting to CMHC leadership.

The CMHC's policies and procedures are consistent with nationally accepted infection control standards of practice, as established by the Center for Disease Control and Prevention for prevention, control and investigation of infection and communicable disease.

Regulation Definition

Provide services as defined in section 410.2 of this chapter.

Interpretive Guideline

The services as defined in § 410.2 are:

- (1) Provides outpatient services, including specialized outpatient services for children, the elderly, individuals who are chronically mentally ill, and residents of its mental health service area who have been discharged from inpatient treatment at a mental health facility;
- (2) Provides 24-hour-a-day emergency care services;
- (3) Provides day treatment or other partial hospitalization services, or psychosocial rehabilitation services;
- (4) Provides screening for patients being considered for admission to State mental health facilities to determine the appropriateness of this admission;
- (5) Meets applicable licensing or certification requirements for CMHCs in the State in which it is located; and
- (6) Provides at least 40 percent of its services to individuals who are not eligible for benefits under title XVIII of the Social Security Act.

FED - M0356 - PARTIAL HOSPITALIZATION SERVICES

Title PARTIAL HOSPITALIZATION SERVICES

Type Element

CFR 485.918(f)(2)

Regulation Definition

Provide the services and meet the requirements specified in §410.43 of this chapter.

Interpretive Guideline

The services specified in § 410.43(a) are:

- (a) Partial hospitalization services are services that-
 - (1) Are reasonable and necessary for the diagnosis or active treatment of the individual's condition;
 - (2) Are reasonably expected to improve or maintain the individual's condition and functional level and to prevent relapse or hospitalization;
 - (3) Are furnished in accordance with a physician certification and plan of care as specified under § 424.24(e) of this chapter; and
 - (4) Include any of the following:
 - (i) Individual and group therapy with physicians or psychologists or other mental health professionals to the extent authorized under State law.
 - (ii) Occupational therapy requiring the skills of a qualified occupational therapist, provided by an occupational therapist, or under appropriate supervision of a qualified occupational therapist by an occupational therapy assistant

Agency for Health Care Administration

as specified in part 484 of this chapter.

- (iii) Services of social workers, trained psychiatric nurses, and other staff trained to work with psychiatric patients.
- (iv) Drugs and biologicals furnished for therapeutic purposes, subject to the limitations specified in § 410.29.
- (v) Individualized activity therapies that are not primarily recreational or diversionary.
- (vi) Family counseling, the primary purpose of which is treatment of the individual's condition.
- (vii) Patient training and education, to the extent the training and educational activities are closely and clearly related to the individual's care and treatment.
- (viii) Diagnostic services.

The requirements specified in § 410.43(c) are:

- (c) Partial hospitalization programs are intended for patients who-
 - (1) Require a minimum of 20 hours per week of therapeutic services as evidenced in their plan of care;
 - (2) Are likely to benefit from a coordinated program of services and require more than isolated sessions of outpatient treatment;
 - (3) Do not require 24-hour care;
 - (4) Have an adequate support system while not actively engaged in the program;
 - (5) Have a mental health diagnosis;
 - (6) Are not judged to be dangerous to self or others; and
 - (7) Have the cognitive and emotional ability to participate in the active treatment process and can tolerate the intensity of the partial hospitalization program.

FED - M0357 - PARTIAL HOSPITALIZATION SERVICES

Title PARTIAL HOSPITALIZATION SERVICES

Type Element

CFR 485.918(f)(3)

Regulation Definition

Meet the requirements for coverage as described in §410.110 of this chapter.

Interpretive Guideline

Requirements for coverage as described in § 410.110 are:

- Medicare part B covers partial hospitalization services furnished by or under arrangements made by a CMHC if they are provided by a CMHC as defined in § 410.2 that has in effect a provider agreement under part 489 of this chapter and if the services are-
- (a) Prescribed by a physician and furnished under the general supervision of a physician;

Agency for Health Care Administration
ASPEN: Regulation Set (RS)

Printed 08/04/2020

Page 97 of 98

- (b) Subject to certification by a physician in accordance with § 424.24(e)(1) of this subchapter; and
- (c) Furnished under a plan of treatment that meets the requirements of § 424.24(e)(2) of this subchapter.

FED - M0358 - PARTIAL HOSPITALIZATION SERVICES

Title PARTIAL HOSPITALIZATION SERVICES

Type Element

CFR 485.918(f)(4)

Regulation Definition

Meet the content of certification and plan of treatment requirements as described in section 424.24 (e) of this chapter.

Interpretive Guideline

The content of certification and plan of treatment requirements as described in §424.24 are:

(e) Partial hospitalization services: Content of certification and plan of treatment requirements-(1) Content of certification.

- (i) The individual would require inpatient psychiatric care if the partial hospitalization services were not provided.
- (ii) The services are or were furnished while the individual was under the care of a physician.
- (iii) The services were furnished under a written plan of treatment that meets the requirements of paragraph (e)(2) of this section.

(2) Plan of treatment requirements.

(i) The plan is an individualized plan that is established and is periodically reviewed by a physician in consultation with appropriate staff participating in the program, and that sets forth-

- (A) The physician's diagnosis;
- (B) The type, amount, duration, and frequency of the services; and
- (C) The treatment goals under the plan.

(ii) The physician determines the frequency and duration of the services taking into account accepted norms of medical practice and a reasonable expectation of improvement in the patient's condition.

(3) Recertification requirements-(i) Signature. The physician recertification must be signed by a physician who is treating the patient and has knowledge of the patient's response to treatment.

(ii) Timing. The first recertification is required as of the 18th day of partial hospitalization services. Subsequent recertifications are required at intervals established by the provider, but no less frequently than every 30 days.

(iii) Content. The recertification must specify that the patient would otherwise require inpatient psychiatric care in the absence of continued stay in the partial hospitalization program and describe the following:

- (A) The patient's response to the therapeutic interventions provided by the partial hospitalization program.
- (B) The patient's psychiatric symptoms that continue to place the patient at risk of hospitalization.
- (C) Treatment goals for coordination of services to facilitate discharge from the partial hospitalization program.
