I. THE VENDOR HEREBY AGREES:

A. General Provisions

1. To provide services according to the terms and conditions set forth in this Contract, Attachment I, Scope of Services, Attachment II, Core Contract Provisions and all other attachments named herein which are attached hereto and incorporated by reference (collectively referred to herein as the “Contract”).

3. To recognize that the State of Florida, by virtue of its sovereignty, is not required to pay any taxes on the services or goods purchased under the terms of this Contract.

2. To assure that these records shall be subject at all reasonable times to inspection, review, or audit by state personnel and other personnel duly authorized by the Agency, as well as by federal personnel.

3. To maintain and file with the Agency such progress, fiscal and inventory reports as specified in Attachment II, Core Contract Provisions, and other reports as the Agency may require within the period of this Contract. 1. To the extent required by law, the Vendor shall be self-insured against, or will secure and maintain during the life of this Contract, Workers’ Compensation Insurance for all its employees connected with the work of this project and, in case any work is subcontracted, the Vendor shall require the subcontractor similarly to provide Workers’ Compensation Insurance for all of the latter’s employees unless such employees engaged in work under this Contract are covered by the Vendor’s self insurance program. Such self insurance or insurance coverage shall comply with the Florida Workers’ Compensation law. In the event hazardous work is being performed by the Vendor under this Contract and any class of employees performing the hazardous work is not protected under Workers’ Compensation statutes, the Vendor shall provide, and cause each subcontractor to provide, adequate insurance satisfactory to the Agency, for the protection of its employees not otherwise protected.

2. The Vendor shall secure and maintain Commercial General Liability insurance including bodily injury, property damage, personal & advertising injury and products and completed operations. This insurance will provide coverage for all claims that may arise from the services and/or operations completed under this Contract, whether such services and/or operations are by the Vendor or anyone directly employed by it. 3. All insurance policies shall be with insurers licensed or eligible to transact business in the State of Florida. The Vendor shall provide thirty (30) calendar days written notice of cancellation to the Agency’s Contract Manager.

H. Assignments and Subcontracts

To neither assign the responsibility of this Contract to another party nor subcontract for any of the work contemplated under this Contract without prior written approval of the Agency. No such approval by the Agency of any assignment or subcontract shall be deemed in any event or in any manner to provide for the incurrence of any obligation of the Agency in addition to the total dollar amount agreed upon in this Contract. All such assignments or subcontracts shall be subject to the conditions of this Contract and to any conditions of approval that the Agency shall deem necessary.

I. Return of Funds

To return to the Agency any overpayments due to unearned funds or funds disallowed pursuant to the terms of this Contract that were disbursed to the Vendor by the Agency. This Contract shall begin upon execution by both Parties or August 1, 2013, (whichever is later) and end on August 31, 2018, inclusive.

5. The Vendor agrees that the Agency may unilaterally cancel this Contract for refusal by the Vendor to allow public access to all documents, papers, letters, or other material made or received by the Vendor in conjunction with this Contract, unless the records are exempt from Section 24(a) of Art. I of the State Constitution and Section 119.07(1), Florida Statutes.

6. To comply with Patents, Royalties, Copyrights, Right to Data, and Works for Hire/Software requirements as follows:

The Vendor, without exception, shall indemnify and hold harmless the Agency and its employees from liability of any nature or kind, including cost and expenses for or on account of any copyrighted, patented, or unattended invention, process, or article manufactured or supplied by the Vendor. The Vendor has no liability when such claim is solely and exclusively due to the combination, operation or use of any article supplied hereunder with equipment or data not supplied by the Vendor or is based solely and exclusively upon the Agency’s alteration of the article.

The Agency will provide prompt written notification of a claim of copyright or patent infringement and shall afford the Vendor full opportunity to defend the action and control the defense. Further, if such a claim is made or is pending, the Vendor may, at its option and expense procure for the Agency the right to continue the use of, replace or modify the article to render it non-infringing (if none of the alternatives is reasonably available, the Agency agrees to return the article on request to the Vendor and receive reimbursement, if any, as may be determined by a court of competent jurisdiction).

If the Vendor brings to the performance of this Contract a pre-existing patent, patent-pending and/or copyright at the time of Contract execution, the Vendor shall retain all rights and entitlements to that pre-existing patent, patent-pending and/or copyright, unless this Contract provides otherwise.

If the Vendor uses any design, device, or materials covered by letter, patent, or copyright, it is mutually agreed and understood without exception that the proposed prices shall include all royalties or cost arising from the use of such design, device, or materials in any way involved in the work. Prior to the initiation of services under this Contract, the Vendor shall disclose, in writing, all intellectual properties relevant to the
performance of this Contract which the Vendor knows, or should know, could give rise to a patent or copyright. The Vendor shall retain all rights and entitlements to any pre-existing intellectual property which is so disclosed. Failure to disclose will indicate that no such property exists. The Agency will then have the right to all patents and copyrights which arise as a result of performance under this Contract as provided in this section.

If any discovery or invention arises or is developed in the course of, or as a result of, work or services performed under this Contract, or in any way connected herewith, the Vendor shall refer the discovery or invention to the Agency for a determination whether patent protection will be sought in the name of the State of Florida. Any and all patent rights accruing under or in connection with the performance of this Contract are hereby reserved to the State of Florida. All materials to which the Agency is to have patent rights or copyrights shall be marked and dated by the Vendor in such a manner as to preserve and protect the legal rights of the Agency.

Where activities supported by this Contract produce original writing, sound recordings, pictorial reproductions, drawings or other graphic representation and works of any similar nature, the Agency has the right to use, duplicate and disclose such materials in whole or in part, in any manner, for any purpose whatsoever and to have others acting on behalf of the Agency to do so. If the materials so developed are subject to copyright, trademark, or patent, legal title and every right, interest, claim, or demand of any kind in and to any patent, trademark or copyright, or application for the same, shall vest in the State of Florida, Department of State for the exclusive use and benefit of the state. Pursuant to Section 286.021, Florida Statutes, no person, firm, corporation, including Parties to this Contract shall be entitled to use the copyright, patent, or trademark without the prior written consent of the Florida Department of State.

The Agency will have unlimited rights to use, disclose, or duplicate, for any purpose whatsoever, all information and data developed, derived, documented, or furnished by the Vendor under this Contract.

All rights and title to works for hire under this Contract, whether patentable or copyrightable or not, shall belong to the Agency and shall be subject to the terms and conditions of this Contract.

The computer programs, materials and other information furnished by the Agency to the Vendor hereunder shall be and remain the sole and exclusive property of the Agency, free from any claim or right of retention by or on behalf of the Vendor. The services and products listed in this Contract shall become the property of the Agency upon the Vendor’s performance and delivery thereof. The Vendor hereby acknowledges that said computer programs, materials and other information provided by the Agency to the Vendor hereunder, together with the products delivered and services performed by the Vendor hereunder, shall be and remain confidential and proprietary in nature to the extent provided by Chapter 119, Florida Statutes, and that the Vendor shall not disclose, publish or use same for any purpose other than the purposes provided in this Contract; however, upon the Vendor first demonstrating to the Agency’s satisfaction that such information, in part or in whole, (1) was already known to the Vendor prior to its receipt from the Agency; (2) became known to the Vendor from a source other than the Agency; or (3) has been
disclosed by the Agency to third parties without restriction, the Vendor shall be free to use and disclose same without restriction. Upon completion of the Vendor’s performance or otherwise cancellation or termination of this Contract, the Vendor shall surrender and deliver to the Agency, freely and voluntarily, all of the above-described information remaining in the Vendor’s possession.

The Vendor warrants that all materials produced hereunder will be of original development by the Vendor and will be specifically developed for the fulfillment of this Contract and will not knowingly infringe upon or violate any patent, copyright, trade secret or other property right of any third party, and the Vendor shall indemnify and hold the Agency harmless from and against any loss, cost, liability or expense arising out of any breach or claimed breach of this warranty.

The terms and conditions specified in this section shall also apply to any subcontract made under this Contract. The Vendor shall be responsible for informing the subcontractor of the provisions of this section and obtaining disclosures.

7. The financial consequences that the Agency must apply if the Vendor fails to perform in accordance with this Contract are outlined in Attachment II, Core Contract Provisions.

N. Sponsorship

Pursuant to Section 286.25, Florida Statutes, any nongovernmental organization which sponsors a program financed partially by state funds or funds obtained from a state agency shall, in publicizing, advertising, or describing the sponsorship of the program, state:

R. **Confidentiality of Information**

Not to use or disclose any confidential information, including social security numbers that may be supplied under this Contract pursuant to law, and also including the identity or identifying information concerning a Medicaid recipient or services under this Contract for any purpose not in conformity with state and federal laws, except upon written consent of the recipient, or his/her guardian.

S. **Employment**

To comply with Section 274A (e) of the Immigration and Nationality Act. The Agency will consider the employment by any contractor of unauthorized aliens a violation of this Act. If the Vendor knowingly employs unauthorized aliens, such violation shall be cause for unilateral cancellation of this Contract. The Vendor shall be responsible for including this provision in all subcontracts with private organizations issued as a result of this Contract.

T. **Work Authorization Program**

The Immigration Reform and Control Act of 1986 prohibits employers from knowingly hiring illegal workers. The Vendor shall only employ individuals who may legally work in the United States (U.S.) – either U.S. citizens or foreign citizens who are authorized to work in the U.S. The Vendor shall use the U.S. Department of Homeland Security’s E-Verify Employment Eligibility Verification system, [https://e-verify.uscis.gov/emp](https://e-verify.uscis.gov/emp), to verify the employment eligibility of all new employees hired by the Vendor during the term of this Contract and shall also include a requirement in its subcontracts that the subcontractor utilize the E-Verify system to verify the employment eligibility of all new employees hired by the subcontractor performing work or providing services pursuant to this Contract.

2. Termination Due To Lack of Funds

In the event funds to finance this Contract become unavailable, the Agency may terminate the Contract upon no less than twenty-four (24) hours’ written notice to the Vendor. Said notice shall be delivered by certified mail, return receipt requested, or in person with proof of delivery. The Agency will be the final authority as to the availability of funds. The Vendor shall be compensated for all work performed up to the time notice of termination is received.

* FFS Managed Care Plans are capitated by the Agency for transportation only.

2. Contract Structure: The Managed Care Plan Contract is made up of three distinct parts: Attachment I, Scope of Services and its Exhibits; Attachment II, Core Contract Provisions, and Exhibits applicable to Attachment II. Core Contract Provisions. In general these parts include the following:

a. Attachment I, Scope of Services, includes contract provisions that are unique to the particular managed care plan and denote such plan-specific specifications as plan type, population served, services covered, method of payment. Its exhibits specify the plan-specific regions covered and enrollment levels, regional start-up schedule (not plan-specific) and payment rates.

b. Attachment II, Core Contract Provisions, includes contract provisions that apply to all managed care plans unless specifically noted otherwise.

c. Exhibits to Attachment II, Core Contract Provisions, include contract provisions that are unique to the specific component of the SMMC (either long-term care (LTC) or managed medical assistance (MMA), and specify further requirements distinct to either capitated or FFS managed care plans, as appropriate. For purpose of the long-term care contract, the exhibits will be long-term care specific.
B. Population(s) to be Served

1. Population Groups

The Managed Care Plan shall deliver covered services to the population(s) identified in Attachment II, Core Contract Provisions, Section III, Eligibility and Enrollment.

2. Minimum Enrollment Levels

The Managed Care Plan shall contract with and maintain a provider network in accordance with Attachment II, Exhibit 7, sufficient to meet its recipient enrollment levels by region, and at a minimum, the enrollment levels, by region, specified in Attachment I, Exhibit 2, Table 2 below.

3. Maximum Enrollment Levels (see also Attachment I, Exhibit 2)

The Agency assigns the Managed Care Plan an authorized maximum enrollment level for the region(s) indicated in Attachment I, Scope of Services, Exhibit 1, Maximum Enrollment Levels. The assignment shall be based on the maximum regional enrollment levels specified in Attachment I, Scope of Services, Exhibit 2, Table 2, Managed Care Plan, Region Required Enrollment Levels, and any increases requested by the Managed Care plan and approved by the Agency. The authorized maximum enrollment level listed is effective upon Contract execution unless otherwise specified in Attachment I, Scope of Services, Exhibit 1, Maximum Enrollment Levels.

a. The Agency must approve in writing any increase or decrease in the Managed Care Plan’s maximum enrollment level for the region(s) to be served as specified in Attachment II, Core Contract Provisions, Exhibit 2, General Overview, sub-items C. 22. and D.26.

b. Such approval shall be based upon the Managed Care Plan’s satisfactory performance of terms of the Contract and upon the Agency’s approval of the Managed Care Plan’s administrative and service resources, as specified in this Contract, in support of each enrollment level.

c. The regional roll-out schedule and Agency-specified maximum enrollment levels for each region in the long-term care component of the Statewide Medicaid Managed Care program are specified in Attachment I, Scope of Services, Exhibit 2, Table 2, Managed Care Plan, Region Required Enrollment Levels.

(1) Attachment I, Scope of Services, Exhibit 2, Table 2, Managed Care Plan, Region Required Enrollment Levels, indicates the Agency’s regional enrollment level(s) a Managed Care Plan is required to accommodate using the calculation in the following formula:

Regional Enrollment Level = (100% of total eligible population divided by the minimum number of required plans) multiplied by 2
Example: 17,466 (total eligible) divided by 5 (minimum required plans for region) = 3,493 times 2 = 6,986 enrollees per plan (numbers are rounded)

i. In regions where only two (2) plans are required, each plan must be able to serve one hundred (100%) percent of the eligible population.

ii. The Agency will determine the total eligible population.

iii. The Agency may revise this calculation annually or more frequently as needed based on changes in enrollment levels and/or to ensure the regional populations are appropriately served.

(2) The Managed Care Plan may request a higher enrollment capacity. These can be increased only as specified in sub-item 2.a. and b. above, and will be documented, by amendment, in Attachment I, Scope of Services, Exhibit 1, Maximum Enrollment Levels.

1. The actual pre-enrollment case mix will be updated for each region based on the region’s beginning enrollment date. The most recent 12 months of historical claims data that precede a three-month run-off period immediately prior to the enrollment date will be used to calculate the pre-enrollment case mix. For example, Region 7 begins enrollment on August 1, 2013. The three-month run-off period extends from May through July 2013, with the preceding 12 months (May 2012 through April 2013) providing the historical data for Region 7’s pre-enrollment case mix. Similarly, the enrollment date for Region 6 is February 1, 2014. The historical data used for Region 6’s pre-enrollment mix represents the 12 months from November 2012 through October 2013.

2. The Base Capitation Rates will be updated to reflect changes in the nursing home payment rates or other program changes.

3. The actual final rate paid to plans will be based on each plan's enrollment mix, adjusted by the Agency-Required Transition Percent.

4. Rates recalibrated based on actual enrollment must be budget neutral to the state, using the rates calculated from the Adjusted Mix Percentage as the benchmark. The rates displayed do not include transportation.

5. This statewide percentage is applied to the region-specific PCCB developed for the FFS PSN.

Definitions and Acronyms

A. Definitions

The following terms as used in this Contract shall be construed and/or interpreted as follows, unless the Contract otherwise expressly requires a different construction and/or interpretation. Some defined terms do not appear in all contracts.

Abandoned Call — A call in which the caller elects an option and is either not permitted access to that option or disconnects from the system.

Abuse (for program integrity functions) — Provider practices that are inconsistent with generally accepted business or medical practices and that result in an unnecessary cost to the Medicaid program or in reimbursement for goods or services that are not medically necessary or that fail to meet professionally recognized standards for health care; or recipient practices that result in unnecessary cost to the Medicaid program.

Abuse, Neglect and Exploitation — In accordance with Chapter 415, F.S., and Chapter 39, F.S., for the purposes of this Contract these definitions are relative to long-term care:

“Abuse” means any willful act or threatened act by a caregiver that causes or is likely to cause significant impairment to an enrollee’s physical, mental, or emotional health. Abuse includes acts and omissions.

“Exploitation” of a vulnerable adult means a person who:

1. Stands in a position of trust and confidence with a vulnerable adult and knowingly, by deception or intimidation, obtains or uses, or endeavors to obtain or use, a vulnerable adult’s funds, assets, or property for the benefit of someone other than the vulnerable adult.

2. Section II
General Overview

A. Background

1. Florida has offered Medicaid services since 1970. The 2011 Florida Legislature passed House Bill 7107 (creating part IV of Chapter 409, F.S.) to establish the Florida Medicaid program as a statewide, integrated managed care program for all covered services, including long-term care services. This program is referred to as statewide Medicaid managed care (SMMC) and includes two components: one for medical assistance (MMA) and one for long-term care (LTC).

2. Under the SMMC program, the Agency contracts with managed care plans, as defined in Section I, Definitions and Acronyms, to provide services to recipients. The Agency shall not select managed care plans that have a business relationship with another managed care plan in the same region for the same managed care component (LTC or MMA component, respectively). (See s. 409.966(3)(b), F.S.)

B. Purpose

Medicaid provides health care coverage for eligible children, seniors, disabled adults and pregnant women. It is funded by both the state and federal governments. The provisions in this attachment (Attachment II, Core Contract Provisions) apply to all managed care plans unless specifically noted otherwise.

Provisions unique to a specific type of managed care plan are described in Attachment I, Scope of Services and the exhibits to Attachments I and II. Attachment II, Core Contract Provisions exhibits are specific to either the LTC managed care component or the MMA managed care component, respectively, and are numbered to correspond to section numbers.

C. Responsibilities of the State of Florida (state) (See Attachment II, Core Contract Provisions, Exhibit 2)

1. The Agency for Health Care Administration (Agency) is responsible for administering the Medicaid program. The Agency will administer contracts, monitor Managed Care Plan performance, and provide oversight in all aspects of Managed Care Plan operations.

2. The Agency will not contract with Managed Care Plans that have a business relationship with another managed care plan in the same region for the same managed care component. (See s. 409.966(3)(b), F.S.)

3. The state has sole authority for determining eligibility for Medicaid and whether Medicaid recipients are required to enroll in, may volunteer to enroll in, may not enroll in a Managed Care Plan or are subject to annual open enrollment.

4. The Agency will review the Florida Medicaid Management Information System (FMMIS) file daily and will send written notification and information to all potential enrollees.
5. The Agency will use an established algorithm to assign mandatory potential enrollees who do not select a Managed Care Plan during their thirty (30) day choice period. The process may differ for MMA and LTC plans as required by state law and federally approved State Plan amendments and/or waivers.

6. Enrollment in a Managed Care Plan, whether chosen or assigned, will be effective at 12:01 a.m. on the first calendar day of the month following a selection or assignment that occurs between the first calendar day of the month and the penultimate Saturday of the month. For those enrollees who choose or are assigned a Managed Care Plan between the Sunday after the penultimate Saturday and before the last calendar day of the month, enrollment in a Managed Care Plan will be effective on the first calendar day of the second month after choice or assignment.

7. The Agency will notify the Managed Care Plan of an enrollee’s selection or assignment to the Managed Care Plan. The Agency or its agent will send written confirmation to enrollees of the chosen or assigned Managed Care Plan. Notice to the enrollee will be sent by surface mail. Notice to the Managed Care Plan will be by file transfer.

8. The Agency shall make payment to the Managed Care Plan as specified in Attachment II, Core Contract Provisions, Section XIII, Method of Payment.

9. The Agency shall reimburse FFS MMA and FFS LTC PSN providers for correct, authorized, clean claims according to the Florida Medicaid fee schedules for reimbursement for covered services provided to enrollees. The Agency or its fiscal agent shall also reimburse non-participating FFS MMA and FFS LTC PSN providers on a FFS basis for authorized services.

10. The FFS option shall be available to a MMA or LTC PSN only for the first two (2) years of its operation. The Agency will provide a FFS MMA or LTC PSN with guidelines for developing a conversion plan to transition from FFS to a capitated Managed Care Plan. (See Attachment II, Core Contract Provisions, Section XVI, Item P. and Exhibit 15)

11. Conditioned on continued eligibility, mandatory enrollees have a lock-in period of twelve (12) consecutive months. After an initial ninety (90) day change period, mandatory enrollees may disenroll from the Managed Care Plan only for cause. The Agency or its agent will notify enrollees at least once every twelve (12) months, and for mandatory enrollees at least sixty (60) calendar days before the lock-in period ends that an open enrollment period exists giving them an opportunity to change Managed Care Plans. Mandatory enrollees who do not make a change during open enrollment will be deemed to have chosen to remain with the current Managed Care Plan, unless that Managed Care Plan no longer participates. In that case, the enrollee will be transitioned to a new Managed Care Plan.

12. The Agency will automatically re-enroll an enrollee into the Managed Care Plan in which the person was most recently enrolled if the enrollee has a temporary loss of eligibility.

   a. For LTC plans, “temporary loss” is defined as no more than sixty (60) calendar days. In this instance, for mandatory enrollees, the lock-in period will continue as though there had been no break in eligibility, keeping the original twelve- (12) month period.
b. For MMA plans, “temporary loss” is defined as no more than one hundred eighty (180) calendar days. In this instance, for mandatory enrollees, the lock-in period will continue as though there had been no break in eligibility, keeping the original twelve- (12) month period.

13. If a temporary loss of eligibility causes the enrollee to miss the open enrollment period, the Agency will enroll the person in the Managed Care Plan in which he or she was enrolled before loss of eligibility. The enrollee will have ninety (90) calendar days to disenroll without cause.

14. DCF will issue a Medicaid identification (ID) number to a newborn upon notification from the Managed Care Plan, the hospital, or other authorized Medicaid provider, consistent with the unborn activation process described in Attachment II, Core Contract Provisions, Section III, Eligibility and Enrollment.

15. The Agency will notify enrollees of their right to request disenrollment as described in Attachment II, Core Contract Provisions, Section III, Eligibility and Enrollment, Item C., Disenrollment, sub-item 2.

16. The Agency will process all disenrollments from the Managed Care Plan. The Agency or its agent will make final determinations about granting disenrollment requests and will notify the Managed Care Plan by file transfer and the enrollee by surface mail of any disenrollment decision. Enrollees dissatisfied with an Agency determination may request a Medicaid Fair Hearing.

17. When disenrollment is necessary because an enrollee loses Medicaid eligibility, disenrollment shall be at the end of the month in which eligibility was lost.

18. The Agency will monitor Managed Care Plan operations for compliance with the provisions of the Contract and applicable federal and state laws and regulations. Such monitoring may be done as desk reviews or onsite as determined by the Agency. Reviews may be conducted by various Agency units and bureaus, using Agency personnel or contracted personnel, depending on staff expertise. The Agency will provide appropriate notice when requesting needed documents and for conducting onsite reviews. The Agency will provide the Managed Care Plan with the result of such reviews and may request corrective action or impose sanctions in accordance with Attachment II, Core Contract Provisions, Section XIV, Sanctions.

19. Prior to enrolling recipients in the Managed Care Plan, the Agency will conduct a readiness review of the Managed Care Plan to assess the Managed Care Plan’s readiness and ability to provide services to recipients. The readiness review may include, but is not limited to, desk and onsite review of documents provided by the Managed Care Plan, a walk-through of the Managed Care Plan’s operations, system demonstrations, and interviews with Managed Care Plan staff. The scope of the review may include any and all Contract requirements, as determined by the Agency. The Agency will not enroll recipients into the Managed Care Plan until the Agency has determined that the Managed Care Plan meets Contract requirements.

20. The Agency shall contract with independent certified public accountants to conduct compliance audits for the purpose of auditing Managed Care Plan financial information
in order to determine and validate the achieved savings rebate in accordance with s. 409.967(3), F.S.

D. General Responsibilities of the Managed Care Plan (See Attachment I and Attachment II, Core Contract Provisions, Exhibit 2)

1. The Managed Care Plan shall comply with all provisions of this Contract, including all attachments, applicable exhibits, applicable MMA or LTC Report Guide requirements and any amendments and shall act in good faith in the performance of the Contract provisions.

2. The Managed Care Plan shall verify that information it submits to the Agency is accurate.

3. The Managed Care Plan shall develop and maintain written policies and procedures to implement all provisions of this Contract.

4. The Managed Care Plan shall submit all policies and procedures, model provider agreements and amendments, all subcontracts, and all other materials related to this Contract to the Agency for approval before implementation. Likewise, any changes in such materials must be prior approved by the Agency before they take effect.
   a. The Managed Care Plan shall provide written materials for Agency review as follows unless specified elsewhere in the Contract:
      (1) Third party administrator subcontracts for FFS MMA or LTC PSNs to the Agency at least ninety (90) calendar days before the effective date of the subcontract or change;
      (2) Other written materials to the Agency at least forty-five (45) calendar days before the effective date of the material or change.
   b. The Managed Care Plan shall provide written notice of such changes affecting enrollees to those enrollees at least thirty (30) calendar days before the effective date of change.

5. The Managed Care Plan agrees that failure to comply with all provisions of this Contract may result in the assessment of sanctions and/or termination of the Contract, in whole or in part, in accordance with Attachment II, Core Contract Provisions, Section XIV, Sanctions.

6. The Managed Care Plan shall make enrollee materials, including the provider directory and enrollee handbook(s), available online at the Managed Care Plan’s website without requiring enrollee log-in. The Managed Care Plan may provide a link to applications (smartphone applications) for enrollee use that will take enrollees directly to existing Agency-approved materials on the Managed Care Plan’s website, such as the Managed Care Plan’s enrollee handbook and provider directory. Smartphone applications may also be known as “apps.” See Section XI, Information Management and Systems, Item L., Smartphone Applications, of this Attachment. Also see Section IV, Enrollee Services,
Community Outreach and Marketing, Item A., Enrollee Services, 7.d., Provider Directory, of this Attachment.

7. The Managed Care Plan shall comply with all pertinent Agency rules in effect throughout the duration of the Contract.

8. The Managed Care Plan shall comply with all current Florida Medicaid handbooks (Handbooks) as noticed in the Florida Administrative Register (FAR), or incorporated by reference in rules relating to the provision of services set forth in Attachment II, Core Contract Provisions, Section V, Covered Services, except where the provisions of the Contract alter the requirements set forth in the Handbooks and Medicaid fee schedules. In addition, the Managed Care Plan shall comply with the limitations and exclusions in the Handbooks and Medicaid fee schedules, unless otherwise specified by this Contract. In no instance may the limitations or exclusions imposed by the Managed Care Plan be more stringent than those specified in the Handbooks and Medicaid fee schedules. The Managed Care Plan may not arbitrarily deny or reduce the amount, duration or scope of a required service solely because of the diagnosis, type of illness, or condition. The Managed Care Plan may exceed these limits by offering expanded benefits, as described in Attachment I, Scope of Services and its exhibits.

9. This Contract, including all attachments and exhibits, represents the entire agreement between the Managed Care Plan and the Agency and supersedes all other contracts between the parties when it is executed by duly authorized signatures of the Managed Care Plan and the Agency. Correspondence and memoranda of understanding do not constitute part of this Contract. In the event of a conflict of language between the Contract and the attachments (which includes the ITN), the provisions of the Contract shall govern, unless otherwise noted. The Agency reserves the right to clarify any contractual relationship in writing and such clarification shall govern. Pending final determination of any dispute over any Agency decision, the Managed Care Plan shall proceed diligently with the performance of its duties as specified under the Contract and in accordance with the direction of the Agency’s Division of Medicaid.

10. The Managed Care Plan shall have a quality improvement program that ensures enhancement of quality of care and emphasizes improving the quality of patient outcomes. The Agency may restrict the Managed Care Plan’s enrollment activities if the Managed Care Plan does not meet acceptable quality improvement and performance indicators, based on performance reports and other outcome measures to be determined by the Agency. Such restrictions may include, but shall not be limited to, the termination of mandatory assignments.

11. The Managed Care Plan shall demonstrate that it has adequate knowledge of Medicaid programs, provision of covered services, quality improvement, claims data, and the capability to design and implement cost savings methodologies. The Managed Care Plan shall demonstrate the capacity for financial analyses, as necessary to fulfill the requirements of this Contract. Additionally, the Managed Care Plan shall meet all requirements for doing business in the State of Florida.

12. The Managed Care Plan may be required to provide to the Agency or its agent information or data relative to this Contract. In such instances, and at the direction of the Agency, the Managed Care Plan shall fully cooperate with such requests and furnish all
information in a timely manner, in the format in which it is requested. The Managed Care Plan shall have at least thirty (30) calendar days to fulfill such ad hoc requests, unless the Agency is directed to provide data in less than thirty (30) calendar days.

13. The Managed Care Plan shall provide care coordination/case management services as specified in Attachment II, Core Contract Provisions, Section V, Covered Services.

14. The Managed Care Plan shall monitor utilization of services. This shall include the prior authorization of claims for covered services for its enrollees as specified in Attachment II, Core Contract Provisions, Section XIII, Quality Improvement, subsection B., Utilization Management.

15. If the Managed Care Plan is capitated by the Agency for a covered service, then the Managed Care Plan shall register all participating providers for such services who are not verified as Medicaid-enrolled providers with the Agency’s fiscal agent, in the manner and format determined by the Agency.

16. The Managed Care Plan shall collect and submit encounter data for each Contract year in accordance with Attachment II, Core Contract Provisions, Section X, Administration and Management. The Managed Care Plan shall ensure that its provision of provider information to the Agency is sufficient to ensure that its providers are recognized as participating providers of the Managed Care Plan for plan selection and encounter data acceptance purposes.

17. The Managed Care Plan shall encourage its providers to connect to the Florida Health Information Exchange (HIE) and promote provider use of the HIE, including educating providers on the benefits of using the HIE and the availability of incentive funding.

18. The Managed Care Plan shall provide covered services to enrollees as required for each enrollee without regard to the frequency or cost of services relative to the amount paid pursuant to the Contract. In the event of insolvency, the Managed Care Plan shall cover continuation of services to enrollees for the duration of the period for which payment has been made.

19. The Managed Care Plan shall comply with all requirements of the MMA or LTC Report Guide (as applicable) referenced in Attachment II, Core Contract Provisions, Section XII, Reporting Requirements.

20. The Managed Care Plan shall furnish services in an amount, duration and scope that are no more restrictive than the services provided in the Medicaid FFS program and may reasonably be expected to achieve the purpose for which the services are furnished.

21. A Managed Care Plan, as an MMA or LTC PSN, may receive payment from the Agency on a FFS or prepaid (capitated) basis. An MMA or LTC PSN reimbursed by the Agency on a capitated basis shall be exempt from parts I and III of Chapter 641, F.S., but must comply with the solvency requirements in s. 641.2261(2), F.S., and meet appropriate financial reserve, quality assurance, and patient rights requirements as established by the Agency.
22. A Managed Care Plan that is an MMA or LTC FFS PSN shall be responsible for submitting clean and accurate claims on behalf of all providers in accordance with applicable Medicaid provider handbook requirements. If the Managed Care Plan is capitated by the Agency for transportation services, then the Managed Care Plan shall be responsible for paying claims for transportation services and for collecting and submitting encounter data for transportation services in accordance with Attachment II, Core Contract Provisions, Section X, Administration and Management.

23. Prior to enrolling recipients in a Managed Care Plan in each region in which the Managed Care Plan receives a resulting Contract, the Agency will conduct a plan-specific readiness review to assess the Managed Care Plan’s readiness and ability to provide services to recipients. The plan readiness review may include, but is not limited to, desk and onsite review of the Managed Care Plan’s policies and procedures and corresponding documents, provider network and corresponding provider contracts and subcontracts, a walk-through of the Managed Care Plan’s operations, system demonstrations, and interviews with Managed Care Plan staff. The scope of the plan readiness review may include any and all Contract requirements, as determined by the Agency. The Agency will not enroll recipients into a Managed Care Plan until the Agency has determined that the Managed Care Plan meets all Contract requirements.

24. If a Managed Care Plan does not meet the plan readiness review deadlines for their respective region, as indicated in Attachment I, Scope of Services, the Agency will grant an extension for the Managed Care Plan to correct deficiencies; however, the Managed Care Plan will lose the initial enrollment of eligible recipients into its respective region and will lose its transition population, if applicable. After an extension is granted by the Agency, the Managed Care Plan will have until the penultimate Saturday before the respective region’s enrollment effective date in a respective region, as indicated in Attachment I, Scope of Services, Exhibit 2, to be deemed ready for recipient enrollment. If a Managed Care Plan is not deemed ready for recipient enrollment by the Agency by the penultimate Saturday before the respective region’s enrollment effective date, this Contract will be terminated, in accordance with Attachment II, Core Contract Provisions, Section XVI. If the Managed Care Plan is not able to meet plan readiness criteria and all contractual requirements in a region, the Agency will not delay Statewide Medicaid Managed Care enrollment for other plans in the region or in other regions.

25. The FFS Managed Care Plan shall submit to the Agency for approval a comprehensive conversion plan for converting from a FFS Managed Care Plan to a capitated Managed Care Plan. Such conversion plan shall be in accordance with Agency guidelines and shall be designed to ensure that the Health Plan is capable of meeting all solvency, reserves and working capital requirements of Chapter 641 F.S. In order to comply with s. 409.912(4)(d)1., F.S., the FFS Managed Care Plan shall submit its conversion application by the first day of its second Contract year. The Health Plan must transition to a capitated plan by the last day of its second year of operation in order to continue this Contract. See Attachment II, Core Contract Provisions, Section II, C., Responsibilities of the State of Florida (state) and Section XVI, P., Termination Procedures, and Attachment II, Core Contract Provisions, Exhibit 15, Financial Requirements.

Section III
Eligibility and Enrollment

A. Eligibility (See Attachment II, Core Contract Provisions, Exhibit 3)

Except as otherwise provided below, all Medicaid recipients shall receive Medicaid covered services through the SMMC program. The following populations represent broad categories that may contain multiple eligibility groups. Certain exceptions may apply within the broad categories and will be determined by the Agency.

B. Enrollment (See Attachment I, Scope of Services and Attachment II, Core Contract Provisions, Exhibit 3)

   a. Only Medicaid recipients who meet eligibility requirements and are living in a region with authorized Managed Care Plans are eligible to enroll and receive services from the Managed Care Plan. Each recipient shall have a choice of Managed Care Plans and may select any authorized Managed Care Plan unless the Managed Care Plan is restricted by this Contract to a specific population that does not include the recipient.
   b. The Agency or its agent shall be responsible for enrollment, including enrollment into the Managed Care Plan, disenrollment and outreach and education activities. The Managed Care Plan shall coordinate with the Agency and its agent as necessary for all enrollment and disenrollment functions.
   c. The Managed Care Plan shall accept Medicaid recipients without restriction and in the order in which they enroll. The Managed Care Plan shall not discriminate on the basis of religion, gender, race, color, age or national origin, health status, pre-existing condition or need for health care services and shall not use any policy or practice that has the effect of such discrimination.
   d. Each month the Managed Care Plan shall review its X12-834 enrollment files to ensure that all enrollees are residing in the same region in which they were enrolled.
   e. Upon notification that an enrollee is pregnant or has given birth to a newborn, the Managed Care Plan shall notify DCF.

2. Enrollment in an MMA Specialty Plan — MMA Plans Only (See Exhibit 3)
3. Unborn Activation and Newborn Enrollment — MMA Plans Only (See Exhibit 3)
4. Stopping or Limiting Enrollment

The Managed Care Plan may ask the Agency to halt or reduce enrollment temporarily for any enrollment amount above the Agency’s set regional enrollment limit (see Exhibit 3) if continued full enrollment would exceed the Managed Care Plan’s capacity to provide required services under the Contract. The Agency may not approve or may also limit Managed Care Plan enrollments when such action is considered to be in the Agency’s best interest in accordance with the provisions of this Contract. (See Exhibit 2, General Overview,
C. Disenrollment (See Attachment II, Core Contract Provisions, Exhibit 3)

   a. The Managed Care Plan shall ensure that it does not restrict the enrollee's right to
disenroll voluntarily in any way.

   b. The Managed Care Plan or its agents shall not provide or assist in the completion
of a disenrollment request or assist the Agency’s contracted enrollment broker in
the disenrollment process.

   c. The Managed Care Plan shall ensure that enrollees who are disenrolled and wish
to file an appeal have the opportunity to do so. All enrollees shall be afforded the
right to file an appeal on disenrollment except for the following reasons:

      (1) Moving out of the region;

      (2) Loss of Medicaid eligibility;

      (3) Determination that an enrollee is in an excluded population, as defined in
Attachment II, Core Contract Provisions, Section III, Eligibility and Enrollment,
Item A., Eligibility, sub-item 3., Excluded Populations; or

      (4) Enrollee death.

   d. An enrollee subject to open enrollment may submit to the Agency or its agent a
request to disenroll from the Managed Care Plan. This may be done without cause
during the ninety (90) calendar day change period following the date of the
enrollee’s initial enrollment with the Managed Care Plan, or the date the Agency or
its agent sends the enrollee notice of the enrollment, whichever is later. An
enrollee may request disenrollment without cause every twelve (12) months
thereafter during the annual open enrollment period. Those not subject to open
enrollment may disenroll at any time.

   e. The effective date of an approved disenrollment shall be the last calendar day of
the month in which disenrollment was made effective by the Agency or its agent. In
no case shall disenrollment be later than the first calendar day of the second
month following the month in which the enrollee or the Managed Care Plan files
the disenrollment request. If the Agency or its agent fails to make a disenrollment
determination within this timeframe, the disenrollment is considered approved as
of the date Agency action was required.

   f. On the first day of the month after receiving notice from FMMIS that the enrollee
has moved to another region, the Agency will automatically disenroll the enrollee
from the Managed Care Plan and treat the recipient as if the recipient is a new
Medicaid recipient eligible to choose another managed care plan pursuant to the
Agency’s enrollment process (see s. 409.969(2)d., F.S.).
2. When Disenrollment Can Occur

An enrollee may request disenrollment at any time. The Agency or the enrollment broker performs disenrollment as follows:

a. For cause, at any time (see below for list of for-cause reasons), or

b. Without cause, for enrollees subject to open enrollment, at the following times:

   (1) During the ninety (90) days following the enrollee’s initial enrollment, or the date the Agency or its agent sends the enrollee notice of the enrollment, whichever is later;

   (2) At least every twelve (12) months;

   (3) If the temporary loss of Medicaid eligibility has caused the enrollee to miss the open enrollment period;

   (4) When the Agency or its agent grants the enrollee the right to terminate enrollment without cause (done on a case-by-case basis); or

   (5) During the thirty (30) days after the enrollee is referred for hospice services in order to enroll in another managed care plan to access the enrollee’s choice of hospice provider.

c. Without cause, for enrollees not subject to open enrollment, at any time.

3. Cause for Disenrollment

a. A mandatory enrollee may request disenrollment from the Managed Care Plan for cause at any time. Such request shall be submitted to the Agency or its agent.

b. The following reasons constitute cause for disenrollment from the Managed Care Plan:

   (1) The enrollee does not live in a region where the Managed Care Plan is authorized to provide services, as indicated in FMMIS.

   (2) The provider is no longer with the Managed Care Plan.

   (3) The enrollee is excluded from enrollment.

   (4) A substantiated marketing or community outreach violation has occurred.

   (5) The enrollee is prevented from participating in the development of his/her treatment plan/plan of care.

   (6) The enrollee has an active relationship with a provider who is not on the Managed Care Plan’s panel, but is on the panel of another managed care
plan. “Active relationship” is defined as having received services from the provider within the six (6) months preceding the disenrollment request.

(7) The enrollee is in the wrong Managed Care Plan as determined by the Agency.

(8) The Managed Care Plan no longer participates in the region.

(9) The state has imposed intermediate sanctions upon the Managed Care Plan, as specified in 42 CFR 438.702(a)(3).

(10) The enrollee needs related services to be performed concurrently, but not all related services are available within the Managed Care Plan network, or the enrollee’s PCP has determined that receiving the services separately would subject the enrollee to unnecessary risk.

(11) The Managed Care Plan does not, because of moral or religious objections, cover the service the enrollee seeks.

(12) The enrollee missed open enrollment due to a temporary loss of eligibility, defined as sixty (60) days or less for LTC enrollees and one hundred eighty (180) days or less for MMA enrollees.

(13) Other reasons per 42 CFR 438.56(d)(2) and s. 409.969(2), F.S., including, but not limited to: poor quality of care; lack of access to services covered under the Contract; inordinate or inappropriate changes of PCPs; service access impairments due to significant changes in the geographic location of services; an unreasonable delay or denial of service; lack of access to providers experienced in dealing with the enrollee’s health care needs; or fraudulent enrollment.

c. Voluntary enrollees may disenroll from the Managed Care Plan at any time.

4. Involuntary Disenrollment Requests

a. With proper written documentation, the following are acceptable reasons for which the Managed Care Plan may submit involuntary disenrollment requests to the Agency or its agent:

(1) Fraudulent use of the enrollee identification (ID) card. In such cases the Managed Care Plan shall report the event to MPI.

(2) The enrollee’s behavior is disruptive, unruly, abusive or uncooperative to the extent that enrollment in the Managed Care Plan seriously impairs the organization's ability to furnish services to either the enrollee or other enrollees.

This section does not apply to enrollees with medical or mental health diagnoses if the enrollee’s behavior is attributable to the diagnoses.
An involuntary disenrollment request related to enrollee behavior must include documentation that theManaged Care Plan:

b. The Managed Care Plan shall report health fair/public event notices to the Agency by submitting a community outreach health fairs/public events notification report by the 20th calendar day of the month prior to the event month. Amendments to the report are due no later than two (2) weeks prior to the event. See Attachment II, Core Contract Provisions, Section XII, Reporting Requirements.

c. Notwithstanding the other notice requirements in this subsection, the monthly and two-(2) week advance notice requirements are waived in cases of force majeure provided the Managed Care Plan notifies the Agency by the time of the event. Force majeure events include destruction due to hurricanes, fires, war, riots and other similar acts. When providing the Agency with notice of attendance at such events, the Managed Care Plan shall include a description of the force majeure event requiring waiver of notice.

d. The Agency will establish a statewide log to track the community outreach notifications received and may monitor such events.

5. Provider Compliance

The Managed Care Plan shall ensure, through provider education and outreach that its health care providers are aware of and comply with the following requirements:

a. Health care providers may display Managed Care Plan-specific materials in their own offices.

b. Health care providers cannot orally or in writing compare benefits or provider networks among Managed Care Plans, other than to confirm whether they participate in a Managed Care Plan’s network.

c. Health care providers may announce a new affiliation with a Managed Care Plan and give their patients a list of managed care plans with which they contract.

d. Health care providers may co-sponsor events, such as health fairs and advertise with the Managed Care Plan in indirect ways; such as television, radio, posters, fliers, and print advertisement.

e. Health care providers shall not furnish lists of their Medicaid patients to the Managed Care Plan with which they contract, or any other entity, nor can providers furnish other managed care plans’ membership lists to the Managed Care Plan, nor can providers assist with Managed Care Plan enrollment.
f. For the Managed Care Plan, health care providers may distribute information about non-Managed Care Plan-specific health care services and the provision of health, welfare and social services by the State of Florida or local communities, as long as any inquiries from prospective enrollees are referred to the enrollee services section of the Managed Care Plan or the Agency’s enrollment broker.

6. Community Outreach Representatives

   a. The Managed Care Plan shall register each community outreach representative that represents the Managed Care Plan with the Agency as specified below.

      (1) The Managed Care Plan shall submit its registration file to the Agency in accordance with the MMA or LTC Report Guide (as applicable). The Agency-supplied template must be used as specified in Attachment II, Core Contract Provisions, Section XII, Reporting Requirements, and in the MMA or LTC Report Guide (as applicable).

      (2) The Managed Care Plan shall submit changes to the community outreach representative’s initial registration to the Agency, using the same Agency-supplied template, immediately upon occurrence.

   b. While attending health fairs/public events, community outreach representatives shall wear picture identification that shows the Managed Care Plan represented.

   c. If asked, the community outreach representative shall inform the Medicaid recipient that the representative is not a state employee and is not an enrollment specialist but is a representative of the Managed Care Plan.

   d. The Managed Care Plan shall instruct and provide initial and periodic training to its community outreach representatives about the outreach and marketing provisions of this Contract.

   e. The Managed Care Plan shall implement procedures for background and reference checks for use in hiring community outreach representatives.

   f. The Managed Care Plan shall report to the Agency any Managed Care Plan staff or community outreach representative who violates any requirements of this Contract within fifteen (15) calendar days of knowledge of such violation.
Section V
Covered Services

(Also See Attachment I, Scope of Services and Attachment II, Core Contract Provisions, Exhibit 5)

A. Covered Services (See Attachment II, Core Contract Provisions, Exhibit 5)

1. The Managed Care Plan shall ensure the provision of services in sufficient amount, duration and scope to be reasonably expected to achieve the purpose for which the services are furnished and shall ensure the provision of the covered services defined and specified in this Contract. The Managed Care Plan shall not arbitrarily deny or reduce the amount, duration or scope of a required service solely because of the enrollee's diagnosis, type of illness or condition. The Managed Care Plan may place appropriate limits on a service on the basis of such criteria as medical necessity, as defined by the Agency, or for utilization control, consistent with the terms of this Contract, provided the services furnished can be reasonably expected to achieve their purpose.

2. The Managed Care Plan is responsible for ensuring that all providers, service and product standards specified in the Agency's Medicaid Services Coverage & Limitations Handbooks and the Managed Care Plan's own provider handbooks are incorporated into the Managed Care Plan's provider contracts. This includes professional licensure and certification standards for all service providers. Exceptions exist where different standards are specified elsewhere in this Contract.

3. The Managed Care Plan shall require non-participating providers to coordinate with respect to payment and must ensure that cost to the enrollee is no greater than it would be if the covered services were furnished within the network.

B. Expanded Benefits (See Attachment I andAttachment II, Core Contract Provisions, Exhibit 5)

C. Copayments and Required Service Level (See Attachment II, Core Contract Provisions, Exhibit 5)

D. Excluded Services

The Managed Care Plan is not obligated to provide any services not specified in this Contract. Enrollees who require services available through Medicaid but not covered by this Contract shall receive the services through other appropriate Medicaid programs, including the Medicaid fee-for-service system. In such cases, the Managed Care Plan's responsibility shall include care coordination/case management and referral. Therefore, the Managed Care Plan shall determine the potential need for the services and refer the enrollee to the appropriate Medicaid program and/or service provider. The Managed Care Plan may request assistance from the local Medicaid Area Office or ADRC for referral to the appropriate Medicaid program and/or service setting.
E. Moral or Religious Objections

The Managed Care Plan shall provide or arrange for the provision of all covered services. If, during the course of the Contract period, pursuant to 42 CFR 438.102, the Managed Care Plan elects not to provide, reimburse for, or provide coverage of a counseling or referral service because of an objection on moral or religious grounds, the Managed Care Plan shall notify:

1. The Agency within one-hundred twenty (120) calendar days before implementing the policy with respect to any service; and
2. Enrollees within thirty (30) calendar days before implementing the policy with respect to any service.

F. Coverage Provisions

The Managed Care Plan shall provide the services listed in Attachment II, Core Contract Provisions, Exhibit 5 in accordance with the provisions herein, and in accordance with the Florida Medicaid Coverage and Limitations Handbooks, Medicaid fee schedules (see Attachment II, Core Contract Provisions, Section II, General Overview, Sub-Item D.8.) and the Florida Medicaid State Plan. The Managed Care Plan shall comply with all state and federal laws pertaining to the provision of such services.

G. Managing Duplicative Covered Services

The Managed Care Plan shall provide case management care coordination with other service delivery systems serving enrollees in the Managed Care Plan to ensure services are not duplicative but rather support the enrollee in an efficient and effective manner.

H. Quality Enhancements (See Attachment II, Core Contract Provisions, Exhibit 5)

In addition to the covered services specified in this section, the Managed Care Plan shall offer quality enhancements (QE) to enrollees in Attachment II, Core Contract Provisions, Exhibit 5 and as specified below.

1. The Managed Care Plan shall offer QEs in community settings accessible to enrollees.
2. The Managed Care Plan shall provide information in the enrollee and provider handbooks on the QEs and how to access related services.
3. The Managed Care Plan shall develop and maintain written policies and procedures to implement QEs.
4. If the Managed Care Plan involves the enrollee in an existing community program for purposes of meeting the QE requirement, the Managed Care Plan shall ensure documentation in the enrollee’s medical/case record of referrals to the community program and follow up on the enrollee’s receipt of services from the community program.
5. The Managed Care Plan is encouraged to actively collaborate with community agencies and organizations.

Provider Network

A. General Provisions

1. The Managed Care Plan shall have sufficient facilities, service locations and personnel to provide the covered services as required by this Contract.

2. The Managed Care Plan shall provide the Agency, prior to Contract execution and upon request, with sufficient evidence that the Managed Care Plan has the capacity to provide covered services to all enrollees up to the maximum enrollment level, including evidence that the Managed Care Plan:

   a. Offers an appropriate range of services and accessible services to meet the needs of the maximum enrollment level; and

   b. Maintains a sufficient number, mix and geographic distribution of providers, including providers who are accepting new Medicaid patients as specified in s. 1932(b)(5) of the Social Security Act, as enacted by s. 4704(a) of the Balanced Budget Act of 1997.

3. Prior to Contract execution and weekly thereafter, the Managed Care Plan shall submit a provider network file of all participating providers to the Agency or its agent in the manner and format determined by the Agency. See Attachment II, Core Contract Provisions, Exhibit 12, Reporting Requirements, Summary of Reporting Requirements Table.

4. The Managed Care Plan shall not discriminate against particular providers that serve high-risk populations or specialize in conditions that require costly treatments.

5. When establishing and maintaining the provider network or requesting enrollment level increases, the Managed Care Plan shall take the following into consideration as required by 42 CFR 438.206:

   a. The anticipated number of enrollees;

   b. The expected utilization of services, taking into consideration the characteristics and health care needs of specific Medicaid populations represented;

   c. The numbers and types (in terms of training, experience and specialization) of providers required to furnish the covered services;

   d. The numbers of participating providers who are not accepting new enrollees;

   e. The geographic location of providers and enrollees, considering distance, travel time, the means of transportation ordinarily used by enrollees and whether the location provides physical access for Medicaid enrollees with disabilities.

6. If the Managed Care Plan is unable to provide medically necessary services to an enrollee, the Managed Care Plan shall cover these services in an adequate and timely...
manner by using providers and services that are not in the Managed Care Plan's network for as long as the Managed Care Plan is unable to provide the medically necessary services within its network.

7. The Managed Care Plan shall allow each enrollee to choose among participating providers to the extent possible and appropriate.

8. The Managed Care Plan shall require each provider to have a unique Florida Medicaid provider number. The Managed Care Plan shall require each provider to have a National Provider Identifier (NPI) in accordance with s. 1173(b) of the Social Security Act, as enacted by s. 4707(a) of the Balanced Budget Act of 1997. The provider contract shall require providers to submit all NPIs to the Managed Care Plan within fifteen (15) business days of receipt. The Managed Care Plan shall file the providers' NPIs as part of its provider network file to the Agency or its agent, as set forth in Attachment II, Core Contract Provisions, Section XII, Reporting Requirements, and Exhibit 12. The Managed Care Plan need not obtain an NPI from an entity that does not meet the definition of “health care provider” found at 45 CFR 160.103:

   a. Individuals or organizations that furnish atypical or nontraditional services that are only indirectly related to the provision of health care (examples include taxis, home modifications, home delivered meals and homemaker services); and

   b. Individuals or businesses that only bill or receive payment for, but do not furnish, health care services or supplies (examples include billing services and repricers).

9. The Managed Care Plan shall not discriminate with respect to participation, reimbursement, or indemnification as to any provider, whether participating or nonparticipating, who is acting within the scope of the provider's license or certification under applicable state law, solely on the basis of such license or certification, in accordance with s. 1932(b) (7) of the Social Security Act (as enacted by s. 4704[a] of the Balanced Budget Act of 1997). The Managed Care Plan is not prohibited from including providers only to the extent necessary to meet the needs of the Managed Care Plan’s enrollees or from establishing any measure designed to maintain quality and control costs consistent with the responsibilities of the Managed Care Plan. If the Managed Care Plan declines to include individual providers or groups of providers in its network, it must give the affected providers written notice of the reason for its decision.

10. The Managed Care Plan shall establish and maintain a formal provider relations function to respond timely and adequately to inquiries, questions and concerns from participating providers.

11. The Managed Care Plan shall monitor the quality and performance of each participating provider. This shall include using performance measures adopted by and collected by the Agency as well as additional measures agreed upon by the provider and the Managed Care Plan. (See s. 409.982(3), F.S.)

B. Network Standards (See Attachment II, Core Contract Provisions, Exhibit 7)
C. **Annual Network Development and Management Plan (See Attachment II, Core Contract Provisions, Exhibit 7)**

The Managed Care Plan shall develop and maintain an annual network development and management plan (the plan). The Managed Care Plan shall submit this plan annually to the Agency. In general, the Managed Care Plan’s annual network development and management plan must include the Managed Care Plan’s processes to develop, maintain and monitor an appropriate provider network that is sufficient to provide adequate access to all services covered under this Contract.

1. The plan must include the process the Managed Care Plan utilizes to ensure that covered services are:
   a. Available and accessible, at a minimum, in accordance with the access standards in the Contract;
   b. Provided promptly and are reasonably accessible in terms of location and hours of operation;

2. The plan must also include a description or explanation of the following:
   a. Evaluation of the prior year’s plan including reference to the success of proposed interventions and/or the need for re-evaluation.
   b. Current status of the network by each covered service at all levels including:
      (1) How enrollees access services;
      (2) Analysis of timely access to services; and
      (3) Relationships between the various levels, focusing on provider-to-provider contact and facilitation of such by the Managed Care Plan (e.g., PCP, specialists, hospitals, behavioral health, ALFs, home health agencies).

3. The methodology used to identify barriers and network gaps and any current barriers and/or network gaps.
   a. Immediate short-term interventions to address network gaps.
   b. Longer-term interventions to fill network gaps and resolve barriers.
   c. Outcome measures/evaluation of interventions to fill network gaps and resolve barriers.
   d. Projection of changes in future capacity needs, by covered service.
   e. Ongoing activities for network development based on identified gaps and future needs projection.
f. Coordination between internal departments, including a comprehensive listing of all committees and committee membership where this coordination occurs. Identification of members should include the department/area (e.g., quality management, medical management/utilization management, grievances, finance, claims) that they represent on the committee.

g. Coordination with outside organizations.

h. A description of network design by region and county for the general population, including details regarding special populations as identified by the Managed Care Plan (e.g., medically complex). The description shall also cover:

(1) How enrollees access the system;

(2) Analysis of timely access to services; and

(3) Relationships among various levels of the system.

i. The methodology(ies) the Managed Care Plan uses to collect and analyze enrollee, provider and staff feedback about the network designs and performance, and, when specific issues are identified, the protocols for handling them.

D. Regional Network Changes (See Attachment II, Core Contract Provisions, Exhibit 7)

1. The Managed Care Plan shall provide the Agency with documentation of compliance with access requirements at any time there has been a significant change in the Managed Care Plan’s regional operations that would affect adequate capacity and services, including, but not limited to, the following:

a. Changes in Managed Care Plan services; and

b. Enrollment of a new population in the Managed Care Plan.

2. The Managed Care Plan shall notify the Agency within seven (7) business days of any significant changes to its regional network. A significant change is defined as:

a. Adverse changes to the composition of the network that impair, deny or can reasonably be foreseen to negatively impact, adequate access to providers;

b. Any change that would cause more than five percent (5%) of enrollees in the region to change the location where services are received or rendered;

3. The Managed Care Plan shall have procedures to address changes in the Managed Care Plan network that negatively affect the ability of enrollees to access services, including access to a culturally diverse provider network. Significant changes in regional network composition that negatively impact enrollee access to services may be grounds for Contract termination or sanctions as determined by the Agency and in accordance with Attachment II, Core Contract Provisions, Section XIV, Sanctions.
4. If an enrollee is receiving prior authorized care from any provider who becomes unavailable to continue to provide services, the Managed Care Plan shall notify the enrollee in writing within ten (10) calendar days from the date the Managed Care Plan becomes aware of such unavailability. These requirements to provide notice prior to the effective dates of termination shall be waived in instances where a provider becomes physically unable to care for enrollees due to illness, death or leaving the Managed Care Plan’s region(s) and fails to notify the Managed Care Plan, or when a provider fails credentialing. Under these circumstances, notice shall be issued immediately upon the Managed Care Plan’s becoming aware of the circumstances.

5. The Managed Care Plan shall notify the Agency of any new participating providers by Wednesday 5 p.m. EST on a weekly basis following execution of the provider agreement and terminated providers by Wednesday 5 p.m. EST on a weekly basis following the termination effective date using the format provided in the MMA or LTC Report Guide (as applicable) referenced in Attachment II, Core Contract Provisions, Exhibit 12, Reporting Requirements, Summary of Reporting Requirements Table.

E. Provider Contract Requirements (See Attachment II, Core Contract Provisions, Exhibit 7)

1. The Managed Care Plan shall comply with all Agency procedures for provider contract review and approval submission.

   b. If the Managed Care Plan is capitated, it shall ensure that all providers are eligible for participation in the Medicaid program. If a provider is currently suspended or involuntarily terminated from the Florida Medicaid program whether by contract or sanction, other than for purposes of inactivity, that provider is not considered an eligible Medicaid provider. If the Managed Care Plan is not capitated, its providers shall be enrolled as Florida Medicaid providers. Suspension and termination are described further in Rule 59G-9.070, F.A.C.

   c. The Managed Care Plan shall not pay, employ or contract with individuals on the state or federal exclusions lists.

   d. No provider contract that the Managed Care Plan enters into with respect to performance under this Contract shall in any way relieve the Managed Care Plan of any responsibility for the provision of services or duties under this Contract. The Managed Care Plan shall assure that all services and tasks related to the provider contract are performed in accordance with the terms of this Contract. The Managed Care Plan shall identify in its provider contract any aspect of service that may be subcontracted by the provider.

2. All provider contracts and amendments executed by the Managed Care Plan shall be in writing, signed and dated by the Managed Care Plan and the provider, and shall meet the following requirements:
a. Prohibit the provider from seeking payment from the enrollee for any covered services provided to the enrollee within the terms of this Contract;

   (1) Require the provider to look solely to the Managed Care Plan for compensation for services rendered, with the exception of nominal cost sharing and patient responsibility, pursuant to the Medicaid State Plan and the Medicaid Provider General and Coverage and Limitations Handbooks:

   i. If a capitated Managed Care Plan, then to the capitated Managed Care Plan for compensation;

   ii. If a FFS MMA or LTC Plan, then to the Agency or its Agent, unless the service is a transportation service for which the Managed Care Plan receives a capitation payment from the Agency. For such capitated transportation services, the Managed Care Plan shall require providers to look solely to the Managed Care Plan;

b. Specify that any claims payment be accompanied by an itemized accounting of the individual claims included in the payment including, but not limited to: the enrollee's name, the date of service, the procedure code, the service units, the amount of reimbursement and the identification of the Managed Care Plan;

c. Specify that any contracts, agreements or subcontracts entered into by the provider for purposes of carrying out any aspect of this Contract shall include assurances that the individuals who are signing the contract, agreement or subcontract are so authorized and that it includes all the requirements of this Contract;

d. Require the provider to cooperate with the Managed Care Plan's peer review, grievance, QI and UM activities, provide for monitoring and oversight, including monitoring of services rendered to enrollees, by the Managed Care Plan (or its subcontractor), and identify the measures that will be used by the Managed Care Plan to monitor the quality and performance of the provider. If the Managed Care Plan has delegated the credentialing to a subcontractor, the agreement must ensure that all providers are credentialed in accordance with the Managed Care Plan's and the Agency's credentialing requirements as found in Attachment II, Core Contract Provisions, Section VII, Provider Network, Item H., Credentialing and Recredentialing;

e. Include provisions for the immediate transfer to another provider if the enrollee's health or safety is in jeopardy;

f. Not prohibit a provider from discussing treatment or non-treatment options with enrollees that may not reflect the Managed Care Plan's position or may not be covered by the Managed Care Plan;

g. Not prohibit a provider from acting within the lawful scope of practice, from advising or advocating on behalf of an enrollee for the enrollee's health status, medical care, or treatment or non-treatment options, including any alternative treatments that might be self-administered;
h. Not prohibit a provider from advocating on behalf of the enrollee in any grievance system or UM process, or individual authorization process to obtain necessary services;

i. Provide for continuity of treatment in the event a provider contract terminates during the course of an enrollee's treatment by that provider;

j. Prohibit discrimination with respect to participation, reimbursement or indemnification of any provider who is acting within the scope of his/her license or certification under applicable state law, solely on the basis of such license or certification. This provision shall not be construed as an any willing provider law, as it does not prohibit the Managed Care Plan from limiting provider participation to the extent necessary to meet the needs of the enrollees. This provision does not interfere with measures established by the Managed Care Plan that are designed to maintain quality and control costs;

k. Prohibit discrimination against providers serving high-risk populations or those that specialize in conditions requiring costly treatments;

l. Require an adequate record system be maintained for recording services, charges, dates and all other commonly accepted information elements for services rendered to the Managed Care Plan;

m. Require that records be maintained for a period not less than six (6) years from the close of the Contract, and retained further if the records are under review or audit until the review or audit is complete. Prior approval for the disposition of records must be requested and approved by the Managed Care Plan if the provider contract is continuous;

n. Specify that DHHS, the Agency, DOE, MPI and MFCU shall have the right to inspect, evaluate, and audit all of the following related to this Contract:

   (1) Pertinent books,

   (2) Financial records,

   (3) Medical/case records, and

   (4) Documents, papers and records of any provider involving financial transactions;

 o. Specify covered services and populations to be served under the provider contract;

 p. Require that providers comply with the Managed Care Plan's cultural competency plan;

 q. Require that any community outreach materials related to this Contract that are displayed by the provider be submitted to the Agency for written approval before use;
r. Provide for submission of all reports and clinical information required by the Managed Care Plan, including Child Health Check-Up reporting (if applicable);

s. Require providers of transitioning enrollees to cooperate in all respects with providers of other managed care plans to assure maximum health outcomes for enrollees;

t. Require providers to submit notice of withdrawal from the network at least ninety (90) calendar days before the effective date of such withdrawal;

u. Require all providers to notify the Managed Care Plan in the event of a lapse in general liability or medical malpractice insurance, or if assets fall below the amount necessary for licensure under Florida statutes;

v. Require providers to offer hours of operation that are no less than the hours of operation offered to commercial Managed Care Plan members or comparable Medicaid fee-for-service recipients if the provider serves only Medicaid recipients;

w. Require safeguarding of information about enrollees according to 42 CFR 438.224;

x. Require compliance with HIPAA privacy and security provisions;

y. Require an exculpatory clause, which survives provider agreement termination, including breach of provider contract due to insolvency, which assures that neither Medicaid recipients nor the Agency shall be held liable for any debts of the provider;

z. Require that the provider secure and maintain during the life of the provider contract workers’ compensation insurance (complying with the Florida workers’ compensation law) for all of its employees connected with the work under this Contract unless such employees are covered by the protection afforded by the Managed Care Plan;

aa. Make provisions for a waiver of those terms of the provider contract that, as they pertain to Medicaid recipients, are in conflict with the specifications of this Contract;

bb. Contain no provision that in any way prohibits or restricts the provider from entering into a commercial contract with any other Managed Care Plan (see s. 641.315, F.S.);

c. Contain no provision requiring the provider to contract for more than one (1) Managed Care Plan product or otherwise be excluded (see s. 641.315, F.S.);

d. Require providers to cooperate fully in any investigation by the Agency, MPI, MFCU or other state or federal entity and in any subsequent legal action that may result from such an investigation involving this Contract;

ee. Require providers to submit timely, complete and accurate encounter data to the Managed Care Plan in accordance with the requirements of Attachment II, Core
Contract Provisions, Section X, Administration and Management, Item D., Encounter Data;

ff. Contain a clause indemnifying, defending and holding the Agency and the Managed Care Plan’s enrollees harmless from and against all claims, damages, causes of action, costs or expenses, including court costs and reasonable attorney fees, to the extent proximately caused by any negligent act or other wrongful conduct arising from the provider agreement. This clause must survive the termination of the agreement, including breach due to insolvency. The Agency may waive this requirement for itself, but not Managed Care Plan enrollees, for damages in excess of the statutory cap on damages for public entities, if the provider is a state agency or subdivision as defined by s. 768.28, F.S., or a public health entity with statutory immunity. All such waivers shall be approved in writing by the Agency;

gg. Require providers to immediately notify the Managed Care Plan of an enrollee’s pregnancy, whether identified through medical history, examination, testing, claims or otherwise;

hh. Require all direct service providers to complete abuse, neglect and exploitation training;

ii. Require compliance with the background screening requirements of this Contract;

jj. For nursing facility and hospice, include a bed hold days provision that comports with Medicaid FFS bed hold days policies and procedures;

kk. Specify that in addition to any other right to terminate the provider contract, and notwithstanding any other provision of this Contract, the Agency or the Managed Care Plan may request immediate termination of a provider contract if, as determined by the Agency, a provider fails to abide by the terms and conditions of the provider contract, or in the sole discretion of the Agency, the provider fails to come into compliance with the provider contract within fifteen (15) calendar days after receipt of notice from the Managed Care Plan specifying such failure and requesting such provider abide by the terms and conditions thereof; and

ll. Specify that any provider whose participation is terminated pursuant to the provider contract for any reason shall utilize the applicable appeals procedures outlined in the provider contract. No additional or separate right of appeal to the Agency or the Managed Care Plan is created as a result of the Managed Care Plan’s act of terminating, or decision to terminate, any provider under this Contract. Notwithstanding the termination of the provider contract with respect to any particular provider, this Contract shall remain in full force and effect with respect to all other providers.

mm. Specify that the provider shall comply with the requirements of Section IV, B., of Attachment II, Core Contract Provisions of this Contract.
F. Provider Termination

1. The Managed Care Plan shall comply with all state and federal laws regarding provider termination.

2. The Managed Care Plan shall notify enrollees in accordance with the provisions of this Contract and state and federal law regarding provider termination.

3. In a case in which a patient's health is subject to imminent danger or a provider's ability to practice medicine or otherwise provide services is effectively impaired by an action by the Board of Medicine or other governmental agency, notice to both the provider and the Agency shall be immediate. The Managed Care Plan shall work cooperatively with the Agency to develop and implement a plan for transitioning enrollees to another provider.

4. The Managed Care Plan shall notify the provider, the Agency and enrollees in active care at least sixty (60) calendar days before the effective date of the suspension or termination of a provider from the network. If the termination was for "cause," the Managed Care Plan shall provide to the Agency the reasons for termination.

G. Appointment Waiting Times and Geographic Access Standards (See Attachment II, Core Contract Provisions, Exhibit 7)

H. Continuity of Care (See Attachment II, Core Contract Provisions, Exhibit 7)

1. Notwithstanding the provisions in this subsection, a terminated provider may refuse to continue to provide care to an enrollee who is abusive or noncompliant.

2. For continued care under this subsection, the Managed Care Plan and the terminated provider shall continue to abide by the same terms and conditions as existed in the terminated contract.

3. The requirements set forth in this subsection shall not apply to providers who have been terminated from the Managed Care Plan for cause.

I. Credentialing and Recredentialing (See Attachment II, Core Contract Provisions, Exhibit 7)

1. The Managed Care Plan shall be responsible for the credentialing and recredentialing of its provider network.

2. The Managed Care Plan shall establish and verify credentialing and recredentialing criteria for all providers that, at a minimum, meet the Agency's Medicaid participation standards. The Agency's criteria include:

   a. A copy of each provider's current medical license for medical providers, or occupational or facility license as applicable to provider type, or authority to do business, including documentation of provider qualifications as specified in Attachment II, Core Contract Provisions, Exhibit 7, Item I.7.;
b. No revocation, moratorium or suspension of the provider’s state license by the Agency or the Department of Health, if applicable;

c. A satisfactory level II background check pursuant to s. 409.907, F.S., for all treating providers not currently enrolled in Medicaid’s fee-for-service program;

(1) The Managed Care Plan shall ensure providers referenced above submit fingerprints electronically following the process described on the Agency’s Background Screening website. The Managed Care Plan shall verify Medicaid eligibility through the background screening system.

(2) The Managed Care Plan shall not contract with any provider who has a record of illegal conduct; i.e., found guilty of, regardless of adjudication, or who entered a plea of nolo contendere or guilty to any of the offenses listed in s. 435.04, F.S.;

(3) Individuals already screened as Medicaid providers or screened within the past twelve (12) months by another Florida agency or department using the same criteria as the Agency are not required to submit fingerprints electronically but shall document the results of the previous screening.

d. Disclosure related to ownership and management (42 CFR 455.104), business transactions (42 CFR 455.105) and conviction of crimes (42 CFR 455.106);

e. Evidence of the provider’s professional liability claims history. The Adult Family Care Home provider type, which must meet the requirements set forth in Attachment II, Core Contract Provisions, Exhibit 7, Table 1, is not required to carry professional liability insurance and is therefore exempt from this requirement;

f. Any sanctions imposed on the provider by Medicare or Medicaid;

g. The provider’s Medicaid ID number, Medicaid provider registration number or documentation of submission of the Medicaid provider registration form.

3. The Managed Care Plan’s credentialing and recredentialing files must document the education, experience, prior training and ongoing service training for each staff member or provider rendering behavioral health services.

4. The Managed Care Plan’s credentialing and recredentialing policies and procedures shall be in writing and include the following:

a. Formal delegations and approvals of the credentialing process;

b. A designated credentialing committee;

3. Managed Care Plan QI Activities *See Attachment II, Core Contract Provisions, Exhibit 8*)

a. The Managed Care Plan shall monitor, evaluate and improve the quality and appropriateness of care and service delivery (or the failure to provide care or deliver services) to enrollees through peer review, performance improvement projects (PIP), medical/case record audits, performance measures, surveys and related activities.

b. PIPs — Annually, by January 1st of each Contract year, the Agency shall determine and notify the Managed Care Plan if there are changes in the number and types of PIPs the Managed Care Plan shall perform for the coming Contract year. The Managed Care Plan shall perform four (4) Agency-approved statewide performance improvement projects as specified in Exhibit 8. There must at least one (1) clinical PIP and one (1) non-clinical PIP per population.

   (1) Each PIP shall include a sample size sufficient to produce a statistically significant result.

   (2) All PIPs shall achieve, through ongoing measurements and intervention, significant improvement to the quality of care and service delivery, sustained over time, in areas that are expected to have a favorable effect on health outcomes and enrollee satisfaction. Improvement must be measured through comparison of a baseline measurement and an initial re-measurement following application of an intervention. Change must be statistically significant at the ninety-five percent (95%) confidence level and must be sustained for a period of two (2) additional re-measurements. Measurement periods and methodologies shall be submitted to the Agency for approval before initiation of the PIP. PIPs that have successfully achieved sustained improvement, as approved by the Agency, shall be considered complete and shall not meet the requirement for one (1) of the four (4) PIPs, although the Managed Care Plan may wish to continue to monitor the performance indicator as part of its overall QI program. In this event, the Managed Care Plan shall select a new PIP and submit it to the Agency for approval.

(3) PIP Documentation

   i. PIP Proposal

      • Within ninety (90) calendar days after initial Contract execution, the Managed Care Plan shall submit to the Agency in writing, a proposal for each planned PIP.
      • Each initial PIP proposal shall be submitted using the most recent version of the EQRO PIP validation form. Instructions for using the form to submit PIP proposals and updates may be obtained from the Agency.
      • Activities 1 through 6 of the EQRO PIP validation form must be addressed in the PIP proposal.
      • In the event the Managed Care Plan elects to modify a portion of the PIP proposal after initial Agency approval, a written request to do so must be submitted to the Agency.
• Annual PIP Submission

• The Managed Care Plan shall submit ongoing PIPs annually by August 1st to the Agency for review and approval.

• The Managed Care Plan shall update the EQRO PIP validation form in its annual submission to reflect the Managed Care Plan's progress. The Managed Care Plan is not required to transfer ongoing PIPs to a new, updated EQRO form.

• The Managed Care Plan shall submit the Agency-approved EQRO PIP validation form to the EQRO upon its request for validation. The Managed Care Plan shall not make changes to the Agency-approved PIP being submitted to the EQRO unless expressly permitted and approved by the Agency in writing.

(4) The Managed Care Plan’s PIP methodology must comply with the most recent protocol set forth by CMS, Conducting Performance Improvement Projects, available from the websites listed in Item A., sub-item 2.c.(3), above.

(5) Populations selected for study under the PIP shall be specific to this Contract and shall not include Medicaid recipients from other states, or enrollees from other lines of business. If the Managed Care Plan contracts with a separate entity for management of particular services, PIPs conducted by the separate entity shall not include enrollees for other managed care plans served by that entity.

(6) The Managed Care Plan’s PIPs shall be subject to review and validation by the EQRO. The Managed Care Plan shall comply with any recommendations for improvement requested by the EQRO, subject to approval by the Agency.

c. Performance Measures (PMs) (See Attachment II, Core Contract Provisions, Exhibit 8)

(1) The Managed Care Plan shall collect statewide data on enrollee PMs, as defined by the Agency and as specified in Exhibit 8, the MMA or LTC Report Guide (as applicable) and Performance Measures Specifications Manual.

(2) The Agency may add or remove reporting requirements with sixty (60) days' advance notice.

(3) By July 1st of each Contract year, the Managed Care Plan shall deliver to the Agency a report on performance measure data and a certification by a National Committee for Quality Assurance (NCQA) certified HEDIS auditor that the performance measure data reported for the previous calendar year are fairly and accurately presented. (See Attachment II, Core Contract Provisions, Section XII, Reporting.) The report shall be certified by the HEDIS auditor, and the auditor must certify the actual file submitted to the Agency. Extensions to the due date may be granted by the Agency for up to thirty (30) days and require a written request signed by the Managed Care Plan CEO or designee. The request must be received by the Agency before the report due date and the delay must be due to unforeseen and unforeseeable factors.
beyond the Managed Care Plan’s control. Extensions will not be granted on oral requests.

(4) A report, certification or other information required for PM reporting is incomplete when it does not contain all data required by the Agency or when it contains inaccurate data. A report that is incomplete or contains inaccurate data shall be considered deficient and each instance shall be subject to administrative penalties pursuant to Attachment II, Core Contract Provisions, Section XIV, Sanctions. A report or certification is “false” if done or made with the knowledge, of the preparer or a superior of the preparer, that it contains data or information that is not true or not accurate. A report that contains an “NR” due to bias for any or all measures by the HEDIS auditor, or is “false,” shall be considered deficient and will be subject to administrative penalties pursuant to Attachment II, Core Contract Provisions, Section XIV, Sanctions. The Agency may refer cases of inaccurate or “false” reports to its Bureau of Medicaid Program Integrity.

(5) The Managed Care Plan shall meet Agency-specified performance targets for all PMs. For HEDIS and Agency-defined measures, the Agency will establish performance targets prior to execution of the Contract. The Agency may change these targets and/or change the timelines associated with meeting the targets. The Agency shall make these changes with sixty (60) days’ advance notice to the Managed Care Plan.

(6) If the Agency determines that the Managed Care Plan performance relative to the performance targets is not acceptable, the Agency may require the Managed Care Plan to submit a performance measure action plan (PMAP) within thirty (30) calendar days after the notice of the determination in the format prescribed by the Agency. If the Managed Care Plan fails to provide a PMAP within the time and format specified by the Agency or fails to adhere to its own PMAP, the Agency may sanction the Managed Care Plan in accordance with the provisions of Section XIV, Sanctions, of this attachment. The Managed Care Plan shall submit reports to the Agency on the progress of all PMAPs as specified in Attachment II, Core Contract Provisions, Section XII, Reporting Requirements.

(7) If the Agency-defined or HEDIS PMs indicate that the Managed Care Plan’s performance is not acceptable, the Agency may sanction the Managed Care Plan in accordance with the provisions of Attachment II, Core Contract Provisions, Section XIV, Sanctions. When considering whether to impose specific sanctions, such as applying civil monetary penalties or limiting enrollment activities or automatic assignments, the Agency may consider the Managed Care Plan’s cumulative performance on all quality and performance measures.

(8) If the Managed Care Plan’s performance on Agency-defined and HEDIS performance measures is not acceptable and the Plan’s performance measure report is incomplete or contains inaccurate data, the Agency may sanction the Plan under paragraphs (4) and (7) of this section, in accordance with the provisions of Attachment II, Core Contract Provisions, Section XIV, Sanctions. Acceptable performance under paragraph (7) will be determined using the initial performance measure submission, due July 1st, with its corresponding attestation of accuracy and completeness. In the event that the Plan later determines the submission contained errors, the Agency may
consider using the updated data for public reporting purposes. In that instance, however, both paragraphs (4) and (7) will apply. Likewise, eligibility for incentives and/or pay-for-performance initiatives will be determined based on the initial submission unless subsequent submissions indicate that the July 1st submission had inflated performance ratings.

d. Satisfaction and Experience Surveys

(1) Consumer Assessment of Healthcare Providers and Systems (CAHPS) — The Managed Care Plan shall contract with a qualified, Agency-approved vendor to conduct an annual CAHPS survey.

i. The Agency will specify the survey requirements including specific CAHPS survey, applicable supplemental item sets and Agency-defined survey items. Annually, by January 1st of each Contract year, the Agency shall determine and notify the Managed Care Plan if there are changes in survey requirements.

ii. Within ninety (90) calendar days after initial Contract execution, the Managed Care Plan shall submit to the Agency, in writing, a proposal for survey administration and reporting that includes identification of survey administrator and status of CAHPS survey vendor certification; sampling methodology; administration protocol; analysis plan; and reporting description.

iii. The Managed Care Plan shall provide the survey results to the Agency with an action plan to address the results of the CAHPS survey by July 1st of each Contract year.

(2) Provider Satisfaction Survey — The Managed Care Plan shall conduct an annual Provider Satisfaction survey. The Managed Care Plan shall submit a provider satisfaction survey plan (including tool and methodology) to the Agency for written approval within ninety (90) days after initial Contract execution and annually thereafter. The Managed Care Plan shall conduct the survey by the end of the first year of this Contract. The results of the survey shall be reported to the Agency within four (4) months of the beginning of the second year of this Contract. The survey tool should utilize a four-point likert scale and shall include the following domains:

i. Provider relations and communication;

ii. Clinical management processes;

iii. Authorization processes including denials and appeals;

iv. Timeliness of claims payment and assistance with claims processing;

v. Complaint resolution process; and

e. Medical/Case Record Review (See Attachment II, Core Contract Provisions, Exhibit 8)

(1) The Managed Care Plan shall establish and implement a mechanism to ensure provider records meet established medical/case record standards. If the Managed Care Plan is not yet fully accredited by a nationally recognized accrediting body, the Managed Care Plan shall establish processes for medical/case record review that meet or exceed nationally recognized accrediting body medical/case record review standards to ensure that enrollees are provided high quality health care that is documented according to established standards, including subparagraph (2) below and Exhibit 8.

(2) The standards, which must include all medical/case record documentation requirements addressed in this Contract, must be distributed to all providers.

4. Provider-Specific Performance Monitoring

The Managed Care Plan shall monitor the quality and performance of each participating provider. At the beginning of the Contract period, each plan shall notify all its participating providers of the metrics used by the Managed Care Plan for evaluating the provider’s performance and determining continued participation in the network (see s. 409.975(3), F.S.).

5. Cultural Competency Plan

a. In accordance with 42 CFR 438.206, the Managed Care Plan shall have a comprehensive written cultural competency plan (CCP) describing the Managed Care Plan’s program to ensure that services are provided in a culturally competent manner to all enrollees, including all services and settings and including those with limited English proficiency. The CCP must describe how providers, Managed Care Plan employees, and systems will effectively provide services to people of all cultures, races, ethnic backgrounds and religions in a manner that recognizes, values, affirms and respects the worth of the individual enrollees and protects and preserves the dignity of each. The CCP shall be updated annually and submitted to the Agency by June 1st for approval for implementation by September 1st of each Contract year.

b. The Managed Care Plan may distribute a summary of the CCP to participating providers if the summary includes information about how the provider may access the full CCP on the website. This summary shall also detail how the provider can request a hard copy of the cultural competency plan from the Managed Care Plan at no charge to the provider.

c. The Managed Care Plan shall complete an annual evaluation of the effectiveness of its CCP. This evaluation may include results from the CAHPS or other comparative member satisfaction surveys, outcomes for certain cultural groups, member grievances, member appeals, provider feedback and Managed Care Plan employee surveys. The Managed Care Plan shall track and trend any issues identified in the evaluation and shall implement interventions to improve the provision of services. A description of the evaluation, its results, the analysis of
the results and interventions to be implemented shall be described in the annual CCP submitted to the Agency.

6. EQRO Coordination Requirements

a. The Managed Care Plan shall provide all information requested by the EQRO, including, but not limited to, quality outcomes concerning timeliness of, and enrollee access to, covered services.

b. The Managed Care Plan shall cooperate with the EQRO during the external quality review activities, which may include independent medical/case record review.

c. If the EQRO indicates the Managed Care Plan’s performance is not acceptable, the Agency may require the Managed Care Plan to submit a CAP and may restrict the Managed Care Plan’s enrollment activities.

7. Agency Annual Medical/Case Record Audit and Onsite Monitoring

a. The Managed Care Plan shall furnish specific data requested in order for the Agency to conduct the medical/case record audit, including audit of enrollee plan of care, provider credentialing records, service provider reimbursement records, contractor personnel records, and other documents and files as required under this Contract.

b. If the medical/case record audit and/or other document audits indicate that quality of care is not acceptable within the terms of this Contract, the Managed Care Plan shall correct the problem immediately and may be required to submit a CAP to address the problem. The CAP shall be time limited based upon the nature of the deficiency. Regardless of a CAP, health and safety issues, and problems not corrected, shall result in the Agency sanctioning the Managed Care Plan, in accordance with the provisions of Attachment II, Core Contract Provisions, Section XIV, Sanctions, and may immediately terminate all enrollment activities and mandatory assignments, until the Managed Care Plan attains an acceptable level of quality of care as determined by the Agency.

8. Plan Incentives

The Agency may offer incentives to high-performing managed care plans. The Agency will notify the Managed Care Plan annually on or before December 31st of the incentives that will be offered for the following calendar year. Incentives may be awarded to all high-performing managed care plans or may be offered on a competitive basis. Incentives may include, but are not limited to, quality designations, quality awards, and enhanced auto-assignments. The Agency, at its discretion, may disqualify a Managed Care Plan for any reason the Agency deems appropriate including, but not limited to, Managed Care Plans that received a monetary sanction for performance measures or any other sanctionable offense. In accordance with s. 409.967(3)(g), F.S., as part of the achieved savings rebate process, a plan that exceeds Agency-defined quality measures in the reporting period may retain an additional one percent (1%) of revenue.
B. Utilization Management (UM)

In the event the Agency identifies a violation of or other non-compliance with this Contract (to include the failure to meet performance standards), the Agency may sanction the Managed Care Plan pursuant to any of the following: s. 409.912 (21), F.S., s. 409.91212, F.S.; Rule 59A-12.0073, F.A.C.; s. 409.967; F.S., 42 CFR part 438 subpart I (Sanctions) and s.1932 of the Social Security Act or s.1903(m) of the Social Security Act. The Agency may impose sanctions in addition to any liquidated damages imposed pursuant to Section XVII.

   b. For purposes of this section, violations involving individual, unrelated acts shall not be considered arising out of the same action.

   c. In addition to imposing sanctions for a Contract violation or other non-compliance, the Agency may require the Managed Care Plan to submit to the Agency a performance measure action plan (PMAP) within a timeframe specified by the Agency. The Agency may also require the Managed Care Plan to submit a Corrective Action Plan (CAP) for a violation of or any other non-compliance with this Contract.

2. As allowed in Attachment II, Core Contract Provisions, Section XVI, Terms and Conditions, Item I., Disputes, the Managed Care Plan may appeal any notice of sanction to the Deputy Secretary for Medicaid (Deputy Secretary) but must do so within twenty-one (21) calendar days from receipt of the notice of sanction.

3. If the Agency imposes monetary sanctions, the Managed Care Plan must pay the monetary sanctions to the Agency within thirty (30) calendar days from receipt of the notice of sanction. If the Deputy Secretary determines that the Agency should reduce or eliminate the amount imposed, the Agency will return the appropriate amount to the Managed Care Plan within sixty (60) days from the date of a final decision rendered.

B. Performance Measure Action Plans (PMAP) and Corrective Action Plans (CAP)

1. If a PMAP or CAP is required as determined by the Agency, the Agency will either approve or disapprove a proposed PMAP or CAP from the Managed Care Plan. If the Agency disapproves the PMAP or CAP, the Managed Care Plan shall submit a new PMAP or CAP within ten (10) business days, or an expedited timeframe if required by the Agency, that addresses the concerns identified by the Agency.

2. Upon receiving Agency approval of the CAP, the Managed Care Plan will implement the action steps set forth in the CAP within the timeframes specified by the Agency.

3. The Agency may impose a monetary sanction of $200 per calendar day on the Managed Care Plan for each calendar day that the Managed Care Plan does not implement, to the satisfaction of the Agency, the approved PMAP or CAP. Managed Care Plans shall
receive a monetary sanction for measures for which their scores meet the thresholds reflected in Attachment II, Core Contract Provisions, Exhibit 14 for the second offense and subsequent offenses.

2. Fraud and Abuse – See Section X, Item E., sub-item 10.

D. Notice of Sanction

1. Except as noted in 42 CFR part 438, subpart I (Sanctions), before imposing any of the sanctions specified in this section, the Agency will give the Managed Care Plan written notice that explains the basis and nature of the sanction, cites the specific contract section(s) and/or provision of law and the methodology for calculation of any fine.

The Agency will also notify Managed Care Plan enrollees of the termination along with information on their options for receiving services following Contract termination.

3. Unless the Agency specifies the duration of a sanction, a sanction will remain in effect until the Agency is satisfied that the basis for imposing the sanction has been corrected and is not likely to recur.

materials, data, and/or information not contained in or accompanying the Managed Care Plan’s submission submitted within the twenty-one (21) calendar days following its receipt of the Contract Interpretation in any subsequent legal, equitable, or administrative proceeding (to include circuit court, federal court and any possible administrative venue).

2. The Deputy Secretary or his/her designee will decide the dispute under the reasonableness standard, reduce the decision to writing and serve a copy to the Managed Care Plan. This written decision will be final.

3. The exclusive venue of any legal or equitable action that arises out of or relating to the Contract, including an appeal of the final decision of the Deputy Secretary or his/her designee, will be Circuit Court in Leon County, Florida; in any such action, the Managed Care Plan agrees that the Circuit Court can only review the final decision for reasonableness, and Florida law shall apply. In the event the Agency issues any action under Florida Statutes or Florida Administrative Code apart from this Contract, the Agency will notice the Managed Care Plan of the appropriate administrative remedy.

In addition, if the laws or regulations governing this Contract should be amended and the Agency or the judiciary interpret the changes to render the fulfillment of the Contract impossible or economically infeasible, both the Agency and the Managed Care Plan shall be discharged from further obligations created under the terms of the Contract. However, such declaration or finding shall not affect any rights or obligations of either party to the extent that such rights or obligations arise from acts performed or events occurring prior to the effective date of such declaration or finding.

G. Court of Jurisdiction or Venue

For purposes of any legal action occurring as a result of, or under, this Contract, between the Managed Care Plan and the Agency, the place of proper venue shall be Leon County.

H. Damages for Failure to Meet Contract Requirements

In addition to remedies available through this Contract, in law or equity, the Managed Care Plan shall reimburse the Agency for any federal disallowances or sanctions imposed on the Agency as a result of the Managed Care Plan’s failure.

I. Disputes

a. To dispute an interpretation of the Contract, the Managed Care Plan must request that the Agency’s Deputy Secretary for Medicaid hear and decide the dispute. The Managed Care Plan must submit, within twenty-one (21) calendar days after the notice of sanction, a written dispute of the Contract Interpretation directly to the Deputy Secretary; this submission shall include all arguments, materials, data, and information necessary to resolve the dispute (to include all evidence, documentation and exhibits). The Managed Care Plan waives any dispute not raised within twenty-one (21) calendar days of receiving a notice of the Contract interpretation. It also waives any arguments it fails to raise in writing within twenty-one (21) calendar days of receiving a notice of Contract interpretation, and waives the right to use any materials, data, and/or information not contained in or accompanying the Managed Care Plan’s submission submitted within the twenty-one (21) calendar days following its receipt of the notice of the Contract interpretation in any subsequent legal, equitable, or administrative proceeding (to include circuit court, federal court and any possible administrative venue).

b. The Deputy Secretary or his/her designee will decide the dispute under the reasonableness standard, reduce the decision to writing and serve a copy to the Managed Care Plan. This written decision will be final.
c. The exclusive venue of any legal or equitable action that arises out of or relating to the Contract, including an appeal of the final decision of the Deputy Secretary or his/her designee, will be Circuit Court in Leon County, Florida; in any such action, the Managed Care Plan agrees that the Circuit Court can only review the final decision for reasonableness, and Florida law shall apply. In the event the Agency issues any action under Florida Statutes or Florida Administrative Code apart from this Contract, the Agency will notice the Managed Care Plan of the appropriate administrative remedy.

J. **Force Majeure**

The Agency shall not be liable for any excess cost to the Managed Care Plan if the Agency's failure to perform the Contract arises out of causes beyond the control and without the result of fault or negligence on the part of the Agency. In all cases, the failure to perform must be beyond the control without the fault or negligence of the Agency. The Managed Care Plan shall not be liable for performance of the duties and responsibilities of the Contract when its ability to perform is prevented by causes beyond its control. These acts must occur without the fault or negligence of the Managed Care Plan. These include destruction to the facilities due to hurricanes, fires, war, riots and other similar acts.

K. **Legal Action Notification**

The Managed Care Plan shall give the Agency, by certified mail, immediate written notification (no later than thirty (30) calendar days after service of process) of any action or suit filed or of any claim made against the Managed Care Plan by any subcontractor, vendor, or other party that results in litigation related to this Contract for disputes or damages exceeding the amount of $50,000. In addition, the Managed Care Plan shall immediately advise the Agency of the insolvency of a subcontractor or of the filing of a petition in bankruptcy by or against a principal subcontractor.

L. **Licensing**

In accordance with s. 409.962, F.S., the Managed Care Plan shall be one of the following:

A PSN (MMA only or an LTC PSN) shall operate in accordance with s. 409.912(4)(d), and s. 409.962(13), F.S., and LTC PSNs shall operate in accordance with s. 409.962(8) and s. 409.981(1), F.S. PSNs (MMA only or LTC PSNs) are exempt from licensure under Chapter 641, F.S.; however, they shall be responsible for meeting certain standards in Chapter 641, F.S., as required in this Contract.
5. An Accountable Care Organization (ACO) that meets the requirements of an MMA or LTC PSN (as applicable depending on whether the ACO is contracting for the MMA or LTC component of the SMMC program).

M. Misuse of Symbols, Emblems, or Names in Reference to Medicaid

No person or Managed Care Plan may use, in connection with any item constituting an advertisement, solicitation, circular, book, pamphlet or other communication, or a broadcast, telecast, or other production, alone or with other words, letters, symbols or emblems the words “Medicaid,” “Agency for Health Care Administration,” or “Department of Elder Affairs,” except as required in the Agency’s Standard Contract, Section I., Item N., Sponsorship, unless prior written approval is obtained from the Agency. Specific written authorization from the Agency is required to reproduce, reprint, or distribute any Agency form, application, or publication for a fee. State and local governments are exempt from this prohibition. A disclaimer that accompanies the inappropriate use of program or Agency or DOEA terms does not provide a defense. Each piece of mail or information constitutes a violation.

N. Offer of Gratuities

By signing this agreement, the Managed Care Plan signifies that no member of, or a delegate of, Congress, nor any elected or appointed official or employee of the State of Florida, the Government Accountability Office, DHHS, CMS, or any other federal agency has or shall benefit financially or materially from this procurement. This Contract may be terminated by the Agency if it is determined that gratuities of any kind were offered to, or received by, any officials or employees from the state, its agents, or employees.

O. Subcontracts

The Managed Care Plan shall be responsible for all work performed under this Contract, but may, with the prior written approval of the Agency, enter into subcontracts for the performance of work required under this Contract.

1. All subcontracts must comply with 42 CFR 438.230, 42 CFR 455.104, 42 CFR 455.105 and 42 CFR 455.106. All subcontracts and amendments executed by the Managed Care Plan shall meet the following requirements:

   a. If the Managed Care Plan is capitated, all subcontractors must be eligible for participation in the Medicaid program; however, the subcontractor is not required to participate in the Medicaid program as a provider. If the Managed Care plan is FFS, all health care subcontractors must be enrolled in the Medicaid program as a provider.

   b. If a subcontractor was involuntarily terminated from the Medicaid program other than for purposes of inactivity, that entity is not considered an eligible subcontractor.

   c. The Agency encourages use of minority business enterprise subcontractors. See Attachment II, Core Contract Provisions, Section VII, Provider Network, Item D., Provider Contract Requirements, for provisions and requirements specific to
provider contracts. See Attachment II, Core Contract Provisions, Section XVI, Terms and Conditions, Item W., Minority Recruitment and Retention Plan, for other minority recruitment and retention plan requirements.

d. Subcontractors are subject to background checks. The Managed Care Plan shall consider the nature of the work a subcontractor or agent will perform in determining the level and scope of the background checks.

e. The Managed Care Plan shall document compliance certification (business-to-business) testing of transaction compliance with HIPAA for any subcontractor receiving enrollee data.

f. No subcontract that the Managed Care Plan enters into with respect to performance under the Contract shall, in any way, relieve the Managed Care Plan of any responsibility for the performance of duties under this Contract. The Managed Care Plan shall assure that all tasks related to the subcontract are performed in accordance with the terms of this Contract and shall provide the Agency with its monitoring schedule annually by December 1st of each Contract year. The Managed Care Plan shall identify in its subcontracts any aspect of service that may be further subcontracted by the subcontractor.

2. All model and executed subcontracts and amendments used by the Managed Care Plan under this Contract shall be in writing, signed, and dated by the Managed Care Plan and the subcontractor and meet the following requirements:

a. Identification of conditions and method of payment:

(2) Provide for prompt submission of information needed to make payment;

(3) Provide for full disclosure of the method and amount of compensation or other consideration to be received from the Managed Care Plan;

(4) Require any claims payment to a provider be accompanied by an itemized accounting of the individual claims included in the payment including, but not limited to, the enrollee's name, the date of service, the procedure code, service units, the amount of reimbursement, and the identification of the Managed Care Plan.

(5) Require an adequate record system be maintained for recording services, charges, dates and all other commonly accepted information elements for services rendered to the Managed Care Plan;

(6) Specify that the subcontractor may not seek payment from a Medicaid Pending enrollee on behalf of the Managed Care Plan; and
(7) Specify that the Managed Care Plan shall assume responsibility for cost avoidance measures for third party collections in accordance with Attachment II, Core Contract Provisions, Section XV, Financial Requirements.

(2) Provide for inspections of any records pertinent to the Contract by the Agency and DHHS; 

(3) In addition to record retention requirements for practitioner or provider licensure, require that records be maintained for a period not less than ten (10) years from the close of the Contract and retained further if the records are under review or audit until the review or audit is complete. (Prior approval for the disposition of records must be requested and approved by the Managed Care Plan if the subcontract is continuous);

(4) Provide for monitoring and oversight by the Managed Care Plan and the subcontractor to provide assurance that all licensed medical professionals are credentialed in accordance with the Managed Care Plan's and the Agency's credentialing requirements as found in Attachment II, Core Contract Provisions, Section VII, Provider Network, Item H., Credentialing and Recredentialing, if the Managed Care Plan has delegated the credentialing to a subcontractor; and

(5) Provide for monitoring of services rendered to Managed Care Plan enrollees through the subcontractor.

c. Specification of functions of the subcontractor:

(1) Identify the population covered by the subcontract;

(2) Provide for submission of all reports and clinical information required by the Managed Care Plan, including CHCUP reporting (if applicable); and

(3) Provide for the participation in any internal and external quality improvement, utilization review, peer review and grievance procedures established by the Managed Care Plan.

d. Protective clauses:

(1) Require safeguarding of information about enrollees according to 42 CFR, Part 438.224.

(2) Require compliance with HIPAA privacy and security provisions.
(3) Require an exculpatory clause, which survives subcontract termination, including breach of subcontract due to insolvency, which assures that Medicaid recipients or the Agency will not be held liable for any debts of the subcontractor.

(4) If there is a Managed Care Plan physician incentive plan, include a statement that the Managed Care Plan shall make no specific payment directly or indirectly under a physician incentive plan to a subcontractor as an inducement to reduce or limit medically necessary services to an enrollee, and affirmatively state that all incentive plans do not provide incentives, monetary or otherwise, for the withholding of medically necessary care;

(5) Require full cooperation in any investigation by the Agency, MPI, MFCU, DOEA, or other state or federal entity or any subsequent legal action that may result from such an investigation;

(6) Contain a clause indemnifying, defending and holding the Agency, its designees and the Managed Care Plan’s enrollees harmless from and against all claims, damages, causes of action, costs or expenses, including court costs and reasonable attorney fees, to the extent proximately caused by any negligent act or other wrongful conduct arising from the subcontract agreement. This clause must survive the termination of the subcontract, including breach due to insolvency. The Agency may waive this requirement for itself, but not Managed Care Plan enrollees, for damages in excess of the statutory cap on damages for public entities, if the subcontractor is a state agency or subdivision as defined by s. 768.28, F.S., or a public health entity with statutory immunity. All such waivers must be approved in writing by the Agency;

(7) Require that the subcontractor secure and maintain, during the life of the subcontract, workers’ compensation insurance for all of its employees connected with the work under this Contract unless such employees are covered by the protection afforded by the Managed Care Plan. Such insurance shall comply with Florida’s Workers’ Compensation Law;

(8) Specify that if the subcontractor delegates or subcontracts any functions of the Managed Care Plan, that the subcontract or delegation includes all the requirements of this Contract;

(9) Make provisions for a waiver of those terms of the subcontract, which, as they pertain to Medicaid recipients, are in conflict with the specifications of this Contract;

(10) Provide for revoking delegation, or imposing other sanctions, if the subcontractor’s performance is inadequate;

(11) Provide that compensation to individuals or entities that conduct utilization management activities is not structured so as to provide incentives for the
individual or entity to deny, limit or discontinue medically necessary services to any enrollee; and

(12) Provide details about the following as required by Section 6032 of the federal Deficit Reduction Act of 2005:

i. The False Claim Act;

ii. The penalties for submitted false claims and statements;

iii. Whistleblower protections; and

iv. The law’s role in preventing and detecting fraud, waste and abuse, and each person’s responsibility relating to detection and prevention.

e. In conjunction with the Standard Contract, Section III., Item B., Termination, all provider contracts and subcontracts shall contain termination procedures.

P. Termination Procedures

1. In conjunction with the Standard Contract, Section III, Item B., Termination, all provider contracts and subcontracts shall contain termination procedures. The Managed Care Plan agrees to extend the thirty (30) calendar day termination notice found in the Standard Contract, Section III., Item B.1., Termination at Will, to one-hundred eighty (180) calendar days’ notice. Depending on the volume of Managed Care Plan enrollees affected, the Agency may require an extension of the termination date. Once the Agency receives the request for termination, the Agency will remove the Managed Care Plan from receipt of new voluntary enrollments, mandatory assignments and reinstatements going forward.

a. The Managed Care Plan will work with the Agency to create a transition plan that shall ensure the orderly and reasonable transfer of enrollee care and progress whether or not the enrollees are hospitalized, under care coordination/case management, and/or have complex medication needs. The Managed Care Plan shall perform as follows:

(1) Notice its enrollees, providers and subcontractors of the change in accordance with this Contract; and

(2) Provide to the Agency the data needed by the Agency to maintain existing case/care relationships.

b. The party initiating the termination shall render written notice of termination to the other party by certified mail, return receipt requested, or in person with proof of delivery, or by facsimile letter followed by certified mail, return receipt requested. The notice of termination shall specify the nature of termination, the extent to which performance of work under the Contract is terminated, and the date on which such termination shall become effective. In accordance with s. 1932(e)(4), Social Security Act, the Agency shall provide the Managed Care Plan with an
opportunity for a hearing prior to termination for cause. This does not preclude the Agency from terminating without cause.

2. Upon receipt of final notice of termination, on the date and to the extent specified in the notice of termination, the Managed Care Plan shall:
   a. Continue work under the Contract until the termination date unless otherwise required by the Agency;
   b. Cease enrollment of new enrollees under the Contract;
   c. Terminate all community outreach activities and subcontracts relating to community outreach;
   d. Assign to the state those subcontracts as directed by the Agency’s contracting officer including all the rights, title and interest of the Managed Care Plan for performance of those subcontracts;
   e. In the event the Agency has terminated the Managed Care Plan’s Medicaid participation in one region, complete the performance of this Contract in all other regions in which the Managed Care Plan’s participation was not terminated;
   f. Take such action as may be necessary, or as the Agency’s contracting officer may direct, for the protection of property related to the Contract that is in the possession of the Managed Care Plan and in which the Agency has been granted or may acquire an interest;
   g. Not accept any payment after the Contract ends, unless the payment is for the time period covered under the Contract. Any payments due under the terms of this Contract may be withheld until the Agency receives from the Managed Care Plan all written and properly executed documents as required by the written instructions of the Agency;
   h. At least sixty (60) calendar days before the termination effective date, provide written notification to all enrollees of the following information: the date on which the Managed Care Plan will no longer participate in the state’s Medicaid program and instructions on contacting the Agency’s enrollment broker help line to obtain information on enrollment options and to request a change in managed care plans.

3. If the Managed Care Plan fails to disclose any business relationship, as defined in s. 409.966(3)(b), F.S., with another managed care plan in the same region during the procurement process, the Agency shall terminate this Contract and all other SMMC contracts with the Managed Care Plan.

4. In the event the Agency terminates the Managed Care Plan’s participation in more than one region due to non-compliance with Contract requirements, the Agency shall also terminate all of the Managed Care Plan’s participation in other regions by terminating this entire Contract, in accordance with s. 409.967(2)(h)3., F.S.
5. If the Managed Care Plan received an additional award pursuant to s. 409.966(3)(e), F.S., and is subject to penalties pursuant to s. 409.967(2)(h), F.S., for activities in Region 1 or Region 2, the additional awarded regions shall automatically be terminated from this Contract one-hundred eighty (180) days after the imposition of the penalties. The Managed Care Plan shall reimburse the Agency for the cost of enrollment changes and other transition activities.

6. If the Managed Care Plan fails to meet regional plan readiness criteria by the Agency's specified monthly enrollment calculation date prior to the region becoming operational in SMMC, the Agency shall terminate the Managed Care Plan from participation in that region. In addition the following requirements apply to the Managed Care Plan:

   a. If the Managed Care Plan received an additional award pursuant to s. 409.966(3)(e), F.S., and fails to meet plan readiness criteria in Region 1 or Region 2, the Agency shall terminate the additional awarded region(s) within one-hundred eighty (180) days after the respective Region 1 and/or Region 2 termination from the Contract.

   b. If the Managed Care Plan has been terminated from participation in all regions of its Contract, the Agency shall terminate this entire Contract with thirty (30) calendar days' notice, as specified in the Standard Contract, Section III, Item B., Termination at Will.

7. If the FFS Managed Care Plan fails to convert from a FFS Managed Care Plan to a capitated managed care plan within the timeframes specified in Contract and required under s. 409.912(4)(d)1., F.S., the Agency shall terminate the Contract accordingly. See Attachment II, Core Contract Provisions-D, Section II, C., Responsibilities of the State of Florida (state), and D., General Responsibilities of the Managed Care Plan.

8. If the Managed Care Plan Contract is terminated by either the Managed Care Plan or the Agency (with cause) prior to the end of the Contract period, the Agency will assess the performance bond required under this Contract to cover the costs of issuing a solicitation and selecting a new Managed Care Plan. The Agency's damages in the event of termination shall be considered to be the full amount of the bond. The Agency need not prove the damage amount in exercising its right of recourse against the bond.

Q. Waiver

No covenant, condition, duty, obligation, or undertaking contained in or made a part of the Contract shall be waived except by written agreement of the parties, and forbearance or indulgence in any other form or manner by either party in any regard whatsoever shall not constitute a waiver of the covenant, condition, duty, obligation, or undertaking to be kept, performed, or discharged by the party to which the same may apply. Until complete performance or satisfaction of all such covenants, conditions, duties, obligations, or undertakings, the other party shall have the right to invoke any remedy available under law or equity notwithstanding any such forbearance or indulgence.
R. Withdrawing Services from a Region

1. If the Managed Care Plan intends to withdraw services from a region, the Managed Care Plan shall provide the Agency with one-hundred eighty (180) calendar days' notice. Once the Agency receives the request for withdrawal, the Agency will remove the Managed Care Plan from receipt of new voluntary enrollments, mandatory assignments and reinstatements going forward.

2. The Managed Care Plan shall work with the Agency to develop a transition plan for enrollees, particularly those in the hospital, those under care coordination/case management and those with complex medication needs. The Managed Care Plan withdrawing from a Region shall perform as follows:
   a. Notice its enrollees, providers and subcontractors of the change at least sixty (60) calendar days before the last day of service; and
   b. Provide to the Agency the data, including encounter data, needed by the Agency to maintain existing case relationships.

3. The notice to enrollees shall contain the same information as required for a notice of termination according to Attachment II, Core Contract Provisions, Section XVI, Terms and Conditions, Item P., Termination Procedures.

4. If the Managed Care Plan withdraws from a region before the end of the term of this Contract, the Managed Care Plan shall pay the costs and penalties specified in s. 409.967(2)(h)1, F.S., and Attachment II, Core Contract Provisions, Section XIV, Sanctions, and the Contract through which the Managed Care Plan operates in any other region will be terminated in accordance with the termination procedures in s. 409.967(2)(h)3, F.S., Attachment II, Core Contract Provisions, Section XVI, Terms and Conditions, Item P., Termination Procedures, and Attachment II, Core Contract Provisions, Section XIV, Sanctions.

U. Ownership and Management Disclosure

The Managed Care Plan shall fully disclose any business relationships, ownership, management and control of disclosing entities in accordance with state and federal law.

1. Pursuant to s. 409.966(3)(b), F.S., as part of the SMMC procurement, the Managed Care Plan was required to disclose any business relationship, as defined in s. 409.966(3)(b), F.S., that it had with any other eligible plan that responded to the
invitation to negotiate. If the Managed Care Plan failed to disclose a business relationship or is considering a business relationship with a managed care plan that has a contract with the Agency under the SMMC program, the Managed Care Plan shall immediately disclose such business relationship to the Agency within five (5) calendar days after discovery. The disclosure shall include but not be limited to: the identifying information for each managed care plan, the nature of the business relationship, the regions served by each managed care plan, and the signature of the authorized representative for each managed care plan.

Reg., pages 20360-20369, and Section 4707 of the Balanced Budget Act of 1997). The forms are available through the Agency and are to be submitted to the Agency by September 1st of each Contract year. In addition, the Managed Care Plan shall submit to the Agency full disclosure of ownership and control of the Managed Care Plan and any changes in management within five (5) calendar days of knowing the change will occur and at least sixty (60) calendar days before any change in the Managed Care Plan’s ownership or control takes effect.

Thus, if a person owns ten percent (10%) of a note secured by sixty percent (60%) of the Managed Care Plan’s assets, the person owns six percent (6%) of the Managed Care Plan.

   c. The percent of indirect ownership or control is calculated by multiplying the percentage of ownership in each organization. 8. The Managed Care Plan shall submit to the Agency a quarterly report regarding current administrative subcontractors and affiliates, within fifteen (15) calendar days after the end of each quarter, using the format and according to the schedule provided in the MMA or LTC Report Guide (as applicable) and as referenced in Attachment II, Core Contract Provisions, Section XII, Reporting Requirements.

The Managed Care Plan shall not raise the fact that a person executing a document, instrument or assurance as set forth herein lacks authority to bind the Managed Care Plan for which it is representing as a defense to the enforcement of this Contract or other document executed in connection with this Contract.

DD. Proof of Execution by Electronic Copy or Facsimile

For purposes of executing this Contract or any documents, instruments and assurances created, presented or reasonably necessary or appropriate to carry out the full intent and purpose of this Contract, a document signed or electronically signed and transmitted by facsimile, e-mail or other form of electronic transmission is to be treated as an original document. The signature or electronic signature of any party thereon, for purposes hereof, is to be considered as an original signature, and the document transmitted is to be considered to have the same binding effect as an original signature on an original document. At the request of the Agency, any document transmitted by facsimile, telecopy, e-mail or other form of electronic transmission is to be executed in original form by the Managed Care Plan. The Managed Care Plan shall not raise the fact that any signature was transmitted through the use of a facsimile, e-mail or other form of electronic transmission as a defense to the enforcement of this Contract or other document executed in connection with this Contract.
EE. Remedies Cumulative

Except as otherwise expressly provided herein, all rights, powers and privileges conferred hereunder upon the Managed Care Plan are cumulative and not restrictive of those given by law. No remedy herein conferred is exclusive of any other available remedy; but each and every such remedy is cumulative and is in addition to every other remedy given by Contract or now or hereafter existing at law, in equity or by statute.

FF. Accreditation

Pursuant to s. 409.967(2)€3., F.S., the Managed Care Plan must be accredited by a nationally recognized accrediting body, or have initiated the accreditation process within one (1) year after this Contract was executed. If the Managed Care Plan is not accredited within eighteen (18) months after executing this Contract the Agency may terminate the Contract for failure to comply with the Contract. The Agency shall suspend all assignments until the Plan is accredited by a nationally recognized body.

Section XVII
Liquidated Damages

1. Damages

1. If the Managed Care Plan breaches this Contract, the Agency will be entitled to monetary damages in the form of actual, consequential, direct, indirect, special, and/or liquidated damages. In some cases, the actual damage to the Agency as a result of the Managed Care Plan's failure to meet any aspect of the responsibilities of the Contract and/or to meet specific performance standards set forth in the Contract will be difficult or impossible to determine with precise accuracy. Therefore, in the event of a breach of this Contract, the Agency will impose liquidated damages in writing against the Managed Care Plan. In the event of a breach the Agency will assess liquidated damages against the Managed Care Plan regardless of whether the breach is the fault of the Managed Care Plan (including the Plan's subcontractors, agents and/or consultants), provided the Agency has not materially caused or contributed to the breach.

2. The liquidated damages prescribed in this section are not intended to be in the nature of a penalty, but are intended to be reasonable estimates of the Agency's projected financial loss and damage resulting from the Managed Care Plan's nonperformance, including financial loss as a result of project delays. Accordingly, in the event the Managed Care Plan fails to perform in accordance with the Contract, the Agency may assess liquidated damages as provided in this section.

3. If the Managed Care Plan fails to perform any of the services described in the Contract, the Agency may assess liquidated damages for each occurrence listed in the below table in Item B., Issues and Amounts. Any liquidated damages assessed by the Agency shall be due and payable to the Agency within thirty (30) calendar days after the Managed Care Plan's receipt of the notice of damages, regardless of any dispute in the amount or interpretation which led to the notice. All interpretations of the Contract are handled by Deputy Secretary for Medicaid or his/her delegate.

4. The Agency may elect to collect liquidated damages:

   a. Through direct assessment and demand for payment delivered to the Managed Care Plan; or
   b. By deduction of amounts assessed as liquidated damages from, and as set-off against payments then due to the Managed Care Plan or that become due at any time after assessment of the liquidated damages. The Agency will make deductions until it has collected the full amount payable by the Managed Care Plan.

5. The Managed Care Plan will not pass through liquidated damages imposed under this Contract to a provider and/or subcontractor, unless the provider and/or subcontractor caused the damage through its own action or inaction. Nothing described herein shall prohibit a provider and/or a subcontractor from seeking judgment before an appropriate court in situations where it is unclear that the provider and/or the subcontractor caused the damage by an action or inaction.

6. All liquidated damages imposed pursuant to this Contract, whether paid or due, shall be paid by the Managed Care Plan out of administrative costs and profits.
7. To dispute the imposition of liquidated damages under the Contract, the Managed Care Plan must request that the Agency’s Deputy Secretary for Medicaid hear and decide the dispute. The Managed Care Plan must submit, within twenty-one (21) calendar days after the notice of the imposition of liquidated damages, a written dispute of the Contract Interpretation directly to the Deputy Secretary; this submission shall include all arguments, materials, data, and information necessary to resolve the dispute (to include all evidence, documentation and exhibits). The Managed Care Plan waives any dispute not raised within twenty-one (21) calendar days of receiving a notice of imposition of liquidated damages. It also waives any arguments it fails to raise in writing within twenty-one (21) calendar days of receiving a notice of the imposition of liquidated damages, and waives the right to use any materials, data, and/or information not contained in or accompanying the Managed Care Plan’s submission submitted within the twenty-one (21) calendar days following its receipt of the notice of the imposition of liquidated damages in any subsequent legal, equitable, or administrative proceeding (to include circuit court, federal court and any possible administrative venue).

8. The Deputy Secretary or his/her designee will decide the dispute under the reasonableness standard, reduce the decision to writing and serve a copy to the Managed Care Plan. This written decision will be final.

9. The exclusive venue of any legal or equitable action that arises out of or relating to the Contract, including an appeal of the final decision of the Deputy Secretary or his/her designee, will be Circuit Court in Leon County, Florida; in any such action, the Managed Care Plan agrees that the Circuit Court can only review the final decision for reasonableness, and Florida law shall apply. In the event the Agency issues any action under Florida Statutes or Florida Administrative Code apart from this Contract, the Agency will notice the Managed Care Plan of the appropriate administrative remedy.

General Overview — LTC Plans

NOTE: This exhibit provides Long-Term Care Plan requirements in addition to Attachment II, Core Contract Provisions of this Contract, unless otherwise specified.

Section II, General Overview, Item C., Responsibilities of the State of Florida (state)

21. The Department of Elder Affairs shall assist the Agency in determining clinical eligibility for enrollment in LTC plans, monitor LTC plan performance and measure quality of service delivery, assist enrollees and their families to address complaints with the LTC plans, facilitate working relationships between LTC plans and providers serving elders and adults with disabilities, and perform other functions specified in a memorandum of agreement between the Agency and DOEA.

22. Managed Care Plans shall contract with and maintain a provider network, as specified by the Contract, sufficient to meet the recipient enrollment levels, by region, as indicated in the Region Required Enrollment Levels as specified in Attachment I, Scope of Services, Exhibit 2.

   a. If the Managed Care Plan requests an increase in the regional enrollment level pursuant to Exhibit 2, General Overview, Item C., Responsibilities of the State of Florida (state), sub-item 22., the Agency will review such request and approve it in writing if the Agency determines its regional provider network is sufficient to meet the increased enrollment level requested and the Managed Care Plan has satisfactorily performed the terms of the Contract, and the Agency has approved the Health Plan’s administrative, financial and service resources, as specified in this Contract, in support of the requested enrollment level. If after an enrollment increase is approved by the Agency and a Managed Care Plan determines lower enrollment levels are desired, the Managed Care Plan may request an enrollment level decrease, as long as the decrease requested is not below the required enrollment levels for the region, as indicated in the Region Required Enrollment Levels as specified in Attachment I, Scope of Services, Exhibit 2.

   b. The Agency does not guarantee that the Managed Care Plan will receive any particular enrollment level; however, the enrollment level may not be exceeded unless a plan-specific enrollment level increase has been approved by the Agency.

Section II, General Overview, Item D., Responsibilities of the Managed Care Plan

26. The Managed Care Plan shall contract with and maintain a provider network, as specified in this Contract, sufficient to meet the recipient enrollment levels, by region, as indicated in the table in Exhibit 2, General Overview, Item C., Responsibilities of the State of Florida (state), sub-item 22.

   a. The Managed Care Plan may request a higher regional enrollment level, in writing, to the Agency; however, the Managed Care Plan must be able to serve the enrollment level requested (see Exhibit 2, General Overview, Item C.,

AHCA Contract No.[XXXXX], Attachment II, Exhibit 2, Page 3 of 128
b. If the Agency has approved the Managed Care Plan’s regional enrollment level increase, the Health Plan must then maintain a provider network, as specified in this Contract, sufficient to meet the increased recipient enrollment level, and this enrollment level shall become the Managed Care Plan’s maximum enrollment level.

Section III, Eligibility and Enrollment, Item A., Eligibility

The eligibility requirements listed below must be met in addition to those specified in Attachment II, Core Contract Provisions, Section III, Eligibility and Enrollment, unless otherwise noted below. 2. Recipients residing in DD centers including Sunland and Tacachale;
3. Children receiving services in a prescribed pediatric extended care center (PPEC);

4. Medicaid Pending for Home and Community-Based Services

a. The Managed Care Plan shall authorize and provide services to Medicaid Pending enrollees as specified in Attachment II, Core Contract Provisions, Exhibit 5, Covered Services.

b. Medicaid Pending recipients may choose to disenroll from a Managed Care Plan at any time, but the Managed Care Plan shall not encourage the enrollee to do so. However, Medicaid Pending recipients may not change Managed Care Plans until full financial Medicaid eligibility is complete.

c. The Managed Care Plan shall be responsible for reimbursing subcontracted providers for the provision of home and community-based services (HCBS) during the Medicaid Pending period, whether or not the enrollee is determined financially eligible for Medicaid by DCF. The Managed Care Plan shall assist Medicaid Pending enrollees with completing the DCF financial eligibility process.

d. The Agency shall notify Managed Care Plans in a format to be determined by the Agency of Medicaid Pending recipients that have chosen to enroll in the Managed Care Plan on a schedule consistent with the X-12 834 monthly enrollment files. On the first of the month after the notification, the Managed Care Plan shall provide services as indicated in Attachment II, Core Contract Provisions, Exhibit 5, Covered Services. The Managed Care Plan shall not deny or delay services covered under this Contract to Medicaid Pending enrollees based on their Medicaid eligibility status.

e. The Agency will notify the Managed Care Plan if and when Medicaid Pending enrollees are determined financially eligible by DCF via the X-12 834 enrollment files. If full Medicaid eligibility is granted by DCF, the Managed Care Plan will be reimbursed a capitated rate, by whole months, retroactive to the first of the month in which the recipient was enrolled into the plan as a Medicaid Pending enrollee. At the request of the Agency, the Managed Care Plan shall provide documentation to prove all medically necessary services were provided for the Medicaid Pending recipient during their pending status.

f. If DCF determines the recipient is not financially eligible for Medicaid, the Managed Care Plan may terminate services and seek reimbursement from the enrollee. In this instance only, the Managed Care Plan may seek reimbursement only from the individual for documented services, claims, copayments and deductibles paid on behalf of the Medicaid Pending enrollee for services covered under this Contract during the period in which the Managed Care Plan should have received a capitation payment for the enrollee in a Medicaid Pending status. The Managed Care Plan shall send the affected enrollee an itemized bill for services. The itemized bill and related documentation shall be included in the enrollee’s case notes. The Managed Care Plan shall not allow subcontractors to seek payment from the Medicaid Pending enrollee on behalf of the Managed Care Plan.
**Section III, Eligibility and Enrollment, Item B., Enrollment, Sub-Item 1., General Provisions**

f. For long-term care eligibles who fail to make an affirmative plan choice, the Agency will assign them to a LTC Managed Care Plan with which they have a previous relationship for purposes of long-term care services.

**Section III, Eligibility and Enrollment, Item C., Disenrollment, Sub-Item 1., General Provisions**

This provision is in addition to Attachment II, Core Contract Provisions, Section III, Eligibility and Enrollment, Item C., Disenrollment, sub-item 4.a, Involuntary Disenrollment requests.

(4). The enrollee will not relocate from an assisted living facility or adult family care home that does not, and will not, conform to HCB requirements contained in Exhibit 5 of this Contract.

This provision replaces Attachment II, Core Contract Provisions, Section III, Eligibility and Enrollment, Item C., Disenrollment, sub-item 1.f., General Provisions.

f. On the first day of the month after receiving notice from FMMIS that the enrollee has moved to another region, the Agency will automatically disenroll the enrollee from the Managed Care Plan and treat the recipient as if the recipient is a new Medicaid recipient eligible to choose another managed care plan pursuant to the Agency’s enrollment process (see s. 409.969(2)d., F.S.) but without having to be placed on the long-term care wait list.

**Section III, Eligibility and Enrollment, Item D., Enrollee Reporting Requirements**

The Managed Care Plan (MCP) shall submit a monthly summary report of all enrollees and their place of care in accordance with Attachment II, Core Contract Provisions, Exhibit 12, Reporting Requirements. The monthly summary report should include the required demographic information for Medicaid Pending and Non-Pending enrollees, and the total number of enrollees by residential facility. The report is due within fifteen (15) calendar days of the end of the reporting month.

13. Medicaid Redetermination Notices
    
a. The Managed Care Plan shall develop a process for tracking eligibility redetermination and documenting the assistance provided by the Managed Care Plan to ensure continuous Medicaid eligibility, including both financial and medical/functional eligibility.

b. The Managed Care Plan’s assistance shall include:

(6) If appropriate and needed, assisting enrollees to obtain an authorized representative.

c. The Agency will provide Medicaid recipient redetermination date information to the Managed Care Plan.

(1) The Managed Care Plan must train all affected staff, prior to implementation, on its policies and procedures and the Agency’s requirements regarding the use of redetermination date information. The Managed Care Plan must document such training has occurred, including a record of those trained, for the Agency’s review within five (5) business days after the Agency’s request.

(2) The Managed Care Plan shall use redetermination date information in written notices to be sent to their enrollees reminding them that their Medicaid eligibility may end soon and to reapply for Medicaid if needed. The Managed Care Plan must adhere to the following requirements:

   i. The Managed Care Plan shall mail the redetermination date notice to each enrollee for whom it has received a redetermination date. The Managed Care Plan may send one (1) notice to the enrollee’s household when there are multiple enrollees within a family who have the same Medicaid redetermination date, provided that these enrollees share the same mailing address.

   ii. The Managed Care Plan shall use the Agency-provided LTC template for its redetermination date notices. The Managed Care Plan may put this template on its letterhead for mailing; however, the Managed Care Plan shall make no other changes, additions or deletions to the letter text.

   iii. The Managed Care Plan shall mail the redetermination date notice to each enrollee no more than sixty (60) calendar days and no less than thirty (30) calendar days before the redetermination date occurs.

Covered Services — LTC Plans

NOTE: This exhibit provides Long-Term Care Plan requirements in addition to Attachment II, Core Contract Provisions of this Contract, unless otherwise specified.

Section V, Covered Services, Item A., Covered Services

4. The Managed Care Plan shall be responsible for tracking individuals that transition from the nursing facility into an ALF or other residence in the community, as well as those individuals that transition from the ALF or other residence in the community into a nursing facility. The Managed Care Plan shall notify DCF of the date of nursing facility/ALF admission/discharge prior to the respective admission/discharge date. The Managed Care Plan shall submit monthly reports to the Agency using the reporting mechanism developed by the Agency (see Exhibit 12).

5. The Managed Care Plan shall ensure the provision of the following covered services, including those covered under s. 409.98(1) through (19), F.S.

   a. Adult Companion Care — Non-medical care, supervision and socialization provided to a functionally impaired adult. Companions assist or supervise the enrollee with tasks such as meal preparation or laundry and shopping, but do not perform these activities as discreet services. The provision of companion services does not entail hands-on nursing care. This service includes light housekeeping tasks incidental to the care and supervision of the enrollee.

   b. Adult Day Health Care — Services provided pursuant to Chapter 429, Part III, F.S. Services furnished in an outpatient setting which encompass both the health and social services needed to ensure optimal functioning of an enrollee, including social services to help with personal and family problems and planned group therapeutic activities. Adult day health care includes nutritional meals. Meals are included as a part of this service when the patient is at the center during meal times. Adult day health care provides medical screening emphasizing prevention and continuity of care, including routine blood pressure checks and diabetic maintenance checks. Physical, occupational and speech therapies indicated in the enrollee’s plan of care are furnished as components of this service. Nursing services, which include periodic evaluation, medical supervision and supervision of self-care services directed toward activities of daily living and personal hygiene, are also a component of this service. The inclusion of physical, occupational and speech therapy services, and nursing services as components of adult day health services does not require the Managed Care Plan to contract with the adult day health provider to deliver these services when they are included in an enrollee’s plan of care. The Managed Care Plan may contract with the adult day health care provider for the delivery of these services or the Managed Care Plan may contract with other providers qualified to deliver these services pursuant to the terms of this Contract.
c. Assistive Care Services -- An integrated set of twenty-four (24) hour services only for Medicaid-eligible residents in adult family care homes in accordance with Attachment II, Core Contract Provisions, Section I, Definitions and Acronyms.

d. Assisted Living — A service comprising personal care, homemaker, chore, attendant care, companion care, medication oversight, and therapeutic social and recreational programming provided in a home-like environment in an assisted living facility, licensed pursuant to Chapter 429 Part I, F.S., in conjunction with living in the facility. Service providers must ensure enrollees reside in a facility offering care with home-like environmental characteristics congruent with Exhibit 5 of this Contract. This service includes twenty-four (24) hour onsite response staff to meet scheduled or unpredictable needs in a way that promotes maximum dignity independence, and to provide supervision, safety and security. Individualized care is furnished to persons who reside in their own living units (which may include dual occupied units when both occupants consent to the arrangement) which may or may not include kitchenette and/or living rooms and which contain bedrooms and toilet facilities. The resident has a right to privacy. Living units may be locked at the discretion of the resident, except when a physician or mental health professional has certified in writing that the resident is sufficiently cognitively impaired as to be a danger to self or others if given the opportunity to lock the door and all protections have been met to ensure individuals’ rights have not been violated. The facility must have a central dining room, living room or parlor, and common activity areas, which may also serve as living rooms or dining rooms. The resident retains the right to assume risk, tempered only by a person’s ability to assume responsibility for that risk. Care must be furnished in a way that fosters the independence of each consumer to facilitate aging in place. Routines of care provision and service delivery must be consumer-driven to the maximum extent possible, and treat each person with dignity and respect. The LTC plan may arrange for other authorized service providers to deliver care to residents of assisted living facilities in the same manner as those services would be delivered to a person in their own home. ALF administrators, direct service personnel and other outside service personnel such as physical therapists have a responsibility to encourage enrollees to take part in social, educational and recreational activities they are capable of enjoying. All services provided by the assisted living facility shall be included in a care plan maintained at the facility with a copy provided to the enrollee’s case manager. The LTC plan shall be responsible for placing enrollees in the appropriate assisted living facility setting based on each enrollee’s choice and service needs.

e. Attendant Care — Hands-on care, of both a supportive and health-related nature, specific to the needs of a medically stable, physically handicapped individual. Supportive services are those which substitute for the absence, loss, diminution or impairment of a physical or cognitive function. This service may include skilled or nursing care to the extent permitted by state law. Housekeeping activities which are incidental to the performance of care may also be furnished as part of this activity.

f. Behavioral Management — This service provides behavioral health care services to address mental health or substance abuse needs of long-term-care plan members. These services are in excess of those listed in the Community Behavioral Health Services Coverage and Limitations Handbook and the Mental Health Targeted Case
Management Coverage and Limitations Handbook. The services are used to maximize reduction of the enrollee's disability and restoration to the best possible functional level and may include, but are not limited to: an evaluation of the origin and trigger of the presenting behavior; development of strategies to address the behavior; implementation of an intervention by the provider; and assistance for the caregiver in being able to intervene and maintain the improved behavior.

g. Caregiver Training — Training and counseling services for individuals who provide unpaid support, training, companionship or supervision to enrollees. d. The following situations are not considered gaps:

(1) The enrollee is not available to receive the service when the service provider arrives at the enrollee’s home at the scheduled time;

(2) The enrollee refuses the caregiver when s/he arrives at the enrollee’s home, unless the service provider’s ability to accomplish the assigned duties is significantly impaired by the caregiver’s condition or state (e.g., drug and/or alcohol intoxication);

(3) The enrollee refuses services;

(4) The provider agency or case manager is able to find an alternative service provider for the scheduled service when the regular service provider becomes unavailable;

(5) The enrollee and regular service provider agree in advance to reschedule all or part of a scheduled service; and/or

(6) The service provider refuses to go or return to an unsafe or threatening environment at the enrollee’s residence.
e. The contingency plan must include information about actions that the enrollee and/or representative should take to report any gaps and what resources are available to the enrollee, including on-call back-up service providers and the enrollee’s informal support system, to resolve unforeseeable gaps (e.g., regular service provider illness, resignation without notice, transportation failure, etc.) within three (3) hours unless otherwise indicated by the enrollee. The informal support system must not be considered the primary source of assistance in the event of a gap, unless this is the enrollee’s/family’s choice.

f. The Managed Care Plan’s contingency plan must include the telephone numbers for provider and/or Managed Care Plan that will be responded to promptly twenty-four hours per day, seven days per week (24/7).

g. In those instances where an unforeseeable gap in in-home HCBS occurs, it is the responsibility of the Managed Care Plan to ensure that in-home HCBS are provided within three hours of the report of the gap. If the provider agency or case manager is able to contact the enrollee or representative before the scheduled service to advise him/her that the regular service provider will be unavailable, the enrollee or representative may choose to receive the service from a back-up substitute service provider, at an alternative time from the regular service provider or from an alternate service provider from the enrollee’s informal support system. The enrollee or representative has the final say in how (informal versus paid service provider) and when care to replace a scheduled service provider who is unavailable will be delivered.

h. When the Managed Care Plan is notified of a gap in services, the enrollee or enrollee representative must receive a response acknowledging the gap.

i. The contingency plan must be discussed with the enrollee/representative at least quarterly. A copy of the contingency plan must be given to the enrollee when developed and at the time of each review visit and updated as necessary.

3. Monitoring Activities

a. The Managed Care Plan shall implement a systematic method of monitoring its case management program to include, but not be limited to conducting quarterly case file audits and quarterly reviews of the consistency of enrollee assessments/service authorizations (inter-rater reliability). The Managed Care Plan shall compile reports of these monitoring activities to include an analysis of the data and a description of the continuous improvement strategies the Managed Care Plan has taken to resolve identified issues. This information shall be submitted to the Agency on a quarterly basis, thirty (30) days after the close of each quarter.

b. The case management case file audit tool to be used by the Managed Care Plan must be approved by the Agency prior to implementation and revision.

c. At a minimum the case file and plan of care audit tool must include:

(1) Verification of participant eligibility;
(2) Proper completion of assessment;

(3) Evidence of special screening for and monitoring of high risk persons and conditions;

(4) Comprehensive plan of care consistent with assessment and properly completed and signed by the individual;

(7) Appropriateness and timeliness of care;

(8) Use of services;

(9) Ongoing case narrative documenting case management visits and other contacts;

(10) Documentation of individual provider choice and Medicaid Fair-Hearing information;

(11) Evidence of quality monitoring and improvement;

(12) Satisfaction survey; and

(13) Review of complaint and the quality remediation to resolve and prevent problems.

d. The Managed Care Plan shall have data collection and analysis capabilities that enable the tracking of enrollee service utilization, cost and demographic information and maintain documentation of the need for all services provided to enrollees.

e. Utilization reporting shall include but not be limited to:

(1) Reporting by level of service;

(2) Identification of HCBS enrollees not using services;

(3) Participant direction enrollment and activity report;

(4) Care coordination/case management activity report; and

(5) Case management file audit report.

f. The Managed Care Plan shall provide reports demonstrating case management monitoring and evaluation including reporting results for the following performance measures but not limited to:
(1) Level of care related reassessments within three-hundred thirty-five (335) days of previous level of care determination;

(2) Complete and accurate level of care forms for annual re-evaluations sent to CARES within thirty (30) calendar days of LOC due date;

(3) Number and percent of staff meeting mandated abuse, neglect and exploitation training requirements;

(4) Plan of Care audit results;

(5) Number and percentage of enrollee Plans of Care being distributed within ten (10) business days of development to the enrollee’s PCP;

(6) Number and percentage of Plans of Care/summaries where enrollee participation is verified by signatures;

(7) Number and percentage of enrollee Plans of Care reviewed for changing needs on a face-to-face basis at least every three (3) months and updated as appropriate;

(8) Number and percentage of Plan of Care services delivered according to the plan of care as to service type, scope, amount and frequency;

(9) Number and percentage of enrollees with Plans of Care addressing all identified care needs;

(10) Number and frequency of enrollees having executed freedom of choice forms in their files;

(11) Number/percent of adverse/critical incidents reported within twenty-four (24) hours to the appropriate agency;

(12) Number and percent of case files that include evidence that advance directives were discussed with the enrollee; and

(13) Number and percent of enrollees requesting a Fair Hearing and outcomes.

g. The Managed Care Plan shall develop an organized quality assurance and quality improvement program to enhance delivery of services through systemic identification and resolution of enrollee issues as specified in Attachment II, Core Contract Provisions, Section VIII, Quality Management.

h. The Managed Care Plan shall develop a recording and tracking system log for enrollee complaints and resolutions and identify and resolve enrollee satisfaction issues, as specified in Section IX, Grievance System.
4. Missed Services

The Managed Care Plan (MCP) shall submit a monthly summary report of all missed Facility and Non-Facility services covered by the program for the previous month in accordance with Attachment II, Core Contract Provisions, Exhibit 12, Reporting Requirements. The monthly summary report should include the enrollee’s name, authorized service units for the reported month, number of missed service units for the reported month and explanation for missed services and resolution of missed services. The report is due thirty (30) calendar days after the close of the month the missed services occurred. For months without missed services, the Managed Care Plan shall submit a report explaining that no authorized covered services were missed during the reported month.

5. Continuity of Care During Temporary Loss of Eligibility

The Managed Care Plan must provide covered services to enrollees who lose eligibility for up to sixty (60) calendar days. Likewise, care coordination/case management services must continue for such enrollees for up to sixty (60) calendar days.

Behavioral Health — LTC Plans

Note: This exhibit provides Long-Term Care Plan requirements in addition to Attachment II, Core Contract Provisions of this Contract, unless otherwise specified.

A. General Provisions

Behavioral health services will be provided to enrollees by other sources, including Medical Assistance managed care plans, Medicare, and state-funded programs and services. This will require coordination by the Managed Care Plan with other entities, including Medical Assistance managed care plans, Medicare plans, Medicare providers, and state-funded programs and services.

B. Responsibilities of the Managed Care Plan

The Managed Care Plan is responsible for coordinating with other entities available to provide behavioral health services including:

1. Developing and implementing a plan to ensure compliance with s. 394.4574, F.S., related to services provided to residents of licensed assisted living facilities that hold a limited mental health license. A cooperative agreement, as defined in 429.02, F.S., must be developed with the ALF if an enrollee is a resident of the ALF;

2. Ensuring that appropriate behavioral health screening and assessment services are provided to plan enrollees and that medically necessary mental health targeted case management and behavioral health care services are available to all enrollees who reside in this type of setting;

3. Educating Managed Care Plan staff on screening; privacy and consent regulations and procedures; referral processes; and follow-up and provider coordination requirements;

4. Developing a systematic process for coordinating referrals to services for enrollees who request or who are identified by screening as being in need of behavior health care, by facilitating contact with the Medical Assistance managed care plan or other relevant entity or referring them to treatment providers for assessment and treatment;

5. Ensuring coordination of care of any specialized services identified in the PASRR;

   a. Federal regulations (42CFR 483.100-483.138) require Preadmission Screening and Resident Review (PASRR) for all residents of Medicaid-certified nursing facilities, regardless of payer, based on s. 1919(e)(7) of the Social Security Act. The purpose is to ensure that nursing facility applicants and residents with serious mental illness (MI), mental retardation (MR), or a related condition receive a thorough evaluation, found to be appropriate for nursing facility placement, and will receive all specialized services necessary to meet their unique needs in the least restricting setting.
b. The PASRR process includes:
   i. PASRR Level I screening to identify possible MI/MR or related condition; and
   ii. PASRR Level II evaluation and determination when:
       ▪ A Level I screening indicates possible MI/MR or related condition, or
       ▪ A Resident Review is required.

c. Detailed information and forms related to PASRR are available at the following website: http://elderaffairs.state.fl.us/doea/cares_pasrr.php

d. Medicaid reimbursement for nursing facility services requires providers to keep the following hard-copy documentation on file to support that:
   1. PASRR determined the recipient appropriate for the nursing facility setting;
   2. DCF determined the individual eligible for ICP; and
   3. DCF determined the monthly amount of the ICP-eligible recipient’s patient responsibility.

e. Medicaid reimbursements are subject to recoupment, and providers are subject to sanctions and fines for any date of service:
   1. PASRR was not performed in a complete, timely and accurate manner;
   2. PASRR had not determined the individual appropriate for the nursing facility setting; or
   3. DCF had not determined the individual eligible for ICP.

6. Documenting all efforts to coordinate services, including the following:
   a. Authorizations for release of information;
   b. Intake and referral;
   c. Diagnosis and evaluation;
   d. Needs assessment;

   g. Plan of care implementation;
h. Medication management;

i. Progress reports;

j. Reassessment and revision of plans of care; and

k. Routine monitoring of services by appropriate clinical staff.

7. Ensuring that a community living support plan, as defined in Section I, Definitions and Acronyms, of Attachment II, Core Contract Provisions, is developed and implemented for each enrollee who is a resident of an ALF or an AFCH, and that it is updated annually;

8. Coordinating care (including communication of medication management, treatment plans and progress among behavioral health providers, medical specialists and long-term care providers);

9. Ensure that a quarterly review of the enrollee’s plan of care is conducted to determine the appropriateness and adequacy of services, and to ensure that the services furnished are consistent with the nature and severity of needs. Documentation of this quarterly review shall be maintained on file and provided at the Agency’s request;

10. Maintaining information about the enrollee’s behavioral health condition, the types of services to be furnished, the amount, frequency and duration of each service, and the provider who will furnish each service;

11. Provide training to the ALF staff and administrators of the procedures to follow should an urgent or emergent behavior health condition arise and ensuring that the procedures are followed; Assist the facility to develop and implement procedures for responding to urgent and emergent behavior health conditions, if none exist.

12. Ensuring that facilities are fully compliant with the voluntary, involuntary and transport provisions of the Baker Act (see chapters 400 and 429, F.S.) for long-term care residents who are sent to a hospital or Baker Act receiving facility for psychiatric issues; and

13. Ensuring through monitoring and reporting that facilities are fully compliant with Baker Act requirements (see s. 394.451, F.S.).

14. Provide training to ALF staff which includes:

   a. Signs and symptoms of mental illness;

   b. Behavior management strategies;

   c. Identification of suicide risk and management;

   d. Verbal de-escalation strategies for aggressive behavior;

Section VII, Provider Network, Item B., Network Standards

1. The Managed Care Plan shall enter into provider contracts with a sufficient number of long-term care providers to provide all covered services to enrollees and ensure that each covered service is provided promptly and is reasonably accessible.

2. In accordance with s. 409.982(4), F.S., and s. 409.98(1) - (19), F.S., the Managed Care Plan's network must include the following types of providers: (See Exhibit 7, Provider Network, Item I., Credentialing and Recredentialing, sub-item 7., LTC Provider Qualifications and Minimum Network Adequacy Requirements Table, for minimum waiver network standards).

x. Transportation providers; and

y. Therapy (occupational, speech, respiratory, and physical) providers.

3. In accordance with s. 409.982(1), F.S., the Managed Care Plan may limit the providers in its network based on credentials, quality and price; however, during the period between October 1, 2013 and September 30, 2014, the Managed Care Plan must, in good faith, offer a provider contract to all of the following providers in the region:

a. Nursing facilities;

b. Hospices; and

c. Aging network services providers that previously participated in home and community-based waivers serving elders or community-service programs administered by DOEA, as identified in AHCA ITN 002-12/13, Attachment C, Exhibit 5.

4. In accordance with s. 409.982(1), after twelve (12) months of active participation in the Managed Care Plan’s network, the Managed Care Plan may exclude any of the providers named in s. (3) above for failure to meet quality or performance criteria. 5. Unless otherwise provided in this Contract or authorized by the Agency, the Managed Care Plan shall ensure that each county in a region has at least two (2) providers available to deliver each covered HCBS. For HCBS provided in an enrollee’s place of residence, the provider does not need to be located in the county of the enrollee’s residence but must be willing and able to serve residents of that county. For adult day health care, the service provider does not have to be located in the enrollee’s county of residence, but must meet the access standards for adult day health care specified in Item G. below.

5. The Managed Care Plan shall permit enrollees in the community to choose care through participant direction for allowable services as specified in Attachment II, Core Contract Provisions, Section V, and Exhibit 5. Such providers must agree to all applicable terms of the Managed Care Plan’s policies and procedures. Such qualification requirements shall include all training and background screening
requirements. The Managed Care Plan shall develop any necessary policies, procedures, or agreements to allow providers to provide care to enrollees where appropriate.

6. The Managed Care Plan shall not continue to contract with providers designated as chronic poor performers, pursuant to the Managed Care Plan’s policies and procedures.

7. The Managed Care Plan shall permit enrollees to choose from among all Managed Care Plan network residential facilities with a Medicaid-designated bed available. The Managed Care plan must inform the enrollee of any residential facilities that have specific cultural or religious affiliations. If the enrollee makes a choice, the Managed Care Plan shall make a reasonable effort to place the enrollee in the facility of the enrollee’s choice. In the event the enrollee does not make a choice, the Managed Care Plan shall place the enrollee in a participating residential facility with a Medicaid-designated bed available within the closest geographical proximity to the enrollee’s current residence. All Managed Care Plan enrollee placements into participating or non-participating residential facilities must be appropriate to the enrollees’ needs.

8. The Managed Care Plan shall report to the Agency monthly, by the 15th calendar day of the month following the report month, the facility location of enrollee residing in a facility (including nursing facilities, assisted living facilities and adult family care homes) during the report month using the format provided in the LTC Report Guide referenced in Attachment II, Core Contract Provisions, Exhibit 12, Reporting Requirements, Summary of Reporting Requirements Table.

c. Home and community-based services (HCBS) are available on a seven (7) day a week basis, and for extended hours, as dictated by enrollee needs.

Section VII, Provider Network, Item D., Sub-Item 2., Regional Network Changes

c. A loss of a nursing facility, adult day health care center, adult family care home or assisted living facility in a region where another participating nursing facility, adult day health care center, adult family care home or assisted living facility of equal service ability is not available to ensure compliance with the geographic access standards specified in Exhibit 7, Item G.

Section VII, Provider Network, Item D., Sub-Item 5., Regional Network Changes

6. If the Managed Care Plan excludes a provider in accordance with Attachment II, Core Contract Provisions, Exhibit 7, Item B.3., the Managed Care Plan must provide written notice to all enrollees who have chosen that provider for care, and the notice must be provided at least thirty (30) calendar days before the effective date of the exclusion.
Section VII, Provider Network, Item E., Sub-Item 2., Provider Contract Requirements

oo. Require that each provider develop and maintain policies and procedures for back-up plans in the event of absent employees, and that each provider maintain sufficient staffing levels to ensure that service delivery is not interrupted due to absent employees.

pp. Include requirements for residential facilities regarding collection of patient responsibility, including prohibiting the assessment of late fees.

qq. For assisted living facilities and adult family care homes, that they must maintain a home-like environment pursuant to Exhibit 5 of this Contract.

The Managed Care Plan shall include the following statement verbatim in its provider contract agreements with assisted living facility and adult family care home providers:

(Insert ALF/AFCH identifier) will support the enrollee’s community inclusion and integration by working with the case manager and enrollee to facilitate the enrollee’s personal goals and community activities.

Enrollees residing in (insert ALF/AFCH identifier) must be offered services with the following options unless medical, physical, or cognitive impairments restrict or limit exercise of these options.

Choice of:
- Private or semi-private rooms;
- Roommate for semi-private rooms;
- Locking door to living unit;
- Access to telephone and length of use;
- Eating schedule; and
- Participation in facility and community activities.

Ability to have:
- Unlimited visitation; and
- Snacks as desired.

Ability to:
- Prepare snacks as desired; and
- Maintain personal sleeping schedule.

rr. The Managed Care Plan shall include the following statement in its provider contract agreements with assisted living facility providers:

(Insert ALF identifier) hereby agrees to accept monthly payments from (insert plan identifier) for enrollee services as full and final payment for all long-term care services detailed in the enrollee’s plan of care which are to be provided by (insert ALF identifier). Enrollees remain responsible for the separate ALF room and board costs as detailed in their resident contract. As enrollees age in place and require more intense or additional long-term care services, (insert ALF identifier) may not
request payment for new or additional services from an enrollee, their family members or personal representative. (Insert ALF identifier) may only negotiate payment terms for services pursuant to this agreement with (insert plan identifier).

ss. The Managed Care Plan shall include the following provision it its provider contract agreements with nursing facilities and hospices:

- The provider shall maintain active Medicaid enrollment and submit required cost reports to the Agency for the duration of this agreement.

Section VII, Provider Network, Item G., Appointment Waiting Times and Geographic Access Standards

1. The Managed Care Plan shall provide authorized HCBS within the timeframe prescribed in Attachment II, Core Contract Provisions, Section V, Covered Services, Item J., Case Management, and Exhibit 5. This includes initiating HCBS in the enrollee’s plan of care within the timeframes specified in this Contract and continuing services in accordance with the enrollee’s plan of care, including the amount, frequency, duration and scope of each service in accordance with the enrollee’s service schedule.

2. Therapy, facility-based hospice, and adult day health care services must be available within an average of thirty (30) minutes from an enrollee’s residence or other preferred location within the region. The Agency may waive this requirement, in writing, for rural areas and for areas where there is no applicable provider within a thirty (30) minute average travel time. Travel time requirements for adult day health care and therapy services are increased to sixty (60) minutes for rural areas.

3. Facility-based services are those services the enrollee receives from the residential facility in which they live. For purposes of this Contract assisted living facility, adult family care homes, assistive care, and nursing facility care services are facility-based.

4. The Managed Care Plan shall contract with at least two (2) facility-based service providers per county in the region(s) it serves and meet the licensed bed ratio requirement of one (1) licensed bed for each enrollee included in the applicable maximum enrollment level. If the Managed Care Plan demonstrates to the Agency’s satisfaction that it is not feasible to meet either or both requirements within a specific county within a contracted region, the Agency may provide written authorization to use network facilities from one or more neighboring counties within the region to meet network requirements.

5. If the Managed Care Plan is able to demonstrate to the Agency’s satisfaction that a region as a whole is unable to meet either or both network requirements for facility-based services, the Agency may waive the requirement at its discretion in writing. As soon as additional service providers become available, however, the Managed Care Plan shall augment its network to include such providers in order to meet the network adequacy requirements. Such a written waiver shall require attestation by the Managed Care Plan that it agrees to modify its network to include such providers as they become available.
6. Facilities from neighboring counties within the region are allowed as additional network providers above and beyond the required number. No state approval is required to include these additional providers in the Managed Care Plan network as long as minimum requirements specified in sub-paragraph G.,4., have been met.

7. The Managed Care Plan may not include facility-based service providers from outside the region as network providers unless the Managed Care Plan’s provider agreement or subcontract specifies that it will serve the respective region(s); however, such providers may not be used to meet the region’s minimum network requirements. A waiver from the Agency will be necessary if the Managed Care Plan cannot meet network requirements for facility-based services for a region using only providers located within that region.

8. In accordance with 42 CFR 438.206 (c), the Managed Care Plan shall establish mechanisms to ensure network providers comply with timely access requirements, monitor regularly to determine compliance and take corrective action if there is a failure to comply.

Section VII, Provider Network, Item H., Continuity of Care

4. The Managed Care Plan shall allow enrollees to continue receiving medically necessary services from a not-for-cause terminated provider until the enrollee selects another provider, which shall not exceed sixty (60) calendar days after the termination of the provider's contract. The Managed Care Plan shall process provider claims for services rendered to such recipients during the sixty (60) calendar day period.

Section VII, Provider Network, Item I., Credentialing and Recredentialing, Sub-Item 2.

h. Determination of whether the provider, or employee or volunteer of the provider, meets the definition of “direct service provider” and completion of a Level 2 criminal history background screening on each direct service provider to determine whether any have disqualifying offenses as provided for in s. 430.0402, F.S., and s. 435.04, F.S. Any provider or employee or volunteer of the provider meeting the definition of “direct service provider” who has a disqualifying offense is prohibited from providing services to enrollees. No additional Level 2 screening is required if the individual is qualified for licensure or employment by the Agency pursuant to its background screening standards under s. 408.809, F.S., and the individual is providing a service that is within the scope of his or her licensed practice or employment. (See s. 430.0402(3), F.S.)

1. The Managed Care Plan must maintain a signed affidavit from each provider attesting to its compliance with this requirement, or with the requirements of its licensing agency if the licensing agency requires Level 2 screening of direct services providers.

2. The Managed Care Plan must include compliance with this requirement in its provider contracts and subcontracts and verify compliance as part of its subcontractor and provider monitoring activity.
i. Ensure that Assisted Living Facilities and Adult Family Care Homes meet the minimum home-like environment and community inclusion characteristics requirements as defined in Exhibit 5.

Section VII, Provider Network, Item I., Credentialing and Recredentialing

7. The Managed Care Plan’s credentialing and recredentialing process must include ensuring that all long-term care providers are appropriately qualified, as specified in Table 1 - LTC Provider Qualifications & Minimum Network Adequacy Requirements, and Table 2 – PDO Provider Qualifications below:

(21) Requirements for residential facilities regarding patient responsibility.

REMAINDER OF PAGE INTENTIONALLY LEFT BLANK
Section VIII, Quality Management, Item A., Quality Improvement

2. Specific Required Components of the QI Program

b. The Managed Care Plan shall appoint a Geriatrician to the QI program committee. The Geriatrician shall be a qualified geriatrician, with a current active unencumbered Florida license under Chapter 458 or 459, F.S., and further certified in Geriatric Medicine. The Geriatrician shall be responsible for establishing and monitoring the implementation and administration of geriatric management protocols to support long-term care requiring geriatric practice.

f. Critical Incidents

The Managed Care Plan shall develop and implement a critical and adverse incident reporting and management system for incidents that occur in a home and community-based long-term care service delivery setting, including: community-based residential alternatives; other HCBS provider sites; and an enrollee’s home, if the incident is related to the provision of covered HCBS.

(1) The Managed Care Plan shall require providers to report adverse incidents to the Managed Care Plans within twenty-four (24) hours of the incident.

(2) The Managed Care Plan shall identify and track critical incidents and shall review and analyze critical incidents to identify and address/eliminate potential and actual quality of care and/or health and safety issues.

(3) The Managed Care Plan shall report suspected abuse, neglect and exploitation of enrollees immediately in accordance with Chapter 415, F.S.

(4) The Managed Care Plan shall implement and maintain a risk-management program.

(5) The Managed Care Plan shall provide appropriate training and take corrective action as needed to ensure its staff, and participating providers, comply with critical incident requirements.

(6) The Managed Care Plan shall report to the Agency, as specified in Section XII, Reporting Requirements, and in the LTC Report Guide, any death and any adverse incident that could impact the health or safety of an enrollee (e.g., physical or sexual abuse) within twenty-four (24) hours of detection or notification.
(7) The Managed Care Plan shall report a summary of critical incidents in a monthly report to the Agency as identified in Attachment II, Core Contract Provisions, Reporting.

3. Managed Care Plan QI Activities

This provision replaces Attachment II, Core Contract Provisions, Section VIII, Quality Management, Item A., Quality Improvement, sub-item 3., Managed Care Plan QI Activities, sub-item b.

a. PIPs — Annually, by January 1st of each Contract year, the Agency shall determine and notify the Managed Care Plan if there are changes in the number and types of PIPs the Managed Care Plan shall perform for the coming Contract year. The Managed Care Plan shall perform two (2) Agency-approved statewide performance improvement projects as specified in Attachment II, Core Contract Provisions, Exhibit 8. There must be one (1) clinical PIP and one (1) non-clinical PIP. One of the PIPs shall be the statewide Collaborative PIP as detailed by the Agency.

(1) LTC Performance Improvement Projects (PIPs) are as follows:

   i. The clinical PIP shall relate to care in a nursing facility.

   ii. The non-clinical PIP shall relate to care in a home and community-based setting.

(2) Each PIP shall include a sample size sufficient to produce a statistically significant result.

(3) All PIPs shall achieve, through ongoing measurements and intervention, significant improvement to the quality of care and service delivery, sustained over time, in areas that are expected to have a favorable effect on health outcomes and enrollee satisfaction. Improvement must be measured through comparison of a baseline measurement and an initial re-measurement following application of an intervention. Change must be statistically significant at the ninety-five percent (95%) confidence level and must be sustained for a period of two (2) additional re-measurements. Measurement periods and methodologies shall be submitted to the Agency for approval before initiation of the PIP. If a PIP has successfully achieved sustained improvement, as approved by the Agency, it shall be considered complete and shall not meet the requirement for that PIP, although the Managed Care Plan may wish to continue to monitor the performance indicator as part of its overall QI program. In this event, the Managed Care Plan shall select a new PIP and submit it to the Agency for approval.

b. Performance Measures (PM)

   (9) The Managed Care Plan shall collect and report the following performance measures, certified via qualified auditor.

*Agency addition to HEDIS

(10) The Managed Care Plan shall report results of PMs to the Agency as specified in Attachment II, Core Contract Provisions, Exhibit 12.

(11) The Agency, at its sole discretion, may add and/or change required performance measures based on state and federal quality initiatives. These measures may include, but are not limited to, Medicare measures related to nursing home care and home-based care. Examples of measures that may be included are avoidable hospitalizations; hospital readmissions; prevalence of pressure ulcers; prevalence of use of restraints; rates of antipsychotic drug use; prevalence of dehydration among enrollees; and prevalence of Baker Act-related hospitalizations.

d. Medical/Case Record Review

(3) The Managed Care Plan shall conduct these reviews at the following provider sites:
i. Adult Family Care Homes (frequency of every other year); and

ii. Assisted Living Facilities (frequency of every other year).

(4) The Managed Care Plan shall conduct these reviews at all provider and facility provider sites (provider sites refers to service providers such as home health agencies with multiple office locations serving a region and facility provider sites refers to assisted living facilities, adult family care homes and adult foster care facilities sites) that meet the criteria in this Exhibit.

(5) The Managed Care Plan shall review each practice site (practice site refers to service providers with multiple office locations) at least once every three (3) years.

(6) The Managed Care Plan shall review a reasonable number of records at each site to determine compliance. Five (5) to ten (10) records per site is a generally accepted target, though additional reviews must be completed for large group practices or when additional data is necessary in specific instances.

(7) The Managed Care Plan shall submit to the Agency for written approval, and maintain, a written strategy for conducting medical/case record reviews. The strategy must include, at a minimum, the following:

i. Designated staff to perform this duty;

ii. Process for establishing inter-rater reliability;

iii. Sampling methodology for case selection;

iv. The anticipated number of reviews by practice site (non-facility service providers such as home health agencies with multiple offices locations serving the region);

v. Record confidentiality and security;

vi. The tool that the Managed Care Plan will use to review each site;

vii. Analysis and reporting, and

viii. How the Managed Care Plan shall link the information compiled during the review to other Managed Care Plan functions (e.g., QI, recredentialing, peer review).

Section VIII, Quality Management, Item B., Utilization Management

2. Practice Guidelines

a. The Managed Care Plan shall adopt practice guidelines that meet the following requirements:
(5) Licensed Clinical Social Workers, while classified as Health Care Professionals, are not permitted to make decisions to reduce, deny, suspend, or terminate services, unless it is within the scope of their license to do so according to Chapter 491, F.S. Under no circumstances will Licensed Clinical Social Workers diagnose and treat individuals as defined in Chapter 491, F.S.

Section VIII, Quality Management, Item C., Transition of Care

1. Transition to the Managed Care Plan

   a. The Managed Care Plan shall be responsible for coordination of care for new enrollees transitioning into the Managed Care Plan. In the event a new enrollee is receiving prior authorized ongoing course of treatment with any provider, the Managed Care Plan shall be responsible for the costs of continuation of such course of treatment, without any form of authorization and without regard to whether such services are being provided by participating or non-participating providers.

   b. The Managed Care Plan shall provide continuation of such services until the enrollee receives an assessment, plan of care is developed and services arranged and authorized as required to address the long-term care needs of the enrollee, which shall be no more than sixty (60) days.

2. Transition from the Managed Care Plan

   a. The Managed Care Plan shall be responsible for coordination of care for enrollees transitioning to another Managed Care Plan or delivery system and shall assist the new Managed Care Plan with obtaining the enrollee’s medical/case records.

   b. The Managed Care Plan shall implement a process determined by the Agency to ensure records and information are shared and passed to the new Managed Care Plan within thirty (30) days.

   c. As specified in s. 409.967(2)(h)1. F.S., if the Managed Care Plan intends to withdraw services from a region, the Managed Care Plan shall provide the Agency with one-hundred eighty (180) calendar days' notice and work with the Agency to develop a transition plan for enrollees, particularly those under case management and those with complex medication needs, and provide data needed to maintain existing case relationships.

   d. As specified in s. 409.967 (2)(h)1., F.S., Managed Care Plans that reduce enrollment levels or leave a region before the end of the Contract term must continue to provide services to the enrollee for ninety (90) days or until the enrollee is enrolled in another plan, whichever occurs first.

3. Transition of Care Policies and Procedures

   The Managed Care Plan shall develop transition of care policies and procedures that address all transitional care management requirements and submit these policies and procedures for review and approval to the Agency. Transition of care policies and procedures shall include the following minimum functions:
a. Appropriate support to case managers, and to enrollees and caregivers as needed, for referral and scheduling assistance for enrollees needing specialty health care, transportation or other service supports;

b. Determination of the need for non-covered services and referral of the enrollee for assessment and referral to the appropriate service setting with assistance, as needed, by the Agency. Transfer of medical/case records in compliance with HIPAA privacy and security rules;

c. Documentation of referral services in enrollee medical/case records, including reports resulting from the referral;

d. Monitoring of enrollees with co-morbidities and complex medical conditions and coordination of services for high utilizers to identify gaps in services and evaluate progress of case management;

e. Identification of enrollees with hospitalizations, including emergency care encounters and documentation in enrollee medical/case records of appropriate follow-up to assess contributing reasons for emergency visits and develop actions to reduce avoidable emergency room visits and potentially avoidable hospital admissions;

f. Transitional care management that includes coordination of hospital/institutional discharge planning and post-discharge care, including conducting a comprehensive assessment of enrollee and family caregiver needs, coordinating the patient’s discharge plan with the family and hospital provider team, collaborating with the hospital or institution’s care coordinator/case manager to implement the plan in the patient’s home and facilitating communication and the transition to community providers and services. The policy and procedures shall define reporting requirements for nursing facility transition, including reporting schedules for case management and submission to the Agency on a quarterly schedule.

g. Ensuring that in the process of coordinating care, each enrollee’s privacy is protected consistent with the confidentiality requirements in 45 CFR parts 160 and 164. 45 CFR Part 164 specifically describes the requirements regarding the privacy of individually identifiable health information.

D. Caregiver Support and Disease Management Program

1. The Managed Care Plan shall develop and implement an integrated program that combines elements of caregiver support and disease management. The integrated program shall be aimed at providing enrollee caregivers, circles of support for enrollees and the enrollee with support and education to help care for and improve the health and quality of life for the enrollee living with chronic conditions in the home. Examples of program components include:

a. Disease management including education based on the enrollee assessment of health risks and chronic conditions;
b. Symptom management including addressing needs such as working with the enrollee on health goals such as smoking cessation, constipation prevention, pain management and other problems;

c. Medication support and safety in the home;

d. Emotional issues of the caregiver;

e. Behavioral management issues of the enrollee;

f. Safety concerns in the home and fall prevention;

g. Communicating effectively with providers;

h. Specific disease specific programs for:

(1) Dementia and Alzheimer’s issues;

(2) Cancer;

(3) Diabetes; and

(4) Chronic Obstructive Pulmonary Disease (COPD); and

i. End of life issues, including information on advance directives.

2. The Managed Care Plan shall submit the Caregiver Support and Education Program Plan Description to the Agency before the beginning of the first month of this Contract and annually thereafter for review and approval by the Agency by a date specified by the Agency. The annual plan shall include an evaluation of program effectiveness.

Section X, Administration and Management, Item C., Claims and Provider Payment, Sub-Item 1., Claims

n. Providers shall submit claims to the Agency for Managed Care Plan-covered services provided to enrollees through the Managed Care Plan, unless other arrangements have been made with the Plan.

o. Medicaid providers who are not participating in the Managed Care Plan and who provide Plan-authorized covered services to Plan enrollees must submit claims to the Agency or its fiscal agent through the Managed Care Plan.

p. The provider must obtain prior authorization from the Managed Care Plan for each claim submitted for Plan-covered services for which prior authorization is required.

q. The Managed Care Plan shall cooperate with the Agency and its fiscal agent in responding to provider inquiries, as well as acting as the intermediary between the fiscal agent and providers when there is disagreement between the two.

r. The Managed Care Plan shall review the weekly electronic remittance voucher (ERV) for accuracy within ten (10) business days after receipt of the ERV.

(1) The Managed Care Plan shall notify the Agency of any systemic discrepancies found in its review of the ERV within five (5) business days after discovery. This notification shall be provided by the Managed Care Plan in writing to the Agency’s Contract Manager.

(2) A systemic discrepancy is defined as a trend or pattern that indicates claims are inappropriately pending or denying or if the ERV is not received due to an error in the Managed Care Plan or the fiscal agent’s claims processing system, software or management control.

(3) Failure to provide such notification to the Agency may lead to fines and/or other sanctions as detailed in Attachment II, Core Contract Provisions, Section XIV, Sanctions.
s. The Managed Care Plan shall provide mechanisms for its staff to review contested claims in order to approve or deny specific line items or entire claims.

t. The date of claim receipt is the date the Managed Care Plan receives the claim at its designated claims receipt location.

u. Non-Capitated Services

(1) For all electronically submitted claims for non-capitated services, the Managed Care Plan shall:

i. Within twenty-four (24) hours after the beginning of the next business day after receipt of the claim, provide electronic acknowledgment of the receipt of the claim to the electronic source submitting the claim.

ii. Within ten (10) business days after receipt of the claim, authorize and forward the claim to the Medicaid fiscal agent or notify the provider or designee that the claim is contested. The notification to the provider or designee of a contested claim shall include an itemized list of additional information or documents necessary to process the claim.

(2) For all non-electronically submitted claims for non-capitated services, the Managed Care Plan shall, within fifteen (15) business days after receipt of the claim, perform the following:

i. Provide acknowledgement of receipt of the claim to the provider or designee or provide the provider or designee with access to the status of a submitted claim through such methods as, web portals, electronic reports or provider services telephonic inquiries.

ii. Authorize and forward the claim to the Medicaid fiscal agent or notify the provider or designee that the claim is contested. The notification to the provider of a contested claim shall include an itemized list of additional information or documents necessary to process the claim.

(3) The Agency, or its fiscal agent, shall reimburse fee-for-service Managed Care Plan providers for correct, authorized, clean claims according to the Florida Medicaid fee schedules for reimbursement for covered services provided to enrollees. The Agency or its fiscal agent shall also reimburse non-participating providers on a FFS basis for authorized services.

NOTE: This exhibit provides Long-Term Care Plan requirements in addition to Attachment II, Core Contract Provisions of this Contract, unless otherwise specified.

## Capitated LTC Plans

### A. Fixed Price Unit Contract

This is a fixed price (unit cost) Contract awarded through procurement. The Agency, through its fiscal agent, shall make payment to the Managed Care Plan on a monthly basis for the Managed Care Plan’s satisfactory performance of its duties and responsibilities as set forth in this Contract.

### B. Capitation Rates

1. The Agency shall pay the applicable capitation rate for each eligible enrollee whose name appears on the HIPAA-compliant X12 820 file for each month, except that the Agency shall not pay for, and shall recoup, any part of the total payment for enrollment that exceeds the maximum authorized enrollment level(s) expressed in Attachment I, Scope of Services, as applicable. The total payment amount to the Managed Care Plan shall depend upon the number of enrollees in each eligibility category and each rate group, as provided for by this Contract, or as adjusted pursuant to the Contract when necessary. The Managed Care Plan is obligated to provide services pursuant to the terms of this Contract for all enrollees for whom the Managed Care Plan has received capitation payment or for whom the Agency has assured the Managed Care Plan that capitation payment is forthcoming.

2. In accordance with ss. 409.968 and 409.983, F.S., the capitation rates reflect historical utilization and spending for covered services projected forward and will be adjusted to reflect the level of care profile (risk) for enrollees in each Managed Care Plan.

3. The rates shall be actuarially sound in accordance with 42 CFR 438.6(c).

4. Pursuant to s. 409.966(3)(d), F.S., for the first year of the first Contract term, the Agency shall negotiate capitation rates in order to guarantee savings of at least five percent (5%). Determination of the amount of savings shall be calculated by comparison to the Medicaid rates that the Agency paid managed care plans for similar populations in the same areas in the prior year. In a region without any capitated plans in the prior year, savings shall be calculated by comparison to the Medicaid rates established and certified for those regions in the prior year. After the first year no further rate negotiations will be conducted.

5. The base capitation rates prior to risk adjustment are included as Attachment I, Scope of Services, Exhibit 3, titled “ESTIMATED MANAGED CARE PLAN RATES; NOT FOR USE UNLESS APPROVED BY CMS.”
a. The Agency may use, or may amend and use these rates, only after certification by its actuary and approval by the Centers for Medicare and Medicaid Services. Inclusion of these rates is not intended to convey or imply any rights, duties or obligations of either party, nor is it intended to restrict, restrain or control the rights of either party that may have existed independently of this section of the Contract.

b. By signature on this Contract, the parties explicitly agree that this section shall not independently convey any inherent rights, responsibilities or obligations of either party, relative to these rates, and shall not itself be the basis for any cause of administrative, legal or equitable action brought by either party. In the event that the rates certified by the actuary and approved by CMS are different from the rates included in this Contract, the Managed Care Plan agrees to accept a reconciliation performed by the Agency to bring payments to the Managed Care Plan in line with the approved rates. The Agency may amend and use the CMS-approved rates by notice to the Managed Care Plan through an amendment to the Contract.

6. Unless otherwise specified in this Contract, the Managed Care Plan shall accept the capitation payment received each month as payment in full by the Agency for all services provided to enrollees covered under this Contract and the administrative costs incurred by the Managed Care Plan in providing or arranging for such services. Any and all costs incurred by the Managed Care Plan in excess of the capitation payment shall be borne in total by the Managed Care Plan.

C. Risk Adjustment

1. The Agency shall prospectively adjust the base capitation rates included in Attachment I, Scope of Services to reflect the Managed Care Plan’s enrolled risk.

2. The Agency shall develop a pre-enrollment benchmark case mix for each region based on analysis of the most recent twelve (12) months of historical data that allows for three (3) months of claims run out. The enrollment distribution will be calculated using population segmentation logic consistent with that used in rate development. Recipients whose last care setting prior to the start of the capitation rate period was nursing facility will be classified as Non-HCBS. Recipients who become program-eligible after the start of the capitation rate period will be classified as Non-HCBS based on program codes that indicate Institutional Care Program eligibility. Enrollees not meeting the Non-HCBS classification criteria will be classified as HCBS. For rate purposes, for both the transitioned and new enrollees, the recipient’s initial classification will remain valid through the duration of the capitation rate period.

3. Month 1: In each region, the Agency shall pay the Managed Care Plan a blended capitation rate that reflects the regional pre-enrollment benchmark case mix, adjusted for the Agency-required transition percentage, which is included as [Attachment I, Scope of Services, Exhibit 3]. AHCA will later perform a reconciliation based on month one (1) actual enrollment and case mix for each plan.

4. Subsequent months: For the second month and each subsequent month of the contract payment period, AHCA will develop a blended capitation rate for the Managed Care Plan, adjusted for the new enrollments and disenrollments that occurred in the previous month, and adjusted for the Agency-required transition percentage.
5. Once ninety-five percent (95%) of regional eligible recipients are enrolled in managed care plans, the Agency shall ensure that the recalibrated rates are budget neutral to the State on a PMPM basis. The benchmark against which budget neutrality will be measured is the region-wide rate based on the pre-enrollment case mix with the Agency-required transition percentage.

D. Rate Adjustments and Reconciliations

1. The Managed Care Plan and the Agency acknowledge that the capitation rates paid under this Contract are subject to approval by the federal government.

2. The Managed Care Plan and the Agency acknowledge that adjustments to funds previously paid, and to funds yet to be paid, may be required. Funds previously paid shall be adjusted when capitation rate calculations are determined to have been in error, or when capitation rate payments have been made for enrollees who are determined not to have been eligible for Managed Care Plan membership during the period for which the capitation rate payments were made. In such events, the Managed Care Plan agrees to refund any overpayment and the Agency agrees to pay any underpayment.

3. Pursuant to ss. 409.983(6) and 409.983(7), F.S., the Agency shall reconcile the Managed Care Plan's payments to nursing facilities and hospices as follows:
   
a. Actual nursing facility payments shall be reconciled by the Agency to ensure actual claim payments are, at a minimum, the same as Medicaid fee-for-service (FFS) claim payments. Any Managed Care Plan provider payments to nursing homes in excess of FFS claim payment will not be reimbursed by the Agency or in any way increase per member per month payment to the Managed Care Plan in any current or future capitation rate setting period. The Managed Care Plan accepts and assumes all risks of excess payments as a cost of doing business and cannot seek additional Medicaid payments for such business decisions. Any inadvertent payments made by the Agency to a Managed Care Plan in excess of the FFS amount shall be overpayments and shall be recouped.

   (1) For Capitated LTC plans the rate and patient responsibility collection reconciliation process required by the LTC waiver program and 409.983(6), Florida Statutes, is as follows:

      i. Nursing Facilities: The Agency will set facility-specific payment rates based on the rate methodology outlined in the most recent version of the Florida Title XIX Long-Term Care Reimbursement Plan. Plans shall pay nursing homes an amount no less than the nursing facility specific payment rates set by the Agency and published on the Agency website. Plans shall use the published facility-specific rates as a minimum payment level for all future payments.

      ii. Nursing facilities participating in LTC plans' networks must maintain their active Medicaid enrollment and submit required cost reports to the Agency.
iii. For changes in nursing facility payment rates that apply prospectively, the following process shall be used:

- The Agency will annually reconcile between the nursing facility payment rates used in the capitation rates and the actual published payment rates. This plan-specific reconciliation will be performed using each plan’s own utilization, as reflected through encounter data that covers the capitation rate period dates of services with at least four (4) months of claims run out.

- The Plan shall review and provide written comments or a letter of concurrence to the Agency within forty-five (45) days after receipt of the reconciliation results. This reconciliation is considered final if the Plan concurs with the result.

- Comments and errors identified are limited to the published rates reviewed and related Plan nursing facility and hospice payments, methodology and/or calculations.

- If the Plan or the Agency comments that such an error has occurred, a new forty-five (45) calendar review period shall start on the date the Plan receives the Agency’s final determination of the reconciliation results. The Agency’s final determination of the reconciliation results shall be final and conclusive. The Plan may dispute the Agency’s decision as per Attachment II, Core Contract Provisions, Section XVI, Terms and Conditions, I. disputes, if it does not concur with the results.

- If the Plan does not provide comments within the forty-five (45) calendar day period, no further opportunity for review consideration will be provided.

iv. For changes in nursing facility payment rates that apply retroactively, the following process shall be used:

- The Agency shall settle directly with nursing facilities that were overpaid for the prior period. The Managed Care Plan shall not collect such payments from the nursing facilities.

- The Agency may settle directly with nursing facilities that were underpaid for the prior period, or may send the payment to the appropriate Managed Care Plan for distribution to the affected service provider. If the Managed Care Plan is asked to distribute an underpayment to a nursing facility under this process, payment to the facility must be made within [fifteen] [15] days of receiving the payment from the Agency.

(2) Hospices: The Agency will set hospice level of care and room and board rates based upon the rate development methodology detailed in 42 CFR Part 418 for per diem rates and Chapter 409.906 (14), Florida Statutes and 59G-4.140,
Florida Administrative Code, for room and board rates. Plans shall pay hospices an amount no less than the hospice payment rates set by the Agency and published on the Agency website no later than October 1st of each year for per diem rates and January 1st and July 1st of each year for room and board rates for nursing home residents. Plans shall use the published hospice rates as a minimum payment level for all future payments.

i. Hospices participating in the LTC plan networks must maintain their active Medicaid enrollment and submit room and board cost logs to the Agency.

ii. For changes in hospice per diem and room and board payment rates that apply prospectively, the following process shall be used:

- The Agency will annually reconcile between the hospice per diem and room and board payment rates used in the capitation rates paid and the actual published payment rates. This hospice-specific reconciliation will be performed using each plan’s own utilization, as reflected through encounter data that covers the capitation rate period dates of services with at least four (4) months of claims run out.

- The Plan shall review and provide written comments or a letter of concurrence to the Agency within forty-five (45) days after receipt of the reconciliation results. This reconciliation is considered final if the Plan concurs with the result.

- Comments and errors identified are limited to the published rates reviewed and related Plan hospice payments, and methodology and/or calculations.

- If the Plan or the Agency comments that such an error has occurred, a new forty-five (45) calendar review period shall start on the date the Plan receives the Agency’s final determination of the reconciliation results. The Agency’s final determination of the reconciliation results shall be final and conclusive. The Plan may dispute the Agency’s decision as per Attachment II, Core Contract Provisions, Section XVI, Terms and Conditions, I. disputes, if it does not concur with the results.

- If the Plan does not provide comments within the forty-five (45) calendar day period, no further opportunity for review consideration will be provided.

(3) Patient Responsibility Reconciliation All Plans shall have their annual patient responsibility collections and Home and Community-based Services (HCBS) waiver service costs report reviewed annually to verify the patient responsibility collections on a per capita basis did not exceed the cost of HCBS services. If the per capita patient responsibility collections exceed the HCBS waiver costs, the Agency will adjust the capitation to correct the plan overpayment.
(4) Nursing Facility, Hospice and Patient Responsibility Collection Reconciliation Schedule. The state will announce the reconciliation schedule after the close of each capitation rate period. Plans must respond to any Agency requests for additional information concerning the reconciliation within fifteen (15) days of notification.

b. Actual hospice payments shall be reconciled by the Agency to ensure actual claim payments are, at a minimum, the same as Medicaid fee-for-service (FFS) claim payments. Any Managed Care Plan provider payments to hospices in excess of FFS claim payment will not be reimbursed by the agency or in any way increase per member per month payment to the Managed Care Plan in any current or future capitation rate setting period. The Managed Care Plan accepts and assumes all risks of excess payments as a cost of doing business and cannot seek additional Medicaid payments for such business decisions. Any inadvertent payments made by the Agency to a Managed Care Plan in excess of the FFS amount shall be overpayments and shall be recouped.

4. The Agency shall adjust capitation rates to reflect budgetary changes in the Medicaid program. The rate of payment and total dollar amount may be adjusted with a properly executed amendment when Medicaid expenditure changes have been established through the appropriations process and subsequently identified in the Agency's operating budget. Legislatively-mandated changes shall take effect on the dates specified in the legislation. The Agency may not approve any Managed Care Plan request for a rate increase unless sufficient funds to support the increase have been authorized in the General Appropriations Act. (See s. 409.968(3), F.S.).

5. In accordance with s. 409.967(3), F.S., the Agency shall verify the achieved savings rebate specified in Exhibit 15 of this Contract.

E. Errors

The Managed Care Plan shall carefully prepare all reports and monthly payment requests for submission to the Agency. If after preparation and electronic submission, the Managed Care Plan discovers an error, including, but not limited to, errors resulting in capitated payments above the Managed Care Plan’s authorized levels, either by the Managed Care Plan or the Agency, the Managed Care Plan has thirty (30) calendar days from its discovery of the error, or thirty (30) calendar days after receipt of notice by the Agency, to correct the error and re-submit accurate reports and/or invoices. Failure to respond within the thirty-(30) calendar-day period shall result in a loss of any money due to the Managed Care Plan for such errors and/or sanctions against the Managed Care Plan pursuant to Attachment II, Core Contract Provisions, Section XIV, Sanctions.

F. Enrollee Payment Liability Protection

Pursuant to s. 1932 (b)(6), Social Security Act (as enacted by section 4704 of the Balanced Budget Act of 1997), the Managed Care Plan shall not hold enrollees liable for the following:

1. For debts of the Managed Care Plan, in the event of the Managed Care Plan’s insolvency;
2. For payment of covered services provided by the Managed Care Plan if the Managed Care Plan has not received payment from the Agency for the covered services (excluding Medicaid Pending who are determined ineligible for Medicaid as specified in Exhibit 3 of this Contract), or if the provider, under contract or other arrangement with the Managed Care Plan, fails to receive payment from the Agency or the Managed Care Plan; and/or

3. For payments to a provider, including referral providers, that furnished covered services under a contract, or other arrangements with the Managed Care Plan, that are in excess of the amount that normally would be paid by the enrollee if the covered services had been received directly from the Managed Care Plan.

G. Achieved Savings Rebate

1. The capitated Managed Care Plan shall have an annual financial audit conducted for each calendar year ending December 31st in accordance with s. 409.0957(3), F.S., and as specified as follows:

   a. An annual financial audit conducted by an independent certified public accountant (CPA) in accordance with generally accepted accounting principles (GAAP); and

   b. For plans regulated by the Office of Insurance Regulation (OIR) an annual statement prepared in accordance with statutory accounting principles.

2. The capitated Managed Care Plan shall submit to the Agency the following documents by the due dates specified below:

   a. Annual financial audit on or before June 1st for the preceding calendar year; and

   b. For plans regulated by OIR, an annual statement on or before March 1st.

3. Each capitated Managed Care Plan shall pay to the Agency the expenses of the Agency’s achieved savings rebate audit at the rates established by the Agency by rule. Expenses shall include actual travel expenses, reasonable living expense allowances, compensation of the CPA and necessary attendant administrative costs of the Agency directly related to the audit/examination. The Managed Care Plan shall pay the Agency within twenty-one (21) calendar days after presentation by the Agency of the detailed account of the charges and expenses.

4. At a Florida location by the date specified by the Agency’s contracted CPA, the Managed Care Plan shall make available all books, accounts, documents, files and information that relate to the Managed Care Plan’s Medicaid transactions.

   a. The Managed Care Plan shall cooperate in good faith with the Agency and the CPA.

   b. Records not in the Managed Care Plan’s immediate possession must be made available to the Agency or the CPA in the Florida location specified by the Agency or the CPA within three (3) calendar days after a request is made by the Agency or the CPA.
c. Failure to comply with such record requests shall be deemed a breach of Contract, and the Managed Care Plan shall be subject to sanctions as specified in Section XIV, Sanctions, of this Contract.

5. If the Managed Care Plan exceeds the Agency-defined quality measures specified in the Performance Measure Specification Manual for the reporting period, the Managed Care Plan may retain an additional one (1) percent of its revenue. Quality measures shall include Plan performance for preventing or managed complex, chronic conditions that are associated with an elevated likelihood of requiring high-cost medical treatments, in accordance with s. 409.7057(3)(g), F.S. The Agency will establish quality measures prior to Contract execution. The Agency may change those measures annually by a date specified by the Agency for the following Contract year.

6. The Agency CPA will validate the achieved savings rebate, and the results will be provided to the Agency. These results are dispositive.

7. The Agency will provide the results of the audit to the Managed Care Plan, and the Managed Care Plan shall pay the rebate to the Agency within thirty (30) calendar days after the results are provided.

a. The achieved savings rebate is established by determining pretax income as a percentage of revenues and applying the following income ratios:

   (1) One hundred (100) percent of income up to and including five (5) percent of revenue shall be retained by the plan.

   (2) Fifty (50) percent of income above five (5) percent and up to ten (10) percent shall be retained by the plan, and the other fifty (50) percent refunded to the state.

   (3) One hundred (100) percent of income above ten (10) percent of revenue shall be refunded to the state.

b. The following expenses are not allowable expenses in calculating costs:

   (1) Payment of achieved savings rebates;

   (2) Any financial incentive payments made to the Plan outside of the capitation rate;

   (3) Any financial disincentive payments levied by the state or federal governments;

   (4) Expenses associated with any lobbying or political activities;

   (5) Cash value or equivalent cash value of bonuses of any type paid or awarded to the plan’s executive staff other than base salary;

   (6) Reserves and reserve accounts;

   (7) Administrative costs, including but not limited to:
(a) Reinsurance expenses;
(b) Interest payments;
(c) Depreciation expenses;
(d) Bad debt expenses;
(e) Outstanding claims expenses in excess of actuarially sound maximum amounts set by the Agency.

8. The Achieved Savings Rebate shall be calculated in accordance with s. 409.967(3)(f), F.S., as illustrated below.

AHCA Contract No.[XXXXX], Attachment II, Exhibit 13, Page 97 of 128
A. Overview

In accordance with s. 409.912(4)(d)1., F.S., the PSN has the option to be reimbursed on a FFS basis with a shared savings settlement, for the first two (2) years of its operations. If the PSN chooses to be reimbursed on a FFS basis with a shared savings settlement, the Agency shall annually conduct cost reconciliations to determine the amount of cost savings achieved by a FFS PSN for the dates of service within the period being reconciled.

This is a fixed price (unit cost) Contract awarded through procurement. The Agency will manage this fixed price contract for the delivery of services to enrollees. The FFS PSN will be paid through the Medicaid fiscal agent in accordance with the terms of this Contract, subject to the availability of funds and the amount of shared cost savings, if any, experienced through this Contract. To accommodate payments, the FFS PSN shall be eligible for enrollment, and enrolled as a Medicaid provider with the fiscal agent. Payments made to the FFS PSN resulting from this Contract will include monthly administrative allocation payments, transportation capitation rates and shared cost savings, if any, as specified below.

1. Administrative Allocation. The Agency may make monthly payments to the FFS PSN as an allocation for administrative activities undertaken by the FFS PSN.
   a. The amount of the administrative allocation is a PMPM amount for each person enrolled in the FFS PSN for the month. The administrative allocation is a percentage of the Per Capita Capitation Benchmark (PCCB) as defined below in sub-item 2. and as specified in Attachment I, Scope of Services, Item D., Method of Payment, of this Contract.
   b. The FFS PSN is at risk for a maximum of fifty percent (50%) of each administrative allocation due from the Agency as indicated in Attachment II, Core Contract Provisions, Exhibit 13, Method of Payment, Item C., Annual Cost Reconciliation Process, below.
   c. The Agency reserves the right to adjust the administrative allocation on an as-needed basis.

2. Per Capita Capitation Benchmark (PCCB). The Agency shall establish a PCCB for each region in which the FFS PSN provides services and for those services the FFS PSN provides. The PCCB is an Agency-established PMPM cost and, for purposes of this section, is considered to be the capitation rate that the Agency would have paid the FFS PSN if the FFS PSN had been capitated.
   a. The PCCB is a rate that includes covered services consistent with Medicaid Managed Care Plan capitation rate methodology.
   b. The PCCB is calculated in the same manner as the payments to capitated plans, reflecting a blend of the base HCBS and non-HCBS base rates shown in Attachment I, Scope of Services. The blend percentage will be based on the FFS PSN’s case-
mix, adjusted by the region-specific Agency-required transition percentage shown in Attachment II, Core Contract Provisions.

c. The Agency will make a downward adjustment to the PCCB to remove the value of the transportation capitation payment received by the FFS PSN from the Agency.

d. The aggregate PCCB is the total sum of all PCCBs for all enrollees as calculated by the Agency.

B. Annual Utilization Data

For each twelve (12) months of FFS PSN operations, the Agency will provide the FFS PSN with a CD containing monthly summary spreadsheets with supporting documents and claims details.

C. Annual Cost Reconciliation Process

The Agency shall conduct annual cost reconciliations to determine the amount of cost savings achieved by the FFS PSN for the dates of service in the period being reconciled. The Agency shall calculate the aggregate amount of actual non-transportation payments made on behalf of the FFS PSN’s enrollees. Only payments for covered services for dates of service within the reconciliation period and paid within six (6) months after the last date of service in the reconciliation period will be included. This allows for a complete payment of all claims for the reconciliation period. If the actual Medicaid costs for covered services are less than the aggregate PCCB, then cost savings have occurred, and the FFS PSN may receive a share of those cost savings. If the actual Medicaid costs for the covered services provided to the FFS PSN’s enrollees are greater than the aggregate PCCB, then cost savings have not occurred and the FFS PSN may be required to refund a portion of the administrative allocation it received. The Agency will make the necessary adjustments to any amounts owed to or payable by the Agency based on the results of the annual cost reconciliation.

1. The Agency shall calculate and apply an IBNR adjustment to the paid claims.

2. The aggregated PCCB minus the aggregate adjusted actual payments for the dates of service included in the reconciliation period results in the savings pool.

3. If the savings pool is more than the total administrative allocation due to the FFS PSN for the dates of service included in the reconciliation, the Agency shall allocate one-hundred percent (100%) of the difference between the savings pool and the total administrative allocation due to the FFS PSN.

4. If the savings pool is less than the administrative allocation, the FFS PSN will refund to the Agency the lesser of:

   a. The difference between the savings pool and the total administrative allocation due for the time period included in the reconciliation; or

   b. Fifty percent (50%) of the total administrative allocation due.
5. If the administrative allocation has been garnished (withheld) by the Agency for sanctions incurred, the amount of the administrative allocation accounted for in the reconciliation will include the entire allocation, both paid and withheld.

D. Annual Reconciliation Review

The Agency will begin the annual reconciliation process six months after the last date of service in the reconciliation period and will provide the results to the FFS PSN within forty-five (45) days thereafter. The FFS PSN shall review and provide written comments or a letter of concurrence to the Agency within forty-five (45) calendar days after receipt of the reconciliation results. This reconciliation is considered final if the FFS PSN concurs with the results.

1. Comments and errors identified are limited to the claims completion, methodology and/or calculations.

2. If the FFS PSN or the Agency comments that such an error has occurred, a new forty-five (45) calendar day review period shall start on the date the FFS PSN receives the Agency’s final determination of the reconciliation results. The Agency’s final determination of the reconciliation results shall be final and conclusive. The FFS PSN may dispute the Agency’s decision as per Attachment II, Core Contract Provisions, Section XVI, Terms and Conditions, I. Disputes, if it does not concur with the results.

3. If the FFS PSN does not provide comments within the forty-five (45) calendar day period, no further opportunity for review consideration will be provided.

4. If the FFS PSN fails to timely submit any refund due, the Agency may garnish/withhold future allocations.

E. Reconciliation Upon Termination

Following the final reconciliation completed under this Contract, any money due to either party, per the terms of this Contract, will be distributed or collected.

1. Termination of this Contract prior to the Contract end date would not eliminate the reconciliation processes. All outstanding financial reconciliation processes will continue to occur, but will only apply to the months within the reconciliation period during which the FFS PSN had enrollees and received administrative allocation payments.

2. The Agency shall notify the FFS PSN of any refund due. The FFS PSN shall submit the refund to the Agency within thirty (30) calendar days after the date of the Agency’s notice. If the FFS PSN has commented that an error in calculation has occurred, the thirty (30) calendar day period for the refund to be submitted shall start on the date the FFS PSN receives the Agency’s final determination of the reconciliation results. The Agency’s final determination of the reconciliation results shall be final and conclusive.

3. If the FFS PSN fails to timely submit any refund due, the Agency may sanction the FFS PSN in accordance with Attachment II, Core Contract Provisions, Section XIV, Sanctions.
F. Capitation Payments for Transportation Services

1. The Agency shall pay the applicable transportation capitation rate for each eligible enrollee whose name appears on the HIPAA-compliant X12 820 file for each month, except that the Agency shall not pay for, and shall recoup, any part of the payment for the total enrollment that exceeds the maximum authorized enrollment level(s) expressed in Attachment I, Scope of Services as applicable. The total payment amount to the FFS PSN shall depend upon the number of enrollees in each eligibility category and each rate group, as provided for by this Contract, or as adjusted pursuant to the Contract when necessary. The FFS PSN is obligated to provide services pursuant to the terms of this Contract for all enrollees for whom the FFS PSN has received capitation payment or for whom the Agency has assured the FFS PSN that capitation payment is forthcoming.

2. The rates shall be actuarially sound in accordance with 42 CFR 438.6(c).

3. The transportation capitation rates are included as Attachment I, Scope of Services, Exhibit 3 titled “ESTIMATED FFS PSN RATES; NOT FOR USE UNLESS APPROVED BY CMS.”

   a. The Agency may use, or may amend and use these rates, only after certification by its actuary and approval by the Centers for Medicare and Medicaid Services. Inclusion of these rates is not intended to convey or imply any rights, duties or obligations of either party, nor is it intended to restrict, restrain or control the rights of either party that may have existed independently of this section of the Contract.

   b. By signature on this Contract, the parties explicitly agree that this section shall not independently convey any inherent rights, responsibilities or obligations of either party, relative to these rates, and shall not itself be the basis for any cause of administrative, legal or equitable action brought by either party. In the event that the rates certified by the actuary and approved by CMS are different from the rates included in this Contract, the FFS PSN agrees to accept a reconciliation performed by the Agency to bring payments to the FFS PSN in line with the approved rates. The Agency may amend and use the CMS-approved rates by notice to the FFS PSN through an amendment to the Contract.

4. Unless otherwise specified in this Contract, the FFS PSN shall accept the capitation payment received each month as payment in full by the Agency for all transportation services provided to enrollees covered under this Contract. Any and all transportation costs incurred by the FFS PSN in excess of the capitation payment shall be borne in total by the FFS PSN.

G. Enrollee Payment Liability Protection for Transportation Services

Pursuant to s. 1932 (b)(6), Social Security Act (as enacted by section 4704 of the Balanced Budget Act of 1997), the FFS PSN shall not hold enrollees liable for the following:

1. For debts of the FFS PSN, in the event of the FFS PSN’s insolvency;

2. For payment of covered services provided by the FFS PSN if the FFS PSN has not received payment from the Agency for the covered services (excluding Medicaid
Pending who are determined ineligible for Medicaid as specified in Exhibit 3 of this Contract), or if the provider, under contract or other arrangement with the FFS PSN, fails to receive payment from the Agency or the FFS PSN; and/or

3. For payments to a provider, including referral providers, that furnished covered services under a contract, or other arrangements with the FFS PSN, that are in excess of the amount that normally would be paid by the enrollee if the covered services had been received directly from the FFS PSN.

I. Rate Increases

The Agency may not approve any request from the FFS PSN for a rate increase unless sufficient funds to support the increase have been authorized in the General Appropriations Act.

Section XIV, Sanctions, Item C., Other Sanctions

3. Pursuant to s. 409.967(2)(h)1., F.S., if the Managed Care Plan reduces its enrollment level or leaves a region before the end of the Contract term, the Managed Care Plan shall reimburse the Agency for the cost of enrollment changes and other transition activities. If more than one (1) LTC Managed Care Plan leaves a region at the same time, the exiting managed care plans will share the costs in a manner proportionate to their enrollments. In addition to the payment of costs, departing PSNs shall pay a per-enrollee penalty of up to three (3) months’ payment and continue to provide services to enrollees for ninety (90) calendar days or until the enrollee is enrolled in another plan, whichever occurs first. In addition to payment of costs, all other departing plans must pay a penalty of twenty-five (25) percent of that portion of the minimum surplus maintained pursuant to s. 641.225(1), F.S., which is attributable to the provision of coverage to Medicaid enrollees. The Managed Care Plan will provide at least one hundred eighty (180) calendar days’ notice to the Agency before withdrawing from a region. If the Managed Care Plan leaves a region before the end of the Contract term, the Agency shall terminate all Contracts with the Managed Care Plan in other regions.

Section XIV, Sanctions, Item F., Performance Measure Sanctions

1. The Agency shall sanction the Managed Care Plan for failure to achieve minimum scores on performance measures after the first year of poor performance on any measure as specified in the table below. The Agency may impose monetary sanctions and Performance Measure Action Plans (PMAP) or PMAPs alone as described below.

2. Two (2) HEDIS measures will be compared to the National Committee for Quality Assurance HEDIS National Means and Percentiles. The HEDIS Call Abandonment measure and Agency-defined measures have threshold rates (percentages) that may trigger a sanction. The Survey-based measures have threshold average ratings (from 0-10) that may trigger a sanction.

3. **PMAP Sanctions**

   The Managed Care Plan may be required to complete a PMAP for measures that meet the thresholds given in the above table, as determined by the Agency.

4. **Monetary sanctions**

   The Managed Care Plan may receive a monetary sanction for measures for which their scores meet the thresholds given in the above table for the first offense. Managed Care Plans shall receive a monetary sanction for measures for which their scores meet the thresholds given in the above table for the second offense and subsequent offenses. For the HEDIS and Agency-defined measures, if the Health Plan has a score/rate that triggers an immediate monetary sanction, the Health Plan may be sanctioned $500.00 for each case in the denominator not present in the numerator. If the Health Plan fails to improve these performance measures in subsequent years, the Agency shall impose a sanction of $1,000.00 per case. For each Survey-based measure in the table above for which the Health Plan has an average rate that triggers an immediate monetary sanction, the Health Plan may be sanctioned $10,000.00.

5. **The Agency may amend the performance measure thresholds and sanctions and will notice the Managed Care Plans prior to the start of the applicable measurement year or with an amount of notice mutually agreed upon by the Agency and the Managed Care Plans. Amendments to the performance measure thresholds and sanctions may include, but are not limited to, adding and removing performance measures from the sanction strategy, changing thresholds for sanctions, and changing the monetary amounts of sanctions.**

Financial Requirements

NOTE: This exhibit provides Managed Care Plan requirements in addition to Attachment II, Core Contract Provisions of this Contract, unless otherwise specified.

### Capitated LTC Plans

#### Section XV, Financial Requirements, Item A., Insolvency Protection

1. The Managed Care Plan shall establish a restricted insolvency protection account with a federally guaranteed financial institution licensed to do business in Florida in accordance with s. 1903(m)(1) of the Social Security Act (amended by s. 4706 of the Balanced Budget Act of 1997), and s. 409.912, F.S. The Managed Care Plan shall deposit into that account five percent (5%) of the capitation payments made by the Agency each month until a maximum total of two percent (2%) of the annualized total current Contract amount is reached and maintained. No interest may be withdrawn from this account until the maximum Contract amount is reached and withdrawal of the interest will not cause the balance to fall below the required maximum amount. This provision shall remain in effect as long as the Managed Care Plan continues to contract with the Agency.

2. The restricted insolvency protection account may be drawn upon with the authorized signatures of two (2) persons designated by the Managed Care Plan and two (2) representatives of the Agency. The Multiple Signature Agreement Form shall be resubmitted to the Agency within thirty (30) calendar days of Contract execution and resubmitted within thirty (30) calendar days after a change in authorized Managed Care Plan personnel occurs. If the authorized persons remain the same, the Managed Care Plan shall submit an attestation to this effect annually by April 1st of each Contract year to the Agency along with a copy of the latest bank statement. The Managed Care Plan may obtain a sample Multiple Signature Verification Agreement form from the Agency or its agent or download from the Agency website at:

   http://ahca.myflorida.com/MCHQ/Managed_Health_Care/MHMO/med_prov_0912.shtml

   All such agreements or other signature cards shall be approved in advance by the Agency.

3. In the event that a determination is made by the Agency that the Managed Care Plan is insolvent, as defined in Attachment II, Core Contract Provisions, Section I, Definitions and Acronyms, the Agency may draw upon the amount solely with the two (2) authorized signatures of representatives of the Agency and funds may be disbursed to meet financial obligations incurred by the Managed Care Plan under this Contract. A statement of account balance shall be provided by the Managed Care Plan within fifteen (15) calendar days of request of the Agency.

4. If the Contract is terminated, expired, or not continued, the account balance shall be released by the Agency to the Managed Care Plan upon receipt of proof of satisfaction of all outstanding obligations incurred under this Contract.
5. In the event the Contract is terminated or not renewed and the Managed Care Plan is insolvent, the Agency may draw upon the insolvency protection account to pay any outstanding debts the Managed Care Plan owes the Agency including, but not limited to, overpayments made to the Managed Care Plan, and fines imposed under the Contract or, for HMOs, s. 641.52, F.S., for EPOs, s. 627, F.S., and for health insurers, s. 624, F.S., for which a final order has been issued. In addition, if the Contract is terminated or not renewed and the Managed Care Plan is unable to pay all of its outstanding debts to health care providers, the Agency and the Managed Care Plan agree to the court appointment of an impartial receiver for the purpose of administering and distributing the funds contained in the insolvency protection account. An appointed receiver shall give outstanding debts owed to the Agency priority over other claims.

FFS LTC PSNs

Section XV, Financial Requirements, Item A., Insolvency Protection

1. The Managed Care Plan shall establish a restricted insolvency protection account with a federally guaranteed financial institution licensed to do business in Florida in accordance with s. 1903(m)(1) of the Social Security Act (amended by s. 4706 of the Balanced Budget Act of 1997), and s. 409.912, F.S. The Managed Care Plan shall deposit into that account five percent (5%) of the administrative allocation payments made by the Agency each month until a maximum total of two percent (2%) of the annualized total current Contract amount is reached and maintained. No interest may be withdrawn from this account until the maximum Contract amount is reached and withdrawal of the interest will not cause the balance to fall below the required maximum amount. This provision shall remain in effect as long as the Managed Care Plan continues to contract with the Agency.

2. The restricted insolvency protection account may be drawn upon with the authorized signatures of two (2) persons designated by the Managed Care Plan and two (2) representatives of the Agency. The Multiple Signature Agreement Form shall be submitted to the Agency within thirty (30) calendar days of Contract execution and resubmitted within thirty (30) calendar days after a change in authorized Managed Care Plan personnel occurs. If the authorized persons remain the same, the Managed Care Plan shall submit an attestation to this effect annually by April 1st of each Contract year to the Agency along with a copy of the latest bank statement. The Managed Care Plan may obtain a sample Multiple Signature Verification Agreement form from the Agency or its agent or download from the Agency website at: http://ahca.myflorida.com/MCHQ/Managed_Health_Care/MHMO/med_prov_0912.shtml All such agreements or other signature cards shall be approved in advance by the Agency.

3. In the event that a determination is made by the Agency that the Managed Care Plan is insolvent, as defined in Attachment II, Core Contract Provisions, Section I, Definitions and Acronyms, the Agency may draw upon the amount solely with the two (2) authorized signatures of representatives of the Agency and funds may be disbursed to meet financial obligations incurred by the Managed Care Plan under this Contract. A statement of account balance shall be provided by the Managed Care Plan within fifteen (15) calendar days of request of the Agency.
4. If the Contract is terminated, expired or not continued, the account balance shall be released by the Agency to the Managed Care Plan upon receipt of proof of satisfaction of all outstanding obligations incurred under this Contract.

5. In the event the Contract is terminated or not renewed and the Managed Care Plan is insolvent, the Agency may draw upon the insolvency protection account to pay any outstanding debts the Managed Care Plan owes the Agency including, but not limited to, overpayments made to the Managed Care Plan, and fines imposed under the Contract, for which a final order has been issued. In addition, if the Contract is terminated or not renewed and the Managed Care Plan is unable to pay all of its outstanding debts to health care providers, the Agency and the Managed Care Plan agree to the court appointment of an impartial receiver for the purpose of administering and distributing the funds contained in the insolvency protection account. An appointed receiver shall give outstanding debts owed to the Agency priority over other claims.

6. For its enrollees, the FFS Managed Care Plan shall submit to the Agency for approval a comprehensive plan for transitioning from a FFS Managed Care Plan to a capitated Managed Care Plan. Such transition plan shall be in accordance with Agency guidelines and shall be designed to ensure that the Managed Care Plan is capable of meeting all solvency, reserves and working capital requirements of Chapter 641 F.S. Although the Managed Care Plan shall not be required to be licensed in accordance with Chapter 641 F.S., the Managed Care Plan shall be required to comply with all solvency requirements of Medicaid HMOs, at such time as the Managed Care Plan transitions from a FFS Managed Care Plan to a capitated Managed Care Plan.

   a. In the twentieth (20th) month after operations begin, the FFS Managed Care Plan shall begin funding the insolvency protection account in accordance with insolvency protection requirements specified for capitated managed care plans (five [5] percent of the estimated monthly capitation amount that would be paid to the Managed Care Plan by the agency each month until a maximum total of two [2] percent of the annualized total Contract amount). The insolvency protection account shall be fully funded no later than one hundred-twenty (120) days prior to the Plan’s becoming capitated.

   b. In accordance with s. 409.968(2). F.S., the FFS Managed Care Plan shall submit to the Agency a PSN conversion application to support its conversion to a capitated Managed Care Plan Contract by the first day of its second Contract year. The Managed Care Plan must transition to a capitated plan by the last day of its second year of operation in order to continue this Contract. The Agency will provide guidelines for developing a comprehensive plan for conversion to capitation.

**Capitated LTC Plans**

Section XV, Financial Requirements, Item D., Surplus Requirement

In lieu of the surplus requirements under Section XV, Financial Requirements, Item D., Surplus Requirements, the Agency may consider the following:
1. If the organization is a public entity, the Agency may take under advisement a statement from the public entity that a county supports the Managed Care Plan with the county’s full faith and credit. In order to qualify for the Agency’s consideration, the county must own, operate, manage, administer or oversee the Managed Care Plan, either partly or wholly, through a county department or agency;

2. The state guarantees the solvency of the organization;

3. The organization is a federally qualified health center or is controlled by one (1) or more federally qualified health centers and meets the solvency standards established by the state for such organization pursuant to s. 409.912(4)(c), F.S.; or

4. The entity meets the financial standards for federally approved provider-sponsored organizations as defined in 42 CFR 422.380 through 422.390 and the solvency requirements established in approved federal waivers or State Plan amendments.

**Capitated LTC Plans**

**Section XV, Financial Requirements, Item G., Third Party Resources**

1. The Managed Care Plan shall specify whether it will assume full responsibility for third party collections in accordance with this section.

2. The Managed Care Plan has the same rights to recovery of the full value of services as the Agency (see s. 409.910, F.S.). The following standards govern recovery:

   a. If the Managed Care Plan has determined that third party liability exists for part or all of the services provided directly by the Managed Care Plan to an enrollee, the Managed Care Plan shall make reasonable efforts to recover from third party liable sources the value of services rendered.

   b. If the Managed Care Plan has determined that third party liability exists for part or all of the services provided to an enrollee by a subcontractor or referral provider, and the third party is reasonably expected to make payment within one-hundred twenty (120) calendar days, the Managed Care Plan may pay the subcontractor or referral provider only the amount, if any, by which the subcontractor’s allowable claim exceeds the amount of the anticipated third party payment; or, the Managed Care Plan may assume full responsibility for third party collections for service provided through the subcontractor or referral provider.

   c. The Managed Care Plan may not withhold payment for services provided to an enrollee if third party liability or the amount of liability cannot be determined, or if payment shall not be available within a reasonable time, beyond one-hundred twenty (120) calendar days from the date of receipt.

   d. When the Agency has a fee-for-service lien against a third party resource and the Managed Care Plan has also extended services potentially reimbursable from the same third party resource, the Agency’s lien shall be entitled to priority.
e. The Agency may, at its sole discretion, offer to provide third party recovery services to the Managed Care Plan. If the Managed Care Plan elects to authorize the Agency to recover on its behalf, the Managed Care Plan shall be required to provide the necessary data for recovery in the format prescribed by the Agency. All recoveries, less the Agency’s cost to recover, shall be income to the Managed Care Plan. The cost to recover shall be expressed as a percentage of recoveries and shall be fixed at the time the Managed Care Plan elects to authorize the Agency to recover on its behalf.

f. All funds recovered from third parties shall be treated as income for the Managed Care Plan.

FFS LTC PSNs

Section XV, Financial Requirements, Item G., Third Party Resources

1. The Managed Care Plan shall cost avoid all services that are subject to payment from a third party health insurance carrier, and may deny a service to an enrollee if the Managed Care Plan is assured that the third party health insurance carrier will provide the service, with the exception of those situations described below. However, if a third party health insurance carrier requires the enrollee to pay any cost sharing amounts (e.g., copayment, coinsurance, deductible), the Managed Care Plan shall authorize claims for the cost sharing amounts, even if the services are provided outside the Managed Care Plan’s network. The Managed Care Plan’s authorization of claims for such cost sharing amounts shall not exceed the amount the Agency would have paid under the Medicaid FFS program.

2. Further, the Managed Care Plan shall not deny claims for services provided to an enrollee of third party liability, or the amount of third party liability, cannot be determined, or if payment will not be available within sixty (60) calendar days.

3. The requirement of cost avoidance applies to all covered services except claims for labor and delivery, including inpatient hospital care and postpartum care, prenatal services, preventive pediatric services, and services provided to a dependent covered by health insurance pursuant to a court order. For these services the Managed Care Plan shall ensure that services are provided without regard to insurance payment issues and must provide the service first. The Managed Care Plan shall then coordinate with the Agency or its agent to enable the Agency to recover payment from the potentially liable third party.

4. If the Managed Care Plan determines that third party liability exists for part or all of the services rendered, the Managed Care Plan shall:
   
a. Notify providers and supply third party liability data to a provider whose claim is denied for payment due to third party liability; and

b. Authorize the provider’s claim for only the amount, if any, by which the provider’s allowable claim exceeds the amount of third party liability.
Section XV, Financial Requirements, Item G., Third Party Resources

1. For transportation services for which a capitation payment is received from the Agency, the Managed Care Plan shall specify whether it will assume full responsibility for third party collections in accordance with this section.

2. For transportation services for which a capitation payment is received from the Agency, the Managed Care Plan has the same rights to recovery of the full value of services as the Agency, (see s. 409.910, F.S.) The following standards govern recovery:
   
   a. If the Managed Care Plan has determined that third party liability exists for part or all of the transportation services provided directly by the Managed Care Plan to an enrollee, the Managed Care Plan shall make reasonable efforts to recover from third party liable sources the value of services rendered.

   b. If the Managed Care Plan has determined that third party liability exists for part or all of the transportation services provided to an enrollee by a subcontractor or referral provider, and the third party is reasonably expected to make payment within one-hundred and twenty (120) calendar days, the Managed Care Plan may pay the subcontractor or referral provider only the amount, if any, by which the allowable claim exceeds the amount of the anticipated third party payment; or, the Managed Care Plan may assume full responsibility for third party collections for service provided through the subcontractor or referral provider.

   c. The Managed Care Plan may not withhold payment for transportation services provided to an enrollee if third party liability or the amount of liability cannot be determined, or if payment shall not be available within a reasonable time, beyond one-hundred twenty (120) calendar days from the date of receipt.

   d. When the Agency has a fee-for-service lien against a third party resource and the Managed Care Plan has also extended services potentially reimbursable from the same third party resource, the Agency’s lien shall be entitled to priority.

   e. The Agency may, at its sole discretion, offer to provide third party recovery services to the Managed Care Plan. If the Managed Care Plan elects to authorize the Agency to recover on its behalf, the Managed Care Plan shall be required to provide the necessary data for recovery in the format prescribed by the Agency. All recoveries, less the Agency’s cost to recover, shall be income to the Managed Care Plan. The cost to recover shall be expressed as a percentage of recoveries and shall be fixed at the time the Managed Care Plan elects to authorize the Agency to recover on its behalf.

   f. All funds recovered from third parties shall be treated as income for the Managed Care Plan.
LTC Plans

Section XV, Financial Requirements, Item J., Patient Responsibility

a. The Managed Care Plan is responsible for collecting patient responsibility as determined by DCF and shall have policies and procedures to ensure that, where applicable, enrollees are assessed for and pay their patient responsibility. Some enrollees have no patient responsibility either because of their limited income or the methodology used to determine patient responsibility.

b. The Managed Care Plan may transfer the responsibility for collecting its enrollees’ patient responsibility to residential providers and compensate these providers net of the patient responsibility amount. If the Managed Care Plan transfers collection of patient responsibility to the provider, the provider contract must specify complete details of both parties' obligations in the collection of patient responsibility. The Managed Care Plan must either collect patient responsibility from all of its residential providers, or transfer collection to all of its residential providers.

c. The Managed Care Plan must have a system in place to track the receipt of patient responsibility at the enrollee level irrespective of which entity collects the patient responsibility. This data must be available upon request by the Agency. The Managed Care Plan or its providers shall not assess late fees for the collection of patient responsibility from enrollees.

d. The Managed Care Plan shall submit a Patient Responsibility Report annually, in accordance with Attachment II, Core Contract Provisions, Exhibit 12, Reporting Requirements, indicating at the enrollee level: the total patient responsibility for the enrollee; the total cost of Medicaid Home and Community Based Services the enrollee received; and the total cost of other Medicaid services the enrollee received under this contract. The total cost of Medicaid Home and Community Based Services the enrollee received must be equal to or greater than the enrollee's total patient responsibility. If an enrollee's patient responsibility exceeds the reported Medicaid Home and Community Based service expenditure, the Agency will employ the reconciliation process detailed in Exhibit 13 of this agreement to determine if a payment adjustment is required.

Expanded Benefits — LTC Plans

NOTE: This exhibit provides Long-Term Care Plan requirements in addition to Attachment II, Core Contract Provisions of this Contract, unless otherwise specified.

1. The Managed Care Plan shall offer enrollees the Expanded Benefits as described as follows:

   a. Assisted Living Facility or AFCH Bed Hold

      The Managed Care Plan shall provide payment for up to two (2) weeks “bed hold” for enrollees who reside in an in-network assisted living facility or adult family care home if an enrollee leaves the facility for any reason to ensure the facility holds the enrollee’s placement. In order for the enrollee to receive this benefit the enrollee must have the intent of returning to the facility and continue to pay his or her room and board and any patient responsibility determined by the Department of Children and Families. The maximum benefit per episode is fourteen (14) days and the enrollee must reside in the facility for at least thirty (30) days between episodes.

      This benefit does not apply in the following situations:

      • Enrollee loses Medicaid eligibility;
      • Enrollee is deceased;
      • Enrollee is now located in a nursing facility for custodial care; or
      • Managed Care Plan does not expect enrollee to return within thirty (30) days.

      Providers are required to give notice to the Managed Care Plan within twenty-four (24) hours of an enrollee leaving the facility for any reason. If the provider has not provided notice within twenty-four (24) hours of the enrollee leaving the facility, the provider is not permitted to charge the enrollee the Managed Care Plan portion of the enrollee’s care during the fourteen (14) day period.

   b. Over-The-Counter Medication/Supplies

      The Managed Care Plan shall provide up to $15.00 per month per enrollee to community-based enrollees for over-the-counter (OTC) medications and supplies, including allergy medications, pain relievers, and vitamins purchased pursuant to a physician ordered prescription.

      The Managed Care Plan may require enrollees to use an established network of providers, approved by the Agency, to obtain OTC benefits as an Expanded Service under this Contract.

2. The Managed Care Plan shall administer the agreed upon Expanded Benefits in the same manner as Covered Services pursuant to this Contract.
NOTE: This exhibit provides Long-Term Care Plan requirements in addition to Attachment II, Core Contract Provisions of this Contract, unless otherwise specified.

BUSINESS ASSOCIATE AGREEMENT

The parties to this Attachment agree that the following provisions constitute a business associate agreement for purposes of complying with the requirements of the Health Insurance Portability and Accountability Act of 1996 (HIPAA). This Attachment is applicable if the Vendor is a business associate within the meaning of the Privacy and Security Regulations, 45 C.F.R. 160 and 164.

The Vendor certifies and agrees as to abide by the following:

1. Definitions. Unless specifically stated in this Attachment, the definition of the terms contained herein shall have the same meaning and effect as defined in 45 C.F.R. 160 and 164.

   1.a. Protected Health Information. For purposes of this Attachment, protected health information shall have the same meaning and effect as defined in 45 C.F.R. 160 and 164, limited to the information created, received, maintained or transmitted by the Vendor from, or on behalf of, the Agency.

   1.b. Security Incident. For purposes of this Attachment, security incident shall mean any event resulting in computer systems, networks, or data being viewed, manipulated, damaged, destroyed or made inaccessible by an unauthorized activity. See National Institute of Standards and Technology (NIST) Special Publication 800-61, "Computer Security Incident Handling Guide," for more information.

2. Applicability of HITECH and HIPAA Privacy Rule and Security Rule Provisions. As provided by federal law, Title XIII of the American Recovery and Reinvestment Act of 2009 (ARRA), also known as the Health Information Technology Economic and Clinical Health (HITECH) Act, requires a Business Associate (Vendor) that contracts with the Agency, a HIPAA covered entity, to comply with the provisions of the HIPAA Privacy and Security Rules (45 C.F.R. 160 and 164).

3. Use and Disclosure of Protected Health Information. The Vendor shall not use or disclose protected health information other than as permitted by this Contract or by federal and state law. The Vendor will use appropriate safeguards to prevent the use or disclosure of protected health information for any purpose not in conformity with this Contract and federal and state law. The Vendor is permitted to use and disclose protected health information received from the Agency for the proper management and administration of the Vendor or to carry out the legal responsibilities of the Vendor, in accordance with 45 C.F.R. 164.504(e)(4). Such disclosure is only permissible where required by law, or where the Vendor obtains reasonable assurances from the person to whom the protected health information is disclosed that: (1) the protected health information will be held confidentially, (2) the protected health information will be used or further disclosed only as required by law or for the purposes for which it was disclosed to the person, and (3) the person notifies the
Vendor of any instance of which it is aware in which the confidentiality of the protected health information has been breached.

5. Disclosure to Third Parties. The Vendor will not divulge, disclose, or communicate protected health information to any third party for any purpose not in conformity with this Contract without prior written approval from the Agency. The Vendor shall ensure that any agent, including a subcontractor, to whom it provides protected health information received from, or created or received by the Vendor on behalf of, the Agency agrees to the same terms, conditions, and restrictions that apply to the Vendor with respect to protected health information.

6. Access to Information. The Vendor shall make protected health information available in accordance with federal and state law, including providing a right of access to persons who are the subjects of the protected health information in accordance with 45 C.F.R. 164.524.

9. Access to Books and Records. The Vendor shall make its internal practices, books, and records relating to the use and disclosure of protected health information received from, or created or received by the Vendor on behalf of the Agency, available to the Secretary of the Department of Health and Human Services or the Secretary’s designee for purposes of determining compliance with the Department of Health and Human Services Privacy Regulations.

10. Reporting. The Vendor shall make a good faith effort to identify any use or disclosure of protected health information not provided for in this Contract.

10a. To Agency. The Vendor will report to the Agency, within ten (10) business days of discovery, any use or disclosure of protected health information not provided for in this Contract of which the Vendor is aware. The Vendor will report to the Agency, within twenty-four (24) hours of discovery, any security incident of which the Vendor is aware. A violation of this paragraph shall be a material violation of this Contract. Such notice shall include the identification of each individual whose unsecured protected health information has been, or is reasonably believed by the Vendor to have been, accessed, acquired, or disclosed during such breach.

10b. To Individuals. In the case of a breach of protected health information discovered by the Vendor, the Vendor shall first notify the Agency of the pertinent details of the breach and upon prior approval of the Agency shall notify each individual whose unsecured protected health information has been, or is reasonably believed by the Vendor to have been, accessed, acquired or disclosed as a result of such breach. Such notification shall be in writing by first-
class mail to the individual (or the next of kin if the individual is deceased) at the last known address of the individual or next of kin, respectively, or, if specified as a preference by the individual, by electronic mail. Where there is insufficient, or out-of-date contract information (including a phone number, email address, or any other form of appropriate communication) that precludes written (or, if specifically requested, electronic) notification to the individual, a substitute form of notice shall be provided, including, in the case that there are 10 or more individuals for which there is insufficient or out-of-date contact information, a conspicuous posting on the Web site of the covered entity involved or notice in major print of broadcast media, including major media in the geographic areas where the individuals affected by the breach likely reside. In any case deemed by the Vendor to require urgency because of possible imminent misuse of unsecured protected health information, the Vendor may also provide information to individuals by telephone or other means, as appropriate.

10c. **To Media.** In the case of a breach of protected health information discovered by the Vendor where the unsecured protected health information of more than 500 persons is reasonably believed to have been, accessed, acquired, or disclosed, after prior approval by the Agency, the Vendor shall provide notice to prominent media outlets serving the State or relevant portion of the State involved.

10d. **To Secretary of Health and Human Services.** The Vendor shall cooperate with the Agency to provide notice to the Secretary of Health and Human Services of unsecured protected health information that has been acquired or disclosed in a breach. If the breach was with respect to 500 or more individuals, such notice must be provided immediately. If the breach was with respect to less than 500 individuals, the Vendor may maintain a log of such breach occurring and annually submit such log to the Agency so that it may satisfy its obligation to notify the Secretary of Health and Human Services documenting such breaches occurring in the year involved.

10e. **Content of Notices.** All notices required under this Attachment shall include the content set forth Section 13402(f), Title XIII of the American Recovery and Reinvestment Act of 2009, except that references therein to a “covered entity” shall be read as references to the Vendor.

10f. **Financial Responsibility.** The Vendor shall be responsible for all costs related to the notices required under this Attachment.

11. **Mitigation.** Vendor shall mitigate, to the extent practicable, any harmful effect that is known to the Vendor of a use or disclosure of protected health information in violation of this Attachment.
12. **Termination.** Upon the Agency’s discovery of a material breach of this Attachment, the Agency shall have the right to terminate this Contract.

12a. **Effect of Termination.** At the termination of this Contract, the Vendor shall return all protected health information that the Vendor still maintains in any form, including any copies or hybrid or merged databases made by the Vendor; or with prior written approval of the Agency, the protected health information may be destroyed by the Vendor after its use. If the protected health information is destroyed pursuant to the Agency’s prior written approval, the Vendor must provide a written confirmation of such destruction to the Agency. If return or destruction of the protected health information is determined not feasible by the Agency, the Vendor agrees to protect the protected health information and treat it as strictly confidential.
