AHCA's ESS: Daily Hospital Reporting Changes

ESS Reporting

Effective February 10, 2021, the "Add'l Info" tab has been updated to require hospitals to specify staff that have and have not received at least one dose of the vaccine, the number of vaccines needed to vaccinate the remaining hospital health care personnel, and individuals under age 65 who have been vaccinated.

The questions have also been revised to remove those no longer needed, reducing the number from 39 to 22 questions.

Please continue to report Current Bed Census and Available Beds for all licensed and acute care beds in your facility and to the Add'l Info tab **daily** by 10 AM ET until further notice.
