### **Notice of change to EAPG rates effective April 1, 2018**

The Agency for Health Care Administration has updated the Enhanced Ambulatory Patient Grouping (EAPG) reconciliation rates effective April 1, 2018.

The recalculated rates are effective for outpatient dates of service on or after April 1, 2018 through the remainder of State Fiscal Year 2017-2018. All fee-for-service claims submitted with dates of service on or after April 1, 2018 will be reprocessed at the revised rates. Managed care organizations that make payments to hospitals based upon EAPG payment rates shall update their rates based on the new fee-for-service rates effective for outpatient dates of service on or after April 1, 2018 through June 30, 2018. For outpatient claims that have already been billed by hospitals and/or adjudicated or paid by managed care organizations, managed care organizations shall ensure hospitals are paid the recalculated rates for all services with dates of service on and after April 1, 2018.
