Florida’s Medicaid
1115 Managed Medical Assistance Waiver Extension Request

Agency for Health Care Administration
October 18, 2016
Public Meeting
1115 Research and Demonstration Waivers

• Experimental, pilot, or demonstration projects that promote the objectives of the Medicaid and CHIP programs. The purpose of these demonstrations, which give states additional flexibility to design and improve their programs, is to demonstrate and evaluate policy approaches such as:
  – Expanding eligibility to individuals who are not otherwise Medicaid or CHIP eligible
  – Providing services not typically covered by Medicaid
  – Using innovative service delivery systems that improve care, increase efficiency, and reduce costs
1115 Research and Demonstration Waivers

- Demonstrations must also be "budget neutral" to the federal government, which means that during the course of the project, federal Medicaid expenditures will not be more than federal spending without the waiver.

- A final rule, effective on April 27, 2012, established a process for ensuring public input into the development and approval of section 1115 demonstrations.
Public Notice and Comment Period

• Prior to submitting an application to the Centers for Medicare and Medicaid Services (CMS) for a new demonstration project or an extension of a previously approved demonstration project, the State must provide at least a 30-day public notice and comment period.

• Florida is required to publish a comprehensive description of the program for review and comment for at least 30 days:

• The public comment period is though November 10, 2016.

Post Award Forum

• The State must hold a public forum to solicit comments and feedback from the public on the progress of the demonstration project within 6 months after the implementation date of the demonstration, and annually thereafter.
1115 Waiver History

• July 2006 through June 2014
  – Medicaid “Reform” program in Baker, Clay, Nassau, Duval, and Broward

• June 2013: MMA Waiver Amendment
  – Implement MMA statewide and rename the waiver, “Managed Medical Assistance
  – Terminate Medicaid Reform August 2014 with the full implementation of MMA

• July 2014 through June 2017: Second Three-Year Extension Period
Waiver Amendments Since MMA Began

• October 15, 2015 -- Approval to:
  – Allow voluntary enrollment in MMA for recipients under age 21 who are receiving Prescribed Pediatric Extended Care services and recipients residing in group home facilities licensed under section 393.067, Florida Statutes.
  – Enroll newly Medicaid eligible recipients into a managed care plan immediately after their eligibility determination, and to make changes to the auto-assignment criteria.
  – Extend the Low Income Pool program through June 30, 2017.
Waiver Amendments Since MMA Began

• October 12, 2016 -- Approval to:
  – Contract with one to three vendors for the hemophilia program.
  – Include payments for nursing facility services in the MMA capitation rates for MMA enrollees under age 18.
  – Allow flexibility for specialty plans to conduct Performance Improvement Projects on topics that have more specific impacts to their enrollees, with Agency approval.
Goals and Objectives

• Improve access to coordinated care by enrolling all Medicaid recipients in MMA plans except those specifically exempted.
• Promote an integrated health care delivery model that incentivizes quality and efficiency.
• Enhance access to primary and preventive care through robust provider networks.
• Improve program performance, particularly improved scores on nationally recognized quality measures (such as HEDIS).
• Improve health outcomes through care coordination and recipient engagement in their own health care.
• Enhance fiscal predictability and financial management by converting the purchase of Florida Medicaid services to capitated, risk-adjusted, payment systems.
• Increased transparency and accountability.
Goal

- Improve access to coordinated care by enrolling all Medicaid recipients in MMA plans except those specifically exempted
  - More than 3.1 million recipients enrolled
  - Express Enrollment
MMA Monthly Enrollment Has Increased

![Graph showing monthly enrollment from July 2015 to July 2016.](image-url)
Eligibility

• **Mandatory Recipients** – All Medicaid recipients are enrolled in an MMA plan unless specifically exempted.

• **Voluntary Recipients** – May choose to enroll in MMA:
  – Individuals who have other creditable health care coverage, excluding Medicare.
  – Individuals eligible for refugee assistance.
  – Individuals age of 65 years and older residing in a mental health treatment facility meeting the Medicare conditions of participation for a hospital or nursing facility.
  – Individuals in an intermediate care facility for individuals with intellectual disabilities.
  – Individuals residing in a group home facility licensed under Chapter 393, F.S.
  – Children receiving services in a Prescribed Pediatric Extended Care facility.
Eligibility

• Excluded from MMA Program Participation –
  – Dual eligible who are not eligible for full Medicaid benefits (“partial duals” such as QMBs and SLMBs)
  – Individuals who are eligible for emergency Medicaid for aliens.
  – Women who are eligible only for family planning services.
  – Women who are eligible through the breast and cervical cancer services program.
  – Individuals who are residing in residential commitment facilities operated through the Department of Juvenile Justice, as defined in State law.
  – Individuals who are eligible for the Medically Needy program.
Express Enrollment

- Allows new enrollees who are mandated to participate in the MMA program to immediately take advantage of robust provider networks and expanded benefits offered by the plans.
- Recipients can make a plan choice when they apply for Medicaid.
- Those who do not make a plan choice are enrolled in an MMA plan immediately after eligibility determination.
  - 120 days to change plans
Goal

• Promote an integrated health care delivery model that incentivizes quality and efficiency.
  – Comprehensive benefit package
  – Expanded benefits
  – Standard, Comprehensive, and Specialty Plans
Standard Benefits

• Managed Medical Assistance plans must:
  – Provide all Florida Medicaid State Plan covered services.
  – Ensure the provision of services in the sufficient amount, duration, and scope to be reasonably expected to achieve the purpose for which the services are furnished.

Goal

- Enhance access to primary and preventive care through robust provider networks.
  - Network adequacy requirements
  - Provider Network Verification
MMA Provider Networks: Network Adequacy Requirements

• Network adequacy for health plan providers is based on:
  – Time and distance standards
  – Regional provider ratios
• Time and distance standards/ provider ratios established for more than 40 provider types
• Full list is in MMA contract:
  – (Attachment II, Exhibit II-A, Section VI.A.1.b. (Page 76))
• Generally used Medicare standards.

MMA Provider Networks: Redundancy

- Provider network requirements were built to ensure all plans in a region can serve a maximum recipient enrollment level.
- Contract requires:
  - Plans in Regions 3 through 11 have a network sufficient to meet 120% of actual monthly enrollment.
  - Plans in Regions 1 and 2 to have a network sufficient to meet 200% of actual monthly enrollment.
Provider Network Information: Provider Network Verification (PNV)

- PNV is an automated system designed to assure that network providers have valid licensure, background screening, and are known to Medicaid.
- Provides network-related reports and queries for network research.
- Recipients can also access PNV data through a secure web portal.
- Plans update their networks to PNV weekly.
Goal

• Improve program performance, particularly improved scores on nationally recognized quality measures
  – Health Plan Effectiveness Data and Information Set (HEDIS)
  – Consumer Assessment of Health Plan Satisfaction (CAHPS)
Enhanced Quality: HEDIS

HEDIS: Healthcare Effectiveness Data and Information Set

- National Committee for Quality Assurance’s standardized set of performance measures.
- Used by over 90% of health plans in the U.S.
- Detailed technical specifications ensure that measures are calculated consistently.
- Calculated by a certified auditor.
- Allows “apples-to-apples” comparison of health plans.

Note: MMA Year 1 (08/01/2014 - 07/31/2015) calculated by the Agency using the same parameters required to calculate the HEDIS children’s dental care annual dental visit measure, but changed the enrollment period measured to accommodate the 2014 transition
High Satisfaction with MMA Plans

- CAHPS surveys ask patients to report on and evaluate their experiences with health care.

High Satisfaction with MMA Plans

Percent of Respondents Rating their Plan an 8, 9, or 10

Notes: Member satisfaction for adults ratings.
Commercial survey data collected in 2015. MMA data is 2016
Based on statewide averages.
Goal

• Improve health outcomes through care coordination and recipient engagement in their own health care.
  – Enhanced Care Coordination Requirement
Care Coordination/Case Management

• A process that *assesses, plans, implements, coordinates, monitors* and *evaluates* the options and services required to meet an enrollee’s health needs

• Promotes quality outcomes

• MMA plans are responsible for the management and continuity of medical and behavioral health care for all enrollees.
Managed Medical Assistance Plans

• Plans are responsible for identifying, assessing and implementing interventions for enrollees with:
  – Complex medical issues
  – High service utilization
  – Intensive health care needs
  – And who consistently access services at the highest level of care

• Plans must coordinate with other insurance sources, including Medicare
Goal

- Enhance fiscal predictability and financial management by converting the purchase of Florida Medicaid services to capitated, risk-adjusted, payment systems.
- Establish strict financial oversight requirements for MMA plans to improve fiscal and program integrity.
Florida Medicaid: Average Annual Cost Per Person

FY 2014-15 and prior data is from the final year end budgets. FY 15-16 based on January 2016 Social Services Estimating Conference.
Goal

• Increase program accountability and transparency
  – Independent Evaluation
  – Complaint Hub
  – Health Plan Report Card
Enhanced Transparency: Independent Evaluation

- The University of Florida is conducting the independent evaluation of the MMA program.
- Evaluation design includes the goals, objectives and specific testable hypotheses, including those that focus specifically on target populations, and more generally on enrollees, providers, plans, market areas, and public expenditures.
Enhanced Transparency: Centralized Complaint Hub

- Streamline and better track and respond to all complaints and issues received.
- Identify trends related to specific issues or specific plans.
- Monthly reports online at:
Complaints reported since August 1, 2014
Statewide Medicaid Managed Care (MMA & LTC)

Note - The Agency has actively encouraged all stakeholders to surface any potential issue, concern, or complaint regarding the SMMC Program to the SMMC Complaint Operations Center. All allegations and issues have been recorded, regardless of whether they were found to be accurate or substantiated.
Enhanced Transparency: Health Plan Report Cards

• Enrollees can now choose plans based on quality.
• Measures include important topics such as:
  – Pregnancy Related Care
  – Children’s Dental Care
  – Keeping Kids Healthy
• 2015 Report Card: Contains information on all MMA plans participating during the 12 month period
