ATTACHMENT II
EXHIBIT II-C – Effective Date: June 1, 2017
CHIILD WELFARE SPECIALTY PLAN

The provisions in Attachment II and the MMA Exhibit apply to this Specialty Plan, unless otherwise specified in this Exhibit.

Section I. Definitions and Acronyms

A. Definitions

Child Welfare Community-based Care Lead Agencies (CBC) – A non-profit agency that works across a DCF region under contract with DCF to facilitate the coordinated delivery of child welfare services.

Florida Safe Families Network (FSFN) – An electronic records and case management system used by DCF to document and track child welfare cases.

Section II. General Overview

In accord with the order of precedence listed in Attachment I, any additional items or enhancements listed in the Managed Care Plan’s response to the Invitation to Negotiate are included in this Exhibit by this reference.

Section III. Eligibility and Enrollment

A. Eligibility

1. Specialty Population Eligibility Criteria

   a. The specialty population eligible to enroll in this Specialty Plan shall consist of only those mandatory recipients specified in Attachment II and its Exhibits who meet the following criteria:

      (1) Is a child, under the age of twenty-one (21) years;

      (2) Has a child welfare case or post adoption case open for services as identified in the FSFN database; and

      (3) Has an FSFN eligibility indicator in FMMIS.

B. Enrollment

1. Specialty Population Identification

   a. The Agency shall identify the specialty population eligible for enrollment in the Specialty Plan based on the daily eligibility data from FSFN.
b. The Agency shall update FMMIS to indicate recipient eligibility for the Specialty Plan on the penultimate Saturday of each month.

2. Plan-Specific Verification of Eligibility

a. The Specialty Plan shall have policies and procedures, subject to Agency approval, to verify the eligibility criteria of each enrolled recipient. The Specialty Plan shall submit policies and procedures regarding screening for specialty population eligibility prior to implementation of such polies and procedures.

b. Policies and procedures regarding screening for specialty population eligibility must include:

(1) Timeframes for verification of specialty population eligibility criteria;

(2) Mechanisms for reporting the results of specialty population eligibility screening to the Agency;

(3) Mechanisms for submitting disenrollment requests for enrollees that do not meet specialty population eligibility criteria; and

(4) Such other verifications, protocols, or mechanisms as may be required by the Agency to ensure enrolled recipients meet defined specialty population eligibility criteria.

c. The Specialty Plan may develop and implement, subject to Agency approval, policies and procedures to screen recipients that are eligible for the Specialty Plan that have not been identified by Agency. The Agency may enroll such recipients upon receipt of verification pursuant to the screening requirements specified above.

C. Disenrollment

The Specialty Plan shall submit involuntary disenrollment requests to the Agency or its designee, in a format and timeframe prescribed by the Agency, for each enrollee that does not meet eligible criteria for the Specialty Plan, pursuant to the specialty population screening requirements specified above.

D. Marketing

There are no additional marketing provisions unique to the Specialty Plan.

D. Coverage Provisions

There are no additional coverage provisions unique to the Specialty Plan.

E. Care Coordination/Case Management

1. Care Coordination/Case Management Program Description

   a. In addition to the provisions set forth in Attachment II and Exhibits, the Specialty Plan shall provide care coordination/case management to enrollees appropriate to the needs of child welfare and post adoption recipients. The Specialty Plan shall develop, implement and maintain an Agency-approved care coordination/case management program specific to a child and post adoption welfare specialty population.

   b. The Specialty Plan shall submit a care coordination/case management program description annually to the Agency, at a date specified by the Agency. The care coordination/case management program description shall, at a minimum, address:

   (1) The organization of care coordination/case management staff, including the role of qualified and trained nursing, social work and behavioral health personnel in case management processes;

   (2) Maximum caseload for case managers with an adequate number of qualified and trained case managers to meet the needs of enrollees;

   (3) Case manager selection and assignment, including protocols to ensure newly enrolled enrollees are assigned to a case manager immediately;

   (4) Protocols for initial contact with enrollees, as well as requirements for the frequency and type of ongoing minimum contacts with enrollees;
(5) Surrogate decision-making, including protocols if the enrollee is not capable of making his/her own decisions, but does not have a legal representative or authorized representative available;

(6) Outreach programs that make a reasonable effort to locate and/or re-engage enrollees who have been lost to follow-up care for ninety (90) days or more;

(7) Enrollee access to case managers, including provisions for access to back-up case managers as needed;

(8) Assessment and reassessment of the acuity level and service needs of each enrollee;

(9) Care planning for trauma-informed care that is tailored to the individual enrollee;

(10) Coordination of care through all levels of practitioner care (primary care to specialist);

(11) Monitoring compliance with scheduled appointments, laboratory results and medication adherence;

(12) Coordination with and referrals to providers of behavioral health services for enrollees with co-occurring mental health and/or substance abuse disorders;

(13) Interventions to avoid unnecessary use emergency rooms, inpatient care, and other acute care services;

(14) Patient education to assist enrollees in better management of their health issues and the effect of trauma; and

(15) Linking enrollees to community or other support services.

c. The Specialty Plan shall coordinate services with the CBCs, DCF, as well as other public or private organizations that provide services to dependent children and their families to ensure effective program coordination and no duplication of services. The Specialty Plan's care coordination/case management program description must include protocols and other mechanisms for accomplishing such program coordination. The Specialty Plan shall collaborate with the Agency and DCF to develop such protocols and other mechanisms as may be required for effective program coordination.

2. Transition Planning

a. In accordance with, and addition to, the provisions set forth in Attachment II and Exhibits, the Specialty Plan shall develop and maintain transition of care policies and procedures for enrollees who are transitioning out the child welfare system which shall include provision for convening a comprehensive treatment team meeting to discuss the services and supports the enrollee will need post-separation. If the services are not covered by Medicaid, the Specialty Plan shall inform the enrollee, or their
authorized representative, of any community programs that may be able to meet their needs and make the necessary referrals, as needed.

b. The Specialty Plan shall start transition planning one (1) year prior to the expected date upon which an enrollee will age-out of the child welfare system.

c. The Specialty Plan shall start transition planning immediately upon notification that an enrollee has achieved permanency status.

3. Care Coordination/Case Management Staff Qualifications

a. The Specialty Plan shall have sufficient care coordination/case management staff, qualified by training, experience and certification/licensure applicable to child welfare enrollees. Such staff shall include Florida Licensed Practitioners of the Healing Arts.

b. The Specialty Plan shall establish, subject to Agency approval, qualifications for all care coordination/case management staff that include clinical training, licensure and a minimum number of years of relevant experience. The Specialty Plan may request a waiver for staff without the aforementioned qualifications on a case-by-case basis. All such waivers must be approved in writing by the Agency.

4. Case Management Supervision

The Specialty Plan shall establish a supervisor-to-case-manager ratio that is conducive to a sound support structure for case managers. Supervisors must have adequate time to train and review the work of newly hired case managers as well as provide support and guidance to established case managers. A system of internal monitoring of the case management program, to include case file audits and reviews of the consistency of enrollee assessments and service authorizations, must be established and applied, at a minimum, on a quarterly basis. The results of this monitoring, including the development and implementation of continuous improvement strategies to address identified deficiencies, must be documented and made available to the Agency upon request.

5. Care Coordination/Case Management and Staff Training

a. The Specialty Plan shall provide all care coordination/case managers with adequate orientation and ongoing training on subjects relevant to child welfare enrollees. The Specialty Plan shall develop a training plan to provide uniform training to all care coordination/case management. This plan should include formal training classes as well as practicum observation and instruction for newly hired staff.

b. The Specialty Plan shall provide all newly hired care coordination/case management staff orientation and pre-service training covering areas applicable to responsibilities and duties performed.

c. In addition to review of areas covered in orientation, the Specialty Plan shall also provide all care coordination/case management staff with regular ongoing in-service training on topics relevant to enrollees involved with the child welfare system.
d. The Specialty Plan shall maintain documentation of training dates and staff attendance as well as copies of materials used for orientation, pre-service and in-service training for care coordination/case management staff.

F. Quality Enhancements

There are no additional quality enhancements provisions unique to the Specialty Plan.

Section VI. Provider Network

A. Network Adequacy Standards

1. Specialty Plan Network Capacity Enhancements

a. The Specialty Plan shall select and approve its Primary Care Providers (PCPs) that practice in one of the following areas: general practice, family practice, pediatrics, internal medicine, obstetrics, or gynecology. The Specialty Plan shall ensure that physicians with training and demonstrated experience in treating children with behavioral health needs are members of the provider network and can be designated as PCPs.

b. Notwithstanding the Provider Network Standards established in Attachment II, Section VI, Provider Network and Exhibits, the Specialty Plan shall, at a minimum, maintain enhanced provider ratios as indicated in the table (below) for the Specialty Plan. The Agency shall determine regional provider ratios based upon one hundred and twenty percent (120%) of the Specialty Plan’s actual monthly enrollment measured at the first of each month, by region.
