### Re: Supplemental HIV/AIDS Report

The managed care plan must comply with all reporting requirements set forth in the contract, as specified in the Summary of Reporting Requirements Table and the Managed Care Plan Report Guide. (Attachment II, Exhibit II-A, Section XIV.A.) The purpose of this policy transmittal is to notify managed care plans of a change in the Supplemental HIV/AIDS Report.

The managed care plan may submit a monthly Supplemental HIV/AIDS Report to help ensure that the Agency maintains up-to-date records of all MMA enrollees who have been diagnosed with HIV or AIDS. Submission of this report is optional for all applicable plans. The Agency recently updated the algorithm used to identify recipients diagnosed with HIV and AIDS. Managed care plans electing to submit the monthly Supplemental HIV/AIDS Report must use the revised HIV/AIDS algorithm beginning with submissions for the month of October 2016, as instructed in the Statewide Medicaid Managed Care Managed Care Plan Report Guide. The updated HIV/AIDS algorithm is attached to this letter and will be posted by October 1, 2016 with the updated Report Guide.

If you have any questions, please contact your Agency contract manager at (850) 412-4004.

Sincerely,
