Re: Performance Measure Specifications for July 1, 2018 Reporting

By July 1 of each contract year, the managed care plan must deliver to the Agency a report on performance measure data and a certification by a National Committee for Quality Assurance certified HEDIS auditor. (Attachment II, Section VII.B.2.a.¹) The purpose of this policy transmittal is to notify the managed care plan of a revised report template and revised performance measure specifications for use in the annual reporting of performance measures.

The Agency has revised the Performance Measures Report template that is required in Chapter 11 of the SMMC Managed Care Plan Report Guide, effective October 1, 2017. The attached, revised Performance Measures Report template includes required Agency-defined and Child and Adult Core Set performance measures for each plan type for July 1, 2018 reporting. The attached template supersedes and replaces the Performance Measures Report template referenced in the current SMMC Managed Care Plan Report Guide.

The Agency has also revised the Managed Medical Assistance and Long-term Care Agency-defined performance measure technical specifications manuals for July 1, 2018 reporting. Managed care plans must use the attached specifications manuals when collecting and reporting on their required performance measures for their July 1, 2018 report.

If you have any questions, please contact your Agency contract manager at (850) 412-4003.
